The Bleeding Girl of Hainault.

From the N. Y. Times.

A new wonder has turned up in Belgium. But a little while ago we recorded the marvelous exploits of a fasting girl in Wales. Still later, national pride was gratified by the advent of a wondrous prophetess in Louisville. The young lady whose fame now resounds from Hainault, however, is a more astounding person than either. In fact, no more inexplicable case than this of Louise Lateau's has probably ever been known. Her peculiar accomplishment, is not to fast, or to prophesy, but to bleed. This she does in the most profuse and unprovoked manner, and every effort to find out how she does it has hitherto failed. The investigation has not been confined to the ignorant or superstitious. It is asserted that the ablest Flemish physicians have been baffled in their attempts to discover the cause of the young woman's sanguinary proceedings; and certainly the account of Dr. Day, just published in *Macmillan's Magazine*, may well stagger the most incredulous.

The published history of Louise Lateau offers the customary attestations of the purity and simplicity of her character. It is characteristic of these cases that public confidence is always bespoken, and doubt disarmed, by elaborate assurances of the rectitude and guilelessness of the new wonder. Hence we are not surprised at being told that for the first seventeen years of her life Louise was an uncommonly good little girl, and no one ever knew her to fib, pilfer, or even to flirt. In 1868, she, having for a short time been out to service, fell into ill health. For a month she seemed on the verge of the grave. At this juncture began her extraordinary performances. One Friday morning a slender rivulet of blood began to trickle from her left side. After a while it ceased, but on the next Friday blood oozed from the upper surface of her feet. On the third Friday it came simultaneously from side, feet and hands. A few months after blood came also from her head; and now, by the latest accounts, she "presents every Friday—and on Fridays only—an awful sort of image of the bleeding form of Christ on the cross." Cataleptic symptoms accompany this exhibition. The young woman goes at eight o'clock in the morning into a species of trance. In this, she says, she beholds in vision the scene of the Passion. Tears roll down her cheeks, but now and then she smiles in ecstacy. She is insensible to all outward sights or sounds, and remains unmoved by even very strong electric shocks. Until 5 o'clock in the day she remains in coma, blood appearing constantly as described. She then leaps up with a bound, falls into a cold sweat, has a rattle in her throat, and an imperceptible pulse, and seems on the point of death. Nevertheless, she recovers in about fifteen minutes, and then remains in her usual state until the following Friday.

When news began to spread of this strange affair, crowds of people naturally began to flock to witness it. The Roman Catholic clergy of the neighborhood, at once, we are assured, call in able physicians. One of these, Lafebore, has given great attention to the case, and has printed a monograph of it. This gentleman has been for two years medical staff of two lunatic asylums, and is likewise a professor in Louvain University. His report is examined at length by Dr. Day, and the latter has received a note from Dr. Lafebore, stating that, as lately as the middle of January, the condition of Louise Lateau remained unchanged. His experiments have been numerous and interesting. He scrutinized the place from which the blood exuded with a miscroscope, and found that on those places the epidermis is very thin, so that the true skin can be seen through it. When the bleeding is going to begin, a little bladder appears on the spots, filled with a transparent reddish fluid. A rent presently takes place in the cuticle, the serous fluid escapes, and the blood begins to ooze from the surface of the exposed *papillæ* within. The quantity of blood often amounts to nearly a quart. Pending its flow, the doctor repeatedly tickled Louise's nose with a feather, made her smell ammonia, pricked her with a needle, and passed a strong electro-magnetic current along her arm. All this the girl invariably bore without the least sign of uneasiness, or even of feeling. Dr. Lefebore carefully wrapped her hands in strong, well-stitched leather gloves, drew them tightly at the wrists, sealed the strings, and then watched the result. This was, simply, that the gloves, when taken off, were filled with blood. In brief, this physician and others feel totally unable, however awkward may be any different assumption, to declare that the girl is consciously an imposter.

HOOFLAND'S

GERMAN BITTERS

HOOFLAND'S GERMAN TONIC

Hoofland's Podophyllian Pill

Hoofland's Greek Oil

Hoofland's German Bitters.

A Bitters Without Alcohol or Sdirits of any kind

Is different from all others. Is composed of the pure juices or vital principle of Roots, Herbs and Barks (or as medically termed, extracts,) the worthless and inert portions of the ingredients not being used. Therefore, in one bottle of this Bitters there is contained as much medicinal virtue as will be found in several gallons of ordinary mixtures. The Roots, etc., used in this Bitters are grown in Germany, their vital principles extracted in that country by a scientific Chemist and forwarded to the manufactory in this city, where they are compounded and bottled. Containing no spirituous ingredients, this Bitters is free from the objections urged against all others; no desire for stimulants can be induced from their use, can make no drunkards and cannot, under circumstances, have any out a beneficial effect.

Hoofland's German Tonic.

Was compounded for those not inclined to extreme bitters, and is intended for use in cases when some alcoholic stimulant is required in connection with the tonic properties of the Bitters. Each bottle of the Tonic contains one bottle of the Bitters, combined with pure Sata Cruz Rum, and flavored in such a manner that the extreme bitterness of the Bitters is overcome, forming a preparation highly agreeable and pleasant to the palate, and combining the medicinal virtue of the Bitters. The price of the Tonic is $1 50 per bottle, which many persons think too high. They must take into consideration that the stimulant used is guaranteed to be of a pure quality. A poor article could be furnished at a cheaper price, but is it not better to pay a little more and have a good article? A medicinal preparation should contain none but the best ingredients and they who expect to obtain a cheap compound will most certainly be cheated.

They are the Greatest Known Remedies.

For Liver Complaint, Dyspepsia, Nervous Debility, Jaundice, Diseases of the Kidneys, Eruptions of the Skin, and all diseases arising from a disordered Liver, Stomach, or impurity of the Blood.

Read the following symptoms: Constipation, Flatulence, Inward Piles, Fullness of blood to the head, Acidity of the stomach, Nausea, Heartburn, disgust of food, fulness or weight in the stomach, Sour Eructations, sinking or fluttering at the pit of the stomach, swimming of the head, hurried or difficult breathing, flutering at the heart, choking or suffocating sensations when in a lying posture, dimness of vision, dots and webs before the sight, dull pain in the head, deficiency of perspiration, yellowness of the skin and eyes, pain in the side, back, chest, limbs, etc., sudden flushes of heat, burning in the flesh, constant imaginings of evil, and great depression of spirits. All these indicate disease of the Liver or digestive organs combined with impure blood.

Too use of the Bitters or Tonic will soon cause the above symptoms to disappear, and the patient will become well and hearty.

Dr. Hoofland's Greek Oil,

Lighting Cure for all kinds of Pains and Aches.

APPLIED EXTERNALLY.—It will cure all kinds of pains and aches, such as Rheumatism, Neuralgia, Toothache, Chilblains, Sprains, Bruises, Frostbites, Headaches, Pains in the Back and Loins, Pains the Joints, Limbs, Stings of Insects, Ringworms, etc.

TAKEN INTERNALLY.—It will cure Kidney Complaint, backache, sick headache, colic, dysentery, diarrhœa, cholera infantum, cholera morbus, cramps and pains in the stomach, fever and ague, coughs, colds, asthma, etc.

Dr. Hoofland's Podophyllin,

OR SUBSTITUTE FOR MERCURY PILLS.

Two Pills a Dose.

The most powerful, yet Innocent Vegetable Cathartic Known.

It is not necessary to take a handful of these pills to produce the desired effect, two of them act quickly and powerfully, cleansing the liver, stomach and bowels of all impurities. The principal ingredient in Podophyllin, or the alcoholic extract of Mandrake, which is by many times more powerful, acting and searching than the Mandrake itself. Its peculiar action is upon the Liver, cleansing it superfully from all obstructions, with all the power of Mercury, yet free from the injurious results attending use of the use of that mineral.

For all derangements in which the use of a cathartic is indicated, these pills will give entire satisfaction in every case. They never fail.

In cases of Liver complaint, Dyspepsia, and extreme costiveness, Dr. Hoofland's German Bitters or Tonic should be used in connection with the Pills. The Tonic effect of the Bitters or Tonic purifies the blood, strengthens the nerves, REGULATES the Liver and gives strength, energy and vigor.

Keep your bowels active with the Pills, and tone up the system with the Bitters or Tonic, and no disease can fasten its hold, or ever again assail it.

These medicines are sold by all Druggists and dealers in medicines everywhere.

Recollect that it is Dr. Hoofland's German Remedies, that are so universally used and recommended; and do not allow the Druggist to induce you to take anything else that he may say is just as good, because he makes a larger profit on it. These Remedies will be sent by express to any locality, upon application to the PRINCIPAL OFFICE, at the GERMAN MEDICINE STORE 631 ARCH STREET, Phi'adelphia.
