THE PETROLEUM MARKET.

NEWS FROM THE FIELD AND RANGE OF PRICES.

The crude certificate speculation yesterday was again decidedly stronger. But the greatest strength was at the Stock Exchange, where, on sales of 29,000 barrels, prices rose from 64½ cents to 65@65½ cents, a net gain of 2 cents from Tuesday's close. At the Consolidated Exchange there were sales of 25,000 barrels, indicating the ephemeral character of much of Tuesday's activity. There was a rapid rise from 64⅞ cents to 66⅜ cents, and then, without explanation, there was an equally rapid recession near the close, on small dealings, to 64 cents, the final figure of Tuesday. Rumors were current of new important strikes in the field, but they were not officially confirmed.

Refined petroleum ruled unchanged at 5.30 cents per gallon in barrels, 2.80 cents in bulk, and 6.15 cents in cases. Foreign quotations were: Antwerp, 12⅝@12¾ francs; Bremen, 5.25 marks; London, 4 7-16d.

GRAIN AND PRODUCE MARKETS.

FEATURES OF NEW-YORK DEALINGS.

The sales of wheat futures at the Produce Exchange yesterday amounted to 5,525,000 bushels, and "switching" early months to later deliveries again constituted a good part of the business. The market opened at a decline of ⅛ cent as a result of heavy deliveries on March contracts and in sympathy with lower Western markets ruled irregular. The news that the Anti-Option bill had been defeated caused a fractional recovery, but subsequently the market declined again and closed at a net loss of ⅝@⅞ cent for the day. March options sold at 76@76⅝; April at 77⅛@77¼; May at 78⅝@79 3-16; June at 79¼@79⅜, and July at 80⅛@80⅞ cents. There was an active spot business accomplished for export early in the day but owing to a decline in prices, but a subsequent advance checked further business. Shippers took 152,000 bushels.

Corn futures were dull and weak, closing with 345,000 bushels and closing without important changes in prices. Spot lots ruled quiet, but firm, the sales being 25,000 bushels.

Oats were dull, but steady. Sales were 60,000 bushels in futures and 23,000 bushels on the spot.

The final quotations were as follows:

Wheat—March, 76⅞; April, 77¼; May, 78⅞; June, 79⅝; July, 80⅛ cents.

Corn—March, 51⅝; May, 50⅝; June, 50¼; July 50½ cents.

Oats—March, 37⅝; May, 37½; July, 37¼ cents.

Lard—March, $13; May, $13; July, $12.25; September, $12.

The receipts of grain and flour reported yesterday at New-York, Philadelphia, Baltimore and Boston were as follows: Wheat, 29,493 bushels; corn, 170,477 bushels; oats, 105,444 bushels; total grain, 315,314 bushels; flour, 61,417 packages. At Chicago, Milwaukee and St. Louis the arrivals were: Wheat, 279,859 bushels; corn, 451,783 bushels; oats, 330,325 bushels; total grain, 1,061,967 bushels; flour, 25,475 barrels.

THE TRADE IN CHICAGO.

Chicago, March 1 (Special).—Wheat was so weak to-day at New-York, St. Louis and Duluth that bull leaders here needed to take at least a million of May to prevent the price breaking under 75⅞. That was before it was known that the Anti-Option bill was up. During the two hours' crisis at Washington there was absolutely no trading. After the defeat of the Hatch bill this market held its own, but apparently waited for the outside markets to show some recovery. May opened at 76⅞, sold between 76⅞ and 75⅞, and closed at 76⅛. The weather was cold through the West, and much colder was predicted. Cables were steady. Indiana sent sensational crop damage reports. The Northwest had only 61 cars of wheat, here there were 201; the estimate for Thursday was 250. Corn kept all day within a range of ¼ cent. Market sold between 43⅞ and 42⅞, and closed at 43. The receipts were 141 cars; the estimate for Thursday 150. The bureau who look after such Tuesday did nothing to-day. The Hatch bill paralyzed the trade for two hours. May oats sold between 32⅞ and 32⅝, and closed at 32⅝. The C
