GRAIN—WHEAT—The speculative movement was active and the market was heavy in tone. Early in the session there was a decline of ⅞@1c, due chiefly to manipulation having its origin at the West. Cable advices, also, were easier, while receipts were large and clearances small. Another influence that was hanging over the market all day was the expectation of a bearish Government report. There was a slight rally toward the close, and final quotations indicated a net loss of ¾@1c for the day. After the close of business the Government report was published. It indicated a supply in farmers' hands equal to 26.2 per cent of the total crop, or about 345,000,000 bush, an amount in excess of general expectations. Trading, as a result, was quite active on the "curb" and prices broke 3c. May selling at 70⅝c and closing at 70⅞c. Sales, 10,070,000 bush future, including 15,000 bush No 2 March at 74⅞@75½c, closing at 74⅞c; 3,175,000 bush do May, 77⅛@78⅞c, closing at 77⅞c; 2,930,000 bush do June, 78@78⅞c, closing at 78⅝c; 90,000 bush do July, 78 9-16@79⅝c, closing at 78⅝c; 60,000 bush do August, 79⅛@80c, closing at 79⅝c, and 60,000 bush do September, 79⅝@81c, closing at 79⅝c. December closed at 82⅝c. The receipts at interior points were 448,158 bush spring and 70,236 bush winter wheat, comparing with 20,833 and 46,083 bush spring and winter, respectively, for the corresponding day last year. At the seaboard the arrivals were 79,473 bush, against 168,012 bush, and making the total receipts, interior and seaboard, 537,699 bush, against 821,925 bush. The spot market was weak, in sympathy with outside, and closed at a loss of ¾@1c. There was a fairly active trade for export and a good demand for millers. Sales, 152,000 bush, of which 112,000 bush for export, including 64,000 bush No. 2 red winter at 1⅛c under May, f. o. b. afloat; 16,000 bush No. 2 red winter at 1⅛c under March store, or 76½c, steamer loading March 28; 12,000 bush No. 3 Chicago spring, to arrive, at 4½@4¾c under May, delivered, and 32,000 bush No. 2 red winter at ¾c under May, delivered. Millers bought 4,000 bush No. 2 red winter at ¾c under May, delivered; No. 2 red quoted at 76½c delivered, 76½@77½c f. o. b., No. 1 Northern spring, 82c; No. 2 do, 81c, and No. 1 hard, 80½c.....CORN—Dullness continued the feature of the market for futures. Early prices showed a decline of ⅛c, which was followed by a reaction of ¼@⅝c, due in a degree entirely in sympathy with the Western markets. The Government report made the amount of corn in farmers' hands 620,000,000 bush, or 38.5 per cent of the total crop. On the curb there were no changes from closing prices. Sales, 280,000 bush of which 170,000 bush May, 51@51⅛c, closing at 51⅛c; 110,000 bush July, 51@51⅝c, closing 51⅛c. There were no sales of the March April or June options, which closed at 53⅝ and 50⅞c respectively. Spot corn closed firm, but only moderately active, the demand being entirely from the local trade. Sales, 56,000 bush, including 15,000 bush unpicked mixed and yellow, 53@55c; 3,000 bush steamer mixed, 62½c elevator, and 32,000 bush No. 3 mixed at 51½@52c elevator, and 52½c delivered.....OATS—There was an advance of ⅛c in prices early in the day, followed by a decline of ⅛@¼c. The market closed steady at a net decline of ⅛@¼c for the day. Sales, 110,000 bush, all for May, at 39⅝@39⅞c, closing at 39⅝c. March closed at 39¼c, June at 38⅝c, July at 38⅝c, No. 2 white March closed at 40c, and do May, closing at 41c. Spot oats were irregular and dull. Mixed were steady, and white were 1c higher. Sales, 64,000 bush, including No. 2 white at 44@44½c for 10,000 bush, No. 3 do, 43@43½c for 15,000 bush, No. 2 white shipped, 45c, No. 3 white do, 43½@44c for 10,000 bush. No. 2 mixed, 39½@39½c for 5,000 bush, No. 3 do, 38½c; rejected mixed, 37½c; do winter, white
