HOOFLAND'S.

A REMINDER.

To Debilitated Persons!
To Dyspeptics! To Sufferers from Liver Complaint! To those having no Appetite!
To those with Broken Down Constitutions!
To Nervous People! To Children Wasting Away!
To any with Debilitated Digestive Organs!

Or Suffering with any of the Following Symptoms,

Which indicate DISORDERED LIVER OR STOMACH:

Such as Constipation, Inward Piles, Fulness, or Blood to the Head, Acidity of the Stomach, Nausea, Heartburn, Disgust for Food, Fullness or Weight in the Stomach, Sour Eructations, Sinking or Fluttering at the Pit of the Stomach, Swimming of the Head, Hurried or Difficult Breathing, Fluttering at the Heart, Choking or Suffocating Sensations when in a Lying Posture, Dimness of Vision, Dots or Webs before the Sight, Fever and Dull Pain in the Head, Deficiency of Perspiration, Yellowness of the Skin and Eyes, Pain in the Side, Back, Chest, Limbs, etc., Sudden Flushes of Heat, Burning in the Flesh, Constant Imaginings of Evil, and Great Depression of Spirits.

HOOFLAND'S GERMAN BITTERS

A Bitters without Alcohol or Spirits of any kind.

Is different from all others. It is composed of the pure Juices, or Vital Principle of Roots, Herbs and Barks, (or, as medicinally termed, Extracts,) the worthless or inert portions of the ingredients not being used. Therefore, in one bottle of this Bitters there is contained as much medicinal virtue as will be found in several gallons of ordinary mixtures. The roots, etc., used in this Bitters are grown in Germany, their vital principles extracted in that country by a scientific Chemist, and forwarded to the manufactory in this city, where they are compounded and bottled. Containing no spirituous ingredients, this Bitters is free from the objections urged against all others. No desire for stimulants can be induced from their use; they cannot make drunkards, and cannot under any circumstances have any but a beneficial effect.

HOOFLAND'S GERMAN TONIC

Was compounded for those not inclined to extreme bitters, and is intended for use in cases where some alcoholic stimulant is required in connection with the Tonic properties of the Bitters. Each bottle of the Tonic contains one bottle of the Bitters, combined with pure SANTA CRUZ RUM, and flavored in such a manner that the extreme bitterness of the Bitters is overcome, forming a preparation highly agreeable and pleasant to the palate, and containing the medicinal virtues of the Bitters. The price of the Tonic is $1.50 per bottle, which many persons think too high. They must take into consideration that the stimulant used is guaranteed to be of pure quality. A poor article could be furnished at a cheaper price; but is it not better to pay a little more and have a good article? A medicinal preparation should contain none but the best ingredients; and they who expect to obtain a cheap compound, and be benefitted by it, will most certainly be cheated.

To the medical world, and will eradicate diseases arising from impure blood, Debility of the Digestive Organs, or Diseased Liver, in a shorter time than any other known remedies.

The Whole Supreme Court of Pennsylvania speak for these remedies. Who would ask for more dignified and stronger testimony?

Hon. George W. Woodward, formerly Chief Justice of the Supreme Court of Pennsylvania, at present member of Congress from Pennsylvania, writes: Philadelphia, March 16, 1867.

I find Hoofland's German Bitters is a good tonic, useful in diseases of the digestive organs, and of great benefit in cases of debility and want of nervous action in the system. Yours, truly,
GEORGE W. WOODWARD.

Hon. James Thompson, Chief Justice of the Supreme Court of Pennsylvania: Philadelphia, April 28, 1867.

I consider Hoofland's German Bitters a valuable medicine in cases of attacks of Indigestion or Dyspepsia. I can certify this from my experience of it. Yours, with respect.
JAMES THOMPSON.

Hon. George Sharswood, Justice of the Supreme Court of Pennsylvania: Philadelphia, June 1, 1869.

I have found by experience that Hoofland's German Bitters is a very good tonic, relieving dyspeptic symptoms almost directly.
GEORGE SHARSWOOD.

Hon. Wm. F. Rogers, Mayor of the City of Buffalo, N. Y.: Mayor's Office, Buffalo, June 22, 1869.

I have used Hoofland's German Bitters and Tonic in my family during the past year, and can recommend them as an excellent tonic, imparting tone and vigor to the system. Their use has been productive of decidedly beneficial effects.
WM. F. ROGERS.

Hon. James M. Wood, ex-Mayor of Williamsport Pa.:

I take great pleasure in recommending Hoofland's German Tonic to any one who may be afflicted with Dyspepsia. I had the Dyspepsia so badly it was impossible to keep any food on my stomach, and I became so weak as not to be able to walk half a mile. Two bottles of Tonic effected a perfect cure. JAMES M. WOOD.

Remember that Hoofland's German Bitters, and Hoofland's German Tonic, will cure every case of

MARASMUS, OR WASTING AWAY OF THE BODY.

Remember that Hoofland's German Remedies are the medicines you require to purify the Blood, excite the torpid Liver to healthy action, and to enable you to pass safely through any hardships and exposure.

DR. HOOFLAND'S

PODOPHYLLIN,

Or Substitute for Mercury Pills.

TWO PILLS A DOSE. The most powerful, yet Innocent, Vegetable Cathartic known.

It is not necessary to take a handful of these Pills to produce the desired effect. Two of them act quickly and powerfully, cleansing the Liver, Stomach and Bowels, of all impurities. The principal ingredient is Podophyllin, or the Alcoholic Extract of Mandrake, which is by many times more powerful, acting and searching, than the Mandrake itself. Its peculiar action is upon the Liver, cleaning it speedily from all obstructions, with all the power of Mercury, yet free from all the injurious results attached to the use of that mineral.

For all diseases in which the use of a cathartic is indicated, these pills will give entire satisfaction in every case. They NEVER FAIL.

In cases of Liver Complaint, Dyspepsia, and extreme Costiveness, Dr. Hoofland's German Bitters, or Tonic, should be used in connection with the Pills. The tonic effect of the Bitters, or Tonic, builds up the system. The Bitters, or Tonic, purifies the blood, strengthens the nerves, regulates the Liver, and gives strength, energy and vigor.

Keep your Bowels active with the Pills, and tone up the system with Bitters, or Tonic, and no disease can retain the hold, or even assail you.

Recollect that it is Dr Hoofland's German Remedies that are so universally used and highly recommended; and do not allow the druggist to induce you to take anything else that he may say is just as good, because he makes a larger profit on it. These remedies will be sent by Express to any locality upon application to the PRINCIPAL OFFICE, at the GERMAN MEDICINE STORE, 631 ARCH STREET, PHILADELPHIA.

SUPPOSED KIDNAPPING OF A CHILD.

(From the St Louis Republican July 8.)

The mayor of Quincy has communicated with Capt. O'Neil acting chief of police, in regard to Frederick Lieb, son of W. H. Lieb of that town. The boy is five years of age, and has been missing since the 26th of June. A reward of $3000 is offered for his recovery or any information that will restore him to his afflicted parents. When last seen, more than a week ago, the child was on the corner of Main and Sixth street, Quincy. It is supposed he has been kidnapped by gypsies or other parties. The most thorough search has been made for him in Quincy without success. His parents hold a respectable position in society. The child is well-built, has a fair complexion, a round face, dimple on chin and cheeks, and his hair is curled.

☞ In the war about words between Mr. Richard Grant White and Prof. X. of Yale College, carried on in the *Galaxy* and the *College Courant*, Prof. X. thus expresses his opinion of Mr. White's last book. "Most of our readers are doubtless aware that Mr. Richard Grant White is the writer of a book published not long ago under the title of 'Words and their Uses.' The work did not impress us as being an inspired production, and unaware of its sacred character, we ventured to point out a few of the more obvious blunders of the author, though we did not deny there are instances where he had deviated into accuracy."

☞ The dream of an ocean pier at Long Branch is about to be realized. Engineers are now upon the grounds selecting the location. The pier will be of iron, 1,200 feet long, and throughout the first 1,000 feet, it will be 30 feet wide. The last 200 will have a width of 100 feet, and on it will be a pavillion and parlors having accommodations for 2,000 persons.

☞ It is reported that a photographer who took seven photographs of a dead child in Fall River, Mass., one day last week, found clearly defined on the sixth negative the face of the child's mother, who has been dead for some time. There is a sensation in Fall River in consequence.

☞ The completest pun in the records of literature is produced in the following words, which were inscribed on a tea chest: "Tu doces," which is the second person singular, present tense, of the Latin transverb docco, I teach; and when literally listed, becomes "thou teachest."

☞ Mrs. Fair may hope a little longer. The San Francisco *Chronicle* says that the Governor of California has constitutional power to commute any sentence of death to imprisonment for life or for any number of years, and he may grant an unconditional pardon.

☞ The projected Texas Pacific Railway will be 1515 miles in length. In one place the line runs in a straght line for 250 miles.

☞ The handsomest compliment you can pay to a woman of sense is to address her as such.

☞ Illinois has lead mines enough to supply the demand in America.

CONSUMPTION.

ITS CURE AND ITS PREVENTIVE

BY DR. J. H. SCHENCK, M. D.

Many a human being has passed away for whose death there was no other reason than the neglect of known and indisputably proven means of cure. Those near and dear to family and friends are sleeping the dreamless slumber into which, had they calmly adopted

DR. JOSEPH H. SCHENCK'S SIMPLE TREATMENT,

and availed themselves of his wonderfully efficacious medicines, they would not have fallen.

Dr. Schenck has in his own case proved that wherever sufficient vitality remains, that vitality, by his medicines and his directions for their use, is quickened into healthful vigor.

In this statement there is nothing presumptuous. To the faith of the invalid is made no representation that is not a thousand times substantiated by living and visible works. The theory of the cure by Dr. Schenck's medicines is as simple as it is unfailing. Its philosophy requires no argument. It is self-assuring, self-convincing.

The Sea-weed Tonic and Mandrake Pills are the first two weapons with which the citadel of the malady is assailed. Two thirds of the cases of consumption originate in dyspepsia and a functionally disordered liver. With this condition the bronchial tubes "sympathize" with the stomach. They respond to the morbific action of the liver. Here then comes the culminating result, and the setting in, with all its distressing symptoms of

CONSUMPTION.

The Mandrake Pills are composed of one of Nature's noblest gifts—the Podophyllum Peltatum. They possess all the blood-searching, alterative properties of calomel, but, unlike calomel, they

"LEAVE NO STING BEHIND."

The work of cure is now beginning. The vitiated and mucous deposits in the bowels and in the alimentary canal are ejected. The liver, like a clock, is wound up. It arouses from its torpidity. The stomach acts receively, and the patient begins to feel that he is getting, at last,

A SUPPLY OF GOOD BLOOD.

The Sea-weed Tonic, in conjunction with the Pills, permeates and assimilates with the food. Chylification is now progressing without its previous tortures. Digestion becomes painless, and the system begins to be at hand. There is no more nausea, no more distress of the stomach. An appetite sets in.

Now comes the greatest Blood Purifier ever yet given by an indulgent father to suffering man. Schenck's Pulmonic Syrup comes in to perform its functions and to hasten and complete the cure. It enters at once upon its work. Science can not be cheated. It collects and ripens the impaired and diseased portions of the lungs. In the form of gatherings, it prepares them for expectoration, and lo! in a very short time the malady is vanquished, the rotten throne that it occupied is renovated and made new, and the patient, in all the dignity of regained vigor, steps forth to enjoy the manhood or womanhood that was

GIVEN UP AS LOST.

The second thing is, the patients must stay in a warm room until they get well; it is almost impossible to prevent taking cold when the lungs are diseased, but it must be prevented or a cure can not be effected. Fresh air and riding out, especially in this section of the country, in the fall and winter season, are all wrong. Physicians who recommend that course lose their patients, if their lungs are badly diseased; and yet, because they are in the house they must not sit down quiet; they must walk about the room as much and as fast as the strength will bear, to get up a good circulation of blood. The patients must keep in good spirits—be determined to get well. This has a great deal to do with the appetite, and is the great point to gain.

To despair of cure after such evidence of its possibility in the worst cases, and moral certainty in all others, is sinful. Dr. Schenck's personal statement to the Faculty of his own cure was in these modest words:

"Many years ago I was in the last stages of consumption; confined to my bed, and at one time my physicians thought that I could not live a week; then, like a drowning man catching at straws, I heard of and obtained the preparations which I now offer to the public, and they made a perfect cure of me. It seemed to me that I could feel them penetrate my whole system. They soon ripened the matter in my lungs, and I would spit up more than a pint of offensive yellow matter every morning for a long time.

"As soon as that began to subside, my cough, fever, pains, and night sweats all began to leave me, and my appetite became so great that it was with difficulty that I could keep from eating too much. I soon gained my strength, and have grown in flesh ever since.

"I was weighed shortly after my recovery," added the Doctor, "then looking like a mere skeleton; my weight was only ninety-seven pounds; my present weight is two hundred and twenty-five (225) pounds, and for years I have enjoyed uninterrupted health."

Dr. Schenck has discontinued his professional visits to New-York and Boston. He or his son, Dr. J. H. Schenck, Jr., still continue to see patients at their office, No. 15 North Sixth Street, Philadelphia, every Saturday from 9 A.M. to 3 P.M. Those who wish a thorough examination with the Respirometer will be charged $5. The Respirometer declares the exact condition of the lungs, and patients can readily learn whether they are curable or not.

The directions for taking the medicines are adapted to the intelligence even of a child. Follow these directions, and kind Nature will do the rest, excepting that in some cases the Mandrake Pills are to be taken in increased doses; the three medicines need no other accompaniments than the simple instructions that accompany them. First create appetite. Of returning health, hunger is the most welcome symptom. When it comes, as it will come, let the despairing at once be of good cheer. Good blood at once follows, the cough loosens, the night sweat is abated. In a short time both of these morbid symptoms are gone forever.

Dr. Schenck's medicines are constantly kept in tens of thousands of families. As a laxative or purgative, the Mandrake Pills are a standard preparation; while the Pulmonic Syrup, as a cure of coughs and colds, may be regarded as a prophylactic against consumption in any of its forms.

Price of the Pulmonic Syrup and Sea-weed Tonic, $1.50 a bottle, or $7.50 a half dozen. Mandrake Pills, 25 cents a box. For sale by all druggists and dealers.
