All Stuffed Up

That's the condition of many sufferers from catarrh, especially in the morning. Great difficulty is experienced in clearing the head and throat.

No wonder catarrh causes headache, impairs the taste, smell and hearing, pollutes the breath, deranges the stomach and affects the appetite.

To cure catarrh, treatment must be constitutional—alterative and tonic.

"I was afflicted with catarrh. I took medicines of different kinds, giving each a fair trial; but gradually grew worse until I could hardly hear, taste or smell. I then concluded to try Hood's Sarsaparilla, and after taking five bottles I was cured and have not had any return of the disease since." EUGENE FORBES, Lebanon, Kan.

Hood's Sarsaparilla

Cures catarrh—it soothes and strengthens the mucous membrane and builds up the whole system.

A Good Foundation

Means comfort, peace and health. The blood can't circulate through poor feet cramped and pinched into tight shoes or shoes of unnatural shape. The feet suffer from corns and bunions, and the sluggish circulation affects the entire health.

We sell shoes that are shaped like the human foot, but yet which retain an air of elegance and style. Comfortable shoes are not necessarily ugly—not so at all, if you come here.
