Over-Work Weakens Your Kidneys.

Unhealthy Kidneys Make Impure Blood.

All the blood in your body passes through your kidneys once every three minutes.

The kidneys are your blood purifiers, they filter out the waste or impurities in the blood. If they are sick or out of order, they fail to do their work.

Pains, aches and rheumatism come from excess of uric acid in the blood, due to neglected kidney trouble.

Kidney trouble causes quick or unsteady heart beats, and makes one feel as though they had heart trouble, because the heart is over-working in pumping thick, kidney-poisoned blood through veins and arteries.

It used to be considered that only urinary troubles were to be traced to the kidneys, but now modern science proves that nearly all constitutional diseases have their beginning in kidney trouble.

If you are sick you can make no mistake by first doctoring your kidneys. The mild and the extraordinary effect of Dr. Kilmer's **Swamp-Root**, the great kidney remedy is soon realized. It stands the highest for its wonderful cures of the most distressing cases and is sold on its merits by all druggists in fifty-cent and one-dollar sizes. You may have a sample bottle by mail free, also pamphlet telling you how to find out if you have kidney or bladder trouble. Mention this paper when writing Dr. Kilmer & Co., Binghamton, N. Y.

Home of Swamp-Root.

TO NAVIGATE THE OCKLAWAHA RIVER.

New Company Organized to Run Upon Famous Stream [illegible]0,000 Capital.

When foreign capital seeks investment in a city it is a sure sign that the outlook of affairs for that section is one of brightness. Men of money never invest in anything unless they can expect some financial returns. Therefore, when three well known men of this state come to Palatka for the purpose of investing, it is with pleasure that we chronicle the event. It goes far to prove that the advantages of Palatka are beginning to attract attention.

As will be seen in another column, E. C. F. Sanchez, of Gainesville; J. M. Fleming and F. C. Sanchez, of Jacksonville, have organized themselves into a corporation to be known as the Ocklawaha River Company, with its principal place of business at Palatka, and will apply for letters patent.

The company will be capitalized at $80,000, and the business will be that of operating a freight and passenger steamboat line on the St. Johns and Ocklawaha rivers, between this city and Silver Springs; to purchase or lease wharf facilities and to establish agencies at all landings along the line; and to erect shipyards, etc.

The officers of the corporation shall be a president, vice president, a general manager, a secretary and treasurer, and a board of trustess.

While it is yet too early to state other plans of the company, it can be definitely said that well equipped steamers will be operated, and everything will be conducted on modern principles. The incorporators are men of recognized ability, and of experience in the steamboat and railway world. This company will materially aid in the upbuilding of Palatka.—Palatka Herald.

Spring Ailments.

There is an aching and tired feeling; the liver, bowels and kidneys become sluggish and inactive, the digestion impaired, with little or no appetite, no ambition for anything, and a feeling that the whole body and mind need toning up. The trouble is that during the winter there has been a accumulation of waste matter in the system. Herbine will remove it, secure to the secretions a right exit, and by its tonic effect, fully restore the wasted tissues and give strength in place of weakness. 50c at Anti-Monopoly Drug Store. m

The Continental

Mr. W. C. Fielding, representing the Continental Hotel, at Atlantic City, is in the city distributing a handsome folder telling all about this popular hotel. The rates for this season have been placed within the reach of all who want to spend a few weeks on the coast, $3 a day, and from $12 a week up. The hotel is now in charge of that popular and well known hotel man, Mr. James P. Vining, who for several years so successfully conducted the Coquina at Ormond. Mr. Fielding is particularly anxious that the people of Ocala should know that the rates have been placed within the reach of all this season. The management propose giving an informal hop every evening, which, with the bathing, fishing and other amusements to be found there, is bound to make the Continental a popular place for Floridians during the summer months. It will be opened on the 28th.

You never heard of any one using Foley's Honey and Tar and not being satisfied. Sold by Post Office Drug Store. m

AN APPEAL FOR GOOD PEOPLE.

To the Editor of the Ocala Banner.

I wish to call your attention to our old friend, James A. Driggers, "Uncle Jim," as he is called, and ask your kind assistance for him and his good wife in their present need and suffering.

I suppose you have been informed of his great loss by fire April 30th, when all of his buildings, except the barn, were consumed in the flames, burning his effects except two feather beds, and burning Mr. Driggers dreadfully.

There was no one on the place when the fire occurred except Mr. Driggers and his wife. She is quite advanced in age and not strong, while Mr. Driggers is now seventy six and has been almost bedridden for three years. But, I am told, these old people, under the excitement, seeing all they owned on earth about to be consumed by the devouring flames, at the time, were given supernatural strength, forgetting for the time, their infirmities, worked like heroes, to save a few things from the burning buildings. But they worked beyond their strength, and could not get the things taken out of the house far enough away from the heat of the fire, and thus lost what they had taken out.

One of the saddest features of this great misfortune is Mr. Driggers got seriously burned. His back and right arm are dreadfully burned and now he is helpless.

At present he and his wife are at Henry Morrison's who are doing all they can to alleviate their sufferings.

The old folks have kept house ever since they pledged each other to share life's joys and sorrows, and it is their desire to so live, until death doth part. But now they are old, afflicted and unfortunate and need help.

I went to see these old people last Friday, and their need and suffering became an object lesson. I had no idea fully of their circumstances until I saw them. They did not ask for help, but I knew they needed it, so I asked Mrs. Driggers if she would accept help if their friends should assist them. She said she would thankfully accept any assistance friends would render.

They have neither money nor goods. They need everything necesary for house keeping and living.

Now, Mr. Editor, will you through your valuable and much read paper, see what assistance you can get up for this good, old, unfortunate couple, start a subscription. Those who can not contribute money, can assist in clothing, shoes, anything for the house, kitchen, etc. All are needed.

Send contributions to Mrs. James A. Driggers, Stanton, Fla.

With many good wishes for you and the Banner, I am yours very truly,

R. B. ERVIN

What is Foley's Kidney Cure?

Answer: It is made from a prescription of a leading Chicago physician, and one of the most eminent in the country. The ingredients are the purest that money can buy, and are scientifically combined to get their utmost value. Sold by Post Office Drug Store. m

Important Decision

Lower insurance Rates to be Given to Persons who do not Drink Alcoholic Liquors

By a recent decision of one of the largest insurance companies of the United States, lower rates are to be given those persons who do not indulge in the use of any intoxicating liquors. This is just, for statistics from all sources show that the use of alcoholic drinks always predisposes to kidney troubles, and Bright's Disease, Diabetes and all other fatal kidney diseases are far more frequent among drinkers of beer and alcoholic beverages than among those who do not indulge in them.

In a recent address before the Senate of the United States, Hon. J. H. Gallinger, Senator from New Hampshire, gave the results of most thorough investigations made to ascertain the effects of beer drinking upon the health and life of individuals. He showed conclusively that almost all cases of Bright's Disease were caused by beer drinking and that other fatal kidney troubles had the same origin as a rule.

As probably a large majority of men drink beer it becomes a matter of great concern to know the best way of overcoming its effects upon the kidneys. There is nothing that will so quickly make the kidneys right in these cases as FOLEY'S KIDNEY CURE. If taken early it will cure every form of kidney trouble and even in hopeless cases it will give relief. It is an honest preparation and can be relied upon to do all that is claimed for it.

Contagious Blood Poison

Is the name sometimes given to what is generally known as the BAD DISEASE. It is not confined to dens of vice or the lower classes. The purest and best people are sometimes infected with this awful malady through handling the clothing, drinking from the same vessels, using the same toilet articles, or otherwise coming in contact with persons who have contracted it.

It begins usually with a little blister or sore, then swelling in the groins, a red eruption breaks out on the body, sores and ulcers appear in the mouth, the throat becomes ulcerated, the hair, eye brows and lashes fall out; the blood becoming more contaminated, copper colored splotches and pustular eruptions and sores appear upon different parts of the body, and the poison even destroys the bones.

Ten years ago I contracted a bad case of Blood Poison. I was under treatment of a physician until I found that he could do me no good. Then began taking S. S. S. I commenced to improve at once and in a very short time all evidence of the disease disappeared. I took six bottles and today am sound and well.

R. M. Wall, Morristown, Tenn.

S. S. S. is a Specific for this loathsome disease, and cures it even in the worst forms. It is a perfect antidote for the powerful virus that pollutes the blood and penetrates to all parts of the system. Unless you get this poison out of your blood it will ruin you, and bring disgrace and disease upon your children, for it can be transmitted from parent to child. S. S. S. contains no mercury or potash, but is guaranteed a strictly vegetable compound.
