CONFIRMED PROOF

Residents of Minot Cannot Doubt

What Has Twice Been Proved.

In gratitude for relief from aches and pains of bad backs—from distressing kidney ills—thousands have publicly recommended Doan's Kidney Pills. Residents of Minot, who so testified years ago, now say the results were permanent. This testimony doubly proves the worth of Doan's Kidney Pills to Minot kidney sufferers.

Mrs. Jackson, 707 Valley street, Minot, N. D., says: "I haven't needed any kidney remedy since Doan's Kidney Pills cured me several years ago. At that time I publicly told how I had been cured of sharp twinges across my kidneys and how Doan's Kidney Pills had rid me of headaches that were often so bad that I couldn't walk. I am pleased to confirm all the praise I have given this remedy before."

Avoid Sedative Cough Medicines.

If you want to contribute directly to the occurrence of capillary bronchitis and pneumonia use cough medicines that contain codine, morphine, heroin and any other sedatives when you have a cough or cold. An expectorant like Chamberlain's Cough Remedy is what is needed. That cleans out the culture beds or breeding places for the germs of pneumonia and other germ diseases. That is why pneumonia never results from a cold when Chamberlain's Cough Remedy is used. It has a world wide reputation for its cures. It contains no morphine or other sedatives. Doughnuts

That will remain moist.

Every housewife who bakes her own bread knows that if a little potato is added to the sponge, the bread will not dry out as quickly. In this recipe potato is utilized to make doughnuts that will remain moist and fresh for several days.

K C will be found to have distinct advantages over any other Baking Powder for doughnuts. K C is a double acting baking powder with which a large batch of doughnuts may be mixed and fried a few at a time. The last will be as light and nice as the first.

K C Potato Doughnuts

By Mrs. Nevada Briggs, of Baking School fame.

3½ cups flour; 2 eggs; 1 cup sugar; ½ level teaspoonfuls K C Baking Powder; ½ teaspoonful salt; ½ teaspoonful mace; 1 cup cold mashed potato; ½ cup milk, or more if needed.

Sift three times, the flour, salt, spice and baking Powder. Beat eggs with rotary beater, then still using rotary beater, gradually add sugar, then work in the mashed potato with a spoon and alternately add milk and flour mixture. Make a soft dough, roll into a sheet, cut into rounds, pinch a hole in the center with the finger and fry in deep fat.

Fat for frying should not be hot enough to brown the doughnut until it has risen. When the doughnut is dropped into the fat it sinks to the bottom. As soon as it comes up it should be turned and turned a number of times while cooking. This recipe is excellent as they do not take the fat in frying and will stay moist for days.
