The wordy battle was not fought except "with knives and thirty paces," so no serious harm was done, but it is to be hoped that the participants will meditate for some time before they indulge in such a pastime again.

A Good Position

Can be had by ambitious young men and ladies in the field of "wireless" or railway telegraphy. Since the 8-hour law became effective, and since the wireless companies are establishing stations throughout the country, there is a great shortage of telegraphers. Positions pay beginners from $70 to $90 per month, with good chance of advancement. The National Telegraph Institute operates six official institutes in America, under supervision of R. R. and Wireless officials and places all graduates into positions. It will pay you to write them for full details at Cincinnati, O., or Philadelphia, Pa.

SUTHERLAND'S EAGLE EYE SALVE

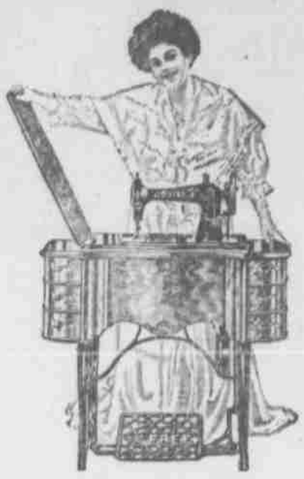
30 Days Trial in your own Home



$1 A Week Payments

These are the remarkably liberal terms upon which we sell that new and improved sewing machine which was recently invented by Wm. C. Free, which has been so widely advertised in Women's Magazines, and which is revolutionizing the sewing machine business,

The FREE Sewing Machine

Because of the fact that The FREE is sold so much lower than the best known sewing machines, we have agreed never to publish the price broadcast. You would judge its quality by its cost. You would not believe that absolutely the best sewing machine in the world could be obtained at such a bargain.

So instead of talking price, we have decided to make it easy for you to own The FREE and find out its quality yourself. We will sell it to you at your own terms, as low as $1.00 a week, and to show you how we place our whole establishment back of this wonderfully perfect machine without the least qualification, we offer it to you on 30 days Trial in your own home. Sew on it for 30 days. Give it any hard test you can think of for 30 days. *Compare it point by point* with any other machine. Then if you have not been convinced that it is the best machine you ever heard of, the most convenient, the most improved, and if the low price does not delight you—return the machine to us. We will refund your deposit so that the trial will not cost you one cent.

Our reason for making you this offer is to have you notice how much lighter its 8 sets of ball bearings make it run,

—how much faster its Rotocillo Movement makes it sew
—how much easier it is to use its Shuttle Ejector than your finger nails or screw driver
—how much better it is to have a Rotary Spool Pin that keeps thread from breaking or tightening
—how much more ornamental its French-leg design and dustless treadle are
—how much more convenient it is to have an Automatic Tension Release, Automatic Locking drawers, an Improved Head Latch, a Belt that never comes off, and a 5 years Insurance Policy against every kind of accident.

So Come and See The FREE
tomorrow and take it home with you
