THE BANK STATEMENT.

Saturday, April 15—p. m.

By the operations of the New-York Sub-Treasury in the week ended last night the associated banks gained $869,705. The weekly bank statement published to-day showed an average gain in cash of $2,066,900. The increase was exclusively in legal-tender notes, for the banks lost $66,500 gold. The statement was unusually inconsistent. There should have been a decrease in deposits of about $680,000, but on the contrary the statement showed an increase of $829,200, a difference of over $1,500,000. For this discrepancy there was good reason, however, in the movements of money. The exports of gold on Tuesday counted in the system of averages for nearly the full amount while the gains from the Treasury disbursements were scattered over the whole week and the receipts of currency from the interior were heavy only in the last few days. The actual condition of the banks was considerably better than the average showing. The contraction in loans amounted to $2,751,000, which was rather smaller than might naturally have been expected. The result of the changes was a gain in the surplus reserve of $1,859,600, and the banks hold in excess of legal requirements $11,072,550 against $15,788,500 in the corresponding week a year ago and $4,319,850 in the preceding year.

The following are the comparative statements of April 8 and April 15:

	April 8.	April 15.	Differences.
Loans	$434,204,800	$431,453,800	Dec. $2,751,000
Specie	71,536,500	71,480,000	Dec. 66,500
Legal-tenders	47,341,100	49,474,500	Inc. 2,133,400
Deposits	438,698,000	439,527,600	Inc. 829,200
Circulation	5,651,300	5,606,500	Dec. 44,800

The following shows the relations between the total reserve and the total deposits at the respective dates:

Specie	$71,536,500	$71,480,000	Dec. $66,500
Legal-tenders	47,341,100	49,474,500	Inc. 2,133,400
Total reserve	$118,887,600	$120,954,500	Inc. $2,066,900
Reserve required against deposits	109,674,650	109,881,950	Inc. 207,300
Surplus	$9,212,950	$11,072,550	Inc. $1,859,600

The Clearing House statement was as follows: For to-day—Exchanges, $122,633,504; balances, $4,943,563. For last week—Exchanges, $682,024,865; balances, $33,899,109.

WHAT WAS DONE IN STOCKS.

The stock market was depressed by renewed apprehensions about gold shipments. The business was not large, however, and with a few exceptions final declines were fractional. New-England and Northern Pacific preferred were exceptionally weak. They declined from the start, but toward the close rallied slightly although the improvement in these stocks and in the general market was not maintained to the end. The closing was not perceptibly influenced by the publication of the bank statement, although the result was more favorable than had been generally expected, and it was, in fact, somewhat "tagged." The most encouraging feature was the relative strength of those stocks which have an international market. They resisted the downward movement, and Erie, St. Paul and Union Pacific yielded only small fractions, while Louisville and Nashville and Reading closed without change, and Wabash preferred, although dull, recorded a slight gain. The advance in prices in London may have been on orders from New-York for it was contradictory to the recent tendency of that market. There is rarely much business in foreign exchange on Saturday, but to-day there was an exceptional demand and a further advance in rates for sterling drafts was established. Gold may be shipped directly to London without much, if any, loss. The Treasury Department has suspended the issue of gold certificates in compliance with the law and from this fact it is evident that the legal-tender reserve has been invaded although the weekly Treasury statement shows a small amount of free gold. The exports of gold to-day do not appear in this statement and of course the condition of the other Sub-Treasuries is not known in this city. The action of the Treasury, however, apparently puts an end to the reports of a new issue of Government bonds.

Government bonds remained neglected, the only sale being $500 coupon 4s at 113 1-2. The market was not specially strong, but the only changes in quotations were slight concessions in the asked prices for 4s. The quotations were as follows:

	Bid.	Asked.		Bid.	Asked.
U. S. 6s, 1891 continued at 2 per cent. reg	....	99½	U.S. cur. 6s, 1895	105	....
U.S. 4s, 1907 reg	113	113¾	U.S. cur. 6s, 1896	107½	....
U.S. 4s, 1907 coup	113	113½	U.S. cur. 6s, 1897	110½	....
Dis. Col. 3-65s, 1894	111½	112	U.S. cur. 6s, 1898	113½	....
			U.S. cur. 6s, 1899	115½	....

Among State issues Tennessee settlements 3s (small) sold at 74. There were no sales of city bank stocks.

The general bond market was exceedingly dull, the reported transactions falling short of $350,000 par value. The changes in prices were consequently small and insignificant. Richmond Terminal collateral trust 5s on comparatively small sales further declined to 43, and, rallying 3-4, suffered a final loss of 1 1-4 per cent. Chicago, Burlington and Quincy convertible 5s were 1-2 per cent lower at 104 1-4. Edison Electric Illuminating (N. Y.) firsts were 1 per cent higher at 122. Reference is made to our full report of bond sales.

Rates for call loans at the Stock Exchange were nominal, as usual on Saturday, but a small business was done at 3 per cent.

The Sub-Treasury was debtor to the Clearing House $1,177,558.

THE WEEKLY TREASURY STATEMENT.

The receipts from customs reported from Washington to-day were $627,642; from internal revenue $474,027, and from miscellaneous sources $319,292. The Treasury received $328,717 National bank notes for redemption, and the receipts on this account for the week ended today amounted to $1,885,713. To secure National bank note circulation it holds $172,758,550 in these bonds:

Currency 6s	$19,000,000
Four per cents	138,932,700
Four and a half per cents, extended at 2 per cent	21,825,850

Bonds deposited for circulation during the week, $488,500; bonds held to secure circulation withdrawn, $190,000; National bank circulation outstanding—currency notes, $176,207,817; gold notes, $160,432; against which the Treasury holds $21,622,205 legal tender money for the redemption of surrendered circulation.

In London British consols were strong at an advance of 1-16 to 98 15-16 for both money and the account. In the open market money was unchanged at 1 3-8 per cent for discounts, and easier at 1 1-4 per cent for daily balances. Bar silver advanced 1-16 to 38d. an ounce. American railway shares were in good demand, and last prices were the best for the day. At Paris French 3 per cents rallied 12 1-2 centimes to 96.07 1-2.

The committees representing the security-holders of the Ohio and Mississippi and Baltimore and Ohio Southwestern Railroads give notice that the time for receiving the deposits of securities for exchange under the plan of consolidation has been extended from April 15 to May 1. The securities must be deposited by that date in order to participate in the plan.

The National Starch Manufacturing Company has declared a semi-annual dividend of 4 per cent on the first preferred stock of the company, payable on May 2. The coupons on the bonds, due May 1, will be paid at the Chase National Bank on May 2.

The following table gives the current quotations of city bank stocks, together with their par value and the latest sales.
