WHAT WAS DONE IN STOCKS.

Friday, April 21—p. m.

The stock market was subjected to widely diverse influences to-day, and consequently the movement of prices was feverishly irregular. The statement made by the Secretary of the Treasury added nothing to the common information on the currency question, while it was extremely disappointing, because it failed to indicate a clear and settled policy. It is, indeed, hard to pay gold, the basis of international exchange, for a base metal which evidently no other nation desires. It is, however, the declared policy of this country to maintain two measures of value, and vacillation shown by the Treasury Department in the present emergency only increases distrust. The Secretary of the Treasury might have maintained a dignified silence. He merely intensified the uncertainty, and, at the same time, he permitted withdrawals of over $4,500,000 gold without discrimination of the currency offered in exchange. The real question apparently is being dodged by the banks as well as the Treasury. It is now a matter of only a few weeks, or months, when this country will be challenged as to its financial position.

The engagements of gold for export to Europe, or Canada, were somewhat larger than had been expected, and although stocks were depressed in the early dealings by them the short interest was so extensive that final variations were generally advances. The Gould stocks were specially quick in responding to favorable rumors, and Western Union Telegraph exceptionally rose 3 per cent, although its final gain was little more than 1 per cent. Missouri Pacific declined nearly as much, but its final gain was only 3-4 per cent. Final changes were divided, and while the gains were more numerous they were generally fractional. The early losses were usually regained and the closing was strong, even if it was not confident.

THE DAY IN THE BOND MARKET.

There were no transactions in Government bonds, and the market was without feature. The closing quotations were unchanged as follows:

Bid.	Asked.		Bid.	Asked.

State issues remained entirely neglected. Of city bank stocks Seaboard sold (5) at 180.

There was considerably more trading in the general bond market, and the reported transactions were $1,330,000. The increase in business was at the expense of prices. Atchison general 4s closed unchanged at 81 3-4, and seconds, class A, rallied 1-2 per cent to 52. Erie second consols were rather weak, declining further 1-2 per cent to 95. Chicago and Northern Pacific firsts declined 1-2 per cent to 74, and Northern Pacific consol 5s on small sales closed 1 per cent lower at 68. The Philadelphia and Reading issues were fractionally lower, although their last prices were at a substantial rally. General 4s closed 1-4 per cent lower at 74, and first and second incomes suffered the same loss at 45 1-4 and 32 3-4. Texas and Pacific seconds were 1 per cent lower at 23. Reference is made to our full report of bond sales.

Rates for call loans were somewhat disturbed. Renewals were mostly at 5 per cent, but a large new business was done at 7 and 8 per cent, and gradually the rate was advanced to 12 per cent. At the close the market was easier, and balances were offered at 4 per cent.

The Clearing House statement was as follows: Exchanges, $114,948,736; balances, $5,772,548.

The Sub-Treasury to-day was debtor to the Clearing House $1,180,555. The business of the Sub-Treasury for the week ending to-night includes receipts of $20,166,377, and payments of $26,557,903, leaving the general balance $84,721,590, against $91,113,116 on April 14, an apparent loss of $6,391,526. But deducting from the payments $5,661,290, and from the receipts $3,680,000 for items which affect only its account with the general Treasury, its loss as affecting the banks is still $4,410,236.

To-day's operations included: Receipts, $2,872,722; payments, $3,584,093, with balances of $67,565,258 coin and $17,156,332 currency.

The Treasury bought 170,000 ounces of silver bullion at prices ranging from $3.40 to $3.60 cents an ounce. The offerings amounted to 550,000 ounces, but the prices of those which were rejected were not made public. The Mercantile Safe Deposit Company of this city reported deposits of silver bullion, against which certificates have been issued, at 423,647 ounces, a decrease of 30,040 ounces.

The United States Treasury at Washington received to-day $423,693 National bank notes for redemption.

The customs receipts were $630,060, the internal revenue receipts $416,592, and the miscellaneous receipts $29,675.

To-day's Washington Treasury statement of cash and bond and deposits is hereby compared with the figures of the last previous statement as follows:
