NAMED BY THE PRESIDENT.

UNION PACIFIC GOVERNMENT DIRECTORS APPOINTED.

HENRY F. DIMOCK, OF NEW-YORK, AND DON M. DICKINSON AMONG THEM—A "COME-DOWN" FOR THE LATTER.

[BY TELEGRAPH TO THE TRIBUNE.]

Washington, April 26.—Before President Cleveland left Washington to-day he found time to make several appointments, none of which, however, will be likely to excite unbounded enthusiasm among the Tammany leaders in New-York. In fact, the only New-York appointment, aside from that of Henry F. Dimock as one of the Government Directors of the Union Pacific Railroad, was that of a Postmaster for Brooklyn to fill the vacancy caused by the death of Postmaster Collins. It is the impression here that the promotion of Mr. Sullivan to that office will not tend greatly to reassure Snapper Democrats in the Empire State. Here is the list of to-day's appointments:

To be Postmaster at Brooklyn, A. T. Sullivan.

To be Government Directors of the Union Pacific Railway Company, Henry F. Dimock, of New-York; Don M. Dickinson, of Michigan; J. W. Doane, of Illinois; Fitzhugh Lee, of Virginia; Joseph W. Paddock, of Nebraska.

Otto Doederlein, of Illinois, to be Consul of the United States at Leipsic.

David G. Browne, to be Collector of Customs for the District of Montana and Idaho.

The Leipsic Consulate is a desirable and important one. The appointment of Mr. Doederlein, who until a year or two ago had been an earnest and active Republican and who "came out" for Cleveland last year because the (Doederlein) disliked the attitude of the Illinois Legislature on the State school question, is attributed to the influence of ex-Representative Cable. It is the second consular appointment of the kind with which he is credited, and will be likely to provoke some resentment among the old line, rock-ribbed Democrats of Illinois who are opposed to giving all the rich official plums which belong to that state's "quota" to renegade Republicans.

The appointment of Don M. Dickinson as a Government director of the Union Pacific Railroad is another exception to the famous "ex" rule of President Cleveland. Every such exception, it may be remembered, was to be based upon exceptional merits, abilities and qualifications. The office to which Mr. Dickinson has been appointed is an honorable and responsible one; but it would be straining the truth to assert that it is as dignified and responsible an office as that which he held under Mr. Cleveland's first Administration. It would be unfair, however, to say, or to infer as one might fairly do from the interpretation given to the "ex" rule when it was promulgated, that in the opinion of the President Mr. Dickinson's distinguished services as Postmaster-General of the United States had entitled him to no higher reward than the second place in the Government directory of a railroad corporation. His services to his party and Mr. Cleveland, if not to his country, were probably rated as high by most people as those of the former Secretary of State, who has recently been appointed the first Ambassador of the United States to Great Britain.

DON M. DICKINSON SAYS HE WILL NOT ACCEPT.

Detroit, Mich., April 26.—Don M. Dickinson, whose appointment as one of the Government directors of the Union Pacific Railway was announced to-day by President Cleveland, states positively that he will not accept it.

A JOURNALISTIC EXHIBITION IN BRUSSELS.

Washington, April 26.—A highly interesting and important international exhibition will be held in Brussels during the coming summer, its object being to display the commercial, industrial, scientific and artistic development of the public press from ancient to modern times. The exposition has been planned and is conducted jointly by the Union of the Belgian Periodical Press and the Belgian Club of Newspaper Collectors, and a very complete and elaborate exhibit will be made which will embrace the entire scope and history of journalism. The journals collected will be divided in these classes: Political, scientific, literary, theatrical, society, artistic, agricultural, industrial, financial, commercial and economic, pedagogical and scholarly, sporting, fashion, legal, comic, philosophical and miscellaneous, and a full showing is expected to be made in each of these varied lines of newspaper publications. The exhibits of all these classes will also be arranged so as to illustrate the progress of the press from the sixteenth century to the present time in literary and mechanical perfection, artistic merit and commercial and industrial importance. The exhibition will last for two months and will probably be opened soon, though the exact date for the opening has not yet been definitely determined upon. The co-operation of the journalists of all other countries has been solicited by the managers of the exhibition.

TO SETTLE THE CHOCTAW DIFFICULTIES.

Washington, April 26.—The internal dissensions in the Choctaw Nation are in a fair way of settlement. The delegation representing the Jones faction after a final interview with Secretary Hoke Smith, has left for home, and to-night Indian Inspector Faison, who was recently appointed, will leave for the Choctaw country. It is understood that he has full powers from the President to bring about a settlement of the difficulties. This adjustment, it is said, will be along the lines of upholding the Choctaw government and allowing its courts to determine in a legal way the questions which have arisen. Governor Jones, it is said, will be supported in all proper efforts to execute the laws, and offenders will be required to stand trial. The use of the militia will be authorized, if it is found necessary, but no other than a peaceful settlement is expected. The United States troops that are there will not be ordered away for the present, but it is not anticipated that their assistance will be needed.

CONTROLLER ECKELS ENTERS ON HIS OFFICE.

Washington, April 26.—The new Controller of the Currency, James H. Eckels, of Illinois, qualified to-day and entered upon the duties of his office. His bond of $120,000 was approved by Secretary Carlisle some days ago.

THE DETROIT MEETS ALL REQUIREMENTS.

Washington, April 26.—The engineer officers of the trial board of the cruiser Detroit have made their final examination of the boilers and machinery of the vessel, and report that they meet all requirements.

ENTHUSIASM FOR THE BELL.

POPULAR DEMONSTRATIONS OVER THE OLD EMBLEM OF LIBERTY.

TO BE RECEIVED WITH EXTRAORDINARY CEREMONIES IN CHICAGO—ITS TRIUMPHAL PROGRESS TO THE FAIR.

Erie, Penn., April 26.—The reception given to the Liberty Bell by the people of Erie has overwhelmed the Philadelphia committeemen. At 7 o'clock this morning the booming of cannon giving the National salute and the blowing of the whistles of every factory in the place announced that the city was awakened to the opportunity of testifying its affection for the ancient emblem of Liberty. In a short while a committee headed by Mayor Scott waited on the visitors and escorted them to carriages, in which they were driven to the Soldiers' Home, looking out on Lake Erie. On their way back the visitors were met by a monster street procession, comprising all the civil and military organizations, municipal bodies and officers, which escorted them to the platform erected before the Union Depot. Here patriotic songs were sung by a triple glee club and speeches were made by Mayors Scott and Stuart, the Rev. Solon Cobb and Professor Burke, of Erie, and Major William H. Lambert and President Miles of the Select Council of Philadelphia. The Liberty Bell car was detached and run up under a platform over which thousands passed in viewing the honored relic. Here again the same enthusiastic scenes were witnessed, parents insisting on having their children seated for a second on the bell and hundreds asking that watches, medals or coins be rubbed on it. At noon the train drew out amid the plaudits of thousands.

At Renovo there was a remarkable demonstration. A line of incandescent lights had been strung over a temporary inclined platform erected beside the tracks, and for five minutes hundreds of bright-looking school children passed in procession. At Emporium and Kane there were similar demonstrations.

Chicago, April 26.—Elaborate arrangements for meeting the old Liberty Bell were made to-day. The bell will be turned over to the president of the National Commission by Mayor Stuart, of Philadelphia, in answer to whose speech President Palmer will reply. Speeches will also be made by Mayor Harrison, President Blizabethan, of the Local Directory, and others. Regiments of the Illinois National Guard will march to the Union Depot, and as the bell is brought from the train, will present arms to it. They will then head the procession, which will march to the Fair Grounds. The truck bearing the bell will be drawn by thirteen coal-black horses, which will represent the thirteen original states of the Union, and will be surrounded by forty-four mounted policemen, representing the present States in the Union. As the procession reaches the lake front, Battery D will fire a National salute of twenty-one guns. At the Lexington Hotel the troops will be drawn up on either side of Michigan-ave., and the bell stopped immediately in front of a platform, from which the President and the Duke of Veragua are to make addresses and to view the procession.

LELAND STANFORD'S BABY TROTTERS.

Chicago, April 26.—Leland Stanford, the famous Californian, is in Chicago on business connected with his personal exhibit at the World's Fair. While attending to the installation of a model of his wine cellar, he is also working on a special feature for the agricultural department. The Senator's scheme is to institute a show of baby trotters under one year of age in the ring of a big amphitheatre. He intends to ship fifty of these youngsters from Palo Alto in order to give the public an insight into the primary evolution of a trotting horse. Senator Stanford has lost none of his enthusiasm for the horse. He held to a despised theory, and through it revolutionized the trotting world. Over twenty years ago he determined upon establishing a great breeding farm for trotters and runners at Palo Alto. He owned Occident, and became impressed with the belief that the future great trotters would come from the commingling of the native trotter and the best types of imported thoroughbreds. He devoted much time to the study of his theory. Electioneer and General Benton were finally selected as the stallions, and the former died in 1890 with a record of having produced the greatest number of performers in 2:30, or better, ever credited to a sire. Sunol, Arion, Palo Alto, Bell Bird and others by Electioneer were all world-beaters. They gave direct proof of the correctness of Stanford's theory. For holding to it he was subjected to the adverse criticism of breeders and turfmen, and was ridiculed by noted horsemen, but he brought it to triumphant demonstration. Palo Alto was one-half thoroughbred and Sunol one-fourth.

HOW THE FAIR WILL BE OPENED.

PROGRAMME OF THE EXERCISES AT THE EXPOSITION ON MONDAY—SUNDAY OPENING.

Chicago, April 26.—Except for a few details everything is settled for the opening exercises for the Columbian Exposition next Monday. The people will be massed in front of the Administration Building and lodged on the bridges of the lagoons when the President presses the button which will put the vast machinery in motion. Then also thousands of flags, of every nation, will be thrown to the breeze all over the grounds, and the fountains in the basin will begin to play. French's figure of the "Republic" at the end of the basin will be unveiled by President Cleveland's action. A salute of guns will be fired when the President reaches the ground and another when the machinery starts. The following is the programme of the ceremonies:

Music—Chorus and orchestra.
Prayer—The Rev. W. H. Milburn, D. D.
Poem—"The Prophecy," W. A. Croffut; Miss Jessie Couthoud.
Music—Chorus and orchestra.
Address—Director-General Davis.
Address—President Cleveland.
The starting of the machinery.

After the exercises Mr. Cleveland will go to the Manufacturing Building and take his stand in the American section. Here he will receive the Commissioners of the foreign nations. The President will then be entertained at luncheon by the directors and then make his "official visit" to the principal buildings.

The World's Fair Ceremonies Committee at its meeting Monday decided upon plans for seating the visitors on the platform at the opening exercises. President Cleveland comes first, then the descendants of Christopher Columbus, followed by the members of the Cabinet and other dignitaries.

The programme for the opening of the Woman's Building has been completed. The exercises will take place in Central Music Hall next Monday afternoon, at 2:30 o'clock. The opening prayer will be offered by Miss Ida Hultin, after which Miss Frances Elliott, of London, England, will give a dramatic overture. The address of the day will be made by Mrs. Potter Palmer, president of the Board of Lady Managers. Addresses will also be made by Mrs. H. H. Beach, of Boston; Duchess de Veragua, of Spain; Countess de Brozza, of Italy; Mrs. Bedford Fenwick, of England; Countess of Aberdeen, of Scotland, and Princess Schachofsky, of Russia. At the conclusion the hymn "America" will be sung.

James Dredge, member of the British Royal Commission in charge of the British section of the World's Fair and joint proprietor and Editor of "Engineering," an illustrated London weekly journal, arrived in Chicago Monday morning. With Mr. Dredge came Walter H. Harris, another member of the Royal Commission, who was in 1889 sheriff of the city of London; Colonel Ward, Commissioner for Jamaica; Mrs. Holmes, a sister of Mr. Dredge, and two young women of his family.

Sunday opening of the World's Fair came up in to-day's meeting of the National Commission. A resolution looking to that end was introduced by Commissioner King, of Iowa, and after much debate referred to the Judiciary Committee. The members of this committee are opposed to Sunday opening, and this, it is thought, ends the matter.

TO INVESTIGATE THE PIANO CONTROVERSY.

Chicago, April 26.—A lively discussion was precipitated in this afternoon's session of the World's Fair National Commission by a resolution offered by Mr. Condemaing, of Arkansas, providing for a committee of four to wait on the director-general and elicit all the facts regarding the alleged inoculation of Medical Director Theodore Thomas and his supposed championship of New-York piano men in opposition to his superior officers. The resolution was finally adopted.

THE VIKING SHIP TO SAIL ON SUNDAY.

Bergen, April 26.—The Viking ship which is to be exhibited at the World's Fair in Chicago will sail from this port on Sunday.

CONFEDERATE MEMORIAL DAY OBSERVED.

Augusta, Ga., April 26.—Confederate Memorial Day was generally observed in Georgia and the South to-day, being regarded as a general holiday. Banks and public offices were closed. The soldiers' graves were decorated in many places, and memorial addresses were delivered.

A WHOLE FAMILY ATTEMPTS SUICIDE.

Bridgeton, N. J., April 26.—A peculiar case in which three persons of the same family attempted to commit suicide was brought to the attention of the authorities at this place today. After a quarrel William Loder, who has not lived happily with his wife for some time, attempted suicide by holding his head in a tub of water. When Mrs. Loder saw her husband thrust his head into the tub of water, she ran to a closet, seized a bottle containing laudanum and swallowed the contents. She then fell into a stupor and remained unconscious for several hours. The young adopted daughter of the couple became hysterical over the rash acts of her foster parents, and, while in a state of frenzy, swallowed a dose of Paris green. The groans of the young woman attracted some of the neighbors, and medical aid was promptly obtained. Loder was partly conscious when his head was removed from the tub of water. He soon revived. The doctors worked several hours with Mrs. Loder and the adopted daughter before succeeding in restoring them to consciousness. To-night the three would be suicides are thought to be out of danger.

City Real Estate To Let.

AN ELEGANTLY LOCATED HOUSE, near Waldorf—suites and single rooms; attractive office; parties can furnish if desired; immediate possession; reference. 10 East 33d-st.
