Delaware is Doubtful.

The small State of Delaware, though a Slave State, appears to be divided in its political sentiments. At a late election for inspectors the friends of Breckinridge carried the day by a small majority, but were closely hugged by the friends of Lincoln. Both Bell and Douglas were in the minority, but it is supposed that if they should join forces they might possible run ahead of Lincoln and even come near Breckinridge. In the mean time it is pretty certain that they will not coalesce, and that the Republicans are gaining strength every day. We should not be surprised to see Delaware on the right side in November.

☞ General Prescott, the present President of the American State Council of New York, has repudiated the fusionists and comes out squarely for Lincoln. The probability is Lincoln will carry New York by from fifty to seventy-five thousand majority. Gen. Prescott concludes his letter as follows:

I am, therefore, compelled to withdraw my support of the Fusion Electoral Ticket; and in doing so, I regret to disagree with former political associates and friends, who, I doubt not, intend to be patriotic in the discharge of their political duties.

I have come to the conclusion to cast my vote for the Republican candidates, for the reason that I believe that the contest in reality is between Lincoln and Lane, and that the interests of the whole Union will be best promoted by his election.

HOSTETTER'S
STOMACH BITTERS.
The proprietors and manufacturers of HOSTETTER'S CELEBRATED STOMACH BITTERS can appeal with perfect confidence to physicians and citizens generally of the United States, because the article has attained a reputation heretofore unknown. A few facts upon this point will speak more powerfully than volumes of bare assertion or blazoning puffery. The consumption of Hostetter's Stomach Bitters for the last year amounted to over a half million bottles, and from its manifest steady increase in times past, it is evident that during the coming year the consumption will reach near one million bottles. This immense amount could never have been sold but for the rare medicinal properties contained in the preparation, and the sanction of the most prominent physicians in those sections of the country where the article is best known, who not only recommend the Bitters to their patients, but are ready at all times to give testimonials to its efficacy in all cases of stomachic derangements and the diseases resulting therefrom.
This is not a temporary popularity, obtained by extraordinary efforts in the way of trumpeting the qualities of the Bitters, but a solid estimation of an invaluable medicine, which is destined to be an enduring as time itself.
Hostetter's Stomach Bitters have proved a Godsend to regions where fever and ague and various other bilious complaints have counted their victims by hundreds. To be able to state confidently that the "Bitters" are a certain cure for the Dyspepsia and like diseases, is to the proprietors a source of unalloyed pleasure. It removes all morbid matter from the stomach, purifies the blood, and imparts renewed vitality to the nervous system, giving it that tone and energy indispensable for the restoration of health. It operates upon the stomach, liver, and other digestive organs, mildly but powerfully, and soon restores them to a condition essential to the healthy discharge of the functions of nature.
Elderly persons may use the Bitters daily as per directions on the bottle, and they will find in it a stimulant peculiarly adapted to comfort declining years, as it is pleasant to the palate, invigorating to the bowels, excellent as a tonic, and rejuvenating generally. We have the evidence of thousands of aged men and women who have experienced the benefit of using this preparation while suffering from stomach derangements and general debility; acting under the advice of physicians, they have abandoned all deleterious drugs and fairly tested the merits of this article. A few words to the gentler sex. There are certain periods when their cares are so harassing that many of them sink under the trial. The relation of mother and child is so absorbingly tender, that the mother, especially if she be young, is apt to forget her own health in her extreme anxiety for her infant. Should the period of maternity arrive during the summer season, the wear of body and mind is generally aggravated. Here, then, is a necessity for a stimulant to recuperate the energies of the system, and enable the mother to bear up under her exhausting trials and responsibilities. Nursing mothers generally prefer the Bitters to all other invigorators that receive the endorsement of physicians, because it is agreeable to the taste as well as certain to give a permanent increase of bodily strength.
All those persons, to whom we have particularly referred above, to wit: sufferers from fever and ague, caused by malaria, diarrhœa, dysentery, indigestion, loss of appetite, and all diseases or derangements of the stomach, superannuated invalids, persons of sedentary occupation, and nursing mothers, will consult their own physical welfare by giving to Hostetter's Celebrated Stomach Bitters a trial.
CAUTION.—We caution the public against using any of the many imitations or counterfeits, but ask for HOSTETTER'S CELEBRATED STOMACH BITTERS, and see that each bottle has the words "Dr. J. Hostetter's Stomach Bitters" blown on the side of the bottle, and stamped on the metallic cap covering the cork, and observe that our autograph signature is on the label.
☞ Prepared and sold by HOSTETTER & SMITH, Pittsburgh, Pa., and sold by all druggists, grocers, and dealers generally throughout the United States, South America, and Germany.

LINDSAY'S IMPROVED
☞ BLOOD SEARCHER ☜
A STANDRAD MEDICINE
For the speedy, radical, and effectual cure of ALL DISEASES arising from IMPURITY of the BLOOD.
This medicine has wrought the most miraculous cures in desperate cases of
Scrofula, Cutaneous Diseases, Pimples in the Face, old stubborn ulcers, tetter, affections of the dyspepsia, jaundice, mercurial diseases, liver complaint, low spirits, cancerous formations, Erysipelas, Boils, sore eyes, scald head, Rheumatic disorders, costiveness, salt rheum, general debility, loss of appetite, foul stomach.
Female Complaints, and all Diseases having their original in an impure state of the Blood.

The above is a portrait of David McCreery, of Napier township, who, on the 31st day of August, 1858, made affidavit before Justice Corley, that he was treated for the cure of Cancer by three physicians of Bedford county, and by Dr. Newton of the Eclectic College in Cincinnati, for a period of nearly eight months, notwithstanding which, his lip, nose and a portion of his left cheek were entirely eaten away! He had given up all hope, when he heard of the "Blood Searcher," and was induced to try it. Four bottles cured him, and although sadly disfigured, there is no question but what this invaluable medicine saved his life. The full particulars of this remarkable case may be seen in a circular, which can be had of any of the agents.
We also refer to the case of Nancy Bleakney of Elderton, Armstrong county, Pennsylvania, cured of Scrofula after being unable to get out of bed for 3 years.
To the case of a lady in Assonville, Clearfield County, who was also afflicted with Scrofula in its worst form.
To the case of George Meisel, residing in Carrolltown, Cambria county, Pennsylvania, who was so badly afflicted with Cancer that it eat his entire nose off, and his case was worse, if possible than McCreery's.
The particulars of these cases, every one of which was cured by the use of the Blood Searcher—may also be found in a circular to be had of any agent.

Blood Purifier and Blood Pills.
DR. ROBACK'S
SCANDINAVIAN REMEDIES.
WHEN DR. ROBACK, the celebrated Swedish Physician, introduced his Blood Purifier and Blood Pills to the United States, he set forth in plain language their curative properties. This was years ago. The task of recommending them has since been taken out of his hands. Enlightened men whose character for sound judgment and philosophy, gives their opinions weight in the community, men who observe, reflect, and make "assurance doubly sure," before they decide—are everywhere approving and urging the use of these wonderful Preparations. All who confide in the wisdom and honesty of this class, or who chose to investigate for themselves are now of one mind on this important subject.
The evidence in the possession of Dr. Roback, which is at all times accessible to the public, establishes the following
FACTS
That the BLOOD PURIFIER and BLOOD PILLS, have been proved by analysis to
CONTAIN NO MINERAL;
That they cure the almost universal complaint;
DYSPEPSIA
with unerring certainty, and in a very short time. That after all other medicines have proved useless, they relieve
LIVER COMPLAINT,
and restore the health and strength of the sufferer. That
SICK FEMALES,
who have languished for years in helpless weakness and despondency, recuperate with great rapidity under their invigorating operation. That all sexual disabilities are removed by their cordial and gentle stimulating properties. That they recruit
SHATTERED CONSTITUTIONS,
however they may have been trifled with and abused; that their direct tendency is to lengthen life, and render it enjoyable. That, operating directly upon the poison of disease in the blood,
THEY CAUSE TO HEAL,
and discharge from the system, every taint of Scrofula whether hereditary or otherwise. That they
RECRUIT THE DEBILITATED,
and that there is no disease of the Stomach and Bowels, the Liver, the nervous system, the skin, glands or muscles, in arising from impurities in the Blood or Secretions, which they do not give prompt relief, and, if administered before the very citadel of life has been invaded, effect a painless and perfect cure.
Bear in mind that the SCANDINAVIAN VEGETABLE BLOOD PILLS are endorsed by the experience of thousands of living witnesses, who, in letters, affidavits, medical works, and by word of mouth, proclaim them to be the very best preparation of the kind ever offered to the broken-down victims of ill health. They hunt disease through every avenue and organ of the system, and to expel it thoroughly and permanently.
No one can doubt their superiority after one single trial—they are not only better but, in fact, cheaper than any other Pills, for it takes a less number of them to produce a better effect.
