BROTHERS FROM OVER SEA

DUTCHMEN MEET AND DINE TOGETHER.

THE OFFICERS OF THE VAN SPEIJK ENTERTAINED BY THE ST. NICHOLAS SOCIETY.

A lot of clay pipes as tall as a poplar tree, but not quite so wide as a wax candle, and the fragrant fumes of long-cut tobacco filled the big dining-room in the Hotel de Logerot last evening, and the hundreds of voices, with the little atmospheric waves which they create causing the most fantastic ripples in the volumes of smoke that floated upward, bore testimony that the large company was enjoying itself to the full. It was another echo of the great naval celebration of a week ago, which has filled all New-Yorkers with pride, and all the visiting foreigners with a warm appreciation of the American hospitality of which they had been the recipients. The St.

THE CUP GIVEN TO THE VAN SPEIJK.

Nicholas Society was the host this time and its guests were the captains and officers of the Dutch warship Von Speijk to whom in a marked way have been shown many evidences of popular esteem by the citizens of New-York. At the guests' table in front of the chairman were three pieces of silver plate, which were presented by the society to the Van Speijk in the person of its commander, Captain Arrens.

The diners were arranged at separate circular tables, at each of which from five to ten persons sat. Over the guests' table hung the banner of the St. Nicholas Society, around the walls of the spacious room was a wealth of flowers, while in the centre of the room was a floral model of the Van Speijk on a high pedestal. The flag of the Netherlands and the banners of the Republic were twined in loving embrace while the strains of the National anthem of Holland, "Wien Neerlandsch Bloed," and the ever stirring "Star Spangled Banner" followed each other in succession, the entire company joining in singing these inspiring airs.

At the proper time a procession of stewards of the society, headed by the officers, made its way into the room bearing the long pipes already spoken of, and big plates of tobacco. Frederic J. De Peyster presided, having on his right Captain Arriens, and on his left Rear-Admiral Gherardi. Some of the others present were Bishop Potter, J. Seaver Page, General Edward L. Molineux, George A. Meyer, Frederick

The first toast was "The President of the United States," which was drunk standing; then "The Queen of the Netherlands," followed by "Our Guests," to which Captain Arriens responded. The other regular toasts were:

"The Land of Our Ancestors and the Founders of Our City—Holland: She created a state amid the storms of ocean; she defended it against the fury of civil and religious tyrants; she transplanted its might and its virtues to the new world." Bishop Potter.

"Half Moon—Prince of Orange—Van Speijk.—One bore the daring discoverer, Hudson; one brought kindly greetings from our kindred across the sea; one immortalizes an act of splendid heroism." The Rev. Dr. Van de Water.

"The Army and Navy of the United States." Ex-Secretary Tracy.

"The Navy of the Netherlands—The just pride of that amphibious race which foiled Caesar in its Batavian marshes, drowned out the Spaniards before Leyden, and sent its conquering Admirals through English seas. May we never meet it but in peace." Commander De Groot, of the Dutch Navy.

"New-Amsterdam—Well governed when the Dutch governed it; to be again well governed when their descendants resume its control." Edward King.

AN OFFICER REPORTED KILLED BY THE INDIANS.

Denver, Col., May 8.—A dispatch from Durango says it is reported that Lieutenant Plummer has been killed by Navajos. No confirmation of the report has been received.

The Lieutenant Plummer probably referred to in this dispatch is First Lieutenant Edward H. Plummer, of the 10th Infantry, who was thirty-eight years old and a native of Maryland. He was graduated at West Point in 1877 and assigned to duty with the 10th Regiment at Fort Clark, Texas. Since then he has been stationed almost continually in the Southwest.

CHICAGO HORSESHOERS ON A STRIKE.

Chicago, May 8.—In compliance with the decision arrived at at their meeting on Thursday last, 700 horseshoers employed in custom shops to-day went on a strike for a reduction of one hour in their day's work without a corresponding reduction of wages. The strikers assembled at their headquarters this morning and marched through the principal streets of the business district. There were no additional strikes among the waiters to-day, as the strike leaders decided not to call out more men until the proprietors reply to the proposition to submit their differences with their employes to a Board of Arbitration.

THE SAILORS TO SHOW THEIR SKILL.

BOATS FROM THE AMERICAN WARSHIPS TO RACE TO-MORROW AFTERNOON.

The American sailors who were compelled to view as spectators the races between the boats of the foreign men-of-war last Saturday will have an opportunity to test their own strength and the swiftness of their own boats to-morrow afternoon. The sailors of the American squadron will then man their boats and take them out for a National race. The races are to be too much of a "family affair," however, to suit the seamen. They would prefer "pulling an oar" against a crew from the Blake or the Jean Bart to rowing a race against a boat flying their own flag. The races, however, promise to be interesting.

The course will be from One-hundred-and-thirty-second-st. straight away to Seventy-second-st., which is the same as was rowed last Saturday. The ships which had entered boats up to last evening were as follows:

Atlanta, one cutter; Baltimore, one cutter and one four-oared dingy; Dolphin, one cutter and one five-oared dingy; Newark, one twelve-oared barge, one six-oared gig, and possibly one cutter; Philadelphia, one barge, one six-oared gig and one four-oared dingy; San Francisco, one barge, one gig and one four-oared dingy; Yorktown, one twelve-oared cutter and one six-oared gig; Vesuvius, two four-oared whaleboats.

The boats will be raced according to their class. The Bancroft, the Miantonomoh and the Chicago have not as yet entered boats, although they are expected to do so to-day.

DR. SPITZKA TALKS OF EXPERT TESTIMONY.

At the meeting of the Society of Medical Jurisprudence at the Academy of Medicine, No. 17 West Forty-third-st., last night, Dr. E. C. Spitzka read a paper on "Recent Forensic Malpractice." He spoke among other things of the great difficulty of arriving at a just verdict in court trials by the present system of expert testimony. He said the prosecuting officers often used illegitimate means to obtain a certain result, and mentioned the recent Buchanan trial when the prosecution was obliged to withdraw one count of the indictment, and only secured a verdict of guilty by the prisoner's taking the witness stand. He advised that a board of experts be appointed for the defence, "but outside the influence of Tammany Hall." A mediocre lawyer at present could worry an eminent medical expert on the witness stand, and so lower the grade of medical experts by making the giving of testimony distasteful to eminent men.

A NEW-YORKER KILLED IN CHICAGO.

Chicago, May 8.—George B. Ewing, of New-York, was struck by an Illinois Central train at Fifteenth-st. this morning and instantly killed. Mr. Ewing was here in charge of the World's Fair exhibit of the Ashcroft Manufacturing Company of New-York. He leaves a family in Pittsburg.

THE PASSAIC RIVER FALLING.

The flood on the Passaic River, N. J., which reached its height on Saturday, has already begun to subside, and the Manhattan Shirt Mills and several large silk mills which suspended work on Saturday because their engine rooms were flooded resumed operations yesterday. The breach in the Dundee Canal at Passaic will probably be repaired by to-morrow, and several mills which depend on water power will start up again, after being idle eight days. Electric cars were running again yesterday on River-st., Paterson, where Saturday there was from half a foot to a foot and a half of water. An unusually large volume of water is going over Passaic Falls, and several country roads along the river are still partly submerged.

SERIOUS RESULT OF A SCHOOLBOY FIGHT.

John Rospone and Dennis Sullivan, schoolboys, got into a fight at Forty-second-st. and Lexington-ave. soon after noon yesterday, and Sullivan was kicked in the groin, receiving a serious injury. He was sent to Bellevue Hospital and Rospone was arrested by a policeman at the Grand Central Station. Rospone is thirteen years old, and lives at No. 743 First-ave. Sullivan is only nine years old. His home is at No. 769 Second-ave.

MORE ENCOURAGEMENT ABOUT MR. BOOTH.

The condition of Edwin Booth still shows improvement. His friends are yet far from confident of his recovery, but they are beginning to have more hope. Yesterday forenoon his physician issued the following bulletin:

"On account of the continued improvement in Mr. Booth's condition there will be no more reports from the sickroom unless there should be some unfavorable change.

"ST. CLAIR SMITH, M. D."

Yesterday was altogether one of the most encouraging days that the actor has passed since his attack.

All desire for liquor permanently removed.

The Empire Institute, 146 West 43d St., New York, offers an improved scientific treatment for the cure of liquor, morphine, cocaine and tobacco diseases.

Each case treated individually by physicians of high standing, with regard to the physical peculiarities of the patient.

Not a single failure or unfavorable physical result has occurred. No detention from business is necessary. Call and witness treatment. Highest references.

A LIST OF THE MINISTERS AND ELDERS WHO ARE TO MEET IN WASHINGTON NEXT WEEK.

Washington, May 8 (Special).—Universal interest centres in the men chosen this year as Commissioners to the Presbyterian General Assembly which meets next week in this city. In the list of names given herewith each paragraph contains the Commissioners from the Presbyteries of a Synod.
