SANITARY GRUEL.

I. X. L. NOURISHING REMEDY!

INVENTED AND PREPARED
BY P. MARMAY.

THE INVENTOR of this new and invaluable remedy has taken patents in France, England, Scotland, Ireland, Belgium and the United States.

The most chronic constipation yields to the daily use of the Invigorating Gruel; it must be taken twice a day, once in the morning and once in the evening, in the shape of a soup.

The Gruel is a pleasant food, and requires no particular diet; it excites the appetite, and acts favorably on the digestive organs, and cures more or less rapidly, but surely always, in every disease of the stomach, such as:
Dyspepsia, Gastritis, Heartburn, Megrims, Sick Headache, Pain in the stomach, Costiveness, Vomiting, Chronic Diarrhea, &c., &c.

The Invigorating Gruel is taken in different ways: with a broth—with salt or sweetened milk—with or without the orange-flower water. A spoonful of it is sufficient, and should be put in boiling milk and remain 15 or 20 minutes.

☞ To be taken morning and evening.

For further particulars apply at the General Depot, No. 44 Conti street, between Chartres and Royal sereets, New Orleans.

CATARACT
WASHING MACHINE.
CLOTHING, TIME, AND LABOR SAVED!
INDISPENSABLE TO HOUSEKEEPERS.

THE MOST SIMPLE, economical, and durable article ever offered to the public to alleviate the discomforts of a wash-day.

DESCRIPTION.

It consists of a metal cylinder, with ribs on the inside, and an inferior cylinder of wood with ribs. There is a space of from 6 to 8 inches between the two cylinders. One crank turns both cylinders at the same time in opposite directions, rapidly creating suds, forcing the water through the clothes, and effectually removing the dirt. The action of the water does the work quickly, dispenses entirely with rubbing, and thus saves the wear of clothes.
