A FIERCE STORM IN MISSOURI.

GREAT DAMAGE BY WIND AND RAIN—THE FULL EXTENT OF THE LOSS UNKNOWN.

St. Louis, May 26.—The Missouri and Mississippi valleys were visited last night by a terrific thunderstorm, which extended as far west as Kansas City and as far north as Iowa. The average rainfall at 1 p. m. was 1.04 inches, and this evening the rain is still falling in torrents. Considerable damage has been caused in the city by cellars being inundated. Lightning struck the stables of Whalen Brothers, at No. 2,622 Spring-ave., and twelve horses were burned to death. During the heavy gale last night the telephone, telegraph and electric wires were badly demoralized, and communication is seriously interrupted. From reports received from points up the river it is expected that the Mississippi River will rise five feet within the next four days. This will make a serious state of affairs along the levees below here, and serious apprehension is felt for the safety of people at Helena, Arkansas City and Vicksburg.

A telegram from Miko, Mo., says that north of that city Henry McCue was fatally injured by a barn blowing down on him. On Young's Creek, north of Mexico, Mo., the storm was most severe, but no lives were lost. The new bank building and several other houses were blown down at Mattensburg. The storm passed through Crystal City last night about 10:40, doing great damage to property. Six houses one mile south of there on Selma Hills were totally destroyed, the occupants barely escaping with their lives. A barn one mile southwest of this city was blown over, killing a horse. A portion of the roof of one of the packing-rooms at the glassworks was blown off.

Vandalia, Mo., May 26.—A terrible tornado struck Laddonia, ten miles west of here, at 6 o'clock last evening, killing John Wills, of Farber, Mo., and seriously injuring six others. Five large business houses and five dwellings were completely destroyed. Many buildings were badly damaged. The rain poured in torrents all night, and no definite news has been received. The tornado also struck the town of Rush Hill, a few miles further west, and did considerable damage to property, but no lives were lost.

Moberly, Mo., May 26.—A tornado struck this city at 4 o'clock yesterday afternoon, levelling barns and smaller buildings, and uprooting hundreds of trees. There is not a shed in the lumber yards here that was not unroofed. The full extent of the storm's damage is not known. It is feared that lives have been lost. The storm came from the southeast, and prostrated telephone and telegraph wires in the southern part of the city, making communication from the outside almost impossible.

At Brookfield, Mo., the storm struck the roundhouse of the Hannibal and St. Joseph Railroad and it was partially demolished. Some of the engines were badly damaged. A number of workmen were in the building at the time, but all escaped unhurt. Hail accompanied the storm at New-Cambria, Mo., and did considerable damage to crops. Barns and out buildings also suffered.

WHAT THE YACHTSMEN ARE DOING.

THE ANNUAL REGATTA OF THE ATLANTIC CLUB TO BE HELD ON JUNE 13.

The twenty-eighth annual regatta of the Atlantic Yacht Club will take place on June 13. The race will be open to yachts of the Atlantic Club and to yachts enrolled in any regularly organized yacht club, subject to the approval of the Regatta Committee. The New-York, American, Corinthian, Sewanhaka, Larchmont, New-Rochelle, Marine and Field, Philadelphia, Corinthian of Philadelphia, Eastern, Riverside, Cedar Point, New-Haven, the Pequot Association and the New-Bedford yacht clubs are invited to take part. The course for the yachts of all except the four smaller classes will be out around the Scotland Lightship. The four smaller classes will turn around a stakeboat anchored off the point of the Hook. The four smaller classes comprise cabin sloops under twenty-five feet, open sloops and catboats. Prizes amounting to over $1,000 have been offered. The system of measurement for time allowance to be used this year by the club will be the square root of the sail area, plus the length on the load waterline, divided by two. The result will be the sailing length. Yachts racing in cruising trim in the annual regatta will be rated at 94 per cent of their sailing length.

To-day the Canarsie Yacht Club will open its clubhouse at Sand's Point, Canarsie. There will be a review of yachts at 3 p. m. and a reception at 5 o'clock.

To-day the Sewanhaka Yacht Club will open its house at Oyster Bay. There will be naphtha launch races for cups presented by Colgate Hoyt, and club catboat races. Such yachts of the club fleet as are in commission are expected to be anchored in the bay before the clubhouse. Many of the yachts assembled there last night. When the boats are all there a meeting will be held on board the flagship Medusa to decide what part the fleet will take in the festivities of the day.

The Excelsior Yacht Club, of Brooklyn, will open its clubhouse, at forty-third-st., on May 30. After the club flag has been saluted there will be a reception in the clubhouse.

Commodore E. D. Morgan's steam yacht May is at Newport being overhauled after her ocean voyage, and put in readiness to take her place as flagship of the New-York Yacht Club squadron.

W. S. Alley has sold his steam yacht Noova to E. N. Dickerson, the former owner of the schooner yacht Wave Crest.

The catboat Lakshmi, a prize winner last year, has been sold by William Osborn to H. E. Kane.

Commodore R. Franklin Sutton, of the Brooklyn Yacht Club, has issued his first order from his new flagship Loyal. It appoints Edward H. Chandler fleet captain for the year. The new fleet captain has also issued an order, dated on the day of his appointment. It is in regard to the opening ceremonies of the club to be held on Memorial Day, May 30. The yachts of the club will be drawn up in line outside the sand bar, and are ordered to be in strict alignment. The flag officers, secretary and treasurer of the club, will inspect the fleet. Captains of the club are ordered to be in readiness for inspection on board their boats by 10:15 a. m. sharp. Commodore Sutton will pass through the fleet in his gig to his flagship, and be saluted as he passes. The fleet will sail in squadron a short distance. All the evolutions of the fleet will be ordered by signal from the flagship Loyal. There will be festivities at the clubhouse after the sail.

MORE ANARCHISTS AS INCENDIARIES.

TWO OF THEM SET FIRE TO CORD MEYER'S BARN AND THEN CALMLY DEMANDED MONEY FROM HIM.

Two more Anarchists have been lodged in jail at Newtown on a charge of arson. Their names are Edward Hauss and Matthew Rettinger. They are warm sympathizers with the Anarchist Eckhold, who is now in the Queens County Jail, awaiting trial on a charge of arson, and Ruppecht, who is also accused of arson, and is now a fugitive from justice. Hauss and Rettinger attempted to burn the barn on the property of Cord Meyer, the politician and member of the sugar refining firm of Dick & Meyer in Brooklyn, E. D. Mr. Meyer is also proprietor of the fertilizer factory on Newtown Creek, where he now employs or formerly employed a number of Anarchists. He had some trouble with the Anarchists some time ago, and they attempted to burn his fertilizer factory, but did not succeed.

Mr. Meyer, who was formerly a member of the Democratic State Committee, owns a handsome house at Maspeth. His sister lives in a house adjoining his premises. About 3 o'clock yesterday morning, Henry Rickets, employed as coachman by Mr. Meyer's sister, was roused by the barking of dogs. He got up and found that Mr. Meyer's barn was on fire. Mr. Meyer and his coachman, Peter Dooling, were aroused, and they saw two men, who proved to be Hauss and Rettinger, near the barn. The two Anarchists, instead of running away, coolly approached Mr. Meyer and demanded money from him. While he was talking with the two men the coachmen succeeded in extinguishing the flames and saving the barn. The building had been deliberately set on fire with the aid of kerosene oil. Mr. Meyer refused to give the Anarchists any money, and with the assistance of the two coachmen he finally succeeded in driving the men off his land. Mr. Meyer and the coachmen kept a watch over the property until daylight, for fear the Anarchists would return to make another attempt to set fire to the building.

Mr. Meyer went before Justice Monteverde yesterday morning and obtained warrants for the arrest of Hauss and Rettinger. The warrants were given to Constable Hock, and at noon he found the two Anarchists in Waldrecht's barroom at Maspeth, which is the headquarters of the Anarchists. Both Hauss and Rettinger were more or less under the influence of liquor. Constable Hock took them to Newtown, where they were locked up in the town jail. Hauss and Rettinger will have a hearing before Justice Monteverde to-day.

Mr. Meyer said he did not know why his property should be set on fire, unless it was an imaginary wrong which the Anarchists sought to avenge.

DR. TALMAGE BUYS A BULL TERRIER.

Boston, May 26 (special).—Comet II, a famous bull terrier, which has been at the kennels of the Anglo-American, at North Craft, near Salem, has been sold to the Rev. Dr. Talmage, of the Brooklyn Tabernacle. It is understood that a fancy price was paid for the dog.

COOPER UNION COMMENCEMENT EXERCISES.

Every seat in the big hall at Cooper Union was taken last evening by the friends and relatives of the members of the graduating class of the School of Science and Art of the Institute. The exercises consisted of an opening prayer by the Rev. Dr. William Lloyd; salutatory address, the subject being "Astronomy," by Alexander S. Traub; and the following orations: "The Sun as a Storehouse of Energy," by William Pwellwitz; "The Age of the Earth," by Charles W. Sass; "The Spectrum," by Philip P. Farley; "Electricity," by Charles L. Duenkel; "The Marine Engine," by Julius C. Reuter, and the valedictory address, the subject being "Science and Its Benefits," by John H. Allen. An excellent musical programme was also provided.

Ex-Mayor Abram S. Hewitt then read the secretary's annual report, which showed total revenues of $48,834 71 for the year, and expenditures of $47,025 37. On January 1, 1893, there was the sum of $13,314 71 in the treasury. Following Mr. Hewitt, Edward Cooper presented diplomas, prizes and medals to the students having won them.

CLEVELAND DESCRIBED AS AN ANARCHIST.

Seattle, Wash., May 26.—Pioneer Square was crowded last night with several thousand people in attendance upon the anti-Chinese meeting. President Cleveland was condemned in a series of resolutions for interfering with the carrying out of the Geary act, and was described as the greatest Anarchist in this country. No political significance was given to the meeting, with the exception that a few orators of the Populist party attempted to air their views. The crowd was composed of the laboring classes, who were apparently deeply interested in the discussion. All appeared to be determined in the opinion that the Chinese must be driven out. The feeling that the non-enforcement of the law is unjust is growing. One of the resolutions passed was to the effect that Attorney-General Olney seize all the property of the Six Companies and use the proceeds of the sale to deport the Chinese.

Legal Notices.

HOWARD STREET.—Supreme Court, City and County of New-York—Charles W. Gillet, as Executor of and Trustee under the last will and testament of Hiram C. McKay, deceased, plaintiff, against Charlotte McKay and others, defendants. In pursuance of a judgment of foreclosure and sale, duly made and entered in the above entitled action, and bearing date the 22d day of May, 1893, I, the undersigned, the referee therein named, will sell at public auction, at the New-York Real Estate Exchange sales-rooms, No. 111 Broadway, in the City of New-York, on Wednesday, the 14th day of June, 1893, at twelve o'clock noon on that day, by William L. Rossmoore, auctioneer, the mortgaged premises mentioned in the said judgment and therein described as follows:

All that certain lot, piece or parcel of land, together with the marble-front store thereon erected, situate, lying and being on the northerly side of and known as number eight (8) Howard street, between Elm and Centre streets, in the Fourteenth Ward of the City of New-York, bounded and described as follows, to wit, commencing at a point on the northerly side of Howard street, about twenty-five feet (25), six inches (6) westerly from the westerly side of Elm street, running thence northerly and parallel with Elm street one hundred and eleven feet (111), and eight inches (8); thence easterly and parallel with Howard street twenty-five feet (25), eight inches (8); thence southerly and nearly parallel with Centre street one hundred and eleven feet (111) and three inches (3) to the northerly side of Howard street, and thence westerly along the northerly side of Howard street twenty-five feet (25) and six inches (6) to the point or place of beginning.

Dated, New-York, May 23, 1893.
