BROOKLYN SAVED THE DAY.

AN EXCITING GAME WITH THE BALTIMORE TEAM.

ALL SEEMED LOST, BUT THE BRIDEGROOMS CAME UP WITH A RUSH IN THE LAST TWO INNINGS.

GAMES YESTERDAY.

Brooklyn 9, Baltimore 8.
Boston 5, New-York 4.
Philadelphia 20, Wash'tn 4.
Cleveland 11, Louisville 6.
Chicago 12, Pittsburg 9.
St. Louis 10, Cincinnati 10 (Draw).

The local baseball teams played in two remarkably close and exciting games yesterday, the Giants losing at Boston by the score of 5 to 4, while the Bridegrooms won a regular old-fashioned, hair-raising contest from Baltimore at Eastern Park, the figures being 9 to 8. The defeat of the Giants was doubly unfortunate for their record, for Ward and his men are now down in tenth place in the race for the pennant, or, as it looks in their case, the race for the leather medal.

A delightful breeze blew out at Eastern Park, Brooklyn, yesterday, and those who had gone at the snail's pace of the elevated trains to the distant grounds were well repaid for the agony they went through in reaching the home of the Bridegrooms. The Kings County trains run so slowly and at such infrequent intervals that they are packed to suffocation going to the grounds and after the game vexatious delays occur.

The contest between the Brooklyn and Baltimore teams was really worth undergoing discomfort to witness. After the third inning it looked as if the Orioles would win easily. Mullane started in to pitch and lasted two innings. Then the curly haired pitcher gave way to the rougher but more businesslike McNabb. At the end of the seventh inning the score stood at 8 to 3 in Baltimore's favor, and it seemed to be all up with the Bridegrooms. In the eighth inning McNabb showed signs of distress and the home players scored two runs. In the ninth hits by Foutz, Corcoran, Brouthers, Kinslow and Daly and a base on balls gave the home team four runs and the victory. The score:

IT WAS PURE BAD LUCK THIS TIME.

NEW-YORK BEATEN IN BOSTON WHEN SHE OUTPLAYED HER OPPONENTS—GERMAN PITCHES WELL.

Boston, July 21.—Dame Fortune was again on the side of the champions to-day. She turned every slip that the Giants made into profit for the Bostons. Every base on balls and every error that Ward's men made counted in the score. The Bostons fielded sharply, but they were outbatted more than the score shows. German and Wilson, New-York's new battery, showed up in fine form. Kelly "tipped" German through the whole game by signs.

German really pitched a superb game, and he was admirably supported by his nimble little backstop, Wilson. German's work was far superior to that done by Stivetts, while he struck out two men and not a run was counted off his delivery, while three were earned off Stivetts. The other features of the game were the fielding of Carroll, McCarthy, Tiernan and Long, and the batting of Conner. The attendance was 2,000. The score:

GAMES IN OTHER CITIES.

Philadelphia, July 21.—The Washingtons had Grim, their new pitcher, in the box to-day, and the experiment proved disastrous, the home team making twenty hits and as many runs. In addition he gave twelve bases on balls and hit one man. Keefe was also generous with his bases on balls, but his support was first-class and the visitors secured only seven scattering hits, netting four runs. The playing of Stricker, Hoy, Cross and Hamilton was particularly good. Hallman was handicapped by his lame ankle and he got out of the game in the seventh inning, Sharrott taking his place. Boyle made his reappearance with the Philadelphias. Attendance, 4,286. The score:

Philadelphia	2	0	3	2	0	0	8	2	3	—20
Washington	0	0	3	0	1	0	0	0	0	—4

Batteries—Philadelphia 29, Washington 7. Errors—Philadelphia 1, Washington 1. Batteries—Keefe and Clements; Grim and Farrell. Umpire—Snyder.

Louisville, July 21.—Louisville was again defeated by the Clevelands in a well-played game. Stratton pitched a good game but could not win because the Colonels were unable to hit Young at the right time. The features of the game were the second base playing of Childs and the home-run drives of T. Brown, Ewing and McKean. Weather cloudy; attendance 1,300. The score:

Louisville	1	0	0	0	0	0	4	0	1	—6
Cleveland	3	0	0	0	5	0	0	3	x	—11

Batteries—Louisville 11, Cleveland 12. Errors—Louisville 3, Cleveland 2. Batteries—Stratton and Grim; Young and O'Connor. Umpire—Lynch.

St. Louis, July 21.—The game to-day between the St. Louis and Cincinnati teams was stopped by darkness in the eleventh inning, leaving the battle a draw. The home team batted hard and lost all opportunity to win through errors in the field. The score:

St. Louis	0	1	0	1	3	0	0	4	1	0	—10
Cincinnati	1	0	3	0	3	2	1	0	0	0	—10

Batteries—Chicago 12, Pittsburg 11. Errors—Chicago 2, Pittsburg 7. Batteries—Hutchinson and Kittredge; Gumbert, Colcolough and Miller. Umpire—Hurst.

Wilkesbarre, July 21.—The Wilkesbarre and Springfield teams played a heavy batting game to-day, the home team winning as follows:

Wilkesbarre	2	0	4	1	0	4	3	2	8	0	—24
Springfield	0	2	0	0	0	2	0	0	0	4	—14

Batteries—Wilkesbarre 24, Springfield 13. Errors—Wilkesbarre 5, Springfield 11. Batteries—Burrell and La Chance; Coughlin and Ryan. Umpire—Hunt.

Buffalo, July 21.—The Troy team won the easiest of victories from Buffalo to-day. Meakim's curves were batted all over the field. The score:

Troy	0	11	0	0	4	0	3	3	0	0	—21

Batteries—Buffalo 11, Troy 20. Errors—Buffalo 8, Troy 1. Batteries—Meakim and Urquhart; Devlin and Cahill. Umpire—Knowles.

AFFAIRS IN BROOKLYN.

A GANG OF THIEVES BROKEN UP.

THE RESULT OF A MIDNIGHT RAID ON A HANDSOME HOUSE—VALUABLE PROPERTY RECOVERED.

The police of the Seventeenth Precinct have arrested the members of a gang of thieves who had their headquarters in a little house in Cypress-ave., near the rear entrance of Evergreens Cemetery, and have seized a large amount of property stolen from houses in Woodhaven, Jamaica, Richmond Hill, Glendale, Maspeth and other suburbs of the city in Queens County. Many burglars' tools were also found in the place. Much of the stolen property has been identified—some of it by Alfred Grosjean, of Woodhaven, whose house was robbed of articles worth $3,000 on June 10.

The house where the property was found is occupied by Frederick Weiseman, his wife and four children. He is a dog fancier and horse-trainer, and kept about twenty dogs and valuable fowls. His house has well-kept grounds about it, and nothing of a suspicious character.

The burglary at Mr. Grosjean's house was investigated by Benjamin Ashmend, of Jamaica, and he found that Detective Harris, of the Seventeenth Precinct, was at work on a burglary in the house of ex-supervisor Collyer, at Jamaica-ave. and Essex-st. They came to the conclusion that men wearing rubber overshoes were engaged in both burglaries, and it was found that men wearing overshoes frequently drove up Vermont-ave., past Evergreens Cemetery. It was learned that they went to Weiseman's place, and when the suspicions were confirmed a raid was planned. The house was surrounded by policemen, who drove close to it in a patrol wagon at midnight. With a warrant for a trifling offence, an entrance was effected. Weiseman and his wife were arrested and many stolen articles of value were found secreted in the house and stable. Weiseman's brother, who lives at No. 83 Bremen-st., was also arrested, and more stolen goods were found at his house. The detectives watched at the Cypress-ave. house and arrested Carl Meyer, alias Mitchell, of No. 130 East Seventy-ninth-st., New-York, and John Kelly, of No. 146 West Forty-third-st., New-York, who attempted to enter it.

Mrs. Weiseman tells how she was terrorized by her husband and his associates, and compelled to assist them. She has been taken to Jamaica, in order that she may be kept away from them. The other prisoners were before Police Justice Connolly yesterday, and will be turned over to the Queens County authorities. The property found is worth several thousand dollars.

A WOMAN CHARGED WITH BURGLARY.

Mary Keane, nineteen years old, was charged with burglary in the South Brooklyn Police Court yesterday, and was held to await the action of the Grand Jury. She lives at No. 487 Court-st., and the second floor of the same house is occupied by John and James Duff and their mother and sister. On Thursday night they decided to catch the thief who had stolen articles at different times from their rooms. John crawled under a bed and James under a lounge, while Mrs. Duff and her daughter went out and locked the doors. In a few moments the door was unlocked and a woman entered and began to ransack the room. As she passed near the bed, John Duff caught her by the ankle and made her a prisoner. She had taken some small articles, and others were found in her room. When arraigned yesterday she declined to plead and was sent to jail.

HE WANTS THE ACADEMY OF MUSIC STOCK.

Another offer for stock of the Montague-st. Academy of Music was made yesterday. F. A. Barnaby offered 250 for it on Thursday, and Ernestus Gulick & Co. offered 260 yesterday. Mr. Gulick says he has been buying the stock quietly for 250. His offer makes the value of the property $520,000. Good judges of real estate say that it is worth more than this. It is not known for what purpose the purchase of the building is sought.

GATHERED ABOUT THE TOWN.

Judge Cullen granted an order yesterday for a writ to compel the Board of Assessors to strike from the county tax rolls the property of the Pratt Institute, as it is exempt under the law up to $3,000,000 from local taxation.

Affidavits were submitted to Judge Cullen yesterday in the matter of the new apportionment of Assembly districts on the point that the county must be divided according to citizen population and not according to total population. The affidavits were to show that the distribution of aliens was practically the same in the various districts. There is an average of about 7,000 aliens in each district. Judge Cullen took the figures and reserved decision.

Chief Engineer Van Buren reported yesterday to Commissioner Adams that the purity of the water supply of Brooklyn still continued to be superior to that supplied to any other large city in the country.

THE SLOOP YACHT VIGILANT.

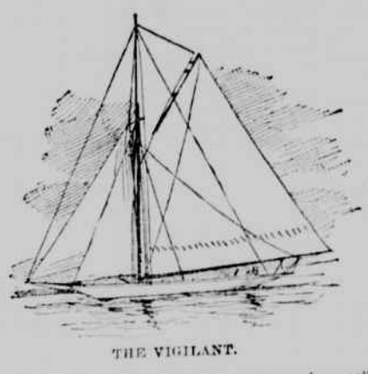
SHE WAS BUILT TO DEFEND THE AMERICA'S CUP.

HER ARRIVAL AT THIS PORT WILL BE WATCHED WITH INTEREST—NOVEL FEATURES OF HER CONSTRUCTION.

The sloop yacht Vigilant, built to defend the America's Cup, was expected to arrive here from Newport yesterday, but had not been reported at the anchorage off Bay Ridge at a late hour. It was said that she had probably put into New-Rochelle for the night.

In her trial trips off Newport and in Narragansett Bay the Vigilant is said to have developed remarkable speed. She was built by the Herreshoffs, and was launched at Bristol on June 14. In model the Vigilant has, in common with the Navahoe and Colonia, the general Herreshoff type as exemplified in the Gloriana and Wasp, more especially the latter, though there are some modifications in the Vigilant's type, owing to the increased proportionate beam. She has two feet more beam than the Colonia. Her bilge is a trifle fuller and her elliptical stem appears wider in consequence. Her dimensions are as follows: Length over all 128 feet, load-water line 85 feet, beam 26 feet, draught of water 14 feet.

She is a centreboard boat, and has great sail power. Her boom is little short of 100 feet, and is said to be one made for the Constellation when Commodore Morgan contemplated changing that schooner into a sloop. She is an experiment in more ways than



THE VIGILANT.

one, for she will not only carry a tremendous sail plan, but she is plated with Tobin bronze up to her top streak, which is of steel. Tobin bronze, it is asserted, will not rust even in salt water, and by polishing it a smooth surface can be obtained which will be like glass. Tobin bronze does not foul readily, which is another advantage.

It has been reported that the Vigilant leaked considerably while having her trial spins in Rhode Island waters, and that she would be placed in dry-dock here in order that a thorough examination of her may be made. Experts have asserted that a steel boat will rust tight after being placed in the water, and thus make up for any slight imperfections in the fit of her plating. This rusting will not take place in Tobin bronze plating, and so it is possible that a boat of that material cannot be made as tight as one of steel.

The combination of 26-foot beam, 14-foot draught, 75 tons of ballast, 150 tons displacement and an enormous sail plan is one which will be watched with interest by all yachtsmen and naval architects to see what the result in speed will be. There is much interest as to the success of the Vigilant's Tobin bronze bottom. If it is a success the material will probably come into general use for racing boats. Commodore E. D. Morgan of the New-York Yacht Club, and C. Oliver Iselin are the principal owners of the Vigilant. She is to be sailed by Captain Hansen.

THE PLOT THICKENS.

CONTRADICTORY STATEMENTS IN THE KEEGAN-SAGE SUIT.

A SISTER OF MRS. KEEGAN TESTIFIES—MR. SAGE'S AFFIDAVIT DECLARES THAT SHE ACCUSES J. BAPTIST MARSHALL, HER SISTER'S LAWYER, OF CONSPIRACY.

The plot seems to be thickening in the Keegan-Sage breach of promise suit. Yesterday, in the Court of Common Pleas, an order appeared which had been filed by J. B. Marshall, lawyer, on July 19, for the examination of Mrs. Mary Mulhearn, Mrs. Keegan's sister, of No. 766 Columbus-ave., and it transpired that the "mysterious witness" before Referee Charles A. Runk on Thursday was none other than this same Mrs. Mulhearn. Jean Baptist Marshall, Mrs. Keegan's lawyer, was anxious to have Mrs. Mulhearn examined on Thursday, so that her testimony in favor of her sister might be admitted at the argument of the case in the Special Term of the Court of Common Pleas next Monday. Mr. Marshall has also seen extracts from an affidavit made by Russell Sage, wherein Mr. Sage says that Mrs. Mulhearn acknowledged to him that the whole case was a conspiracy against Russell Sage, and that Mr. Marshall was concerned in the conspiracy.

As testimony that Mr. Marshall had been so concerned, a report was published yesterday afternoon saying that Mrs. Mulhearn confessed that she had been coerced into giving testimony for her sister by Mr. Marshall, her sister's lawyer, and that at the examination before the referee on Thursday only testimony favorable to Mrs. Keegan had been admitted.

When confronted with this remarkable and startling statement, which involved his good name, Mr. Marshall said yesterday afternoon that the woman, Mrs. Mulhearn, was a queer person; that she had signed with the utmost readiness the testimony in her examination on Thursday—after making a few unimportant changes in the wording of the testimony.

Many developments in the case, however, and the general line of defense which Mr. Sage intends to follow in the suit, appeared in the affidavit which Mr. Marshall filed on Thursday with the order for the examination of Mrs. Mulhearn.

In this affidavit Mr. Marshall quotes the following extracts from an affidavit made by Mr. Sage which he had seen:

"I have learned," says Mr. Sage, "through the sworn affidavit of the only sister and relative of the plaintiff (Delia Keegan), who resides in this city, that the plaintiff has for many years led such an irregular and intemperate life that she is utterly irresponsible for what she says or does. Most of the time during the last fifteen years she has been on Blackwell's Island and at other public institutions, to which she has been committed by reason of her erratic conduct and intemperance. I am informed and believe that the said Baptist Marshall, plaintiff's attorney, sought her out in one of these institutions and induced her to sign the complaint when she was partially intoxicated. I am also informed by Mary Mulhearn, the sister of the plaintiff, who is a respectable janitress in this city, that the said Marshall visited her several times to induce her to support by her testimony the false averments in the complaint, and promised her in consideration thereof a situation as janitress with a larger salary than she is now receiving and a portion of the proceeds of the moneys to be extorted from me," etc.

In answer to this grave charge Mr. Marshall makes affidavit that Mrs. Mulhearn told him she never made the statement which Mr. Sage in his affidavit says she made. Mr. Marshall says further that Mrs. Mulhearn tried to get her alleged statement from Mr. Sage, who refused to give it up. She utterly denies that she spoke disparagingly of her sister to Mr. Sage, and she says that Mr. Bennett, Mr. Sage's lawyer, tried to get her to swear that the action was a conspiracy.

On the contradictory affidavits of Mr. Sage and Mr. Marshall, light will probably be let in at the argument on Monday.

Henry S. Bennett, counsel for Mr. Sage, was seen by a Tribune reporter last evening. Mr. Bennett did not care to talk about the case. It was learned, on excellent authority, that Mrs. Mulhearn, Mrs. Keegan's sister, had called on Mr. Bennett yesterday. She told Mr. Bennett that the case against Mr. Sage was a conspiracy, and that an effort had been made to intimidate her so that she would testify for her sister's benefit.

THE MERGENTHALER PATENTS UPHELD.

An important decision to publishers was handed down by Judge Coxe, of the United States Circuit Court, yesterday. It sustains in broad terms both of the Mergenthaler linotype patents, holding that the patentee was a pioneer, and that his patent covered all machines of this class. The decision is directed against the Rogers typograph, but will also cover the monoline and other experimental machines. The Mergenthaler machines, which are in wide use in America and Europe, produce lines of type by the operation of finger keys, as in a typewriter.

These amendments, which were proposed by President Shonnard, increase the number of committees from ten to fourteen and apportion the work in a manner to secure better results. . . . The Boys' Branch of the Young Men's Christian Association will have a tennis tournament on July 26, and a field day on August 9, on the association grounds at Lowerre. . . . A big crowd of people from this city and from Mount Vernon went to Rockaway yesterday on the excursion of the Knights of Pythias. . . . The members of the crew of the steam launch Daisy were arrested again yesterday on a charge of running a ferry without authority of law. The case was continued for a week. The complainant is the Yonkers and Alpine Ferry Company, which also has a civil suit pending in New-York against the owners of the Daisy for $10,000 damages. . . . President Montague, of the Electric road, says that the resolutions passed at the last meeting of the Common Council to appeal to the Railroad Commissioners if the company persists in its refusal to stop all Mount Vernon cars at the Bronx River road, and if it does not pay into the city treasury before August 1 all moneys due for street paving, authorizing the City Attorney to take steps to have the charter forfeited, will have no effect. The company alleges that the assessment for paving was not legally made, and holds that nothing can be done toward the forfeiture of its charter until this question is settled by the courts.

Under the auspices of the Yonkers Bicycle Club a two-mile-bicycle race will take place this afternoon at 4 o'clock on the Westchester County fair grounds. There are many entries, and the contest will no doubt be a spirited one. No admission price will be charged. . . . . Village President Husted has written a letter to the Salvation Army officers here disclaiming any intention of interfering with their individual efforts to reclaim drunkards. . . . Judge Dykman has granted a motion to non-suit James L. Reynolds, a butcher doing business at Mount Vernon and White Plains, in the action begun by him against Gouverneur Rogers, the president of the Band of Mount Vernon, and the Bank of Mount Vernon. Mr. Rogers, who is a stockholder in the Bank of Mount Vernon, alleged that Mr. Rogers, the president, was using money belonging to the bank for investment purposes, and Mr. Reynolds wanted him to give the bank the full benefit of the earnings from such speculations. The defence was that the money was borrowed from the bank, and that the president paid legal interests thereon just as any other borrower paid for the use of money. Hence, Mr. Rogers was only accountable to the bank for such interest and the principal borrowed. Judge Dykman took this view of the case, hence, the non-suit.

MOUNT VERNON.

A LUMBER COMPANY'S PROPERTY ATTACHED.

Sheriff Duffy, of Westchester County, yesterday attached the property of the Burton Lumber Company at Mount Vernon. The company has been in operation for two years, and had one of the largest yards in the city. The attachment was issued by Judge Cullen, of Brooklyn, to Isabel Burton, who has a claim against the company for $45,000 for notes held by her which have not been paid. President J. D. Burton said yesterday that the company was pressed for money on account of the closeness of the money market. The assets of the company will amount to three times the amount of the liabilities.

NEW-JERSEY.

JERSEY CITY.

A curious case was before Justice O'Donnell, at Jersey City, yesterday. John Boliski, a Pole, living at No. 38 Bright-st., was knocked down in Pavonia-ave. by three men, who robbed him. He was found unconscious by the police. When he recovered he proved to be deaf and dumb. He managed, however, to indicate that he had been robbed of a gold watch and $35 in cash. John Rockford, Hugh Reilly and John Sullivan were arrested, and when arraigned yesterday they were placed among half a dozen men and Boliski picked them out, but as he cannot talk, write or converse in the sign language, he cannot give evidence against them. Justice O'Donnell said he would probably have to send the men to the penitentiary under the Disorderly act as the only disposition that could be made of the case. Boliski was not born deaf and dumb, his affliction being the result of a fall.

The New-York and New-Jersey Telephone Company yesterday began the work of putting its Jersey City wires under ground. There will be ten conduits in each street used, and each conduit will contain 200 wires. It is expected that the work will be finished by the close of the year.

Ernest Struck and Emil Schroeder were arrested yesterday on a charge of keeping a policy shop at Newark-ave. and Third-st. Being unable to give bail, they were locked up. In the Sessions Court John Torbet, of Hoboken, who was fined $50 last week, was arraigned on a second charge, and pleaded not guilty. John Hogan, John Marnell and Archibald Wilson, also of Hoboken, pleaded not guilty, and Henry Bassel pleaded guilty. Patrick Kinnough, Hugh Kelty and Joseph Burke, who pleaded guilty last week, were fined $50 and costs, and warned that for a second offence they would be sent to jail.

HACKENSACK.

Several townships and school districts of Bergen County are in financial straits, because of inability to borrow money from the banks of Hackensack and Paterson, or to sell bonds issued for building roads and school houses. Saddle River Township advertised for bids for $90,000 of macadam bonds, and did not receive an offer. The Trustees of Ridgefield Park Village were unable to secure money on a note from the Hackensack Bank this week, and three school boards have been unable to float bonds.

The Republican Club has taken steps to raise $10,000 by subscription to pay off the club's indebtedness and place it on a good financial basis. There is a deficit of about $2,000. Members of the club have pledged themselves to raise the necessary amount. The embarrassment of the club was caused by the withdrawal of members who joined other party clubs in their own neighborhoods.

LLOYD ASPINWALL MAY GO FREE.

HIS BROTHER WILLIAM SAID TO HAVE REMEMBERED THAT THE ALLEGED FORGED INDORSEMENT WAS WRITTEN BY HIMSELF.

It is reported from several sources that Lloyd Aspinwall, charged with forgery, will be discharged and honorably acquitted of the accusation. Since Tuesday last he has been in the Yorkville Court prison, and on Thursday and yesterday was visited by his brother William.

It is alleged that William has reviewed the circumstances connected with the case, and remembers now that the note on which Lloyd is alleged to have forged his indorsement was really one of those which he himself left with the firm of Howland & Aspinwall. It is also said that yesterday in the presence of General Varnum William Aspinwall admitted to his brother that he, William, actually wrote the signature which Lloyd is charged with having forged. Lloyd is said to have refused bail offered by several well-known clubmen.

Aunt Mandy (struggling through the turnstile)—I don't see what the papers are always givin' these gate receipts for.

Josiah—Why not, Mandy?

Aunt Mandy—Well, I don't believe any sensible, right-minded person would want to make one like 'em if they had a dozen receipts.—(Chicago Inter Ocean.
