THE TRADE IN CHICAGO.

Chicago, July 26 (Special).—Wheat was inclined to be firm on the Western news. The weekly crop bulletins were in most instances unfavorable from the spring wheat states. There was a considerable cash demand for export, possibly 300,000 bushels being worked here. Winter wheat receipts were just about half what they were the same day last year, St. Louis having only 84,000, against 219,000 last year, and Toledo only 190,000, against 314,000 bushels. But while the Western news on wheat was rather bullish, the market did not escape the influence of the great depression in Wall Street. The close was about 3-4 cent under Tuesday. September sold between 66 3-4 and 65 7-8, and closed at 66 1-8 cents. Charters were made for 70,000 bushels. Receipts here were 125 cars; the estimate for Thursday, 140. At night puts on September were 65 1-8; calls, 66 3-4 cents.

Good showers through Kansas and scattered showers through other parts of the belt started corn lower. The market in a measure felt the Wall Street depression. There was possibly some selling on the prospect of a strike of the union sailors, threatening to embarrass lake navigation. Crop reports were unfavorable from Illinois and from some of the other important states. Charters were made for 295,000 bushels, September sold between 40 1-4 and 39 1-2, and closed at 39 3-4 cents. Receipts were 395 cars; the estimate for Thursday, 230. At night puts on September were 39 3-8; calls, 40 1-4 cents.

Oats were under the conflicting influences of bear news from Wall street and reports of great damage from rust in Iowa. September sold from 29 7-8 to 24 1-2, and closed at 24 cents. Receipts were 127 cars; the estimate for Thursday, 170 cars. Charters were made for 25,000 bushels.

The noteworthy incident in provisions was free selling of ribs by concerns supposed to represent the important provision bull interest. Robison & Wolf led in it. Prices of ribs on this selling dropped 30 cents and closed at the bottom. September sold from $8 20 to $7 92, and closed at $7 92. The business in lard was not large. Prices were not supported. September sold from $10 02 to $9 87, and closed at $9 95. The character of the trade in pork was shown by the fluctuations. There was some little selling at $20 75 for September and some at a decline of $1. September opened at $20 75 and closed at $19 75. There were 24,000 hogs; the estimate for Thursday was 25,000. Prices were 5 to 10 cents lower.
