Minneapolis, Aug. 11.—The wheat market was higher at the outset to-day, but with some wheat bought recently to sell out on temporary rise, that grain was thrown out in the morning, prices yielding from 63⅝c December to 62¾c. Later there was more buying, with an advance to the close, when sales were at 63⅝c; September sold at 7¾c under December all day. There was much speculation on what the figures of the Government report would signify. They were rather lower than had been expected, and lower than the private judgment of the most expert on the exchange wheat crop are willing to indorse, for there is admitted to be considerable of good grain in Minnesota and the Dakotas. There was a better demand for cash wheat to-day. Supply was small; No 1 Northern sold at 2c@2½c over September. Most of the sales were at 57½c. When futures were the highest some lots were sold at 58c; No 2 Northern sold mostly 55½c; low grades were in small supply. The demand for them was not active for shipment, and they were not wanted for milling. The market closed: Hard, 60½c; No 1 Northern, 58c; No 2, 55½@56½c; August, 56c; September, 56⅝c; December, 67⅝c.

THE TRADE IN CHICAGO.

Chicago, Aug. 11 (Special).—Wheat advanced today 2½ cents and closed at the top. September went from 61¼ to 63¼ cents, and closed at 63 cents. At night on the curb "calls" were 64⅝ cents for September; "puts," 62⅛ cents. The spurt was chiefly on the improvement in the financial condition. The Government crop report, however, was an important factor. It is felt now by a large share of the trade that with a total crop of only 380,000,000 bushels, and with exports at the rate of 20,000,000 bushels a month, the lowest prices on record cannot last long. New-York exchange here was down to $10 discount, and it was easy to sell New-York drafts. The out inspection of wheat was 397,000 bushels. Primary market receipts, 395,000 bushels, were only a third of the same day last year. Local receipts were 86 cars; estimate for Saturday, 140 cars. There were only 100,000 bushels sold for export direct.

Corn opened easier on good rains through Missouri, Iowa and westward. Illinois, Indiana and Ohio were still without rain, although showers were predicted for to-night. The fractional loss at the opening was recovered before the close. Cash corn was in especially good demand, and rolled up to within ⅞c of September. September sold between 39½ and 40, and closed at 39⅞c. Charters were made for 175,000 bushels. Receipts were 394 cars; the estimate for Saturday was 220 cars. The buying was on the Government crop report and on the belief that Illinois and Indiana have gone so long without rain that their crops have been permanently impaired. "Puts" on September, 40¼; "calls," 39½ cents. Oats were strong, helped up by last night's Government report and sympathy with wheat. September sold from 25⅝ to 25⅞, and closed at 25½ cents. Receipts were 167 cars; the estimate for Saturday, 167 cars.

Provisions were easier. Cash trade was not so good as it has been. Outside buying appeared to be checked by the yellow fever talk from Florida. At the close September pork showed a loss from last night of 10 cents; September lard, a loss of 15 cents; September ribs, a loss of 10 cents. There were 18,000 hogs. Prices were 10 to 15 cents lower. The estimate for Saturday was 10,000.
