You've Struck it Right when you Light a CAMEL

Your taste will tell you that! For Camels have the flavor and fragrance of choicest tobaccos, perfectly blended. They're smooth and mellow-mild.

And there's NO CIGARETTY AFTER-TASTE.

We put the utmost quality into this one brand. Camels are as good as it's possible for skill, money and lifelong knowledge of fine tobaccos to make a cigarette.

That's wny Camels are THE QUALITY CIGARETTE.

Christmas Message

Office of the Postmaster General,
Washington, Nov. 22, 1921

To the boys and girls of the U. S.:

Christmas is almost here.

Your great Post Office department has a big job ahead and needs your help.

Think what it means to be Santa Claus to our 100,000,000 people and to deliver Christmas parcels to every family in this great country within the short space of a few days and without disappointment.

It can be done, and we're going to do it if we may have your help. I want to enlist the active assistance of every boy and girl in the school of our country in getting parcels mailed this week to relieve the rush that comes directly before Christmas.

Will you go home today and take this message to your parents and friends.

Our postmaster has asked us to mail our Christmas parcels this week, for unless we do, Uncle Sam's load may be so heavy the last few days before Christmas that he won't be able to deliver all the presents by Christmas eve.

The parcels must be well wrapped and tied and addressed plainly in order that they may arrive in good condition with their Christmas appearance unspoiled. You can put on your packages, "Do not open until Christmas."

And there must be a number on your house and a mail receptacle, too, for if there isn't, Santa Claus's messenger, your letter carrier, may not be able to find the house where he should deliver.

There are some other things you can do which will assist in improving the mail service and saving our great government millions of dollars a year that is now wasted because of our carelessness—yours and mine.

Every day that you drop a letter in the mail box 40,000,000 other letters are already pushing and jamming through the postal machinery. One letter a day for each family of five persons in the United States is given to Uncle Sam to deliver.

When you send a parcel to the post office for mailing any day there are about 3,000,000 other parcels ahead of yours passing through the postal hopper. This is in ordinary times, at Christmas time it is complicated many times.

One family in about every ten puts a badly addressed letter in the mail every day. This means about 2,000,000 badly addressed letters with the 20,000,000 poorly addressed letters. That means that the fully addressed letters must wait on the slow moving poorly addressed letters just like the larger boys and girls are delayed by a bunch of "bad kids" tagging along.

You boys and girls can help the postal service and save your father some money, because he has to keep pay the cost of searching addresses on letters and parcels sent out by this one careless and thoughtless family.

First, first, teach your family to write clearly, then bear in mind that your letter must be handled by machines and clerks 78 million in post offices and several postal cars of a mile and a quarter each, often under poor light.

The address on a letter or package must be correct, complete and legible including the house number and name of street, and the "From" address should be in the upper left hand corner so that the mail will be returned to you in case it is not delivered. Do not abbreviate names of states, because some look alike when abbreviated. Use proper amount of postage and write the address [illegible] and letters, writing [illegible] clearly and legibly in ink and avoid loss of time. Make the address plain and easily read, and always use pen and ink or typewriter [illegible] envelopes, so as to save the eyes of the post office clerks. Do not use envelopes of unusual size. The little ones that are so frequently used for cards and notes at Christmas and other holiday times cause an untold amount of trouble and labor, as they will not fit our canceling machines and must therefore be canceled by hand. Because of their size and tendency to slip out of a package, these small envelopes are more likely to be overlooked or lost.

Mail your letters and packages early in the day, because this avoids overloading and delaying mail at the end of the day.

Your local postmaster and your teachers will tell you more about the postal service.

Do these things and you will win the grateful appreciation of the people in your post office and especially of

Xour Postmaster General,
Will H. Hays.

P. S.—Don't forget to mail Christmas packages this week.

Suggestive Reading

You will hear it said that such and such a magazine prints suggestive stories, meaning that they present corrupting ideas in an attractive dress. But there is a suggestiveness also of quite a different sort—the suggestiveness that quickens the reader's sense of duty, stimulates ambition, gives courage to face adversity, fortifies against yielding easily to temptation. It is this better kind of suggestiveness that you will find on almost every page of The Youth's Companion. Which of these two kinds of suggestiveness would you wish to have exert an influence in your family life?

The 52 issues of 1922 will be crowded with serial stories, short stories, editorials, poetry, facts and fun. Subscribe now and receive:

1. The Youth's Companion—52 issues in 1922.
2. All the remaining issues of 1921.
3. The Companion Home Calendar for 1922.

CATARRHAL DEAFNESS

is generally caused by constitutional treatment. HALL'S CATARRH MEDICINE is a constitutional remedy. Catarrhal Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result. Unless the inflammation can be reduced your hearing may be destroyed forever. HALL'S CATARRH MEDICINE acts through the blood on the mucous surfaces of the system, thus reducing the inflammation and assisting Nature in restoring normal conditions.

Indigestion

Many persons, otherwise vigorous and healthy, are bothered occasionally with indigestion. The effects of a disordered stomach on the system are dangerous, and prompt treatment of indigestion is important. "The only medicine I have needed has been something to aid digestion and clean the liver," writes Mr. Fred Ashby, a McKinney, Texas, farmer. "My medicine is

Thedford's BLACK-DRAUGHT

for indigestion and stomach trouble of any kind. I have never found anything that touches the spot, like Black-Draught. I take it in broken doses after meals. For a long time I tried pills, which gripped and didn't give the good results. Black-Draught liver medicine is easy to take, easy to keep, inexpensive."
