THE BANK STATEMENT.

Saturday, August 26—p. m.

By the operations of the New-York Sub-Treasury in the week ended last night, which included deposits of $159,254 for payment at other points, the associated banks gained $3,726,810. The weekly bank statement published to-day showed an average increase in cash of $5,352,500. The greater part of this gain was in specie, but one of the most encouraging features of the statement was a small increase in legal tender notes, because it indicated receipts from the country. The movement of money was against New-York, but the shipments generally were in gold and the receipts in paper currency. The reduction of nearly $3,000,000 in loans was probably a continuation of the movement begun last week in the liquidation of loans made in advance of gold imports. The increase in bank note circulation exceeded $1,000,000 on an average. The actual condition of the banks was considerably better than the showing. In its details the statement was far from being consistent. The result of all the changes was an increase in reserve of $5,308,125, and the deficit under the 25 per cent rule was reduced to $6,737,675. At the same time a year ago the banks held a surplus of $9,887,875, and in the preceding year one of $12,767,825.

The following are the comparative statements of August 19 and August 26:

	Aug. 19.	Aug. 26.	Differences.
Loans	$403,540,200	$403,607,400	Dec. $2,932,800
Specie	58,352,800	62,930,900	Inc. 4,578,100
Legal-tenders	22,177,000	22,951,100	Inc. 774,100

Circulation	7,738,200	8,780,200	Inc. 1,042,000

The following shows the relations between the total reserve and the total deposits at the respective dates:

Specie	$58,352,800	$62,930,900	Inc. $4,578,100
Legal-tenders	22,177,000	22,951,100	Inc. 774,100
Total reserve	$80,529,800	$85,882,300	Inc. $5,352,500
Reserve required against dep'its	92,575,600	92,619,975	Inc. 44,375
Surplus	*$12,045,800	*6,737,675	Inc. $5,308,125

*Deficit.

The Clearing House statement was as follows: For to-day—Exchanges, $59,778,913; balances, $2,886,720. For last week—Exchanges, $364,324,313; balances, $21,347,105.

WHAT WAS DONE IN STOCKS.

Sanguine expectations in regard to the showing of the Clearing House banks were fully satisfied. The favorable results had been largely discounted, because immediately after the publication prices began to yield. While last figures consequently were not the highest for the day, final variations were generally advances, and the closing was by no means weak. St. Paul was the only stock in which the transactions amounted to over 10,000 shares, but Sugar Refining was not far behind it. Their gains were 1-4 and 3-8 per cent, respectively, but both stocks sustained considerable reactions from their highest figures. A few specialties gained 1 per cent, or more, and exceptionally Lake Shore rose 2 1-2 per cent, and closed strong, only a trifle below its top price. There was prevalent an exceedingly confident sentiment, encouraged by a distinct improvement in the financial situation. The late decline ought not to have excited surprise in a narrow market chiefly controlled by professional manipulation. There were again no transactions in Government bonds at the Stock Exchange, but the market was steady, at unchanged quotations, as follows:

State issues remained neglected. Of city bank stocks Western National sold (27) at 107.

The general bond market was unusually active, but more than one-half of a total business, amounting to about $1,015,000 at par value, was in the junior securities of the Northern Pacific Railroad, and unfortunately the prices of these issues declined from the opening. Chicago and Northern Pacific firsts were both active and weak, and despite a slight rally at the close suffered a loss of 1 per cent. Northern Pacific consol 5s were pressed for sale less vigorously, but they closed at their lowest point with a decline of 1-2 per cent although the last sale was of a single bond at 29 3-4. Union Pacific, Denver and Gulf firsts were dull and heavy at 40a40 1-2, a final loss of 1-2 per cent. With these exceptions the movement of prices was upward, and in some instances it was rapid. Richmond Terminal 6s, receipts, rose 5 per cent to 45. Erie second consols advanced 1 per cent to 67, and Philadelphia and Reading general 4s scored the same gain at 63. Less important issues closed with advances of 1a2 per cent. Reference is made to our full report of bond sales.

Rates for money were nominal, as usual on Saturday, but a small business was done at 3 per cent.

The Sub-Treasury was debtor at the Clearing House $62,079.

THE WEEKLY TREASURY STATEMENT.

The receipts from customs reported from Washington to-day were $448,741; from internal revenue $335,521, and from miscellaneous sources $10,151. The Treasury received $64,355 National bank notes for redemption, and the receipts on this account for the week ended to-day amounted to $499,994. To secure National bank note circulation it holds $201,750,600 in these bonds:

Currency 6s	$14,900,000
Four per cents	164,499,500
Four and a half per cents extended at 2 per cent	22,351,350

Bonds deposited for circulation during the week, $3,251,800; National bank circulation outstanding—currency notes, $195,112,343; gold notes, $98,487; against which the Treasury holds $20,196,182 legal-tender money for the redemption of surrendered circulation.

In London British consols again were a trifle lower, at 97 3-8 for money and 97 7-16 for the account. In the open market money was somewhat easier, at 3 1-2a3 3-4 per cent for bankers' balances. Bar silver was unchanged at 34d. an ounce. American railway shares were irregular, but in the early dealings extremely strong. At Paris French 3 per cents were firm, but not materially higher at 99.12 1-2.
