# YOUNG JACK TARS ON A CRUISE.

## THE NAVAL RESERVES SAIL AWAY ON THE NEW-HAMPSHIRE.

AT COLD SPRING HARBOR THE CREW WILL PRACTISE VARIOUS EVOLUTIONS—THERE WERE MANY PEOPLE TO WAVE A GOOD BY TO THE JOLLY SAILOR BOYS YESTERDAY.

At 8:20 yesterday morning the ropes were cast off, and the newly painted New-Hampshire, with her crew of 250 Naval reserves, was off for a week's cruise, with two tugs puffing and blowing in the lead. Commander J. W. Miller was in charge, and from 5 o'clock in the morning till the departure the

wharf at East Twenty-eighth-st. presented an animated appearance, with the white-clad tars making ready for the sail. The cruise will last one week, and the New-Hampshire will tie up at Cold Spring Harbor, where the reserves will be put through a thorough course of instruction, practice and discipline.

The big vessel has been newly repainted in white and black, and $14,000 has been expended in refitting and refurnishing the frigate throughout, so as to make the boys as comfortable as possible. Every deck is smooth and shining, and all the guns are in condition for an extensive bombardment. The vessel carries enough ammunition to last for weeks,

but it will hardly be called into use, as the principal work for the boys will be the handling of the vessel and small boat practice. The New-Hampshire carries 250 Lee rifles, one Hotchkiss one-pounder, four thirty-two pounders, two howitzers and two three-inch breech-loading rifles, besides a torpedo and fit.

There were a good many people on the wharf to wish the reserves a pleasant trip, and once in a while a dainty handkerchief could be seen waving in the breeze, bidding some gallant amateur jack tar good by, and then would come the frantic brandishing of a cap from on shipboard. The New-Hampshire was due at Cold Spring Harbor this afternoon.

## MGR. SATOLLI AT CINCINNATI.

HE URGES AMERICANS TO CONFORM THEIR CATHOLICISM TO THE SPIRIT OF LIBERTY.

Cincinnati, Ohio, Aug. 26.—Monsignor Satolli, the Papal Delegate, accompanied by his private secretary, the Rev. Hector Papi, arrived in this city at 8:15 a. m. He was met at the depot by a large delegation of prominent Catholics, headed by Archbishop Elder.

In response to an address of welcome the Papal Delegate said: "I am very much gratified with the reception which has been accorded to me in Cincinnati. I am happy to note the kind sentiments which have inspired it, and also to have perceived the deep underlying principle of loyalty to the Catholic faith which is manifest.

"I have been greatly pleased with the report of good work accomplished for the Church in your community. I hope that all of you will strive to emulate the spirit of generosity which was manifested by the Americans when they made Italians fellow citizens, and I do exhort you to foster the sentiment of true loyalty to the institutions of America, and to conform your Catholicism to the spirit of liberty."

An impromptu procession then formed, and the party was escorted to the Cathedral residence.

At 9 o'clock pontifical high mass was celebrated by Monsignor Satolli at St. Peter's Cathedral. The new Italian Church of the Sacred Heart of Jesus will be dedicated to-morrow with imposing ceremonies.

### LAND FOR THE HARLEM RIVER SPEEDWAY.

Corporation Counsel Clark has received the damage map made by Chief Engineer Kellogg, of the Park Department, showing the ownership of property to be acquired for the Harlem River speedway, and will soon begin proceedings for securing the property not already owned by the city, which is about two-thirds of the whole. Thirty-one plots are to be acquired, aggregating 471,149 square feet.

### LEONARD BOYNE'S INJURIES FROM HIS FALL.

The injuries which Leonard Boyne, the leading actor of the company playing "The Prodigal Daughter," at the American Theatre, received by his fall in the race scene on Friday night will probably keep him at home for the next few days. His physician has told him that he may be able to play be Wednesday, but that if he goes on the stage again immediately it may be at the expense of a longer period of absence in a more important part of the season.

### GOOD SCORES AT CREEDMOOR.

The fourth supplementary practice was held at Creedmoor yesterday. The weather was fair, with a light "6 o'clock" wind blowing, and although the heat was oppressive there were good scores made, as follows:

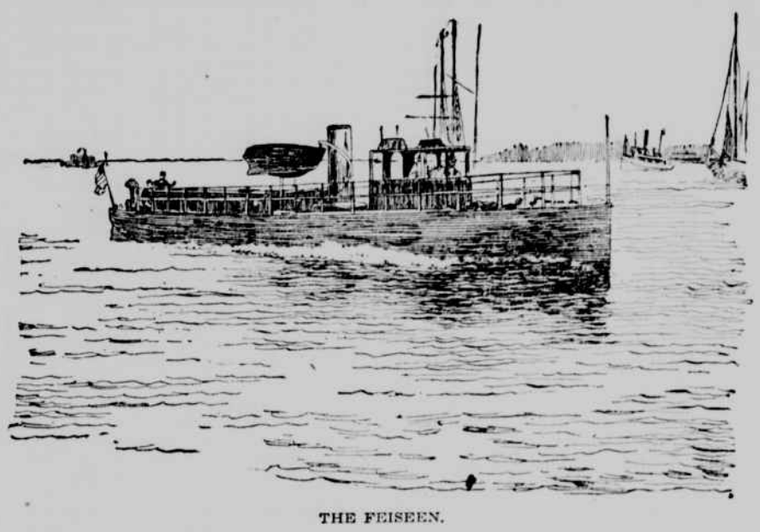
# TRULY A FLYING ARROW.

## WONDERFUL RUN OF A NEW STEAM YACHT.

THE FEISEEN SAID TO HAVE REACHED A SPEED EQUAL TO 31.6 MILES AN HOUR—THE STATEMENT OF MEN ON THE BOAT AT THE TIME.

There is a little yacht in New-York Harbor which goes so fast that when she is steaming at full speed she looks like a streak of light. Her owner and builders say that she is the fastest boat in the world, and that on Friday she made nearly thirty-two miles an hour. She is named the Feiseen, which in Japanese means flying arrow. On board the Feiseen on Friday, when she made her flying record, were Norman L. Munro, W. M. Tebo, Frank T. Morrill, Theodore Heilbron, Rodolph Cann and William F. Cronk, who, to prove that the



THE FEISEEN.

little vessel is in truth a flying arrow, signed the following statement about her run:

The Feiseen, owned by W. B. Cogswell, of Syracuse, started out from Tebo's pier at South Brooklyn, and met the steamer Monmouth, of the Sandy Hook line, which is considered one of the fastest passenger boats in the harbor, off Bedlow's Island on her 3:45 p. m. trip to the Highlands on Friday afternoon, and it was seen by every one on board that a race was at hand. The Feiseen was running under easy steam, but was rapidly gaining on the Monmouth, and when she had gained a lead of a mile the Feiseen made a complete circuit and again came alongside of the Monmouth, and held that position for some time to allow the passengers on the Monmouth to get a good view of the boat until abreast of the Quarantine ship in the lower boarding station, a distance of seven and one-quarter miles, according to the Government survey chart remaining between this point and the Monmouth's pier at the Highlands. At this point the Feiseen again started ahead at a much higher rate of speed, which she sustained, reaching the Monmouth's pier, where she came to a dead stop, exactly 8 minutes before the stopping bell on the Monmouth was given for landing.

From this, it will be seen that the Feiseen had gained 8 minutes on the Monmouth during the run of 7¼ miles. It is a well-known fact that the Monmouth makes the distance of 20⅝ miles from her pier at Rector-st. to the Highlands on an average of 20 miles an hour on her regular trips, and it is said that she has covered this distance in 53 minutes. The Monmouth ran the distance of 7¼ miles, that is, from the lower Quarantine ship to her dock, in 21¾ minutes on this occasion.

The Feiseen covered the same distance in 13¾ minutes, which is a speed of 31.6 miles an hour, and this against a flood tide throughout the run. This remarkable speed was never before reached by any boat in the world.

Among the gentlemen on board during the run were Mr. Norman L. Munro, owner of the fast steam launch Norwood, which two years ago beat the Monmouth in a similar race a somewhat less amount; also Messrs. Frank T. Morrill, T. M. Tebo, Chief Engineer Theo. Heilbron, of the fast steam yacht Vamoose; Captain William F. Cronk, of the steam yacht Nada; Captain Rodolph Cann and C. D. Mosher, designer and builder of the Yankee Doodle, formerly known as the Buzz, also the Norwood, and in partnership with Mr. William Gardner the Feiseen which is their latest production.

The above is hereby authenticated by these gentlemen who herein set their hand in verification of the same.

NORMAN L. MUNRO,
W. M. TEBO,
FRANK T. MORRILL,
THEO. HEILBRON,
RODOLPH CANN,
WILLIAM F. CRONK.

The boat said to have held the record previous to this performance was the Russian torpedo-boat Adler, built by Schictan at Elbing, Prussia, with her record of 27.4 knots, equal to 31.5 statute miles, which was made over a single-mile run in slack water, while the Feiseen record was made over a seven and one-quarter mile course, against the tide. The Adler is a 152-foot boat, while the Feiseen is little more than half her length, her dimensions being: Length, 68 feet 9 inches; beam, 8 feet 8 inches, draft, 3 feet 1 inch. Her horse-power is 800, and her displacement thirteen tons. The engines are of the Mosher build, quadruple-expansion type. The hull and deck are planked with mahogany, as well as all the interior fittings. The main saloon is twelve feet long and the full width of the boat. She has a roomy pilot-house, large cockpit aft, crew's quarters forward for six men, and a large ice-chest, etc.

## A PRIEST CHASED THROUGH THE STREET.

AN INSANE SERVANT GIRL MAKES LIVELY TIMES AT MOUNT VERNON.

Teresa Kletch, the German woman who became insane at the home of A. H. Duncomb, Mount Vernon, Friday, was sent to the Catholic Hospital at Harrison yesterday. Mr. Duncomb had a narrow escape from being killed by the woman, and the Rev. Mr. Coffey, pastor of St. Paul's Church, of East Chester, who was chased by the girl, is going about his pastoral work as though nothing had happened. The woman was employed by Mr. Duncomb as his housekeeper, during the absence of his wife at Albuquerque, N. M. Mr. Duncomb is over eighty years old and an invalid. His wife's sister, Mrs. Neimoller, and her husband, of New-York, are staying at Mr. Duncomb's. A week ago she began to act in a peculiar manner, and on Thursday evening she wished to take one of the large bronze lamps which stood in the parlor, to her room. Mrs. Neimoller objected, and the girl began to make things lively. She began shouting and yelling, and running into the yard obtained a sickle. She returned to the house and announced that the Lord had commanded her to kill Mrs. Neimoller. Mrs. Neimoller fled, and the girl chased her about the house. Mr. Neimoller returned from New-York about this time and caught the girl. His clothing was cut in several places, but he succeeded in disarming her. The girl then ran to her room and locked herself in. The family left her alone, hoping that a night's rest would quiet her. At 10 o'clock Friday morning she was seized with a second fit and ran into Mr. Duncomb's room. The old gentleman was in bed. She threw the clothes over his head and attempted to smother him. She continued to shout and sing.

The Rev. Mr. Coffey was passing, and hearing the noise ran into the house. Upon seeing the minister the crazy girl grabbed a chair and ran toward him. Mr. Coffey ran down stairs into the street. The girl, who was almost nude, followed him. The minister ran along the street some distance before finding an opportunity to turn and grapple with the girl. After running about a quarter of a mile Mr. Coffey suddenly wheeled about, and before the girl could strike him with the chair, he had grasped her wrists. She struggled to free herself, but with the help of others she was overpowered. Mrs. Neimoller, seeing the girl run from the house unclothed, seized a skirt and followed. A number of the neighbors hurried out, and with their assistance and that of two policemen, the skirt was fastened about her. The girl was then hurried to the station house, where she raved all day, and was only quieted at night.

Drs. Knapp and Meyers found the girl was suffering physically, and that this, added to her religious mania, caused her to become violent. It is thought she will recover.

### GETTING READY FOR THE SCHOOL YEAR.

The city schools and the Normal College will open their doors on Monday, September 11, and the College of the City of New-York will open on Thursday, September 14. While the scholars have been enjoying themselves at the seashore and in the mountains—and others only occasionally in Central Park—the superintendent of schools has been busy making preparations for the care of the thousands of school-children. The work on the new schools in the Twenty-fourth Ward has been pushed almost to completion, while in others the sanitary arrangements have been searchingly examined, and whenever necessary, additional improvements have been made.

The pupils at the free night schools of science and art, at the Cooper Union, will be astonished, when they return to their studies, to find marked improvement in their class-rooms. The trustees have spent a large sum of money in refinishing and redecorating the two schools. The term at the scientific department begins on October 1, and ends on April 13. The art department opens on October 4 and closes on April 16. Applications for admission may be made in person or by mail at the office of the Cooper Union.

A course of scientific lectures, to which the public is invited, will begin also on October 1. These lectures will be given every evening except Saturday and Sunday.

### THE SEASON ALMOST OVER AT SEABRIGHT.

Seabright, N. J., Aug. 26 (Special).—The rush is over, and the hotels need no longer fill the parlors and corridors with cots, or secure rooms for their guests in neighboring cottages. The storm of Wednesday night and Thursday morning drove away a number, and kept away many more who intended coming. The big hotels are still well filled, however, and many of their guests will remain for another week. After that the season will be practically closed. The hotels here are built so close to the beach that their guests had a perfect view of the sea in the great storm. The hotels stood the storm well, and suffered but little damage.

The Monmouth County Hounds are again preparing to take up their sport for the fall. They will meet at the clubhouse, Seabright, next Thursday afternoon at 5:15 o'clock; again on Saturday, September 2, 4:30 p. m., and Tuesday, September 5, 5:15 p. m.

Among the New-Yorkers who registered at the hotel here during the week are:

Octagon House—James W. Osborne, Mr. and Mrs. G. G. Turner, Henry W. T. Maly, L. P. Matthews, W. M. Thompson, Miss M. E. Leyster, Robert McGuinness, jr., Edward Rascover, E. D. Neustadt, C. B. Hogg, James W. Good, jr., Mr. and Mrs. Charles S. Upton, R. Burnham Moffat, F. Fowler, Miss Helen C. Page, John Warburton, G. S. Whitson, Fred H. Lee, John T. Raynor, Frank Gross, A. B. Duffie, Mrs. A. G. Knox, Hubert Knox, Fred J. Warburton, Mr. and Mrs. H. C. Bond, Mr. and Mrs. Vivian Bond, E. F. Milliken, C. F. Whitson, A. E. Filley, Patrick Walsh, Henry F. Gillig, James W. Jefferson Tobias, the Misses Tobias, Miss Anna Wilks, Charles Tobias, H. C. Brown, Charles Deitsch, Eustice Conway, Mr. and Mrs. D. J. Holland, Mr. and Mrs. R. F. Ware, Mrs. S. Bregaro, the Misses Bregaro, Mrs. C. L. Van Zandt, Miss Hattie Van Decar, W. W. Searle, J. Hilding, A. Hanner, the Misses Stephens.

The Rutherford Arms—J. Clarence Davis, William Strauss, Hugo L. Hiller, D. T. Potelamer, Miss A. C. Doran, Miss M. Doran, W. H. Whittall, R. Franklin, J. Coleman, Egmont V. Hiller, Edwin Potosky, Miss Henrietta Potosky, H. S. Cardozo, J. A. Mandel, J. B. Rice, Mr. and Mrs. D. Obernorf, Maurice Cohen, S. Sterman, C. J. Nathan, Lucien Nathan, the Misses Solomons, Benjamin Mordecai, Mrs. W. Irving Davis, Miss E. P. Davis.

### LAND GRANTS PASSED UPON.

Santa Fe, N. M., Aug. 26.—The United States Court of General Land Claims yesterday confirmed the Piedre Nombre Grant, covering 38,000 acres near Abiquiu, in which are the Chama River placer deposits. The court then adjourned to November 13. At this term it considered cases involving 1,500,000 acres of grant lands and gave final decisions confirming to private owners 220,000, and in behalf of the Government refused to confirm claims amounting to 400,000 acres.

### FIRE ENGINEERS' CONVENTION ENDED.

Milwaukee, Aug. 26.—The National Association of Fire Engineers closed its convention yesterday. In the forenoon there was a parade of the Milwaukee Department and a public test of apparatus and appliances. The election resulted as follows: President, James Foley, of Milwaukee; vice-presidents, R. M. Humphreys, Pennsylvania; Henry Heimiller, Ohio; E. W. Fisk, New-York; William C. Astley, New-Jersey; A. J. Kennedy, Connecticut; William Brophy, Massachusetts; Charles H. Swan, Rhode Island; W. G. Pullock, Virginia; A. J. Harris, Florida; F. J. Roulette, Georgia; James Burke, Tennessee; Benjamin U. Bell, Texas; J. O. Cantile, South Carolina; F. E. Perkins, Vermont; Philip Dorbelle, Quebec; F. J. Mullins, Alabama; H. M. Lillis, Washington. Secretary, Henry A. Hills, of Cincinnati; treasurer, D. C. Larkin, of Dayton, Ohio.

### THEY TOOK YOUNG MCCORMICK FOR A "CROOK."

Cleveland, Aug. 26.—Harold McCormick, son of the reaper manufacturer, had an unpleasant experience in this city on Thursday night. He came to the city to visit a college chum, a son of Frank Rockefeller of the Standard Oil Company. Mr. McCormick had been at the country residence of Mr. Rockefeller, and upon his return to the stillman to get his baggage before starting for Chicago was met by Detective Ryan, of Detroit, who placed him under arrest, saying that he was wanted for several offences. Young McCormick said it was a case of mistaken identity, but went without undue objections to the Central Station. It was claimed that his description tallied with that of a "crooks" by the name of McCormick, and his signature in the hotel register corresponded with that of the man for whom the officers were looking. Upon his arrival at the station Mr. McCormick by letters in his possession and in other ways demonstrated to the officers that he was not the man wanted, and was allowed to take a train for Chicago.

### A TACOMA METHOD OF ATTACHMENT.

Tacoma, Aug. 26.—The city government created a sensation here last night. Mayor Huson, the Board of Public Works, the City Attorney and several councilmen, reinforced by thirty men and six teams, went in a body to the gasworks of the Tacoma Light and Water Company and forcibly took tools, pipe and machinery valued at $50,000, which the city claims belongs to it, and which the company has refused to transfer.

The Water Company will probably sue for damages.

## Instruction.

### For Both Sexes—City.

WE HAVE A GROWING DEMAND for bright, capable boys, particularly as stenographers. During the past year we have had at least fifty applications of this kind that we could not fill. It is a great mistake for young men who want to get on in business to neglect the study of shorthand. There are so many and such excellent places open for good stenographers of the male persuasion. There are many places of this kind that girls cannot fill; and then, the chances of preferment lie greatly in this direction. To be able to keep books and at the same time to take letters from dictation comprises a royal outfit; and young men having this double qualification need not fear being counted out when hard times come and it is necessary to reduce the force. The stenographic school that New-Yorkers swear by is the Packard School of Stenography, at 101 East 23d-st. It is known that whoever has the indorsement of this institution needs no other indorsement. This is the headquarters of Munson Phonography, and is so recognized by the author. No pupil is permitted to leave this school without having had as good practice as he can get in a business house. It is a school where stenographers are made.

The Packard Business College and School of Stenography will open for the year on Tuesday, Sept. 5, at 9 o'clock in the morning.

S. S. PACKARD, President.
