"CASCARETS" WORK WHILE YOU SLEEP

For Sick Headache, Sour Stomach, Sluggish Liver and Bowels—Take Cascarets tonight.

Furred Tongue, Bad Taste, Indigestion, Sallow Skin and Miserable Headaches come from a torpid liver and clogged bowels, which cause your stomach to become filled with undigested food, which sours and ferments like garbage in a swill barrel. That's the first step to untold misery—indigestion, foul gases, bad breath, yellow skin, mental fears, everything that is horrible and nauseating. A Cascaret to-night will give your constipated bowels a thorough cleansing and straighten you out by morning. They work while you sleep—a 10-cent box from your druggist will keep you feeling good for months.

MINNESOTA W-S-S PLEDGE WEEK BEGINS JUNE 6

HE HAS GIVEN YOU EVERYTHING YOU POSSESS

WILL YOU LEND SOME OF IT BACK TO HIM?

WAR STAMPS TO HAVE BIG DRIVE

June 6 Is Opening Day for Minnesota Pledge Week for Their Purchase.

"GOING OVER THE TOP"

Director Culver Confident That Loyalty of People Will Bring Oversubscription of State's Quota of $47,000,000.

Director D. S. Culver of the Minnesota War Savings Committee today set aside the week starting June 6th and ending on June 13th, as Minnesota pledge week for the purchase of war savings stamps. In making the announcement, he evinced confidence that the loyalty of people in this state will be manifested by pledging themselves to make purchases during the balance of this year which will result in oversubscribing the state's quota of $47,000,000.

All county chairmen are now preparing for the drive that will soon start. In messages sent from state headquarters in the Metropolitan bank building, Minneapolis, a few days ago, sub-chairmen were asked the probabilities of their respective counties "going over the top" in the coming drive. Practically all replied that they expected to exceed the amounts allotted to their counties.

"During Pledge week all citizens in Minnesota will be asked to pledge the purchase of War Savings Stamps during the balance of 1918 on a minimum basis of $20 per capita," said Mr. Culver today. "This does not mean that each is to be asked for cash subscriptions. Minnesota must raise her $47,000,000 quota during the year and the present amount, something less than $4,000,000, does not make a very good showing.

"So optimistic are reports coming in from the various county chairmen that it has convinced us a great majority of counties will not only secure pledges for their required quotas, but will quite likely exceed their allotments."

County chairmen are already adding to the personnel of their campaign committees with the expectation of making a hundred per cent showing during the big thrift stamp drive. Several recently have visited headquarters here in an effort to derive new ideas and straighten out minor details so the work during June will go along without a single hitch.

Vice Director J. H. Meyering, heading the sales forces, said the purpose of the campaign is not solely to ask immediate cash purchases. On the contrary, he explained, the pledges to be made during the week from June 6 to 13, are for W. S. S. purchases throughout the year. These will probably be on a monthly basis to extend through the coming months in equal portions.

"The purpose of the government in inaugurating its War Savings Stamps sales is to encourage thrift," said Mr Meyering. "That means that citizens can save from unnecessary expenditures enough money to buy their quota of savings stamps. If all do that the campaign in Minnesota will be a great success."

HINTS FOR W. S. S. CAMPAIGN

Worker Gives Suggestion to Make Pledge Week a Success.

Minnesota can exceed her quota of $47,000,000 in the War Stamp Pledge Week drive beginning Thursday, June 6 by observing the following hints, said a prominent worker:

Aiding the W. S. S. campaign is giving help to the Allied cause and to U. S. soldiers;

Buying stamps is nailing a plank in the nation's ultimate victory over the enemy;

Pledging purchases to be made throughout the year means support for those engaged in forever putting down a regime that glories in the murder of women, children and other civilians;

Creating interest on the part of others to buy W. S. S. is helping to build monuments for those heroes who have died and been wounded in fighting for YOUR protection;

He who does not pledge $20 as a minimum for each person dependent upon him is not helping America to make the world a safe place to live in;

You can lend a helping hand to those who are today fighting YOUR BATTLES in the front line of trenches by buying or pledging to buy your FULL QUOTA OF WAR SAVINGS STAMPS. This applies to every man, woman and child in every township, village, and county in MINNESOTA.

HAVE FAMILY OF BABY BONDS

Childless Couple Pledge Themselves to Buy W. S. S.

Until two weeks ago Mr. and Mrs (deleted by censor) had been without children during their six years of married life. Now they have two infants born just a week apart—and it all came about in a unique way.

They had a wedding anniversary on April 25 to which their friends were invited. Before the guests arrived, however, the door bell rang and there, on the front porch when they answered the bell, they found a basket in which was wrapped a wee infant. How delighted they were.

Taking it into the house they removed the coverings and there, sure enough, was their much longed for baby. It was a Baby Bond. Soon the guests arrived and extended hearty congratulations, for the baby—the Baby Bond—was their gift to the happy couple.

Mr. and Mrs. (censored) have vowed they are going to have a large family of children for they have pledged themselves to purchase four War Savings Stamps (Baby Bonds) each month during the balance of this year. By so doing, they told their anniversary guests, they are realizing their wishes to raise a good sized family as well as to give Uncle Sam their support in his battle against autocracy.

Cincinnati man tells how to shrivel up corns or calluses so they lift off with fingers.

Ouch ! ? ! ? ! ! This kind of rough talk will be heard less here in town if people troubled with corns will follow the simple advice of this Cincinnati authority, who claims that a few drops of a drug called freezone when applied to a tender, aching corn or hardened callus stops soreness at once, and soon the corn or callus dries up and lifts right off without pain.

He says freezone dries immediately and never inflames or even irritates the surrounding skin. A small bottle of freezone will cost very little at any drug store, but will positively remove every hard or soft corn or callus from one's feet. Millions of American women will welcome this announcement since the inauguration of the high heels. If your druggist doesn't have freezone tell him to order a small bottle for you.
