WE CAREFULLY FILL PRESCRIPTIONS

You have to depend on the druggist almost as much as on the Doctor.

The best doctor's efforts are set at naught if his prescriptions are not carefully, accurately filled.

We know how important the filling of prescriptions is—how much it means to you and to the patient. We fill prescriptions *right*. We compound them from the best grade, purest drugs—the only kind we keep in the store, and our re-checking system eliminates possibility of mistakes.
