HE HAD QUARRELLED WITH HIS FAMILY.

COUNT PALFFY, THE HUNGARIAN NOBLEMAN WHO KILLED HIMSELF, HAD BEEN ABANDONED BY HIS PEOPLE.

The Coroner of Mahwah, N. J., yesterday gave a permit for the burial of Count Rudolph Palffy, the Hungarian nobleman who committed suicide in that place on Monday night. An inquest, he said, was unnecessary. Theodore F. Havemeyer, in whose employ the Count was, telegraphed the news of the nobleman's death to the family in Hungary. Up to last night no word had been received from the family as to the disposition of the body. In case no word comes from Hungary the body will be buried in the Catholic cemetery at Hohokus. Count Palffy had charge of Mr. Havemeyer's place at Mahwah.

The Count, it seems, had been abandoned by his family and the remittances which he formerly received from home ceased to arrive some time ago. It is supposed that the quarrel with his family was one reason why the Count killed himself.

THE CONVENTION OF HUMANE SOCIETIES.

Rochester, N. Y., Oct. 4.—The second day's session of the Convention of Humane Societies of the State was called to order at 10 o'clock this morning. The chairman announced as the Committee on Amalgamation of Societies for Children and Animals E. T. Gerry, New-York; Dr. William O. Stillman, Albany, and the Rev. James H. Dennis, Rochester.

Mrs. Mary Oliver, of Oswego, reported that a woman in that place makes it her business to destroy all stray cats in reach. She has destroyed twenty-five cats by means of chloroform. She says many cats and kittens are turned out to die and such only are destroyed. Chairman Stoddard said such action should be emulated. Reports were read by Secretary Wilkin, W. S. Peck and D. Bookstaver on various subjects. The Rev. Mr. Dennis offered the following resolution:

Resolved, That this convention urge each member to use all proper influence upon their representatives in the Legislature to defeat any bill legalizing the inhuman practice of dehorning cattle.

Mr. Dennis said dehorning enables a farmer to conceal the breed of cattle or to enable him to pack more cattle in small compass for shipment.

CURES SCROFULA.

Mrs. E. J. Rowell, Medford, Mass., says her mother has been cured of Scrofula by the use of four bottles of S. S. S., after having had much other treatment and being reduced to quite a low condition of health, as it was thought she could not live.

INHERITED SCROFULA.

S. S. S. cured my little boy of hereditary Scrofula, which appeared all over his face. For a year I had given up all hope of his recovery, when finally I was induced to use S. S. S. A few bottles cured him, and no symptoms of the disease remain. Mrs. T. L. MATHERS, Matherville, Miss.
