THE GENERAL MARKET REPORT.

New-York, October 30, 1893.

COTTON—The cotton market opened at from 7 to 14 points advance. At the best point of the day the market showed an advance of 12@15 points, at the lowest point unchanged to 7 points advance, and finally closed unchanged to 3 points decline. The tone of the market at the close was quiet and steady. The total sales for the day were 150,100 bales. The early firmness of the market was due to the strong character of the foreign advices, which showed at the opening of the Liverpool market an advance of 2-64@4-64 and at the close a net advance of 4-64@6-64 over the final figures of Saturday. A more important factor of the Liverpool intelligence, however, was the increase in the business of speculation. Private cables have been saying that Liverpool people were holding off as to spot cotton on the expectation of larger receipts, but that latterly they had been told that receipts were likely to hold off in this country; hence the greater attention of ex to spot cotton by the English spinners, who had also been advised recently that American spinners were likely to become active operators. The talk of small receipts was quite central this morning, but as the figures came in from the South opinions were forced to give way to the logic of facts and by 2 o'clock the following trace of figures was accepted as justified: At the ports for the week, 365,000 bales, against 286,258 bales corresponding week last year. At New-Orleans for to-morrow, 10,000 bales, against 10,624 bales, corresponding date last year. At the ports for to-day, 67,000 bales, against 84,943 bales same date last year.

COFFEE—The coffee market at New-York opened very steady in tone, but likewise very quiet. At the first call, prices were from unchanged to 15 points higher. The improvement in price was due to unexpectedly favorable advices from Havre reporting an advance of ¼ to ½f, with the tone of the market steady, and sales of 16,000 bags. At the same time, the London coffee market was up 44 on some positions. The weak feature of the foreign news was furnished by Hamburg, which reported from unchanged prices to ½pfg decline, with the market dull, and sales of 14,000 bags. Business here was very slow, as indicated by the fact that up to 2 o'clock the sales had reached only about 3,000 bags, including November at 17.20, December at 16.80, May at 15.85@15.90. Up to this hour no Rio advices had reached the market. The talk on 'Change is rather bullish just now, on recently the deliveries of coffee from warehouse in this country have been larger than receipts from Brazil, and this has made the market for spot coffee on the street very steady, and at present 18⅝c for No 7 Rio is called a conservative price. A few days ago the trading in spot coffee was on the basis of 18⅛c for No 7. Speculation, however, hangs fire, pending further indications from Brazil as to the probabilities of the movement from that country. The total sales to-day were 7,250 bags, including 1,000 bags buyer's option.

Spot coffee was firmer, No 7 Rio being quoted at 18⅝@18¾c. Sales were 500 bags low grade Santos, private terms. Mild coffee was steady, with sales of 4,000 bags Maracaibo.

FLOUR AND MEAL—The market for flour to-day was steady, with a moderately active trade in winter grades nearly all through the list. Spring wheat flour was very dull, excepting for some small sales of trade brands at $4 20. Regular Minneapolis brands, without the point, were quoted at $4 bid and $4 15 asked. Winter straights sold as high on some special lots as $3 40, but most of the sales were $3 25. There was a little inquiry for export, shippers buying about 5,500 pkgs. Total sales were 15,250 pkgs, including 600 bbls winter patents at $3 60@$3 80; 2,500 bbls straights, at $3 15@$3 40, 300 bbls at $3 25; 1,500 sacks at $3@$3 10 for export; clears, 150 bbls, at $3 10; 2,500 bbls city mills at $3 05@$3 70; extras, No 1, 450 bbls at $2 75, and 1,500 sacks, export, quoted at about $2 50; extra, No 2, 300 sacks at $2 50, and 250 sacks at $2 30; superfine, 300 bbls at $2 25@$2 30; spring patents, 2,750 bbls, trade brands, at $4 20, $4 bid and $4 15 asked for Minnesota; straights, 150 bbls at $4 75; clears, 450 bbls at $2 70@$2 75; extra No 2, 150 bbls choice at $2 30; superfine, 250 sacks, at $1 90. GRAIN—WHEAT—The market opened quiet at ⅛c advance of December. First sales were at 72c, but there was hardly any wheat wanted at the rise, and in a few minutes weakness developed and prices began to work downward. The little strength at the opening was credited to the buying of a small lot for the account of a local operator on the stop order. There was also a small amount of buying on the decrease of 108,000 bush in the amount afloat for Europe, reducing the total afloat to 29,408,000 bush. Cables were quiet but steady, bringing few orders, so that when the local stocks came out showing an increase of nearly 800,000 bush in the total supply here, there was very little to offset the bear news, and prices broke 1c per bush, with a moderately active trade. After selling at 71c for December, there was a slight rally, but the market became very dull, without much feature to transaction. Estimates were current during the day of a very heavy increase in the visible, and bulls in estimates were in part responsible for the early morning decline. The closing of the Chicago market cut off dealings with the West to quite a little extent. During the afternoon speculative interest in the grain market continued on a small scale. There was very little doing until within the last few minutes, when prices rallied on covering of shorts, frightened by rumors that immediate action on the repeal bill was likely. The close was quiet at ⅛c net decline for the day for all futures. Cash wheat was very dull at about ¼c decline compared with Saturday. Sales were 20,000 bush including 10,000 bush for export, as follows: No 2 red, 1c under December in store; December closed 71⅝c, December price f o b afloat ⅛c under December; No 2 red 3,000 bush, 70c elevator; No 1 Northern spring, quoted 2½c over December delivered nominal; ungraded, 24,000 bush, to arrive December delivered and private terms. A preliminary visible supply statement made up without Chicago stocks and the amount on lakes showed the following increases: Wheat, 2,393,000 bush; corn, 588,000 bush; oats, 276,000 bush; rye, 29,000 bush; barley, 266,000 bush.

CORN—The opening was quiet at ⅛c decline from the closing figures of Saturday, and during the morning prices fell off ⅛c more in sympathy with wheat. There is some talk now that the interior movement of corn will soon begin to show quite a little increase. It is asserted that part of the recent decrease was due to the interr pt on of traffic by the heavy World's Fair travel, but the arrival now that this traffic is practically over railroads will devote their attention to pulling forward the delayed freight. The corn market was quiet in the afternoon but strong, feeling the influence of the recovery in wheat and also the improved demand for cash corn. The close was quiet at only ⅛c loss for the day. Cash corn was fair in active demand for export and closed firm. Sales were 111,000 bush including 40,000 bush for export as follows: No 2 corn, 2,000 bush, 47c elevator; No 2 corn, 61,000 bush, 47½@47⅝c delivered; No 2 corn, 10,000 bush, 48½c and private terms. f o b afloat: yellow, 8,000 bush, 47½c delivered. OATS—The market opened quiet at a slight decline from the closing of Saturday and was dull during the afternoon, but firm, closing steady on light offerings at ⅛c net gain for the day on new deliveries. Cash oats were quiet but steady, with sales of 82,000 bush as follows: No 2 oats, 20,000 bush, 34⅛@35c elevator and 35⅝@36c delivered; No 2 oats, Bergen, 31⅝c; No 2 white, 20,000 bush, 36½c; No 2 white nominal, 37½@38c; track white, 35,000 bush, 37@41c; track mixed, 2,000 bush, 37@36c. MALT—Market inactive. Western, 60@72c. CANAL, 85,000c; sixes and 75@82½c. BARLEY—Dull: No 2 Milwaukee, 60c; ungraded Western, 57@70c. RYE—Market quiet at 59@55c for carlots and boatloads. SEEDS—Quiet and firmer. Prime, Cobs, 90 bbls, sample at $2 25@$2 50 per 100 lb; No 1 November, $9 50 asked; December, $9 70 asked, and January, $9 80 asked. Timothy—Market steady, with small jobbing sales at $1 85@$1 90 per 100 lb. Flaxseed—Quiet at $1 11½.

METALS—IRON—The iron market continues in its oldtime state of dullness, with local buyers taking as small quantities as possible under the present situation of the market. The last reports from Pittsburg state that Bessemer mills have a moderate number of orders, but new contracts are hard to obtain upon the basis of old prices, although taken as a whole the general situation there is better than for some time past. There has been some improvement in the demand for raw materials, and there are reports of some purchases of steel billets at firm prices. These rumors have resulted in a 50c advance in asking prices on billets. Pig iron is in somewhat more demand also, and there has recently been some scattering trade mills. Sales reported during the last week are 1,000 tons of pig iron at $17 75 for Bessemer; 1,500 tons steel (Bessemer) billets at $17 75@18; 1,000 tons quick bar at $21 25; 200 tons 80 per cent nonanneaze at $35. COPPER—There is very little doing at present in the New-York market, although it is quoted firm. A rumor came from Boston to-day that an attempt had been made to buy 1,000,000 lb of lake at 9½c, but it had been refused. 10 cents being the price asked. Locally the market is quoted at 9.50 for spot, but dull. November closed to-day at 9.50 and December at 9.50. Exports to-day were 540 tons. Reports of the British copper statistics for the nine months, ending September 30, show imports of 92,371 tons, against 90,478 tons last year. The production was 86,087 tons, against 2[illegible] tons. The exports were 56,087 tons, against 61,117 tons. LEAD—There has recently been a little more urgency in offerings of lead and prices have declined about 10 cents to 3.30 for spot, with very little doing at the decline, although dispatches to-day from St Louis report lead 3.30 bid and 3.35 asked. SPELTER—The market was quiet but steady, closing at 3.50 for spot, bid, and 3.62½ asked for November. TIN—The market was quiet, closing dull after sales on 'Change of only 25 tons, November 1, at 20.55. Spot closed at 20.55@20.57½. October do, and November, 20.60@20.65. Arrivals of tin in London for the week ended October 14 were 833 ingots and 18,621 slabs. The last reports from the Penang settlement report arrivals of 11[illegible] piculs; sales to Europeans, 8,000 piculs; to China, 2,500 piculs. The market closed at $37 20. The last reports from Batavia are of a lumpy tone from September 4 to 13 of 12,172 piculs. Cables to the Metal Exchange to-day were: Glasgow, Scotch warrants closed 42s 4d; Middlesboro, No 3 founder, closed 34s 7½d. London—Spelter, £16 15s; copper, spot, £47 10s; futures, £42 17s 6d; soft Spanish lead, £9 12s 6d; tin, spot, £77 10s; three months, £78.

MOLASSES—The market was at a standstill and prices were quoted nominally unchanged. We quote: Prime New-Orleans, 30@34c; choice, 35@38c; fancy, 37@38c; Porto Rico, 28@30c; good open kettle, 29@31c.

NAVAL STORES—Turpentine was again offered somewhat more urgently, and prices were at ⅛c lower. Advices from the South were of firm markets, but this had little influence as far as local dealings were concerned. Rosin was firm at unchanged prices. The supply in first hands was reported light. Stock: Rosin, 14,433 bbls; spirits turpentine, 769 bbls; tar, 744 bbls. We quote: Spirits turpentine, 30c in Southern bbls and 30½c in machine-made bbls. Rosin—Common strained, $1 10; good strained, $1 20; E, $1 35; F, $1 40; G, $1 50; H, $1 70; I, $2; K, $2 50; M, $2 95; N, $3 75; W G, $4 15; W W, $4 25; tar, f o b, w h, $2; f o b, f h, $2 15; pitch, light weight, $1 50; pitch, regular weight, $1 60.

OCEAN FREIGHTS—Both freights continue very dull and irregular, and for the most part weak. The only engagement transpired was two loads of grain to Liverpool, 33, which shows a decline. Steam tonnage is still in fair demand, load cotton South for Europe at generally easier rates. Petroleum freights for Europe are easy and not active, while cases for the far East are at the moment inactive. Sailing vessel freights are generally quiet, but without material change. We quote: Grain, 3d to Liverpool, 2½d; London, 3½d; Antwerp, 2½d; Newcastle and Hull, 3½d; Bristol, 3½d; Glasgow, 2d; Leith, 3d; Cork for orders, 3s 9d. Cotton, 5-32@11-64d; petroleum, 1s 9d.
