WHAT WAS DONE IN STOCKS.

Tuesday, October 31—p. m.

The reaction in the stock market to-day was not unnatural and certainly it was not unexpected. A few professional speculators had anticipated the action of the Federal Senate and the final repeal of the present silver law. It ought to be remembered that the Senate bill contained a clause which the lower house of Congress must approve before the repeal of the Sherman law is accomplished. There is no necessity of a conference by the two houses, but one may, nevertheless, be held and it is possible that a further delay may occur. It might have been better if the Administration leader of the Senate had waived a little part of his advantage by a surrender of a meaningless postscript in favor of bimetallism. It has created a doubt about the final result and in direct consequence Europe does not know whether to buy or sell stocks. The domestic selling was reasonable because the Senate action had been anticipated, and it recognized that other questions about economic and financial matters would be raised. If the purchases of silver bullion have been brought to an end the supply of gold has not been increased and an issue of bonds would seem to be inevitable.

The declines in stocks were material. Although last prices were not the lowest final losses were anywhere from 1 to over 4 per cent. It was plain that if Sugar Refining was active it could hardly be other than lower, but declines in other industrial stocks were less only as the stocks were less active. There was no special reason why the Granger stocks should have been lower and the declines in stocks which enjoy an international market were inexplicable except on the theory that the foreign selling exceeded the buying. The closing was weak at about the lowest points.

THE DAY IN THE BOND MARKET.

There were again no sales of Government bonds at the Stock Exchange, but the market was fairly steady. Closing quotations were as follows:

*Ex-interest.

The business in State bonds included moderate sales of South Carolina non-fundable 6s at 2 and Virginia funded debt 2@3 per cents at 52½, sellers sixty days' option. There were no sales of city bank stocks.

The general bond market was less active, perhaps, because the movement of prices was downward. Atchison 4s lost ¾ per cent and "A" seconds 1¼ per cent, but the dealings in them were very small. Erie second consols were unusually active at 67½@67¾, although the bulk of the sales was on sixty days' options at 65¼. Chicago and Northern Pacific firsts closed ⅜ per cent lower at 43 and Northern Pacific consol 5s finally lost nearly 1 per cent after a rally of 35. Philadelphia and Reading issues were both active and weak. It is possible that the recent advance in the less active coal stocks was destitute of influence on the junior securities of the Reading Company. As a rule, final changes were declines and exceptions to the general rule were rare. Reference is made to our full report of bond sales.

Money on call was in ample supply at about 1½ per cent. Exceptional loans were made at 2 per cent.

The Clearing House statement was as follows: Exchanges, $107,870,689; balances, $8,419,498.

The Sub-Treasury was debtor to the Clearing House $803,704. Its net gain on balance was $1,814,536, made up by gains of $426,206 in currency and $1,388,330 in coin. The day's operations covered: Receipts, $5,323,159; payments, $3,508,623, resulting in a general balance of $72,786,879, consisting of $56,842,794 coin and $15,944,085 currency.

The Treasury bought yesterday at its offer of 70 cents 645,000 ounces of silver bullion. The purchases in the month amounted to 1,943,000 ounces.

The United States Treasury at Washington received to-day $493,606 National bank notes for redemption.

The customs receipts were $195,893, the internal revenue receipts $253,201, and the miscellaneous receipts $309,791.

To-day's Washington Treasury statement of cash on hand and deposits in bank compares with the figures of the last previous statement as follows:

	Oct. 30.	Oct. 31.	Differences.
Net gold on hand	$83,680,099	$84,739,906	Inc. $1,059,807
Net legal-tenders on hand	4,660,302	4,229,921	Dec. 430,381
Net silver on h'd	9,069,467	9,018,278	Dec. 651,189
Actual cash in the Treasury vaults over outstanding certificates	$98,015,868	$97,988,105	Dec. $27,763
Deposits in bank	12,400,805	12,726,842	Inc. 326,047
Net cash bal	$110,416,673	$110,714,947	Inc. $298,184

The foreign exchanges were quiet, but for sterling bills rates were somewhat higher. Continental rates were not materially changed. Gold is going from London to Germany, and only an advance in the bank rate will prevent shipments to this country. Following are quotations for actual business: Bankers' bills, $4 80¾@$4 81 and $4 83¾@$4 84 for long and short sterling respectively; French francs, 5.23¾@5.23⅛ and 5.21¼@5.20⅝; reichsmarks, 94⅝@94½ and 95⅛.

In London British consols were weak in the early dealings, but they closed with only a fractional loss. The Bank of England lost £14,000 bullion on balance. In the open market money was firm at an advance to nearly the bank rate of 3 per cent and to 1¾1¼ per cent for daily balances. Bar silver declined further to 31½d an ounce, and was reported to have still a downward tendency. Bar gold was in less urgent demand, but the price of American coin was steady at 76s 9d. American railway shares declined steadily until the last hour, when there was a slight rally on renewed buying on New-York orders. At Paris French 3 per cents reacted 12½ centimes to 98.17½, although sight exchange on London advanced to 25.21 francs to the £ sterling.

Winslow, Lanier & Co. and Coffin & Stanton will pay dividends on a number of securities, lists of which are printed in another column.

F. D. Tappen, Adrian Iselin, jr., Thomas Denny, W. Emlen Roosevelt, representing and controlling a very large amount of the East Tennessee, Virginia and Georgia Consolidated 5s of 1956, have been appointed a committee to protect the interests they now represent or that may be confided to them, having in view prompt and concerted action looking toward foreclosure of the mortgage, unless the coupons are paid within the three months allowed by the deed of trust.

A large representation of first mortgage divisional bonds of the Toledo, Ann Arbor and North Michigan Railway Company have cooperated in protection of their interests.

THE TRADE IN CHICAGO.

Chicago, Oct. 31 (Special).—Wheat to-day dropped 2½ cents a bushel, and closed at about the bottom. December sold from 65½ to 63⅝ and closed at 63¼@63⅜. It was simply a case of over-anticipation of a piece of news. The bulls had loaded up; the bears had held off from making short sales. Every sort of interest had selling to do to-day, and there was no buying, except by Pardridge and other shorts. The belief is that some of the Wall Street long line of wheat, talked of as the feature on the bull side for thirty days, was loosened to-day. The routine announcements were bearish. The increase in the visible, 2,340,000, was twice as large as expected. The Northwestern carlots, 869, were almost as large as last year's. Baltic and India shipments, 5,016,000, were the largest of the season. There will be no session here to-morrow, because of the funeral of the assassinated Mayor.

Corn was rather steady. May sold between 42½ and 42⅞, and closed at 42⅞. The carlots, 612, were small for Tuesday; the estimate for Wednesday was only 355 cars. The visible decreased 414,000. The local stock, 2,640,000, decreased for the week 242,000. The reports from the country were of a smaller movement, and of disappointing husking results. Oats were dull, and kept within a range of ¼ cents. May sold between 31⅞ and 32⅛, and closed at 31⅞. Receipts were 234 cars; the estimate for Wednesday was 155. The visible increased 56,000; the local stock, 782,000; decreased, 60,000. Provisions were quiet. October pork closed nominally at $10; October lard at $10 25; October ribs at $8 80. January product was easier on larger hog receipts, and lower prices at the yards, and in sympathy with wheat. January pork closed at $11 35; January lard at $8 42½; January ribs at $7 42. There were 19,000 hogs; the estimate for Wednesday was 26,000. Prices at the yards were 10@15 cents lower.

THE PETROLEUM MARKET.

NEWS FROM THE FIELD AND RANGE OF PRICES.

New-York, October 31, 1893.

The crude certificate market was without important feature. Transactions ran up to 46,000 barrels because of the "switching" of November options into contracts for December delivery. The sales "regular way" were made at 72 cents, and December transfers commanded a premium of ⅛@¼ cent. The market closed strong, but at Oil City prices ruled from 72⅝ to 72⅞ cents.

Refined petroleum was unchanged at 5.15 cents a gallon in barrels, 6.65 cents in cases, and 5.90 cents in cases. Foreign quotations were: Antwerp, 11½ francs; Bremen, 4.20 marks; London, 5½d.

MINNEAPOLIS GRAIN MARKET.

Minneapolis, Oct. 31.—Wheat went to smash to-day. December opened weak at 60½c, a break of ⅜c from the close yesterday, and it sold at 58⅝c, a break of 1⅞c from last night. May opened at 65⅝c, against the close yesterday at 66⅞c, and it closed 61⅞c, a loss from the close yesterday of 2c. Cash felt the weakness, but not as much as futures. Most of the No 1 Northern sold at 59⅝@60½c. The millers, elevators and outsiders were the buyers. Coarse grains were in light supply and prices easy. Receipts, 258 cars. Flour—First patents, $3 40@$3 70; bakers', $1 60@$2; low grades, $1 20@$1 45. Bran, $9 25@$9 50; shorts, $10 50@$11; market steady. Corn market steady; receipts light; No 3, 25½@26c; No 3 yellow, 26c. Oats—No 3 white, 26@26½c; No 3, 25½@26c.
