GENERAL MARKET REPORT.

New-York, November 13, 1893.

COTTON—The cotton market opened steady in tone, with prices at the first call 1 point higher to unchanged, as compared with Saturday's figures, the market being steadiness as the call proceeded, and after the call turning, showing pronounced weakness. At noon a decline of 4 to 5 points was apparent. The loss was due to unfavorable foreign advices, the Liverpool market for spot cotton reporting an easy tone and sales of only 10,000 bales, while the future list closed easy at a net decline of from 4 to 5-64d. Private cables explain the weakness at Liverpool as due to reports and rumors from the South, indicating a full movement at the ports for this week and apathy on the part of American spinners. The receipts at the ports for to-day were calculated this morning at 57,000 bales, against 48,154 bales last year same date. The receipts at the ports for the week are variously estimated at from 235,000 to 250,000 bales, against 259,455 bales corresponding week last year. Thus early in the week it is not safe to venture an estimate as to the interior receipts, but as interior towns, as far as reported to-day, the movement is large, with Memphis nearly double what it was last year. Receipts for New-Orleans for to-morrow are estimated at 18,000 bales, against 17,463 bales last year. The cure in estimate of crop, based on the present movement, is 7,500,000 bales. It is now stated that Mr. Neill is about ready to promulgate a new estimate of 7,900,000 bales. This rumor comes from Liverpool, and lacks confirmation. It was about two weeks ago that Neill was reported to be ready with an estimate pointing to about the same figure. In the afternoon the market recovered practically all the loss of the forenoon, but showed throughout the session a nervous mood. The total sales for the day foot up 149,900 bales, with the market finally unchanged to 3 points net decline, as compared with Saturday's closing figures; steady in tone.

COFFEE—Opened 5 to 15 points lower, barely steady in tone, with sales at the opening call confined to 1,500 bags, and at noon reaching only about 5,000 bags, with the tone at 1 o'clock showing lack of courage on the part of local traders, which was explained by the increased clearances from Santos—55,000 bags. At the same time, the cables from Havre, London and Hamburg were not calculated to inspire confidence, Havre showing a loss of ½ to 1 f. with the tone barely steady, and sales reaching only 15,000 bags, while the London market was 3d lower, and Hamburg showed a decline of ¼ to 1 pfg and closed dull in tone, with sales of 18,000 bags. The advices from Brazil showed a firm market at Rio, with No 7, exchange standard, quoted at 15 8-300, and exchange at 19 9-16d; receipts, 6,000 bags; stocks, 72,000 bags, while the Santos market was quoted 15 8-700, with receipts at 13,000 bags and the stock of 164,000 bags. The weekly cable was as follows: Rio purchases, none, against 35,000 bags corresponding week last year; Rio purchases for Europe, none, against 7,000 bags; Rio clearances for United States, 37,000 bags, against 25,000 bags; clearances for Europe, 7,000 bags, against 16,000 bags; stock at Rio, 1,000,000 bags; clearances for United States, 3; total Santos stock, 175,000 bags, against 211,000 bags; purchases for United States, 30,000 bags, against 24,000 bags; for Europe, 5,000 bags, against 60,000 bags; clearances for United States, 55,000 bags, against 34,000 bags; clearances for Europe, 30,000 bags, against 57,000 bags; steamers leading at Santos for United States, 3. Brazil coffee was dull and easy, with No 7 spot quoted at 18¾c.

Mild coffee was steady, with Cordova quoted at 20@20¼c. A sale of 2,000 mats interior Padang was made partly at 23c, and 680 bags Marcaibo sold on private terms.

FLOUR AND MEAL—The market for flour was a little more active to-day, with a somewhat better distributed trade running nearly all through the grades of winter wheat flour. There was no special activity in any one grade or brand, so that the aggregate transactions were not large. There seemed to be a little steadier tone in spring wheat patents, and some of the trade brands were held and sold at $4 10. Total sales of all grades were 9,700 bbls, including 800 bbls winter patents at $3 50@$3 70, 1,200 bbls straights at $3 15@$3 25, 2,600 bbls city mill clears at $3 00@$3 65, 900 bbls extra Ia at $2 60@$2 70, 550 bbls extra 2s at $2 50@$2 55 (the latter fancy), 400 bbls superfine at $2 25, part in sacks at $2 00; 1,500 bbls spring patents at $4@$4 10, 450 bbls clears at $2 70@$2 85, 600 bbls rye mixtures at $2 60@$2 65, 150 bbls extra Ia at $2 25. Southern flour was dull and nominally unchanged. BUCKWHEAT FLOUR—The market continues firm, but dull; sales, 750 bags at $2 50@$2 60. RYE FLOUR—Market easy; sales, 600 bbls at $2 85@$3 10. Quotations follow. For comparison, the closing figures of last night and last year are given:

GRAIN—WHEAT—The opening of the wheat market to-day showed a slight decline from the final figures of the Saturday curb and broke decline from the official close. The weakness was due to the cable news, to a large increase on passage and to expectation of a very heavy increase in the visible. Foreign news was discouraging. The tone of the foreign markets was weak and there were very few orders in either cash or futures. The increase on passage was credited to the large Russian exports, as exports from India were only 240,000 bush and the exports from the United States the last week showed little more than half as much as the previous week. There was a slight rally a little after the opening on fair spring wheat receipts at Minneapolis and Duluth which were 1,411 cars, but even at these enormous figures a little below the estimates. Subsequently trade became dull and traders waited for the visible supply statement which, when it came out, showed an increase of 2,723,000 bush and caused a little decline. Local stocks showed a large increase and are now by far the largest on record in this point. The market declined late afternoon was very dull until just before the close, when there was a quick rally in price based on a little covering here and at the Western and Northwestern markets. The final close was quiet at about ½c net decline from the official close of Saturday, but ½@¾c above the curb prices. Cash wheat was dull at ¼c decline. Sales were 38,000 bush, including 72,000 bush for export as follows: No 2 red, ½c under December in store; December closed 67¾c, ¼c over December, f o b, afloat; December price f o b, afloat, and ½c under December delivered; No 1 hard spring quoted 2½c over December delivered; No 1 Northern, 2½c over December delivered; No 2 red, 15,000 bush, December price f o b, afloat; ungraded, 72,000 bush, 67¾@68⅞c, delivered.

CORN—It was a dull, heavy market in corn. The opening was at a little decline from Saturday's figures, and during the morning there was quite a little pressure on prices, and the market acted heavy in the absence of new speculative orders or of bullish news to help prices. The tone was weak. West continues free, and the visible supply the last week showed a smaller increase than was anticipated. Local stocks continue to increase, and the demand for spot corn offers very little encouragement for the bulls to lift prices. In corn there was quite an active market all the afternoon, with some indications of Western selling on account of expected large receipts. There also seemed to be considerable local liquidation. On this the market closed lately steady at ⅛@¼c net decline. Grain corn was more active at ¼c lower. Sales were 130,000 bush, including 72,000 for export, as follows: No 2 corn, 18,000 bush, 47¾@48c, elevator; No 2 corn, 112,000 bush, 48c over December delivered, spot and 47¾c over forward, according to time; December closed at 46¾c. OATS—The market for cats was quiet and slightly easier, sympathizing with the decline in corn. The speculative interest in the local market is very small, and not much more in the West. There was quite a decrease in the visible supply, 610,000 bush, which was the basis of a little rally after midday. The market for oats was dull and heavy late in the day, sympathizing with the easier market for corn, closing at ⅛@¼c net loss. Cash oats were moderately active at ⅛c decline. Sales were 90,000 bush, as follows: No 2 oats, 25,000 bush, 31⅛@31½c, Weaver and 35¾@35⅞c delivered; No 2 oats, nominal, 34c; No 2 white, 38,000 bush 36c; No 3 white, 3,000 bush, 34½c; track white, 21,000 bush, 36@40c; track mixed, 3,000 bush, 25@36c. The imports into the United Kingdom last week were 2,048,000 bush wheat; corn, 952,000 bush, and flour, 124,000 bush. The imports and the farmers' deliveries made an aggregate of 4,913,000 bush for the week's supply, indicating a decrease of 901,000 bush in the English visible supply. Amount of wheat on lakes in transit eastward is 1,400,000 bush; corn, 2,071,000 bush; oats, 401,000 bush; rye, 20,000 bush; barley, 615,000 bush. On canal: Wheat, 2,336,000 bush; corn, 739,000 bush; oats, 128,000 bush; rye, 17,000 bush; barley, 435,000 bush. Receipts from New-York last week: Wheat, 602,711 bush; corn, 212,152 bush; oats, 9,220 bush; flour, 41,788 bbls and 115,069 sacks. MALT—Market steady: Western, 65@80c; Canada, 90@95c; six-rowed, 80@85c. BARLEY—Very quiet: No 2 Milwaukee, 62@62c; ungraded Western, 55@65c. RYE—Market nominal: carlots, 50 boatloads, 55@57c. SEEDS—Cloverseed quiet and easier. Country shipments held at $8 75@$9 25 per 100 lb, as to quality; No 1 November, $9 75 asked; December, $9 85 asked; 200 bags of December prime sold at $9 per 100 lb. Timothy—Market dull; carlots quoted $3 50@$4 per 100 lb. Flaxseed—Firm at $1 14. BUCKWHEAT—Market dull. Canadian in bond quoted 55@56c.

METALS—IRON—The improvement in the iron market, which was hoped for toward the close of last week on account of the collapse of the steel rail combination, has apparently, to some extent at any rate, been realized. It is expected now that railroad companies all over the country who have been satisfied in need of new rails will take advantage of the present low prices rulled in the market. It is only natural that any encouraging factors which may tend to improve the iron situation will have a similar effect upon other products, and a better outlook is predicted for all lines of the steel and iron trade. Finished material is in fair demand, and prices remain about the same. Furnaces in and about Pittsburg still remain out of blast, and as yet there is no demand for pig iron. The price is quoted nominally at $14 75, Pittsburg, with no sales reported. A lot of old iron rails sold last week at $15 50, Pittsburg, and relaid rails, short pieces, at $11 50, same delivery. These are said to be the lowest figures yet touched for this material. Advices from Wheeling, W. Va., indicate that quite a number of orders for Bessemer steel have been booked during the last few days at pretty low prices, values now range from $17 50@$17 75, mackesi mill. COPPER—Market closed firm. November and December, $9 85; January and February, $9 90. To-day's transactions amounted to 100,000 lb. December at $10. LEAD—Market closed firmer. November, 3.42½; December, 3.45; January, 3.47½. Transactions included 100 tons December at 3.42½. TIN—Market closed steady. Spot, 20.37½ bid. November, 20.35 bid; December, 20.40 bid. Transactions to-day included 10 tons November sold 10 tons December at 20.40, 50 tons November at 20.37½, 50 tons s o November, December and January, one day's short notice, at 20.32½. SPELTER—Market closed firm. December, 3.72½; January, 3.75; February, 3.80. To-day's cable from the Metal Exchange follows: Glasgow—Scotch warrants closed 42s 5d. Middlesbro—No 3 foundry iron closed 34s 4½d. London—Copper, spot, £42 5s. Futures, £42 15s. Soft Spanish lead, £9 15s. Tin, spot, £73. Three months, £75 15s. Spelter, £17.

MOLASSES AND SYRUPS—New crop New-Orleans molasses is quoted at from 30c to 40c for prime to choice, and there is only a light jobbing demand for it at these prices. Foreign molasses is still dull and nominal at 20c to 25c. Syrups are without inquiry, and the nominal price is 20c to 25c for good to prime, and 12c to 19c for common.

NAVAL STORES—The market for spirits turpentine was quiet, but a little firmer for machines, which were quoted at the close at 30c, with Southerns at 29½c. Savannah closed a little firmer at 27½c. Rosin ruled steady to firm. Stock—Rosin, 16,398 bbls; spirits turpentine, 392 bbls; tar, 1,717 bbls. We quote: Spirits turpentine, 30c in Southern bbls and 30½c in machine-made bbls. Rosin—Common, strained, $1 22½; good strained, $1 25@$1 27½; N, $1 35@$1 40; I, $1 52½; G, $1 60; H, $1 80; I, $2 20; K, $2 60; M, $3 25; N, $4 75; W G, $4 15; W W, $4 35@$4 40. Tar, 1 o b, w h, $2; f o b, f h, $2 10; pitch, light weight, $1 50; pitch, regular weight, $1 40.

OCEAN FREIGHTS—On a light supply of berth room rates are generally firm, without, however, much further change to note, with the exception of an advance of ½d to 1-32d, the rate to that port for grain now being 4d, while Hull, owing to a comparative abundance of room at the moment is quoted ¼d lower, the rate now being 4d. Otherwise the rate list is quite unchanged. As a rule not much space is available for local shippers owing to the through shipments from the West and South, which rule is the cause of scarcity of room for several weeks to come. Engagements: To London, two loads grain, 3½d; to Antwerp, two loads grain, 3d; to Rotterdam, six loads grain, 6½c. In the way of charters business is quiet, without much further change in rates. We quote berth rates for grain: Liverpool, 3d; London, 3½d; Antwerp, 3d; Newcastle, 4½d. Hull, 4d; Glasgow, 2½d; Leith, 4d; Corn for orders, 3s 1½@3s 6d. Cotton, 11-32d; petroleum, 5c. 91. CHARTERS—A steamer, cotton, Mobile to Liverpool, 7-32d, free compressing; a steamer, cotton, Savannah to Genoa, 21-64d and 5 per cent; a steamer, cotton, Mobile to United Kingdom or Continent, private terms, quoted 30@31c 36; a steamer, coal, New-York to Cuba, $1 70; a steamer grain, St. John, N. B, to west coast England, 12s 6d; two barks, deals, same voyage, 37s 6d; a bark, 8,000 bbls petroleum, Philadelphia to Dieppe or Boulogne, 2s; a bark, 25,000 cases petroleum, New-York to Pernambuco, 1s; a bark, scrap, New-York to London, 12s 6d; a bark, timber, Portland to Cape Town, on private terms; a schooner, lumber, Jefferson, New-York to Jacksonville, $1 75; a schooner, 295 tons, with general cargo, New-York to Key West and Mobile, $800; a schooner, lumber, Savannah to Baltimore, $1 25; a ship, 1,581 tons, with lumber from Pensacola to Philadelphia, $5 25; a schooner, coal, Perth Amboy to Salem, 65c; a schooner, coal, Weehawken to Portland, 75c; steamer, cotton, Virginia to Liverpool, 29c; a ship (to arrive), 65,000 cases petroleum, New-York to Hong Kong, Inc, or Japan, 12c.

OILS—Continued yet rather steady but quiet. We quote: Prime crude, bbls, 35c; prime crude, loose, 28c; 30; off crude, bbls, 30@31c; bulks, 26; 11@12c; summer yellow, prime, 36c; summer yellow, off grade, 33@35c. Lard oil was quiet at $1 28@$1 30. In refining the refined seed oil market English to Paris, 2 c. c. s. say: "Our market during the last week has been quiet and closes with a dull and easier feeling, prime crude having sold at 35, and prime yellow at 38c, a decline of one to two cents for the week. There has been some accumulation of stocks here during the week, but not enough to alarm the people continue to buy sparingly and the hand-to-mouth policy by the domestic trade, that has been noticed in previous circulars, also continues. There is, therefore, no life to the market and sales cannot be forced, people not having beyond their immediate needs. It is supposed that the price of oil will ruled low, refiners meanwhile will sell freely, while refined demand and a premium will keep refiners busy. It is also believed that many of the refineries of mills, especially the larger concerns, want to see the price of oil go down temporarily in order to enable them to get seed at lower prices. There has probably been some accumulation of oil at the mills, and while there are increased offerings from the West, yet we do not see for operators any great anxiety to sell. It is quite likely that lower prices will result should the receipts during the next fortnight be at all liberal, for buyers are holding aloof from the market at present, believing in lower figures."

PROVISIONS—The market for hog products opened fairly active and weak, but the transactions were large, and on these and some liquidation prices ruled lower at the opening. Later there was some rally, with a little covering of shorts. PORK—In better demand at the decline. Quoted: Mess, $17@$18 50; family, $19@$19 50; clear, $18 50@20; extra prime, $14 50@$15. BEEF—Market firm. Quotations: Extra mess, $7 50@$8; family, $8 50@$9; packet, $12@$13; extra India, $15@$16. CUT MEATS—Pickled bellies, neglected and weak; 12-lb average, 9½@9¾c; pickled hams, neglected and weak, 12-lb average, 10½@10¾c. BACON—Market firm, but quiet; Western, 9½@9¾c; Western short clear, 9¾@10c; pickled shoulders, dull and weaker, quoted 6½@6¾c; do hams, steady at 9½@10c; pickled bellies, neglected and weak, 12-lb average, 10½@10¾c. LARD—Market steady, but quiet; Western, 10 lb, 10.05; Western, 20 lb, 10.15; City, 10.05@10.10; refined, 10c; and South America, 10.75c. In options November closed at 9.60c nominal; January, 8.70c nominal.

RICE—The week opens with a light jobbing demand for domestic rice, and the foreign grades are not figuring much in the sales movement. Our market holds about steady, while prices are as last quoted. The primary markets are quite dull, with a tendency toward lower prices. We quote: Common to ordinary, 2½@3c; low to fair, 3¼@3½c; good to prime, 3¾@4¼c; choice to fancy, 4¾@4¾c; extra fancy, 4
