WHAT WAS DONE IN STOCKS.

Monday, November 27—p. m.

Wall Street to-day had a taste of the possibilities of speculation as influenced by the element of tariff changes interjected into the situation. Decided depression prevailed in the industrial shares, while the railway list, which began the day with marked strength, at last yielded to the unfortunate influence of the leaders of the market. The tariff bill published at Washington is merely the work of a Democratic majority upon the Committee on Ways and Means of the House of Representatives, and it may be true that discussion in Congress will modify many features. But the subject has at last been launched for public consideration, and the question arises as to how far the uncertainties inevitably connected with radical economic changes will affect the reviving tendency of general business, upon which last week's rally in prices ostensibly was based. The small declines recorded in the railway list, in spite of the heavy breaks in some of the specialties, prove that the Street is not ready to surrender its theory that the tariff may be altered without damage to the investment value of sound stocks.

The dealings in American Sugar Refining monopolized more than one-third of the total transactions. It and four other industrial stocks contributed about one-half of the entire record. Sugar opened 1⅜ per cent below Saturday's close, fell to 88⅝ under a rush of selling orders, recovered to 90¼ and then declined steadily to 85⅛@85⅝. Even the friends of the company admit the importance of the reduced duty on refined sugar recommended by the House Committee, and their only reply to its significance is that the revenue bill was framed "to be killed." But there is no assurance that the difficulty of inducing outside purchases of Sugar stock in the face of tariff uncertainties may not be utilized by the controlling manipulators for as profitable a turn downward as they have often shown themselves to be able to accomplish on the side of an advance. The legislative promise to make only a slight increase in the tax on spirits caused a fall in Distilling and Cattle Feeding from 30¼ on Saturday to 26½@27¾. Few of the other industrial stocks failed to decline more than 1 per cent.

The general market shows important losses only when the highest prices of the morning are considered. St. Paul was the leading active stock, and after sales at 66¼ it receded to 64¾@65¼. Chicago, Burlington and Quincy sold from 82⅛ to 80⅝@80⅝. Chicago and Northwestern from 106⅝ to 105½@105⅞. Rock Island from 71 to 69½@69⅞. Louisville and Nashville from 50 to 49⅝. New-York and New-England from 31⅛ to 29@29⅝ and Western Union Telegraph from 90¼ to 89½@89⅝. The market closed unsettled, but with slight rallies from lowest points.

THE DAY IN THE BOND MARKET.

There were no dealings in Government bonds at the Stock Exchange. Bids for the continued 2 per cents were reduced ½ per cent, but for the 4s and most of the currency issues the asking price was raised ½ per cent. Following are the final quotations:

Dealings in State bonds were confined to Virginia funded 2—3 per cents at 54@53⅞ and 6s deferred, trust receipts, at 6⅝. There were no sales of city bank stocks.

The general bond market enjoyed a good patronage, with sales amounting to $2,085,000 par value. The course of values was upward in the main, but the changes at the close were not without some declines. Philadelphia and Reading general 4s rose ¼ per cent to 72, and the first preference incomes gained the fraction at 35½, but the second and third incomes lost about the same fractions. Louisville, Evansville and St. Louis 5s fluctuated between 70½ and 68, but closed 1½ per cent higher at 69. Pacific of Missouri firsts are up 2 per cent at 97. Chicago and Northern Pacific firsts rose 1 per cent to 49½. Atchison general 4s on small sales gained the fraction at 73½, but active dealings in the seconds resulted in an improvement of only ¼ per cent at 40. Colorado Midland 4s declined ½ per cent to 42. Kansas and Texas seconds income were active at 47½@47@47⅜, the firsts selling at 82¾@82½. Erie seconds were dealt in to a moderate extent, but after sales at 75½, closed unchanged at 75. The closing dealings were marked generally by some irregularity. Reference is made to our full report of bond sales.

Money on call continued easy at 1½@1 per cent.

The Clearing House statement was as follows: Exchanges, $69,036,735; balances, $4,405,932.

The Sub-Treasury was debtor to the Clearing House $412,127. Its net gain on balance since Friday was $430,636, made up by a gain of $432,824 in coin, less a loss of $2,188 in currency. The two days' operations covered: Receipts, $5,581,907; payments, $5,151,271, resulting in a general balance of $86,243,809, consisting of $61,999,127 coin and $24,244,682 currency.

The United States Treasury at Washington received to-day $611,123 National bank notes for redemption.

The customs receipts were $461,377, the internal revenue receipts $817,509, and the miscellaneous receipts $112,716.

To-day's Washington Treasury statement of cash on hand and deposits in bank compares with the figures of the last previous statement as follows:

	Nov. 25.	Nov. 27.	Differences.
Net gold on hand	$84,302,473	$83,642,219 Dec.	$660,254
Net legal-tenders on hand	4,556,157	4,677,546 Inc.	141,380
Net silver on hand	6,214,909	6,310,857 Inc.	75 948
Actual cash in the Treasury vaults over outstanding certificates	$95,073,539	$94,630,622 Dec.	$442,917
Deposits in bank	11,859,648	12,058,288 Inc.	198,640
Net cash bal	$106,933,187	$106,688,910 Dec.	$244,277

The Mercantile Safe Deposit Company of this city reports silver bullion on hand, to redeem outstanding certificates, amounting to 155,312 ounces.

Foreign exchange was dull, but continued strong, under the influence of a demand from bankers. Slight concessions at the start were fully recovered by the close, and the market ended firm at prices for sterling a shade better than last week. Annexed are revised quotations for actual business: Bankers' bills, $4.83@$4.83½ and $4.85½ for long and short sterling respectively; French francs, 5.20⅝@5.20 and 5.18¾@5.18⅛; reichsmarks, 94⅞@95 and 95½@95⅝.

In London British consols declined 1-16 to 98 7-16 for both money and the account. No change was reported in the bullion balance of the Bank of England. In the open market money continued firm at 2¾@2½ per cent for discounts and 1½@1¾ per cent for bankers' balances. Bar silver was barely steady at 32¾d. per ounce. American railway shares were quiet and irregular, closing with some tendency to reaction. Money promises to be somewhat dearer for the fortnightly settlement. At Paris French 3 per cents were a little higher at 99.10, sight exchange on London being unchanged at 25.17 francs to the £ sterling.
