IN TORTURE WITH TERRIBLE ERUPTION

Horribly Itching Pimples. Scratched Till Bled. Thoroughly Miserable. Used Cuticura Soap and Ointment. Trouble Disappeared.

Watkins Park, Edgewater-on-the-Hudson, N. J. — "About two years ago I had a terrible breaking out of horribly itching pimples all over the stomach and upper part of my legs. I was in torture and scratched till I bled and could only sleep fitfully at night and was so glad to see the day dawn. I was feverish and thoroughly miserable. The reddish pimples had got a head on them like smallpox corpuscles. I rubbed them with a rough cloth, they itched so. They blended together and made sores about the size of a nickel and scabbed over. My clothing irritated the sores so that I put a damp handkerchief next to them. Some said it was the itch and others the hives.

"I took several treatments but got no relief. I was suffering for over six weeks when I began with the Cuticura Soap and Ointment. I washed myself with Cuticura Soap and hot water every night and when I had dried myself I rubbed the Cuticura Ointment thoroughly in and to my astonishment by the end of a week the whole trouble had disappeared and the old skin brushed off. I have not had a sign of a spot on my body since." (Signed) C. W. Charles, Nov. 9, 1912.

Cuticura Soap 25c. and Cuticura Ointment 50c. are sold everywhere. Liberal sample of each mailed free, with 32-p. Skin Book. Address post-card "Cuticura, Dept. T, Boston."

☞Men who shave and shampoo with Cuticura Soap will find it best for skin and scalp.

EAST MONTPELIER

Mr. and Mrs. A. L. Dudley have been packing their goods and will go to their new home in Derry, N. H. When such estimable people go from a place the loss is perceptibly felt in many ways. Last Saturday evening the grangers and other friends gave Mr. and Mrs. Dudley a reception in the village hall. Over 100 assembled to express their friendship and good will. Delicious ices, cakes and fruit were served. Mr. and Mrs. Dudley were presented a beautiful casserole as a token of love and esteem. They will leave to-day.

A very pleasant feature of the church service at East Montpelier Sunday, was the presence of so many members of the famous Dudley family. Benefited Many Who Had Tuberculosis

Those who suffer from Consumption are generally troubled with night sweats, fever, loss of strength and little or no appetite. Fresh air, good food, and the proper care of the body are essential to a recovery, but in many cases something else is needed. Eckman's Alterative is a medicine which has been most successful in stopping night sweats, reducing fever and promoting appetite, and many who have used it, declare it saved their lives. Investigate what it did in this case:—

"Gentlemen: For four years I was troubled with cough, which gradually became worse; I had night sweats and pains in my chest. I was losing my appetite and had become so thin and weak I could not attend to my household duties. A physician pronounced my case Consumption. Not being satisfied, I was examined by the physicians of the Polyclinic Hospital. They also pronounced the disease Consumption, which was proven later by an examination of sputum, as Tuberculosis Bacilli were found. I was ordered to a Consumptive Hospital. My nephew would not allow me to go until I had tried Eckman's Alterative. Before I had taken the medicine three weeks I had marked relief, night sweats ceased, pain in the breast relieved, cough became loose and easy, fever left me and I commenced getting well. My health became normal. I am in excellent health now and have been completely cured for ten years. I strongly recommend it."

(MRS.) MARY WASSON.

Care Ed. Green, 1722 S. 17th St., Phila., Pa.

STOP CATARRH!

Unless Properly Treated with Hyomei, This Disease May Become Serious.

If you have catarrh, usually indicated by sniffling, stopped-up head, droppings in throat, watery eyes, and morning choking, there is an irritated state of the mucous membrane which affords an ideal condition for the growth of disease germs.

Do not allow the dangerous germs which may be breathed into the nose, throat and lungs to begin the destruction of your health.

The easiest, simplest, quickest, surest and cheapest way to check catarrh is by breathing Hyomei—all druggists sell it. This wonderful medicated air treatment does not upset the stomach, but is breathed in through the Hyomei inhaler, directly following and surely destroying all disease germs that may have been inhaled—the tissues of the throat, nose and lungs are quickly healed and vitalized.

The unusual way in which Hyomei is sold by the Red Cross Pharmacy dispels all doubts as to its curative properties. Money refunded to anyone whom Hyomei fails to benefit. A complete outfit, including inhaler and bottle of liquid, costs but $1.00.—Advt.
