THE BANK STATEMENT.

Saturday, December 2—p. m.

By the operations of the New-York Sub-Treasury in the week ended last night, which included deposits of only $25,000 for payment at other points, the associated banks lost $657,117. The weekly bank statement published to-day showed an average gain in cash of $8,270,100. The increase was divided fairly between specie and legal-tender notes. In the first instance it was explained by the fact that Treasury balances were paid invariably in gold, while the increase in legal-tender notes probably fell short of the actual receipts of currency from the interior. The inflow of money from country points has become a burden to the city banks, which are unable to find profitable use for it. The average increase in loans by $4,288,400 was a favorable feature, but it was little more than a half of the average increase in loanable funds. The accumulation of money at this centre long ago became burdensome, and in neither speculation nor mercantile demand is there prospect of relief. In the last four weeks deposits have been increased by over $40,000,000, of which less than one-fifth has been loaned out. In its details the statement was unusually consistent, and the deposits were smaller by less than $400,000 than the other changes demanded. The result of all the changes was a further gain of $5,261,725 in the surplus reserve, and the banks hold in excess of legal reserve $76,096,900, against $13,863,625 in the corresponding week a year ago, and a deficit of $2,429,650 at the same time in the preceding year.

The following are the comparative statements of November 25 and December 2:

	Nov. 25.	Dec. 2.	Differences.
Loans	$405,201,700	$409,490,100	Inc. $4,288,400
Specie	100,993,600	104,368,800	Inc. 3,375,200
Legal-tenders	88,669,500	93,564,400	Inc. 4,894,900
Deposits	475,311,700	487,345,200	Inc. 12,033,500
Circulation	13,831,900	13,658,200	Dec. 173,700

The following shows the relation between the total reserve and the total deposits at the respective dates:

Specie	$100,993,600	$104,368,800	Inc. $3,375,200
Legal-tenders	88,669,500	93,564,400	Inc. 4,894,900
Total reserve	$189,663,100	$197,933,200	Inc. $8,270,100
Reserve required against deposits	$118,827,925	121,836,300	Inc. 3,008,375
Surplus	70,835,175	$76,096,900	Inc. $5,261,725

The Clearing House statement was as follows: For to-day—Exchanges, $117,966,737; balances, $6,253,703. For the week—Exchanges, $500,968,631; balances, $27,415,655.

WHAT WAS DONE IN STOCKS.

The stock market was unusually active, but the movement of prices was extremely irregular. Sugar Refining rallied smartly about 2 per cent, but Distilling and Cattle Feeding declined a fraction in spite of a small recovery from its lowest point. General Electric fell over 2 from its highest figure, and finally lost 1¾ per cent on the passing of the semi-annual dividend on the preferred stock. Chicago Gas was the only other of the industrial stocks that were active, and it was prominent by a display of strength, although there was no fresh news in regard to the character of its next dividend. The Granger stocks, as a rule, were inclined to be heavy, and St. Paul particularly was depressed. Its last price was virtually the lowest, but its final loss was less than 1 per cent. Rock Island and Chicago, Burlington and Quincy were much less active, of course, but they sustained similar losses. Union Pacific declined ½ per cent on the announcement that a separate receiver would be appointed for the Denver and Gulf Railroad. The disturbance in eastbound freight rates was an influence in favor of lower prices, but Erie was dull and firm, although the company is in a position to dictate rates on shipments to the Atlantic seaboard. The publication of the weekly bank statement was the signal for an active selling movement, and the closing was rather heavy, although last prices were not always the worst.

THE DAY IN THE BOND MARKET.

Government bonds continued to be neglected at the Stock Exchange, but the market was strong in tone, and bids for both classes of 4s were raised ¼ per cent. Quotations were as follows:

	Bid.	Asked.		Bid.	Asked.

The only business in State issues was a sale of $1,000 Virginia deferred 6s, stamped receipts, at 6¾. Of city bank stocks First National of Staten Island sold (45) at 118, Merchants' (14) at 145, and Western (30) at 109¾.

The general bond market was unusually active for a half-day, reported transactions amounting to over $1,255,000 at face value. The movement of prices was upward, and the exceptions to it were few and unimportant. Chicago and Northern Pacific firsts declined ½ per cent to 46½, but Northern Pacific seconds gained the fraction at 88½, although the only sale was on seller's option for thirty days, and consol 5s rose under an urgent demand 1¼ per cent to 35¼. Atchison general 4s were steady at 76, but A seconds yielded a small fraction to 42 and 42¼. St. Louis and San Francisco seconds were dull and slightly lower, but Colorado Midland 4s rose 2½ per cent to 46½. Chicago and Eastern Illinois general 5s were in demand, but offerings were light, even at an advance of ⅝ per cent to 100¼. Rock Island coupon 5s were a trifle lower at 101⅞, but debenture 5s were ¼ better at 95, and in both instances transactions were very light. Missouri, Kansas and Texas firsts were ¼ per cent higher at 81, but seconds yielded ⅜ to 47. Reading incomes were practically neglected, but general 4s, on small sales, fell ½ per cent to 72½. Texas and Pacific issues were moderately active, but irregular, with slight changes. Reference is made to our full report of bond sales.

Rates for call money were nominal, as usual on Saturday, but a few small loans were made at 1½ per cent.

The Sub-Treasury was debtor at the Clearing House $535,983.

THE WEEKLY TREASURY STATEMENT.

The receipts from customs reported from Washington to-day were $356,150; from internal revenue, $358,869, and from miscellaneous sources $112,880. The Treasury received $422,578 National bank notes for redemption, and the receipts on this account for the week ended to-day amounted to $2,474,498. To secure National bank-note circulation it holds $208,912,100 in these bonds:

Currency 6s	$16,542,000
Four per cents	169,989,750
Four and a half per cents extended at 2 per cent	22,380,350

Bonds deposited for circulation during the week, $122,250; bonds held to secure circulation withdrawn, $77,500; National bank circulation outstanding—Currency notes, $208,869,518; gold notes, $97,317; against which the Treasury holds $20,939,888 legal-tender money for the redemption of surrendered circulation.

In London British consols rallied ⅛ per cent to 98 1-16 for money, and 98 5-16 for the account. No change in the bullion balance of the Bank of England was reported. In the open market money was somewhat easier at 2¼@2⅜ per cent for discounts, and 2 per cent for bankers' balances. Bar silver was quoted steady at 31 5-16d an ounce. American railway shares continued to advance steadily, and the closing was strong at the highest points. At Paris French 3 per cents advanced further, 12½ centimes to 99.57½, sight exchange on London remaining unchanged.

Speyer & Co. and Kuhn, Loeb & Co. invite subscriptions at par and accrued interest to $4,000,000 of Pittsburg, Cincinnati, Chicago and St. Louis Railway Company's 4½ per cent consolidated mortgage gold bonds, series B. These are part of an issue limited to $75,000,000 and maturing April 1, 1912, principal and interest unconditionally guaranteed by the Pennsylvania Company, by indorsement on each bond. For two years past the net earnings of the company have been sufficiently in excess of fixed charges to enable it to pay 4 per cent per annum on its preferred stock. The present issue of bonds forms part of the bonds already outstanding, and therefore does not create any increased interest charge. The subscription list will open both in this city and London, December 6, and close at 3 o'clock of the same day.

The Herring-Hall-Marvin Company has declared the regular quarterly dividend of 2 per cent upon the preferred stock, payable December 12.

J. M. Noyer & Co. request holders of first, second and third mortgage bonds of the Northern Pacific Railroad Company to send in their addresses and amount of holdings promptly, saying that immediate and united action by a majority will prevent bondholders from losing a single dollar.

The present issue of bonds forms part of the above-mentioned $22,956,000 4 1-2 per cent Consolidated Mortgage Bonds outstanding on September 30, 1893, and, therefore, does not create any increased interest charge.

They are designated as Series "B," dated April 1, 1892, bearing 4½ per cent. interest, free of tax, and maturing April 1, 1942. Principal and interest are payable in gold coin of the United States in New-York.

The undersigned will receive subscriptions for the above bonds at par and accrued interest to date of delivery.

The subscription will open on Wednesday morning, December 6, 1893, and close at 3 o'clock p. m., or earlier, on the same day, the right being reserved to reject any application and to award a smaller amount than applied for.

Bonds allotted upon subscriptions are to be paid for December 8th.

Copies of the letter above referred to can be obtained upon application at the offices of the undersigned.

The subscription will be opened simultaneously in London by Messrs. SPEYER BROTHERS.

THE BONDHOLDERS' PROTECTIVE COMMITTEE

Savannah & Western Railroad Co.

To the holders of the Consolidated Mortgage Bonds of the SAVANNAH AND WESTERN RAILROAD COMPANY, and of the First Mortgage Bonds of the COLUMBUS AND WESTERN, COLUMBUS AND ROME, and CHATTANOOGA, ROME AND COLUMBUS RAILROAD COMPANIES:

In view of the existing conditions of the CENTRAL RAILROAD AND BANKING COMPANY OF GEORGIA, (*all previous plans of reorganization having been declared inoperative,*) and the pending foreclosures of the mortgages on its main line, which destroy the value of its guarantees, the undersigned, representing and controlling a large amount of the bonds of the SAVANNAH AND WESTERN RAILROAD COMPANY, have been requested to act as a PROTECTIVE COMMITTEE of the bonds they now represent, and such as may be confided to them.

Vigorous and concerted action is necessary for the protection of the bondholders, and will add materially to the value of your bonds.

An agreement has been prepared, under which you are earnestly requested to deposit your bonds, or the certificates representing them, (heretofore issued by any Trust Company,) with the CENTRAL TRUST COMPANY of New-York, and receive the negotiable receipts of that company for the same.

As soon as practicable, application will be made to the New-York Stock Exchange to list the certificates.

For further information, bondholders are requested to communicate with the committee.

We Want to Know.

Some customers tell us they get quicker reports of orders filled in neighboring offices. It makes us feel badly to be called slow, we thought that was the last thing we could be accused of. We have to admit that our Broker cannot go from one end of the Board to the other and complete a bargain in less than one minute. How do you suppose the other fellow does it? Another thing we would like to know is how to pay telegraph charges both ways on a ten-share order out of 63 cents com., and yet get rich?
