PRESS OPINIONS

(Sioux City, Iowa, Journal.)

Marion Butler, the brilliant young Populist leader in North Carolina, who will be elected to the United States Senate, in an interview declared his belief that the change of sentiment in the South is growing and is permanent. It is a revolt against the methods of the oligarchy which has ruled North Carolina, as other Southern States since the war, shutting the plain people out from any participation in the affairs of the State. He said that all efforts to work reform within the Democratic party had failed, the men who held power being able to maintain it and force their politics upon the party, hence there was rebellion among the Democrats and the complete overthrow of the old oligarchy. He predicts the same result in nearly all the other Southern States.

Under the terms of the Republican-Fusion in North Carolina last fall, two United States Senators, to be chosen by the present legislature, will be taken from the ranks to the coalition. A Republican will fill the unexpired term of the late Senator Vance, and a Populist will succeed Senator Ransom for a full term. This shows the form in which the tidal wave hit North Carolina.

(Springfield Republican (ind.).)

The problem which these Southern election reformers are trying to solve is this: To enact election laws which shall be substantially fair in their application to all citizens black and white, and which shall at the same time keep the government under white control. There is an influential and growing wing of these reformers, which is principally anxious to keep the control of affairs in intelligent hands, regardless of color, but the feeling of the majority is that nothing which has been accomplished by way of suppressing the negro as a factor in politics shall be abandoned. The consequence is that substantially all the election reform legislation which has been enacted in Southern States discriminates in some way practically, if not avowedly, against the negro. This is the case with the new constitution of Mississippi, in its understanding-the-constitution clause, which gives election officers an excellent opportunity to reject negro applicants for registration, with the poll-tax requirement in the Tennessee law, some provisions of the Alabama law and the Virginia law also. There are some Southerners who would discriminate only against ignorance and unfitness in the new election laws, but it is to be expected that the precedent already established of discriminating against the negro will be generally followed in future legislation.

GOOD BYE TO THE NEW YORK.

The Navy's Best Cruiser Anchors at Tompkinsville on Her Way to Hampton Roads, And Will go to Sea To-Day.

(New York Tribune.)

Promptly at 9 o'clock yesterday morning Captain Robley D. Evans, standing on the bridge of the cruiser New York, gave the order "unmoor ship." There was a scurry of willing feet, a brief time of quick work, and then with a rattle and clank the big chains were drawn on board. There were only a few visitors at the navy yard, and when the big tug Narkeeta began snorting and churning the water was making a lot of fuss about getting the big ship out into the stream, those who had got up early to be on hand waved a damp, bedraggled farewell and started homeward for breakfast and dry clothing. On board the cruiser everything had been attended to, and as soon as she caught the tide the flagship of the North Atlantic squadron pointed her graceful prow toward the bay, and went down to Tompkinsville, where Rear-Admiral Meade decided to anchor for the night on account of the thick weather, and put to sea to-day—and in this way was the start made for what is expected to be one of the most interesting and valuable cruises ever made by United States vessels of war.

The programme as outlined in The Tribune a few days ago is unaltered, with the exception that the fleet may assemble at Hampton Roads instead of St. Thomas, W. I. Rear-Admiral Meade has received authority from the department to introduce any feature of marine evolution or drill which he may consider beneficial to the men or the vessels, and he said, in conversation just before sailing, that while European nations had their practice cruises as a regular feature of the discipline, there would be no attempt to follow European tactics and rules, as he believed the United States Navy should originate methods and not copy from others.

That there will be a trial trip of each vessel in the squadron is a settled fact, and this will be a great satisfaction to those who have been longing for a test of the merits of the Cincinnati and Raleigh, both vessels having been built by the government, and being equal in size, weight and armament.

It will be one year to-morrow since Rear-Admiral A. E. K. Benham, then in command of the North Atlantic Squadron, assumed command of the fleet in the harbor of Rio Janeiro, and had under him the most powerful fleet the United States had assembled in foreign waters for many years. It included the New York, San Francisco, Charleston, Newark, Detroit and Yantic. In the present fleet, the Montgomery is equal to the Detroit, the Columbia, Cincinnati and Raleigh exceed the Newark, San Francisco and Charleston by 2,000 tons, or more than the Yantic amounted to, leaving the Atlantic, 3,000 tons and a total of twenty guns, as an increase over the Brazilian fleet of a year ago.

CHINA AND JAPAN.

The Report of the Demands By Japan Discredited.

Washington, Jan. 12.—In official circles here the tendency is to discredit the accuracy of the wholesale dispatch published in the London Standard's Boston dispatch, and to have been formulated by Japan as conditions on which peace will be agreed on with China. An acquiescence in such terms by China, it is asserted, would amount practically to a deposition of her sovereignty, and it is not believed that the Japanese government will go to the extent indicated.

It is thought to be doubtful if Japan has fully made up her mind as to the demands that will be made. Many, at the rate, if she has, it is probable that they are known to but few persons, as their publication at this time, in advance of the Chinese plenipotentiaries, would subject them to much criticism and comment.

Mr. Kurino, the Japanese minister here, was asked about the matter but he preferred not to discuss the subject further than to express his belief that the report was unfounded.

Washington, Jan. 12.—Mr. Kurino, the Japanese minister here, says he expects that peace negotiations between the plenipotentiaries of Japan and China will begin about the first of February. His information is that the Chinese peace commissioners left Pekin on the 7th inst. and he expects they will arrive at Hiroshima, Japan, to begin work by the first of next month. It is expected that Hon. John W. Foster, who is to assist the Chinese envoys in the negotiations, will also be on hand.

ATLANTA'S EXPOSITION.

Great Attractions Engaged—Application for Space From Many Foreign Countries.

Atlanta, Ga., Jan. 12.—The Cotton States and International Exposition directors announce that they have just engaged, at large expense, Innes' famous New York military band. The great "War and Peace," composed by Mr. Innes, will be a strong feature of this engagement. Applications for space at this exposition are coming in from all states in the Union and many foreign countries. The thirteen magnificent buildings are now in course of construction and all will be finished in time for the installation of exhibits by August next. The exposition is to be opened September 10 and closed December 31.

Washington, Jan. 12.—Secretary Carlisle today accepted the bid of W. W. McAfee, of Atlanta, for the erection of the government building at the Atlanta Exposition. A meeting of the government directors of the exposition has called for next week to decide on the question of extending the ground area of the exposition about one-fourth beyond the area originally contemplated. It is altogether probable that the extension will be made, and that it will take in ground to the rear of the building, as originally planned.

Hood's is Good It Makes Pure Blood

Scrofula Thoroughly Eradicated.

"C. I. Hood & Co., Lowell, Mass.:

"It is with pleasure that I give you the details of our little May's sickness and her return to health by the use of Hood's Sarsaparilla. She was taken down with

Fever and a Bad Cough.

Following this a sore came on her right side between the two lower ribs. In a short time another broke on the left side. She would take spells of sore mouth and when we had succeeded in overcoming this she would suffer from attacks of high fever and every body noting corruption. Her head was affected and matter oozed from her ears. After each attack she was

worse and all treatment failed to give her relief until we began to use Hood's Sarsaparilla. After she had taken one-half bottle we could see that she was better. We continued until she had taken three bottles. Now she looks like

and is fat as a pig. We feel grateful, and cannot say too much in favor of Hood's Sarsaparilla."

POLK MONUMENT.

LET EVERY REFORMER CONTRIBUTE TO HELP IT

Take Up Collections at Every Meeting.

The Caucasian's fund for the monument now stands as follows:

Total amount collected up to issue of Jan. 8, 1895 $[illegible]

We will publish in this column each week the contributions sent in.

When the Monument is built we will publish in THE CAUCASIAN a complete list of the contributions sent in from beginning to end. When taking up individual collections send the name of every person contributing and the amount opposite his or her name, so we can give proper credit. Let the Monument be creditable to the Alliance and worthy of the man. Yours very truly,

THE CAUCASIAN.

KNOWLEDGE

Brings comfort and improvement and leads to personal enjoyment when rightly used. The many, who live better than others and enjoy life more, with less expenditure, by more promptly adapting the world's best products to the needs of physical being, will attest the value to health of the pure liquid laxative principles embraced in the remedy, Syrup of Figs.

Its excellence is due to its presenting in the form most acceptable and pleasant to the taste, the refreshing and truly beneficial properties of a perfect laxative; effectually cleansing the system, dispelling colds, headaches and fevers and permanently curing constipation. It has given satisfaction to millions and met with the approval of the medical profession, because it acts on the Kidneys, Liver and Bowels without weakening them and it is perfectly free from every objectionable substance.

Syrup of Figs is for sale by all druggists in 50c and $1 bottles, but it is manufactured by the California Fig Syrup Co. only, whose name is printed on every package, also the name, Syrup of Figs, and being well informed, you will not accept any substitute if offered.
