THE BANK STATEMENT.

Saturday, February 10—P. M.

By the operations of the New York Sub-Treasury in the week ended last night the associated banks lost $34,797,105. The weekly bank statement published to-day shows an average loss in cash of $30,397,300. Deposits with the Treasury on account of the Government loan are wholly responsible for the changes. The bonds have not been delivered, of course, and it was not until Monday that receipts were issued. These receipts the banks have treated in different ways, but naturally some banks have continued to count them as cash. An increase in loans of $13,054,500 hardly represents the amount of loans which have been made on account of bond subscriptions. On mercantile and Stock Exchange business there would probably have been a decrease in this item. The statement, however, was consistent and reasonable. The result of all the changes was a loss of $25,989,300 in the surplus reserve, but the banks still hold in excess of legal requirements $85,633,700, against $17,240,575 in the corresponding week a year ago and $33,653,825 at the same time in the preceding year.

The following are the comparative statements of February 3 and February 10:

	Feb. 3.	Feb. 10.	Differences.
Loans	$419,530,500	$432,585,000	Inc. $13,054,500

The following shows the relation between the total reserve and the total deposits at the respective dates:

The Clearing House statement was as follows: For to-day—Exchanges, $70,797,315; balances, $4,970,809. For the week—Exchanges, $439,340,439; balances, $32,255,684.

WHAT WAS DONE IN STOCKS.

The stock market was wholly devoid of animation. The total transactions were only a little over 57,000 shares, and of this amount the industrial shares furnished their usual proportion. The extreme fluctuations in American Sugar Refining were less than 1 per cent, and the final advance was only a small fraction. Around 80 the stock was supported with admirable courage, although the action of Congress on the sugar schedule is still in doubt. It is entirely possible that the Finance Committee of the Senate has yet no positive views on the question, and in the circumstances the reported statement of the chairman of the committee that he was bound to kill all trusts must be accepted with more than a grain of salt. Distilling and Cattle Feeding was inclined to be weak, but the dealings in it also were small and its final loss was only ¾ per cent. The movements in these stocks merely indicate the uncertainty in the public and speculative mind, and consequently the apathy of the market is not unnatural. This was shown by the fact that stocks like St. Paul, Atchison, Lake Shore, Erie and Union Pacific closed absolutely without change. Final variations were generally advances, but although the closing was strong they were too small to be significant.

Government bonds continued to be neglected at the Stock Exchange and the improvement in 4s was lost. The market closed rather weak in tone at these quotations:

State issues were unusually active and the transactions embraced an unusually large variety of issues. Virginia funded debt 2—3 per cents were in demand, and at 60⅛ they recorded a further gain of ½ per cent. Virginia deferred 6s trust receipts advanced the same fraction to 7¼. South Carolina non-fundable 6s were active at 17⅝@2¼, and Tennessee settlement 3s were strong at 76, while an odd lot of settlement 5s was sold at 101½. City bank stocks were entirely neglected.

The general bond market was comparatively active, but there were no significant changes in prices. Atchison general 4s were neglected and A seconds quiet and unchanged. Erie second consols were steady at 77. Of the Northern Pacific issues coupon firsts declined further ¾ per cent to 109, but consol 5s remained unchanged at 28½. New York, Chicago and St. Louis 4s were firm at 99¼. Philadelphia and Reading incomes were inclined at times to be higher, but they made no final gains. Richmond Terminal 5s, after selling at 21, closed with a loss of ⅝ per cent at 20. Texas and Pacific firsts opened at 77½ and, falling to 77, ended at 77⅞, while seconds were neglected at 21¾. On small transactions Kansas Pacific consols rose 1 per cent to 89½. Reference is made to our full report of bond sales.

Rates for call money were nominal as usual on Saturday, but a small business was done at 1 per cent.

The Sub-Treasury was debtor to the Clearing House $579,412.

In London British consols advanced further ⅛ per cent to 99 7-16 for money and 99½ for the account. No change in the bullion balance of the Bank of England was reported. In the open market money was firm at 2⅛@2¼ per cent for discounts and at about 1½ per cent for bankers' balances. Bar silver rallied ¼ to 25½d an ounce. American railway shares were dull and steady, with only slight changes. At Paris French 3 per cents reacted a few centimes to 98.07½. The weekly statement of the Imperial Bank of Germany showed an increase in specie of 8,584,000 marks.

Speyer & Co., and Vermilye & Co. offer to investors, at 95 and accrued interest, a limited amount of Illinois Central Railroad Company 4 per cent gold bonds of 1953, listed in both New-York and London.
