DODGERS' PITCHERS UNABLE TO HALT ONSLAUGHT; CALL RUCKER AS THIRD ON MOUND

Vet Goes in When Battle Is Lost, With Title Nearly Cinched for Red Sox.

LEONARD IS DAY'S HERO

Dutch Travels All the Way, Scores Being Made in Only One Inning.

Ebbets Field, Brooklyn, Oct. 11.—Breezing the Brooklyn Nationals by a score of 6 to 2, the Boston Americans have the world's series almost within their grasp. The series now stands, Boston Americans, 3; Brooklyn Nationals, 1.

Dutch Leonard's drop curve and speed ball was Brooklyn's undoing today. After the first inning when the Brooklyns nicked him for two runs the Boston southpaw held the champions of the National league helpless. Marquard started for Brooklyn, but a base on balls followed by Lewis' double and Gardner's home run unsettled the Brooklyn pitcher and he was taken from the box after the fourth inning.

The trouble then leading to the industrial section where the plants affected are located were barricaded by strikers and transportation today and no cars were running. The company had employes want to work by running boat routes, some being transported on tug boats and motor boats.

GERMANY TO ASK FOR NEW CREDIT

Will Soon Submit Bill to Reichstag to Value of 12,000,000,000 Marks—Float It In Spring.

Berlin, Oct. 11.—A bill for a new war credit of 12,000,000,000 marks will shortly be submitted to the reichstag. The bill has only a preliminary character but is deemed necessary because the match between the credit granted to June, 1916, totaling 5,250,000,000 marks and the sum of 47,000,000,000 marks raised through the war loans, has become rather small.

The new war loan is not expected to be floated before the spring next year as the government hopes to get along until then with the funds on hand and the help of short term treasury notes.

THE WAR TODAY

British troops are now within two miles of Seres, one of the most important towns in the strip of Greek Macedonia occupied by the Bulgarians shortly before Rumania entered the war. The capture of two more towns east of the Struma river also is announced. South and southeast of Monastir, heavy fighting is under way.

In Transylvania the troops of General von Falkenhayn are forcing back the Rumanians rapidly and are now close to the Rumanian border at some points.

The repulse of Russian attacks in Galicia is reported but few details are given of the great battle now in progress for possession of Lemberg. German troops have captured the village of Herbutov, on the Narayuvka river southeast of Lemberg.

British Take Up Problems of Conflict

London, Oct. 11 (11 a. m.).—The house of commons today begins consideration of the serious problems resulting from the war, with the introduction by Premier Asquith of a new vote of credit for £50,000,000 pounds sterling. Under the procedure of parliament this step permits members to discuss any subject. It was expected the debate would cover a wide range and would include, in addition to financial questions, the government of Ireland, which parliamentarians, who have delayed action against the government, will bring up, the question of extension of conscription to Ireland, which colonists are urging but which it is understood the government opposes, and the obtaining of goods from Great England, Portland and Wales by direct sending of men under 40 years of age who have been thus far exempted from military service. Extension of the age limit to 45 is not expected at present.

The vote of credit is the 12th since the outbreak of the war, bringing up the total to £1,252,000,000 pounds sterling.

As today's credit vote is expected to last only until the end of the present year, another request will be necessary before March, but in view of the statement made yesterday by the chancellor of the exchequer, Reginald McKenna, no responsibility will be for fresh public borrowing in the shape of a long term war loan at present, as the country's needs are being met by treasury bills from banks and by short dated loans. The latest issue of bills, ninety days, sold at 99 per cent, and another issue sold at 99 per cent, and another issue sold at 99 per cent, and another issue
