Don't Buy Advertising Space Blindly

When you merchants buy silks and laces and dress goods, you measure them. When you buy shoes you count them. When you buy coffee and tea and sugar you weigh them. Buy your advertising space the same way. Don't do it blindly.

The Audit Bureau of Circulations has made it possible for you to know, from an unbiased and expert source, just how much and what kind of circulation the worth while newspapers of America have.

This newspaper's circulation books, records and receipts—every scrap of paper pertaining to its circulation—are audited by the trained accountants of the A. B. C., and you advertisers can have copies of their audits any time. We want every advertiser to know what our circulation is. We have nothing to hide, nothing that we're not proud of. Don't buy your advertising space blindly.
