SIGNS OF DISAPPEARING WINTER.

ICE GORGES CAUSE TROUBLE—OPENING OF NAVIGATION.

Canajoharie, N. Y., March 7.—The water in the Mohawk River is steadily rising, and the flats in many places are covered, but the ice, which is from twenty to twenty-five inches thick, has not yet broken up. Ice in the Canajoharie Creek broke up last night and gorged above Arkell & Smith's sack factory. The embankment was washed away for some distance, and the pipes of the Consolidated Water Company were undermined, making the water unit for use in the village.

Amsterdam, N. Y., March 7.—The ice in the Chuctanunda Creek that dammed up yesterday in the Fifth Ward has not yet given way, and the water is still rising. Many cellars are flooded, and some of the streets are veritable rivers. Much damage will result to the streets and other property. Dynamite will be used to dislodge the gorge. A large portion of the ward is in darkness to-night, and the electric lights cannot be reached because of high water. The Mohawk River at this point is clear, the ice having passed out to-day.

Troy, March 7.—The ice in front of the city passed southward this morning quietly, doing no damage. The ice is thin and shows the effect of the warm weather. The river has not risen above the banks.

Alpena, Mich., March 7.—Thunder Bay is entirely free of ice, and navigation to this port is practically open. It is the earliest opening on record.

NO CARS YET RUNNING IN YOUNGSTOWN.

Youngstown, Ohio, March 7.—The Electric Street Car Company made no effort to run their cars last night or to-day. Sixty men have been sworn in as deputy sheriffs, and another attempt will be soon made to run cars if the militia has to be called out to protect the non-union men. W. D. Malone, president of the Ohio Street Railroad Union, is here trying to effect a settlement by arbitration, either through a local or State board. He is willing that the strikers shall return to work with the engineers' wages cut 25 cents a day until the Arbitration Committee decide one way or another.

WOODRUFF'S UNLUCKY BONDSMEN.

Little Rock, March 7.—The sureties on ex-State Treasurer Woodruff's bonds held a meeting last night and agreed to make settlement with the State without further contest. Thirty bondsmen were present. Of that number twenty are hopelessly insolvent. The loss will fall on ten men, all residents of Little Rock. The sum agreed upon was $40,000, the amount of the recent judgment entered against the bondsmen. This swells the total amount paid to $105,000.

A BOSTON ALDERMAN SHOT.

Boston, Mass., March 7.—Alderman Martin B. Lomasney was shot at noon to-day just outside the Aldermanic Chamber in the City Hall by a crank named James Dunan. He fired five shots at the Alderman from a 38-calibre revolver. One shot took effect in one of the Alderman's legs, but he received no further injury. Dunan was immediately arrested and locked up in Police Station No. 2, just across the street from the Hall. The Alderman was taken into the Mayor's office, and, after a physician had examined the wound, he was removed to the City Hospital.

Dunan is the owner of the house in which he lives, in Billerica-st. On January 24 he was ordered to vacate the premises by the Board of Health, and it is said that he has believed that Alderman Lomasney was responsible for this order.

CONTROL OF "THE COMMERCIAL-GAZETTE."

PERRY S. HEATH AND HIS BROTHER NEGOTIATING FOR THE PROPERTY.

Cincinnati, March 7.—"The Commercial-Gazette," of this city, is likely to have new men in control of its property and its management. Some time ago "The Tribune" printed a Washington dispatch in which it was stated that Perry S. Heath, the well-known Washington correspondent, with his brother, Fletcher Heath, of Hamilton, Ohio, was negotiating for a controlling interest in the paper. A dispatch from Washington received by "The Tribune" last night gave the result of an interview with Mr. Heath, in which he said that he and his brother, backed by New-York capitalists, had bought "The Commercial-Gazette," but declined to give further particulars as to the price paid, or to reveal the names of the New-Yorkers interested in the deal, or to say when the new owners would take charge of the property. He did, however, intimate that a reorganization would be made after the new proprietors took possession.

It is rumored that there will be a complete elimination of Halstead influences. E. B. Moorehead, president of "The Commercial-Gazette," and the largest single owner of its stock, is in New-York, whither he went last Friday on business connected with the transfer.

The price and terms are understood to be $850,000.

WILLIAMS ORATORICAL APPOINTMENTS.

Williamstown, Mass., March 7.—The following are announced as the preliminary speakers in the Moonlight prize oratorical contest at commencement: Winfred Howard Babbitt, of Brattleboro, Vt.; Henry Joseph Baron, of Williamstown; Walter Andrews Bratton, of Stamford, Vt.; Herbert Torrington Furman, of Topeka, Kan.; James Ray Craighead, of Saratoga Springs; Frederick Day Goodwillie, of Erie, Penn.; William C. Raidenbush, of Greenfield, Mass.; John Daniel Wild, of Manchester, Vt.; Willard Pierrepont Millspaugh, of Richmond; Harold Phelps Moseley, of Westfield, Mass.

MRS. LEASE'S IRISH WINDFALL.

Wichita, Kan., March 7.—Mrs. Mary E. Lease received information yesterday from Ireland that one of her maiden aunts had died several years ago, leaving a considerable fortune, of which she is one of the beneficiaries. The will was made many years ago in Dundalk County, Ireland, and the money has been accumulating at interest. The money was left to Mary Elizabeth Cline, and the connection between the daughter of Erin and the Kansas woman has only just been established in the minds of the trustees.

TO SETTLE MRS. BALDWIN'S CLAIM SOON.

San Francisco, March 7.—After six years of diplomatic negotiations the famous claim of Mrs. Janet M. Baldwin, of this city, against the Government of Mexico is about to be settled. Henry N. Clement, her attorney, has gone to Washington to participate in the final negotiations. The claim is for indemnity for the murder of Leon Baldwin, the claimant's husband, committed over six years ago by outlaws, under the leadership of Francho Bernal. The sum demanded was $100,000, but the figure is to be fixed in conference soon to be held by representatives of the two Governments at Washington.

RAILROAD INTERESTS.

LOUISVILLE AND NASHVILLE EARNINGS.

Cincinnati, March 7.—The earnings of the Louisville and Nashville road for the month of February were $1,463,170, against $1,317,567, being a decrease of $354,397 as compared with the earnings for the corresponding month last year. From July 1 last up to and including the month of February the gross earnings were $12,873,793, being a decrease of $2,488,962, as compared with the earnings for the corresponding period of the preceding year.

TRAFFIC ARRANGEMENTS WITH GULF ROADS.

Denver, Col., March 7.—Ex-Governor John Evans and Receiver Trumbull, of the Union Pacific, Denver and Gulf Railroad, have arrived here from their trip to Galveston and other points in the South. They say they have made traffic arrangements with the Texas Pacific and Southern Pacific Railroad, and with steamship lines to New-York, Bremen, Hamburg and other points, which will bring a great deal of business to the Gulf system. A passenger rate will be made which will make it possible to go from Denver to New-York by the rail and water route, the trip taking eight days, as cheaply as by the all-rail route.

A MORTGAGE FOR $900,000 FILED.

Portland, Ind., March 7.—A mortgage given by the Cincinnati, Union City and Chicago Railroad Company to the New-York Guaranty and Indemnity Company was filed for record yesterday. It is for $900,000, and was given to secure the issue of bonds for the construction of the road. The road is to be built from Huntington to Union City.

PROPOSED NORTH AND SOUTH ROAD.

Little Rock, Ark., March 7.—L. M. Martin, of Des Moines, Iowa, general manager of the Des Moines, Northern and Western road, arrived yesterday and filed with the Secretary of State the charter and articles of association of the Lake Superior, Southwestern and Gulf Railroad. The new company has been engaged for several weeks in making a survey between this city and a point on the St. Louis and San Francisco road near Springfield, Mo., and will reach here this week. Arrangements are now being made to secure terminal facilities. The parties interested as directors and officers are E. R. Bristoe, L. S. Stedman, L. M. Martin, S. L. Howard, J. M. Adler and U. L. Debevais, all of whom live in Des Moines and Minneapolis.

A RATE WAR MAY BE SETTLED.

Chicago, March 7.—Negotiations were begun this morning between the presidents of the Santa Fé and Southern Pacific, with the object of settling their difficulties and restoring rates. President C. P. Huntington, of the Southern Pacific, submitted a proposition as the basis of a settlement of the troubles. In reply, President Reinhart, who is in Boston, suggested a restoration of the old condition of things as they existed before March 1, when the war began. He also said that, as he would be in San Francisco at the end of March or the beginning of April, he would have a personal conference on the subject. The opinion is very generally expressed that the end of the war is in sight.
