DOCTOR PIERCE'S ALT. ET. OR. Golden Medical Discovery

CURES DISEASES OF THE THROAT, LUNGS, LIVER & BLOOD

In the wonderful medicine to which the afflicted are above pointed for relief, the discoverer believes he has combined in *harmony* more of Nature's most sovereign curative properties, which God has instilled into the vegetable kingdom for healing the sick, than were ever before combined in one medicine. The evidence of this fact is found in the great variety of most obstinate diseases which it has been found to conquer. In the cure of **Bronchitis, Severe Coughs,** and the early stages of **Consumption,** it has astonished the medical faculty, and eminent physicians pronounce it the greatest medical discovery of the age. While it cures the severest Coughs, strengthens the system and **purifies the blood.** By its great and thorough blood purifying properties, it cures all **Humors,** from the worst **Scrofula** to a common **Blotch, Pimple, or Eurruption.** Mercurial disease, Mineral Poisons, and their effects, are eradicated, and vigorous health and a sound constitution established. **Erysipelas, Salt Rheum, Fever Sores, Scaly or Rough Skin,** in short, all the numerous diseases caused by bad blood, are conquered by this powerful purifying and invigorating medicine.

If you feel dull, drowsy, debilitated, have sallow color of skin, or yellowish brown spots on face or body, frequent headache or dizziness, bad taste in mouth, internal heat or chills alternated with hot flashes, low spirits, and gloomy forebodings, irregular appetite, and tongue coated, you are suffering from **Torpid Liver** or **"Biliousness,"** in many cases of **"Liver Complaint"** only part of these symptoms are experienced. As a remedy for all such cases Dr. Pierce's Golden Medical Discovery has no equal, as it effects perfect cures, leaving the liver strong and healthy. For the cure of **Habitual Constipation** of the bowels it is a never failing remedy, and those who have used it for this purpose are loud in its praise.

The proprietor offers $1,000 reward for a medicine that will equal it for the cure of all the diseases for which it is recommended.

Sold by druggists at $1 per bottle. Prepared by R. V. Pierce, M. D. Sole Proprietor, at his Chemical Laboratory, 663 Main st., Buffalo, N. Y.

WOMAN.

By an extensive practice, extending through a period of many years, having within that time treated over nine thousand cases of those diseases peculiar to woman, I have been enabled to perfect a most potent and agreeable medicine that meets the indications presented by that class of diseases with positive certainty and exactness.

To designate this natural specific compound, I have named it

Dr. Pierce's Favorite Prescription.

The term, however, is but a feeble expression of my most matured appreciation of its value, based upon actual and witnessed results. As a close observer, I have while announcing its positive results in the few special diseases incident to the separate organism of woman, singled it out as *the climax or crowning gem of my medical career.* On its merits as a positive, safe, and effectual remedy for this class of diseases, and one that will at all times and under all circumstances act kindly and in harmony with the laws which govern the female system, I am willing to stake my reputation as a physician. I do not hesitate to predict the most sanguine expectations of a single invalid lady who employs it for any of the ailments for which I recommend it, that I offer and sell it under A POSITIVE GUARANTEE. If a beneficial effect is not experienced by the time two-thirds of the contents of the bottle are used, I will, on the return of the bottle, two-thirds of the medicine having been taken according to directions, and the case being one for which I recommend it, promptly refund the money paid for it. My full and the most perfect confidence in its virtues induces me to offer it as I do under these conditions, not having witnessed in its use any thing approaching to a miraculous cure in *any* instance of cases, *I feel unwarranted and perfectly reckless in risking both my reputation and my money upon its merits.*

The following are among those diseases in which my *Favorite Prescription* works wonderful cures—as it by magic and with a certainty never before attained by any medicine: Leucorrhœa, Excessive Flowing, Painful or Monthly Periods, Suppressions when from unnatural causes, Irregularities, Weak Back, Prolapsus, or Falling of the Uterus, Anteversion and Retroversion, Bearing Down Sensations, Internal Heat, Nervous Irritation, Spinal Weakness, Debility, Despondency, Threatened Miscarriage, Chronic Congestion, Inflammation and Ulceration of the Uterus, and very many other chronic diseases peculiar to women not mentioned here, in which, as well as in the cases which I have mentioned, my Favorite Prescription works cures—the marvel of the world. This medicine I do not extol as a cure-all, but it admirably fulfills a singleness of purpose, being a most perfect specific in all chronic diseases of the sexual system of woman. It will not disappoint, nor will it do harm in any state or condition. It is a Nervine Powerful, Restorative Tonic to the general as well as the sexual system, also combining the most valuable nervine properties. Both the muscular and nervous forces are strengthened and built up by its use. It will be found invaluable in diseases incident to pregnancy, and can be taken in moderate doses with perfect safety while in that state. Indeed, it is a *Mother's Cordial,* and so prepares the system for parturition that it renders child-labor easy. I have received the heartfelt praise from hundreds of mothers for the inestimable benefits thus conferred.

I offer my Favorite Prescription to the Ladies of America with the sincerity of an honest heart, and for their best welfare. Those who desire further information on these subjects can obtain it in my TREATISE ON CHRONIC DISEASES OF THE GENERATIVE ORGANS, sent secure from observation upon receipt of two postage stamps. It treats minutely on those diseases peculiar to Females, and gives much valuable advice in regard to their management.

DR. PIERCE'S FAVORITE PRESCRIPTION IS SOLD BY ALL FIRST CLASS DRUGGISTS at $1.50 per bot.

This Cut Illustrates the manner of Using

DR. PIERCE'S Fountain Nasal Injector, OR DOUCHE.

This Instrument is especially designed for the perfect application of

DR SAGE'S CATARRH REMEDY.

It is the only form of instrument yet invented with which fluid medicine can be carried high up and *perfectly applied* to all parts of the affected nasal passages, and the chambers or cavities communicating therewith, in which sores and ulcers frequently exist, and from which the catarrhal discharge generally proceeds. The want of success in treating Catarrh heretofore has arisen largely from the impossibility of applying remedies to these cavities and chambers by any of the ordinary methods. This obstacle in the way of effecting cures is entirely overcome by the invention of the Douche. In using this instrument, the Fluid is carried by its own weight, (no snuffing, forcing or pumping being required,) up one nostril in a full gently flowing stream to the highest portion of the nasal passages, passes into and thoroughly cleanses all the tubes and chambers connected therewith, and flows out of the opposite nostril. Its use is pleasant, and so simple that a child can understand it. **Full and explicit directions** accompany each instrument. When used with this instrument, Dr. Sage's Catarrh Remedy cures recent attacks of **"Cold in the Head"** by a few applications.

Symptoms of Catarrh. Frequent headache, discharge falling into throat, sometimes profuse, watery, thick mucous, purulent, offensive, &c. In others a dryness, dry, watery, weak or inflamed eyes, stopping up or obstruction of nasal passages, ringing in ears, deafness, hawking and coughing to clear throat, ulcerations, scabs from ulcers, voice altered, nasal twang, offensive breath, impaired or total deprivation of sense of smell and taste, dizziness, mental depression, loss of appetite, indigestion, enlarged tonsils, tickling cough, &c. Only a few of these symptoms are likely to be present in any case at one time.

Dr. Sage's Catarrh Remedy, when used with **Dr. Pierce's Nasal Douche,** and accompanied with the constitutional treatment which is recommended in the pamphlet that wraps each bottle of the Remedy, is a perfect specific for this loathsome disease, and the proprietor offers, in good faith, **$500 reward** for a case he can not cure. The Remedy is mild and pleasant to use, containing no strong or caustic drugs or poisons. The Catarrh Remedy is sold at 50 cents, Douche at 60 cents, **by all Druggists,** or either will be mailed by proprietor on receipt of 60 cents. **R. V. PIERCE, M. D.,** Sole Proprietor, BUFFALO, N. Y.

Strong Testimony.

STEUBENVILLE, Ohio, Sept. 4, 1871.

Dr. Wm. H. Tutt:

Dear Sir—I feel it a duty to you and to suffering humanity to make public the great merits of your Extract Sarsaparilla and Queen's Delight. For years I have been a great sufferer, my general health broke down, and I was affected with nervousness of the most terrible character, which was soon followed by an eruption all over the body, forming large ulcers in some places, and attended with rheumatic pains. Tongue cannot describe my suffering. I was reduced almost to a skeleton, and had a perfect loathing of food. I was attended by several physicians, who rendered me no relief. I despaired of ever being well again, but thanks to a kind Providence I accidentally heard of your medicine. I sent for half a dozen bottles, and before I had taken three I began to feel better, my appetite improved, and the rheumatic pains became less severe, and I could enjoy sleep. I have continued its use and have taken eleven bottles, and believe I am a sound man again. The ulcers have all healed, my skin is smooth and healthy, and I have gained 22 pounds in weight. I believe my sickness resulted from a taint of scrofula. I would earnestly recommend your compound to my fellow sufferers.

With deep gratitude to you,
I am ever your friend,
JAS. FRANKLIN.

Registration in New York and Brooklyn,

Mob in Knox County and Peoria.

Defaulter in LaSalle Co.

The Sunday Liquor Law in Chicago.

Accidents, Suicides, Murders, Etc.

The Epizootic Influenza.

NEW YORK, Oct. 28.—The completed registration in New York and Brooklyn shows a falling off from last year in each city of about 4,000 votes. New York's registry is smaller than Philadelphia's by 17,000 votes, but as New York is against Grant, and Philadelphia is a Republican city, the figures are not mysterious as figures run this year. The small registration here is due to Federal obstruction just as the inflation in Philadelphia was effected by Administration frauds.

PEORIA, Ill., Oct. 27.—Osborne, the murderer of Mrs. Matthews, of Knox county, was brought here about 2 o'clock this morning, and lodged in our jail for safe keeping. A mob had gathered about the Knoxville jail where Osborne was confined, and fearing they would get him out and lynch him, Sheriff Patten managed to get him out unobserved, and drove him here in a carriage. The mob followed on a train, and made every arrangement to intercept the carriage, but Patten eluded them and got his man inside the Peoria county jail about ten minutes before the mob reached here. Osborne is safe enough now, as it is probable no mob can batter down the walls of the jail. The feeling against the prisoner is very strong. There are 300 men in Knox county who will follow him up and kill him.

LA SALLE, Oct. 28.—Philip Conlin, ex-Mayor of this city, alleges that he has already discovered forgeries of his signature to the aggregate amount of $800 by George S. Geywood, the absconding county school superintendent of LaSalle county. It is known that the fugitive spent two or three days and nights of last week in Chicago brothels.

CHICAGO, Oct. 28.—The police report ninety-six violators of the Sunday liquor, [illegible]

CINCINNATI, Oct. 28.—A *Chronicle* special reports the sinking of the steamer Umpire between Evansville and Cairo. No particulars yet received.

CINCINNATI, Oct. 28.—David Meyer, a stranger, committed suicide this morning on the levee by cutting his throat with a razor.

CINCINNATI, Oct. 28.—At Lexington, Kentucky, on Saturday, William Thomas pursued his wife to the house of a neighboring woman for the purpose of whipping her. The neighbor expostulated with him, when he commenced upon her. Her son, a boy of fifteen, coming in, shot him with a revolver, killing him instantly.

ERIE, Oct. 28.—A stranger registering his name as Lonis Paiterson, Baltimore, died this morning at the Ellsworth House in this city from an overdose of morphine, administered by himself. He leaves nothing by which to identify him.

BANGOR, Oct. 28.—The horse disease is spreading rapidly, and a large proportion of all the horses in the city is more or less affected.

BOSTON, Oct. 28.—One of the South Boston horse cars made a trip drawn by employees of the company. The fare was 25 cents and the car well patronized. With better weather to-day a number of horse teams are brought out, and a large number of oxen from the country have been engaged. Horse car travel was partially resumed this morning, four horses being put to each car, and some South Boston cars being drawn by conductors and drivers.

PROVIDENCE, R. I., Oct. 28.—The horse disease has become almost universally prevalent here, probably not one-quarter of the horses being free from it. A few cases have resulted fatally.

NEW YORK, Oct. 28.—The horse disease shows no abating signs. The weather today is damp and foggy, and consequently unfavorable to the afflicted beasts. Some wholesale houses propose to-day to use oxen on their freight wagons in place of horses. The beautiful weather this afternoon has brought an increased number of vehicles on the streets. Oxen were used on Broadway and caused a sensation. Some stage and car lines to-day partially resumed running. The hack stands are almost deserted, and the cross town cars and stages have either suspended or are making only a couple of trips a day.

ALBANY, Oct. 28.—The horse disease is rapidly on the increase here. The street cars have mostly withdrawn and business of all kinds is interrupted.

WATERTOWN, Oct. 28.—The horse disease is rapidly spreading in this locality.

LOCKPORT, Oct. 28.—Six horses have died here from the horse disease and other fatal cases are feared.

OSWEGO, Oct. 28.—All the horses in the towing companies' stables are affected. Rates of towing have advanced ten cents a mile. The boats loaded Saturday had not left here this morning.

ROCHESTER, Oct. 28.—Ninety-five per cent. of the horses are affected. A few have recovered and less than a dozen died. The rain increased the disease but the cool weather to-day improved the prospect. About one-third of the canal horses are suffering. A few boats are detained. All the fire department horses are sick and the steamers are run by hand.

BUFFALO, Oct. 28.—The horse disease is so far abated that to-day the streets have assumed their usual business appearance. The air is clear and bracing and street cars have resumed regular trips. The thoroughfares are alive with teams.

PHILADELPHIA, Oct. 28.—Reports are afloat that the horses of a number of private stables are attacked. Twenty-five cases are reported in Camden and several in Chester county.

PHILADELPHIA, Oct. 28.—The horse disease broke out here to-day, and forty cases are reported.

PHILADELPHIA, Oct. 28.—Not a single case of well defined horse disease has yet appeared. There are a few isolated cases, but the symptoms vary from those in New York. From the precaution taken, it is hoped the city will be spared from the calamnity.

RECOMMENDATIONS.

"The Senate need only go to a simple Dictionary; I will not go to a law book or any work on the law of Nations, but I take what I think is the

BEST AUTHORITY.

Worcester's Large Dictionary."
Hon. CHARLES SUMNER,
in U. S. Senate, Feb. 21, 1872.

"We concur with Senator Sumner in preferring the Honest, Scholarly and Trustworthy Worcester's Dictionary."—*New York World,* Feb. 23d, 1872.

"An almost indispensable aid to a correct delivery of our thoughts, whether in writing or speaking."
Prof. JOSEPH HENRY
Sec'y of the Smithsonian Institute.

April 13th, 1872.

"Worcester's Dictionary has constantly lain on my table for daily use, and Webster's repose on my shelves for occasional consultation."
OLIVER WENDELL HOLMES.

"It should be placed on the centre-table for daily consultation and study in every family."—*New York Independent,* Jan. 1872.
