NEWS FROM THE SUBURBS

WESTCHESTER COUNTY.

MOUNT VERNON.

The Democratic City Convention on Wednesday night nominated candidates for the vacancies in the municipal offices to occur on June 15, and put a ticket in the field. The nominations are as follows: For Mayor, Edwin W. Fiske; City Treasurer, Frederick Decker; Receiver of Taxes, John H. Brett; Justice of Peace, George S. Yale; Assessor, John H. Cordes. The Prohibitionist nominations are: For Mayor, Eli Trott; City Treasurer, James Wilkinson; Receiver of Taxes, A. H. Jolly; Justice of Peace, W. A. Miles; Assessor, S. T. Evans. . . . The Amphion Glee Club, organized three years ago by about thirty well-known men in society, and which has given three invitation concerts each season, has been consolidated with the Crescent Club, and will hereafter be identified with that club, although it will be a distinct organization in its musical affairs, and continue to give its musical entertainments as heretofore. It will also give concerts at the clubhouse upon special occasions of the club. The Crescent Club is an organization of many years' standing, and is run on the same principle as the leading social clubs in New-York, having a handsome clubhouse at Seventh-ave. and Fourth-st., with parlors, billiard-room, bowling alleys, gymnasium and banquet hall, and a large tennis court on an adjoining lot. The Amphion Club will have its last concert for the season in Willard Hall to-night, and on Monday night will take part in the monthly concert of the Crescent Club, after which the parlors of the clubhouse will be cleared for dancing.

WHITE PLAINS.

The Board of Trustees of White Plains held a meeting Wednesday night. The committee appointed to report on the application of the New-York, Elmsford and White Plains Railroad Company and the New-York, Mamaroneck and White Plains Railroad Company for a franchise to construct and maintain electric railways between Mamaroneck, White Plains and Elmsford reported favorably on the application, but was exacting as to conditions. The franchise is to continue fifty years, and at the end of twenty years the village may exact the percentages allowed by law. The companies are to deposit a certified check in the Home Savings Bank for $5,000, drawn payable to the treasurer of the village, for its use and benefit in case the companies do not complete the roads within one year, legal impediments excepted. A $20,000 bond is also required. The committee was instructed to add another article to the franchise, making it necessary for the Elmsford Company to construct a branch line from the Tarrytown Road to the new Catholic Cemetery, west of Washington's Headquarters. The board also adopted a resolution fixing $1 50 a day as the minimum sum at which laborers employed on public work shall be paid.

YONKERS.

The new ward organization of the Republicans of Yonkers was completed last night. Next week the ward delegates will meet and organize the General Committee. . . . No handsomer compliment was ever paid to a Mayor of Yonkers than the subscription dinner given at the City Club on Wednesday evening in honor of Mayor John G. Poene. The dinner itself was one of the most elaborate ever given at this club, but the feature of the occasion was the presence of a large number of men of local prominence, including the political leaders of both parties. Party feeling gave way to good fellowship, and Democrats united with Republicans in doing honor to the new Republican Mayor of Yonkers, who has won the respect of all good citizens by the energetic and businesslike manner in which he has begun his administration. The principal speech was made by John Kendrick Bangs, the defeated Democratic candidate for Mayor.

A reception was given for J. Perry Worden, the economical tourist, at the Yonkers Bicycle Club, last evening, after he repeated his illustrated lecture, "Touring in Europe on Next to Nothing." It was ladies' night, and a fashionable audience listened with interest to the story of how Mr. Worden, in 1892, made a tour of Scotland, England, Wales and Ireland for less than $95. There was hearty applause when the young traveller first publicly announced that he would continue his experiments in economical touring in Europe this summer by wheeling through Holland, Belgium, Germany, Austria, Switzerland and France. Mr. Worden travels second-class while at sea, uses a bicycle when on land, and cooks his food by an ingenious stove device of his own.

NEW-JERSEY.

NEWARK.

Mrs. Mary A. Battin, of No. 8 South-st., Newark, has begun suit for divorce from James M. Battin. Mr. Battin is the son of the late Joseph M. Battin, the eccentric millionaire, who recently died in Elizabeth intestate. The couple were married in Newark by the Rev. H. C. Fish, in the year 1888, Mr. Fish being at that time the pastor of the First Baptist Church. They lived together happily until October, 1884, when the husband left the wife. Four years ago he went to live at Greenwood Lake. Since that time he has never returned to his wife, and, it is alleged, never contributed to her support.

John M. Lewis, a lawyer, of No. 68 William-st., New-York, yesterday in the Chancery Chambers before Vice-Chancellor Pitney began suit for divorce from his wife Sarah. He alleges that his wife deserted him three years ago, preferring to teach school to living with her husband. Mr. Lewis lives at Woodbridge. The lawyer alleges that one time after he had returned from Washington, where he had gone to see Secretary Tracy in reference to the difficulty between Chili and the United States, he and his wife had an unpleasant time for awhile, it being after the first disagreement. One day, Mr. Lewis testified, he told his wife that she would either have to give up her school or give him up, and she replied that she could not give up the school.

The jury in the cases of Clark P. Williams and W. H. Gruet against the New-York, Lake Erie and Western Railroad Company for damages for the killing of their three children gave a verdict giving an aggregate of $5,750, or $1,250 in each case, for the plaintiffs.

ENGLEWOOD.

The fair for the benefit of the Englewood Hospital will open this afternoon in the Lyceum, and will be continued in the evening and on Saturday afternoon and evening. The fair is under the direction of a committee of the managers of the Hospital Association, and elaborate preparations have been made to make it a success.

The new parsonage of the Presbyterian Church was formally opened this week. It stands on the church grounds adjoining the church building, and was erected at a cost of about $16,000.

At the annual meeting of the Presbyterian Church, held on Wednesday evening, the following officers were elected to fill vacancies: Elders, William G. Vermilye and Henry W. Banks (re-elected), and Samuel M. Riker (in place of Edwin D. Foster, resigned); deacons, Garry Vanderbeek and George H. Payson (re-elected). At a meeting of the congregation, John E. Miller was re-elected trustee.

CALDWELL.

The Rev. C. T. Berry is the present pastor of the Presbyterian Church at Caldwell. He lives in the house in which Grover Cleveland was born and which Dr. Cleveland occupied when he held the place now held by Mr. Berry. Mr. Berry's pastorate began twenty-five years ago, and until recently has been satisfactory. According to his friends, the old-time members of the church, the new element which entered the church recently through new families coming to the town, is the cause of the pastor's troubles. These people outnumber the old-timers two to one, and are a unit in demanding the resignation of the pastor. Some time ago it appears the pastor agreed to resign, but reconsidered his determination. He says the church owes him more than $4,000 back salary. He says no charges have been made against him. Last Wednesday night an exciting meeting was held and by a big vote the delegates to the Presbytery were instructed to ask to have the pastoral relations terminated.

ENTERTAINMENT AT THE MONTEFIORE HOME.

An entertainment will be given on Sunday afternoon at the Montefiore Home for Chronic Invalids, West Boulevard and One-hundred-and-thirty-eighth-st., to which the friends of the institution are invited, it being the occasion of the first reception given by the Montefiore Home League, a society just formed, of which Miss Irene Rothschild is president and Lucien Bonheur the chairman of the Entertainment Committee. The exercises will consist of selections of operatic and sacred music, which will be given by the Metropolitan Orchestra (amateur), under the direction of Julius J. Lyons, and of songs by Miss Lillian Russell, who has volunteered. The exercises will begin at 3 o'clock.

GOOD PRICES FOR GROLIER CLUB BOOKS.

At the continuation of the Wolfe Library sale yesterday afternoon at the rooms of Banks & Co., No. 739 Broadway, the chief attraction was the set of publications of the Grolier Club. There were nineteen lots catalogued, the aggregate for which was $03 70, and the highest single price $35, paid for the "Decree of Star Chamber Concerning Printing." A copy of the "Rubaiyat" sold for $32 50, Irving's "Knickerbocker's History of New-York" for $61, Charles Reade's "Peg Woffington" for $35, Richard De Bury's "Philobiblion" for $34, Robert Hoe's "Lectures on Bookbinding" for $32, and other volumes for smaller prices. Other valuable works sold included Hamerton's "Landscape" for $31, a set of the same author's "Portfolio" for $36 70, G. P. R. James's works for $37 50, Bowyer's fine edition of Hume's "History of England" for $32 50, Meyer's volumes on British birds for $33 50, and Meyrick's illuminated plates of ancient armor for $31 50. The sale ends this afternoon.

FIRST CONCERT OF THE UNIVERSITY GLEE CLUB.

The University Glee Club will give its first concert in the Mendelssohn Glee Club Hall, on Thursday evening, May 10, for the benefit of the University Settlement Society. The Glee Club will give a programme of glees and part songs under the direction of John B. Grant, and will be assisted by the New-York Ladies' Quartet and an instrumental soloist not yet selected. The entire proceeds of the concert will be given to the Settlement Society.

HOME NEWS

WHAT IS GOING ON TO-DAY.

General Grant memorial dinner, Hotel Waldorf, evening.

Hamilton Club Grant dinner, Brooklyn, evening.

Dr. Meyer trial, Court of General Sessions.

Dr. Ephraim Cutter before noon prayer-meeting, No. 113 Fulton-st.

Opening of Farm Show, Madison Square Garden.

Aldermen investigation of Truants' Home, Brooklyn.

Sixty-ninth Battalion courts-martial, evening.

Tenth New-York Veteran Volunteers, No. 162 Third-ave., 8 p. m.

Metropolitan Association of Cycling Clubs, the Columbia, Union Square, 8:30 p. m.

Brooklyn Union Club Grant dinner, clubhouse, evening.

NEW-YORK CITY.

Sir John A. Cowan, the Most Eminent Grand Commander of the Knights of St. John and Malta in America, is in town to attend the meeting of the Board of Grand Officers to-morrow evening at the V. E. Grand Chancellor's office. On Thursday night, May 3, the Sir Knight will be received by the Sir Knights of Brooklyn at Arion Hall, in Wall-st., near Broadway, when Wiener's Orchestra, Professor Palmer, the magician; the Bedford Mandolin Club, Alwyn Glee Club and others will entertain those present.

The stockholders of the "Hallo" Publishing Company met on Tuesday in the Bible House, and adjourned sine die. The comic weekly paper "Hallo" will be published as heretofore on Tuesdays, under the copyright of C. de Grimm.

The closing meeting of the Presbyterian Union will be held on Monday evening at the Hotel Brunswick.

Cable-car No. 151, of the Third-ave. line, ran into a milk wagon owned by William Merz, No. 131 East Houston-st., early yesterday morning at Division-st. and the Bowery. The wagon was demolished and the driver thrown to the ground. Driver and horse were somewhat injured. It is asserted by Merz that the gripman did not ring the bell warning him.

The first of the annual series of free organ concerts given by William C. Carl in the First Presbyterian Church, Fifth-ave. and Twelfth-st., will be given this evening at 8 o'clock. The admission will be without ticket, and Mr. Carl will be assisted by Miss Kathrin Hilke, soprano; Miss Emma Estelia Potts, contralto, and Luther Gail Allen, barytone.

Commander Oscar F. Heyerman, whose sentence by the court-martial to two years' suspension from rank and duty for the loss of the Kearsarge has been reduced to one year, called at the Navy Yard yesterday and received his sword from Admiral Gherardi, in whose keeping it has been.

Ex-Judge Henry E. Howland, as referee, has decided that Louisa Fitzsimmons is entitled to a divorce from her husband, the well-known prize-fighter, who brought suit against her. Judge Gildersleeve, in the Superior Court, will be asked to confirm the report to-day.

A minstrel performance under the auspices of the Catholic Young Men's Association of White-st. will be given in the chapel of the Church of the Transfiguration, at No. 25 Mott-st., for the benefit of the church. The entertainment will begin on April 30 and continue for five days.

The annual church parade of Troop "A," N. G. S. N. Y., will be held at 4 p. m. on Sunday to the Church of the Heavenly Rest, when the sermon will be delivered by the chaplain, the Rev. Dr. D. Parker Morgan, rector of the parish.

The annual parade of the Park police will take place on May 10 on the Mall in Central Park. Mayor Gilroy will review the parade, and upon the reviewing stand will be the Park Commissioners and heads of the different municipal departments, together with a number of prominent citizens.

The annual spring games of the Berkeley School will be held to-morrow afternoon on the Berkeley Oval, Morris Heights. After the contests there will be dancing, a new feature at athletic meetings, and the new boarding department of the school at the oval will be open for inspection.

The pupils of the Barnard School—William Hazen, headmaster—have organized a dramatic club, which will produce the farce "A Box of Monkeys" this evening in Madison Hall.

The students of Columbia College enjoyed a rare treat yesterday afternoon in a lecture on "Road Construction and Maintenance" by James Owen, a member of the American Society of Civil Engineers.

The West End School will give its exhibition drill and games at the 22d Regiment Armory, Sixty-eighth-st. and the Boulevard, to-morrow afternoon.

Special Customs Inspector Hussey yesterday seized 4,800 cigars at No. 96 South-st., at the liquor store of Crain & Bros. The cigars were smuggled from Havana. There has been considerable smuggling of cigars and tobacco recently, and the customs inspectors think they have now got a clew as to the guilty persons. It is thought that captains and other officers of incoming Southern steamers bring the cigars.

Andrew Zelloth, the dishonest butler who stole a large quantity of silverware from E. C. Benedict, was remanded until to-day in the Jefferson Market Police Court yesterday.

AFFAIRS IN BROOKLYN.

FLATBUSH NOW THE TWENTY-NINTH WARD

The town of Flatbush became the Twenty-ninth Ward of Brooklyn yesterday, Governor Flower having signed the annexation bill. The bell in the Town Hall was rung twenty-nine times after the hour of midnight in honor of the occasion. Flags were displayed upon a number of buildings in the new ward. The town was one of the original divisions of Kings County, and was settled by the Dutch in 1636. The town became a part of the city when the bill became a law on Wednesday night, and is now subject to all city ordinances and regulations. The city is not liable for the debt of the new ward; neither is the ward to assume any share of the city debt save for the Bridge. The Flatbush Water Works Company, Gas Company and Electric Light Company are protected by the bill, and their contracts with the town will hold good. The Supervisor and justices of the peace will hold office for the terms for which they were elected, but the other town officers are legislated out of office. The Mayor, Controller and Auditor are to appoint a police justice for the new ward by July 1. The town police force is transferred to the city force, all the men to rank as patrolmen save Captain Keyser, who will rank as a detective-sergeant. The Mayor has the power to appoint one Assessor for the new ward by July 1. The Mayor, City Works Commissioner and Supervisor will succeed the Sewer Commissioners of the town. The volunteer fire force of the town will continue on duty until a paid force is organized by the Fire Commissioner, and the members of the present force are to have preference in appointment. The population of the new ward is about 13,000, and the assessed valuation a little over $10,000,000. A large number of office-holders are deprived of office by annexation.

TO OPPOSE THE ERECTION OF THE PIER.

Corporation Counsel McDonald went to Albany yesterday to urge Governor Flower not to sign a bill now before him which authorizes the Mollenhauer Sugar Refining Company to build a pier 250 feet long and 40 feet wide from its property between South Eleventh-st. and Division-ave. into the East River. The pier is opposed both by the Government officials at the Navy Yard and the city authorities, as it will obstruct the entrance to the Wallabout Bay and Canal. City Works Commissioner White said that it would interfere with the proposed waterway to the Wallabout Market and with the city's sewer system. Adolph Mollenhauer said it was not intended to build the pier so as to obstruct or narrow the channel. If it was shown that the interests of the Navy Yard or the city would be interfered with the project would be abandoned. It was simply designed to facilitate the work of handling raw material by the firm, which employed thousands of men.

GATHERED ABOUT THE TOWN.

In a suit brought by Robert Miller against the Brooklyn Heights Railroad Company, as lessee of the lines of the Broadway company, to recover $1,000 as damages for being forcibly ejected from a Metropolitan-ave. car on August 13, 1893, after he had paid his fare, the jury returned a verdict for $75 yesterday.

Coroner Kene decided yesterday that Dr. George W. Cushing, of No. 22 Schermerhorn-st., was not in any way responsible for the condition of Stella Wysoska, of No. 84 Fleet-st., who was expected to die recently from a medical operation, but who recovered. On her ante-mortem statement Dr. Cushing was arrested.

An autopsy in the case of Frederick Hughes Lloyd, who died in an ambulance while on his way from No. 291 Clifton Place to the Homoeopathic Hospital on Wednesday, resulted yesterday in finding that his death was due to natural causes.

The Grand Jury took up the charges against William D. Lohmann, the defaulting excise cashier, yesterday, and will probably indict him to-day. His counsel will apply for bail for him when he is arraigned to plead to the indictments against him.

It is said that Lohmann was interested in a new theatre and in a gambling device in which he lost money, and that he was tempted to take money from the funds intrusted to his care by his losses.

Professor F. R. Hutton, of Columbia College, gave an interesting illustrated lecture in Art Association Hall, in Montague-st., last evening, before members of the Brooklyn Institute of Arts and Sciences. The subject was "The Exhibits of the Transportation Building at the World's Fair."

Five new cases of smallpox were reported to the Health Department yesterday. The patients were removed to the Hospital for Contagious Diseases.

Open cars were run on many of the lines yesterday, and were well patronized.

Lawn-mowers were in operation on the meadows in Prospect Park yesterday, and the scent of the wild onions that were laid low filled the air.

Trolley poles are being put up in Sumner-ave., and trolley cars will be running on that line in a few weeks.

SECRET SERVICE MEN ARRESTED.

THE STUPID ACTION OF HOBOKEN POLICE ALLOWED SIX OF A GANG OF NINE COUNTERFEITERS TO ESCAPE.

James L. Stillman, Frederick Burke and George M. Holme, who were arrested on Wednesday in Hoboken by two Secret Service officers, Callagan and Esquirell, for passing counterfeit fifty cent pieces, were arraigned yesterday before Commissioner Shields and held in $5,000 bail for examination. At No. 313 West Seventeenth-st., where the counterfeiters made their headquarters, molds and materials for making counterfeit coins were found.

The Secret Service officers said that they would have captured six other counterfeiters belonging to the same gang but for the blundering of the Hoboken police. Callagan said that on Tuesday he and Esquirell got on the track of the counterfeiters, and that they watched them closely until Wednesday morning, when they followed them to Hoboken. Here Callagan saw Burke coming out of the cigar store of August Koster, No. 301 Washington-st., near the ferry. He immediately entered the store and asked to see the money passed by Burke. The half dollar given to the cigar dealer was handed to him, and after turning it, he pronounced it to be counterfeit and took it away with him.

Koster followed him, and on finding Callagan in conversation with a man whom he took to be Burke, and believing that the men were confederates, he at once made a complaint to Captain Hayes. A policeman was immediately detailed to arrest the men, and while Callagan and Esquirell were waiting in the ferry-house to return to New-York to follow up the counterfeiters, they were taken into custody.

When taken to the station house they pleaded in vain to be released, but Captain Hayes refused to recognize their badges and credentials. Both were locked up and searched.

"Even a request made by me," said Callagan, "to send a telegram to Chief Scanlan, of the Secret Service office in New-York, was long denied. Captain Hayes was profuse in his apologies when Chief Scanlan arrived, and we were then liberated after being five hours in jail. This blunder on the part of the Hoboken police spoiled all our plans, and allowed six of the gang of counterfeiters to escape."

THE FARM SHOW TO OPEN TO-DAY.

The Farm Show will open at the Madison Square Garden to-day, and will be continued daily from 10 a. m. to 10 p. m. till May 5. An interesting feature each day will be the exhibition of Mr. Morris's trained ponies and Mr. Hampton's trained dogs. They will give performances in the large ring in the middle of the Garden, and when these are not going on the children will be allowed to use the ring for riding and driving ponies, donkeys and goats.

Announcements.

A NEW STORY,
Marsena,
By HAROLD FREDERIC,
Author of "The Lawton Girl," "Seth's Brother's Wife," "In the Valley," "The Return of The O'Mahony," "The Copperhead," "The Young Emperor William II. of Germany," and "The New Exodus—a Study of Israel in Russia."

The scene is in the Mohawk Valley; time during the war. A fascinating story of incident and study of character.

It is an open secret in the trade, that one reason why the men's Suits sold by HACKETT, CARHART AND CO. have qualities peculiarly their own, is because of the careful way in which they are finished. For instance they are made far softer and more pliable, by being hand sewed instead of machine stitched—$10 to $35.

But the extra cost is not considered, nor does it appear in the price you are asked to pay. It is in the garments, however.

Tribune Text Book
For 1894.

BEST OF THE ARTICLES OF ROSWELL G. HORR FROM THE WEEKLY TRIBUNE.

This is a well printed pamphlet of 108 pages, price 25 cents a copy. It is particularly strong in Financial articles, and has explanatory chapters on "Gold and Silver as Money," "The Bank of England," the old "United States Banks," "Continental Money," "What a Clearing House Is," "Modus Operandi of the Stock Exchange," "Confederate Gold Dollars," "Origin of the Sherman Law," "National Bank Notes," "'Labor' Money," "State Banks: A Southern Idea," and numerous other financial topics.

There is a condensed summary of the origin of the Morrill Tariff, the reduction of war taxes by the Republicans, and the Tariff agitation in Congress. Extracts are given from notable remarks in the present Congress on the Wilson bill. The Wilson bill is discussed in a number of articles.

As a document, it throws light on the issues of 1894.

25 Cents a Copy.

The Circulation
OF THE
New-York Weekly Tribune
FOR
MARCH, 1894,
WAS:

March	7th,	-	162,384 copies
"	14th,	-	167,164 "
"	21st,	-	168,280 "
"	28th,	-	168,270 "
Total for 4 weeks,			666,098 "
Average per week,			166,524 "

The circulation is entirely among farmers and villagers, and covers the Eastern, Middle and Western States.

Advertising rates low. For estimates address "THE TRIBUNE," New-York.

All Foreign Countries

are thoroughly covered in the four parts already issued of The Tribune edition of the Indexed Atlas of the World. An examination of the 223 pages, comprising this part of the work, will show that the treatment of Foreign Countries is much more satisfactory than in any other atlas of American origin.

The maps are large, clear and up to date. The indexes are complete, the latest census figures are given and the historical and descriptive matter is encyclopedic in form. Of the 52 maps in the first half of the work, 32 are double-page maps, each measuring 21 by 28 inches in size. These maps retail in pocket form at from 25 cents to $1.00 each, and at the list prices at which they are sold separately amount to $46.50. Yet, under The Tribune's offer, they cost only $4.00.

The four parts devoted to Foreign Countries are on hand at The Tribune Office, and are to be had singly or in sets, heavy paper binding, at $1.00 each. The four parts comprise one-half of the complete work, and are supplied, bound together in one volume, as follows: cloth, marbled edges, $5.25; half-leather, gilt edges, $6.25; full leather, gilt edges, $6.75.

Those of our readers who wish to purchase the complete work are advised to purchase the first four parts bound in one volume, devoted to Foreign Countries, now. The remaining parts, which relate entirely to the United States, will be issued at short intervals.

Part V

is now ready, and is devoted to the New-England States and Eastern States. Those of our readers who have not yet examined this work are recommended to purchase this part as a sample, and will no doubt want the remaining parts.

Among the maps in Part V there is an entirely new double-page map of the United States, 21 by 28 inches in size, never before printed. The double-page maps of New-York State, New-York City and Brooklyn are up-to-date in every particular, and any one is worth the price of the part.

Other maps in Part V are Maine, New-Hampshire, Vermont, Massachusetts, Rhode Island, Connecticut, New-Jersey, Pennsylvania, Maryland and Delaware. It also contains double-page maps of the cities of Boston, Philadelphia, Baltimore and Washington.

The paper-bound parts are supplied at $1.00 each, and our readers can purchase any one or all of the parts as wanted, and at any time we can bind them in style to suit purchaser; or, if in good condition, purchaser can exchange them for bound volumes for a small additional charge.

For instance, by paying $2.50 extra our readers can have the eight paper-bound parts rebound in two substantial cloth volumes with marbled edges; other styles of binding at proportionately low rates.

COPIES MAY BE SEEN
at The Tribune Uptown Office, 1,242 Broadway; or at the main office of The Tribune, 154 Nassau-st.

SAMPLE PAGES
will be sent to those unable to visit The Tribune office and desirous of seeing the print and style of the Atlas.
