## A FORTUNE AFTER MANY YEARS.

DR. WILLIAM G. SLATES AND HIS SISTER RECEIVE WORD THAT THEY ARE HEIR TO MANY THOUSAND DOLLARS IN SAN FRANCISCO.

Dr. William G. Slates, of No. 38 West Twenty-seventh-st., was informed a few days ago by a San Francisco lawyer that the public administrator of that city was in possession of a large fortune, to which he and his sister, Miss Beatrice Slates, of Harlem, were heirs. The property was left by their mother's sister, Mrs. Jennie Parsons, who was lost in the wreck of the steamship Pacific off the California coast on November 4, 1875, and who died intestate.

Mrs. Parsons was the wife of Otis Parsons, who was interested in the transportation business between Victoria and San Francisco. Mr. and Mrs. Parsons sailed from Victoria for San Francisco with their son, Otis James Parsons, and Mrs. Parsons's sister, Alicia, who was the divorced wife of Edwin Thorne, the actor, intending to come to New-York overland for a long visit. The steamship foundered off Cape Flattery, and all on board were lost except one sailor. Mrs. Parsons had deposited $2,000 in the Hibernia Savings Bank, in San Francisco, in 1855, which, with its accumulations, now amounts to $60,000. Besides this, there are some city lots, valued at $200,000, which were purchased at a low rate.

Dr. Slates has forwarded a claim to the estate on the part of his sister and himself, and thinks they will get it all unless some hitherto unknown heirs should appear. His neighbors were warmly congratulating Dr. Slates yesterday on his good fortune.

## MEYER TO BE SENTENCED ON FRIDAY.

Recorder Smyth sent word yesterday to Assistant District-Attorney McIntyre that he would sentence Dr. H. C. F. Meyer next Friday, in Part III, in the General Sessions. Meyer was convicted of murder in the second degree on May 18, for poisoning Ludwig Brandt in March, 1891. Mrs. Meyer is in the Tombs, awaiting trial for the same crime.

## NO DECISION ON MANHATTAN EXTENSION.

The Executive Committee of the Manhattan Railway Company yesterday held merely a routine meeting. The directors meet on June 12, and it has been supposed that at this meeting some decision would be reached as regards the possibility of extensions on the suburban branch. There is little probability of any action being taken by the Manhattan Company, the plea of its managers being that they can do nothing in the way of future developments so long as the right of way is not tendered.

## WORK OF VANDALS THAT SHOULD BE STOPPED

The Columbus column, at the Eighth-ave. plaza of Central Park, is in a soiled and stained condition, due, it is said, to the negligence of the policemen in the neighborhood. The bronze bass-relief representing Columbus landing at San Salvador is so encrusted with dirt as to be scarcely recognizable. For a long time the young rowdies who make the Eighth-ave. plaza their stamping ground have tried in many ways to disfigure and befoul the base of the column, and the editors of "Il Progresso Italo-Americano" are exceedingly wroth at the neglect of the Park and municipal police to protect the statue from the hands of the vandals. A few days ago one of the editors of the Italian paper saw a horde of young ruffians throwing mud at the shaft, and his expostulation with a neighboring police officer only brought forth abuse and a growl that it needed three men to protect the shaft. A railing is being built around the column, but it will cost several hundred dollars to clean thoroughly a monument that has been up only a little more than a year. Complaints have been made frequently to "Il Progresso Italo-Americano," and that paper will take steps to bring the matter before the Park Board.

"A Subscriber" asks The Tribune "if the figure on the south side of the Columbus column has always been the same color as at present, or if on the unveiling of the column it was a bronze, and has since been painted white." The answer to this question is: The figure representing the genius of Columbus is of white marble. It has never been painted or treated in any way, unless the mud baths it has received may be called treatment.

## SUCCESS OF THE MEMORIAL VOLUME.

Cornelius N. Bliss and Abram S. Hewitt, composing the Publication Committee of the General Committee on the centennial celebration of Washington's inaugural, have made a report to the General Committee. The Publication Committee, as directed, prepared a memorial volume of the celebration. The edition of this volume consisted of 838 copies. All of them have been disposed of, and the plates destroyed. The cost of the publication has been $28,656 88. The balance on hand at the close of the celebration, together with the sales of the books, and a balance in the hands of the Art Committee from sale of medals, has been sufficient to pay the total expenses and leave a balance of $334 44, which has been turned over to the Memorial Arch Committee. Lists of the subscribers to the memorial volume and a copy of the detailed accounts have been given to the Historical Society.

## NO WOMAN LAWYERS ALLOWED IN NEW-JERSEY.

Trenton, N. J., June 5.—The application of Miss Mary Phillbrooke to be permitted to stand an examination for admission to the Bar of New-Jersey was rejected in the Supreme Court to-day. Justice Reed handed down the decision, in which he says that the courts have no authority to grant such application. Miss Phillbrooke has been a student for the required number of years in the office of Gaede & Minturn, at Hoboken. She is the first woman to seek admission to the Bar in this State.

Under the law passed by the last Legislature providing for the admission of foreign lawyers to the Bar of New-Jersey, upon motion made in the Supreme Court, a number of New-York and Pennsylvania lawyers were to-day admitted to practise in the courts of this State.
