THE GENERAL MARKET REPORT.

New-York, August 27, 1894.

COTTON—The market was lower to-day, closing at a net loss of 7 to 8 points. The first sales were made at a decline of 1 to 2 points on most positions. The total sales were 66,100 bales. The extreme range of prices was 7 to 7 points, and on December 6.85@6.87. The closing tone was steady. The information was of a rather negative character from Liverpool, the opening being steady at unchanged prices and the closing tone barely steady, with prices unchanged to 1 point decline as compared with Saturday's final figures. Most of the trading was for local account. Crop reports are rather conflicting; a press dispatch from Texas, for instance, says that half of the cotton in the region of Dallas County has been killed by boll worms, and if the showers continue the entire crop is likely to be destroyed. The plant has grown so large and rank that the sun cannot penetrate the foliage, and the worm flourishes in the shade. Most crop accounts, however, are good, and there does not seem to be anything in the general situation to change previous estimates of at 8,500,000 or 9,000,000 bale crop. Southern men who were on 'Change to-day say that the crop in South Carolina, Tennessee, Georgia and other sections was never in better condition than it is now. The receipts at the ports to-day were about 5,000 bales, against 2,881 last week and 2,571 last year. Receipts for the week are now estimated at 25,000 to 26,000 bales, against 13,829 bales last week and 17,702 last year. The receipts of new cotton at Houston were 1,827 bales, against 1,791 last week and 722 last year; Galveston, 2,910 bales, against 716 last week and 991 last year; New-Orleans, 1,910 bales, against 1,395 last week and 698 last year; Norfolk, 3 bales, against 2 last year. The Cotton Exchange will be closed Saturday.

Opening, range and close to-day and closing bids the previous night and last year follow:

Manchester—Yarns quiet but firm; cloths dull.

COFFEE—Transactions were light. Prices were well maintained, but shaded off toward the close. Exchanges of 250 December for October at 70 points and 250 May for September at 200 points were reported. A slight advance was reported in the Hamburg market, which closed steady as follows: August, 78.75 pfgs; September, 79; October, 72.50; November, 70; December, 69; January, 68. Rio official cables firm; prices nominal; exchange unchanged at 9⅝; receipts, 24,000 bags; stock, 259,000 bags. Santos weak at 100 reis decline to 15,900 reis; receipts, 16,000 bags; stock, 303,000 bags; cleared for Baltimore, steamship Severn with 12,000 bbls, and for New-York steamship Debay with 26,000 bags. Havre market closed at a partial net decline of 4 francs. Average spot sales, September, 96.25; October, 91.75; November, 87.25; December, 86.75. Contracts closed barely steady at 5 to 10 points decline. Sales were 13,750 bags, as follows:

Visible supply	442,317	408,230	341,813

The dealings in Brazil coffees are so light that it is quite impossible to name accurate prices, hence the market is called nominal on the basis of 16c for Rio No 7 on spot. We note sale of 1,000 bags Rio, New-York, 13c, cost and freight. For mild coffee there is a good demand at full prices, holders having the advantage of position. The market closes firm. We note sale of 1,500 bags Central American, on private terms.

FLOUR AND MEAL—The market was steady, with only a moderate jobbing demand. Buyers are taking mostly winter straights. Country mills are selling fair to large spring patents at full prices. Transactions were about 12,375 pkgs, as follows: 600 bbls winter patents, $3@$3 20; 325 bbls city mills, $4 25@$4 35, and 2,500 bbls city mills, at private terms (the sales of city mills were for two days); 1,000 bbls straights, $2 60@$2 75; 300 bbls clears, $2 60; 300 bbls extra 2s, $2 25, part to arrive; 300 bbls superfine, $2 10; 5,000 bbls spring patents, $3 50@$3 70, bulk $3 50@$3 60; 900 bbls clears, $2 35@$2 50. The sales of Southern flour were 750 bbls at $2 70@$2 75. ....RYE FLOUR—Market slow, steady; sales, 400 bbls. ....RYE FLOUR—Market slow, steady; sales, 600 bbls at $2 85@$2 95....CORNMEAL—Market steady; sales, 600 bbls at $3 20. Quoted: Brandywine, $3 20; Sagamore, $3 20....BAG MEAL—Market inactive; fine white, $1 30; fine yellow, $1 25; coarse, $1 10@$1 17....FEED—Market steady; 40-lb, 85@87½c; 60-lb, 85@87½c; 100-lb, 90c; sharps, 85c; city, 90c; rye feed, 85c; hominy chop, $1 05; cottonseed meal, $1 20; oil meal, $1 25@$1 30; 16,000 bags city feed were sold at 90c.

GRAIN—WHEAT—At the start the market for wheat was about 1⅛c higher, after which it improved somewhat, but during the morning lost part of the advance. There was not much animation to trading, most of the business being for local account. The representatives of foreign houses did very little business, and it was evident that they had no important orders on hand to be executed for their principals on the other side. The private cables reported the market inactive, but steady, at ½d advance, while public cables had it that Liverpool was firm but unchanged, and Paris 10 centimes up, with Berlin unchanged. There was nothing interesting in regard to the weather, which, at the West was clear and cooler and in England cloudy. The Western cable reports spring wheat were less than was estimated Saturday. Spring wheat crop prospects seem to be a little better. The amount of wheat on passage decreased 504,000 bush, and the visible supply in the United States and Canada is 870,000 bush more than it was a week ago. C. A. King & Co., of Toledo, say that the bears claim that the Government has underestimated the wheat crop, and that it should raise the spring wheat condition from the August average of 67. The International grain and seed market opened at Vienna to-day. Estimates of European crops as compared with those of 1893, were given as follows: Austria—Wheat, 109; rye, 95; barley, 98, and oats, 96. Hungary—Wheat, 99; rye, 96; barley, 94; oats, 88. Germany—Wheat, 107; rye, 95; barley, 107; oats, 105. France—Wheat, 120; rye, 125; barley, 100; oats, 115. Great Britain—Wheat, 107; barley, 110; oats, 105. Russia—Wheat, 82, rye, 97, barley, 97; oats, 86. Moldavia—Wheat, 87, rye, 90; barley, 90; oats, 90. Wallachia—Wheat, 87; rye, 40; barley, 40; oats, 40. The Indian wheat crop is estimated at 5,620,000 tons. The American wheat crop is placed at 390,000,000 bush, and corn at 1,500,000,000 bush. Interior wheat receipts at spring wheat market to-day were 533,502 bush (including Chicago, 236,653 bush, nearly all winter), against 280,773 bush last year; winter, 257,354 bush, against 239,485 bush; seaboard receipts, 461,804 bush, against 294,843 bush; total, 1,252,660 bush, against 815,101 bush; exports, 303,837 bush, against 236,659 bush. The market for cash wheat was lower and more active, with sales of 327,000 bush, of which 320,000 bush were for export. No 2 red, 48,000 bush, September price, delivered; No 2 red, 18,000 bush, ⅜c over September, and 59@59⅝c, f o b; No 1 Northern spring and No 1 hard spring, 250,000 bush, to arrive, private terms; ungraded, 11,000 bush, 56@58c, delivered. September closed 58⅝c, ⅜c over September, f o b, afloat, and ⅜c over September price for canal, f o b, afloat.....CORN—The market for corn followed the course of wheat somewhat, and it opened at an improvement of about ¼c, with a slow and uneventful run during the forenoon. The above advance was on May corn, but December opened ⅛c lower and then held steady. There was very little information at hand concerning the corn crop. On this point C. A. King & Co. say that the September crop report comes out on the 10th of next month, and that some Chicago traders are guessing what it will show on corn, the August average of which was 69, based on the appearance on the first of the month. The bears say that the Government estimate on corn is probably too low. The market for cash corn was steady, with sales of 109,000 bush, as follows: No 2 corn, 32,000 bush, 62¼@62½c, in store, and 8,000 bush, 62½c delivered, closing at 63c asked; No 2 white, 8,000 bush, 62½c, instore.....OATS—The market for oats was quiet and uninteresting, local traders showing but little disposition to operate on a free scale. There was comparatively little business under way at the West in speculative deals, and altogether the market was quite unsatisfactory. The market for cash oats was lower on large receipts and more active. Sales were 267,000 bush, as follows: No 2 oats, 150,000 bush, at 33½@33¾c, elevator, and 34½@34¾c delivered; No 3 oats nominal, 32@32½c; No 2 white, 40,000 bush, 36½@37c; No 3 white nominal, 36c; track white, 30,000 bush, 34@34½c; mixed, 45,000 bush, 34½@34¾c, afloat.

METALS—IRON—In the Pittsburg market there is a somewhat better demand for iron and steel, and steel billets have been advanced a little in price. Bessemer pig iron is scarce for spot, and there will probably be no surplus stock for a month or so, owing to the difficulty the mills experience in getting sufficient coke. It is thought it is for the interest of the mills to run with. The demand is very light, though it is for small lots.....COPPER—Was without special interest, closing steady at 9.05 bid for spot, August, September and October on the first call and 9.05 bid for spot on the second call.....LEAD—Closed barely steady, with the second call.....TIN—Was very firm at the close, but quiet, with 19.50 bid for August to December, inclusive. During the last week duty was paid on 210 tons tin. SPELTER—Was quiet and closed somewhat easier, with 3.35 bid for spot, August and September.

MOLASSES AND SYRUPS—Buyers are holding to a conservative policy in regard to the taking of stock, and it is only now and then that a buyer will take more than enough to meet what he considers sufficient for his pressing needs. The tone of the market, however, is quite steady, especially for strictly desirable stock. We quote: New-Orleans, centrifugal, ordinary to common, 10@15c; fair to prime, 16@19c; choice, 20@23c; open-kettle, fair to prime, 25@28c; prime, 29@32c; choice, 33@36c. Barbadoes, 23@25c. Porto Rico, 25@36c. Syrups—Sugar, ordinary to common, 9@13c; fair to good, 14@18c; prime to choice, 19@22c.

NAVAL STORES—Stock, Rosin, 19,701 bbls; turpentine, 1,643 bbls; tar, 547 bbls. For spirits turpentine there was slow demand, jobbers holding off for a further turn in their favor. Prices at present are quoted at 29@29½c. Rosin remains firm, with a fair jobbing demand, with prices unchanged; common to good strained quoted at $1 15@$1 20.

OILS—The market for cottonseed oil seems to be holding quite well to the advanced position taken by holders and some small sales are being made at current prices, mostly at top figures. A bid of 24c for new oil f o b at mills has been refused in Texas, and 25c is generally asked. Lard oil is held with some firmness, but trade is rather moderate, and the same is said of linseed oil. About 700 bbls prime summer yellow was sold at 34c (cottonseed oil) and that was bid and refused for more. The high grades are moving away from the low grades, owing to the fear of the receipt of bad oil in September, due to the rains which soften the seed. We quote: Cottonseed oil, prime crude, bbls, 29@30; prime crude, in bonded warehouse, 26@28c; prime summer yellow, 34c; off summer yellow, 32@32½c; prime summer white, 37c; butter oil, 34@35c; lard oil, 57@58c; linseed oil, American raw, 54c; American boiled, 57c; Calcutta raw, 55c.

OCEAN FREIGHTS—The market for berth freights was quiet, irregular and weak. Engagements follow: To Hamburg, 2 loads grain, 25 pfgs; to London, 10 cars California fruit, via Southampton, private terms; 20 bales hops, via Liverpool, 5d; 1,000 tubs lard, 12s 6d; Rotterdam, 3 loads grain, 4½c; Southampton, 300 boxes bacon, 15s; to Genoa, 120 bbls lubricating oil, 3s 6d; to Liverpool, 1,500 boxes cheese, 25s, and 500 bbls apples, 3s. We quote: Liverpool, 1d; London, 1d; Glasgow, 1¼d; Bristol, 1½d; Hull, 1¼d; Leith, 2¼d asked; Newcastle, 2½d ask d; Antwerp, 1¾d; Rotterdam, 4½c; Hamburg, 25 pfgs, cotton; Havre, 1-16d; Cork, for orders, grain, nominal; petroleum to United Kingdom, 2s@2s 9d.....CHARTERS—The general market continues dull and without material change for steam or sail tonnage or for tonnage. Charters follow: British steamer, 1,788 tons, general cargo, Galveston or New-Orleans to Liverpool, 37c, Continent, except Hamburg, 39s, October-November; British steamer, 1,454 tons, cotton, Galveston to Liverpool, 37s. Havre or Bremen 38s 3d, September-October; British steamer, 2,108 tons, cotton, New-Orleans to Liverpool, 38s 6d. Hay, Antwerp, Bremen or Rotterdam 37s 6d, October-November; steamer, 2,000 bbls petroleum, hence to Cork, 2s 3d; British steamer, 1,934 tons, coal and coke, Philadelphia to Havana, $1 65@$2 40; Norwegian steamer, 341 tons, West India time charter, one trip, private terms, ship (iron), 75,000 cases petroleum, hence to Calcutta, 3s 6d; ship, 2,017 tons, general cargo, hence to San Francisco, $7; British bark, 639 tons, deals, St John, N B, to Cork, 40s; British bark, 415 tons, deals, St John, N B, to Dundalk, 45s; British bark, 1,118 tons, deals, Bay Verte to west coast England, 37s 6d; Norwegian bark, 1,038 tons, lumber, Pascagoula to Buenos Ayres, $12, $2 per M; British brig, lumber and rosin, Savannah to Parshillo, 16s and 95c; schooner, 457 tons, general cargo, hence to St Johns, P R, $1,800 and port charges; schooner, lumber, King's Ferry to Curacoa, $6 75 and port charges, schooner, 234 tons, general cargo, hence to Point-a-Pitre, $1,175; schooner, 297 tons, general cargo, hence to New-York or Philadelphia, $3; schooner, lumber, brick, etc, hence to Cienfuegos, private terms; schooner, lumber, Charleston to Kingston and Port Antonio, $7 75; British bark, cedar and mahogany, Santa Cruz, Cuba, to New-York, $14 25; schooner, lumber, Port Royal to Boston, $4 62½; schooner, lumber, Charleston to New-York, $4 50; schooner, coal, Newport News to Galveston, private terms; schooner, 6,000 bush wheat, hence to Bangor, 3c; schooner, coal, Weehawken to Portland, 40c.

PROVISIONS—The market was firmer and quite active generally.....PORK—Market firm; sales, 600 bbls. Mess $15@$15 25; family, $15@$15 50; short clear, quoted at $15@$15 25; extra prime, $13@$13 50.....BEEF—Market steady; sales, 300 bbls. Extra mess, $8@$8 50; packet, $8 50@$10; extra India mess, $16@$18.....BEEF HAMS—Market quiet, $22 on the spot and at Chicago $21.....DRESSED HOGS—Market firm; 100-lb quoted at 7½@7¾c, and the whole range at 7@8c.....CUT MEATS—Pickled bellies—Market steady at 8½@8¾c for 10 to 14 lb. Pickled shoulders—Market steady; sales, 1,500 lb, at 7c. Pickled hams—Market easy, closing at 11½@12c.....TALLOW—Market nominal, closing at 5c.....STEARINE—Market steady, closing at 8¾c for oleo and 10@10¼c for lard.....LARD—Market firmer; sales, 50 tcs (old pkgs) at 8.20c, closing at 8.27½c asked; city, 7½c; sales, 125 cs at that; refined, 8.60c for Continent and 8.60c for South America; compound, 6¼c; options closed at 8.20c nominal for September.

RICE—The trade in rice is of moderate proportions, though the mail orders that came to hand this morning from the accumulation over Sunday have helped the sales movement a little. Buyers are exercising a good deal of caution in making purchases, and it is difficult to tempt them to buy more than enough to cover the necessities of the moment. The current business, however, is for the most part at good prices. We quote: Carolina and Louisiana, common to ordinary, 3⅝@3¾c; low fair to fair, 4@4¼c; good to prime, 4¼@6c; choice to fancy, 5¼@5¾c; extra head, 6@6¼c; Java Rangoon, 4¼@4⅝c; Japan, 4⅝@4¾c; Patna, 4⅝@5¼c; Rangoon, 4@4½c; do in bond, 2@2¼c.

SUGARS—The market was firm on the basis of 3⅝c for 96 centrifugals, that price being bid, holders asking more money. Muscovados, 89, 3⅛c asked; molasses sugar, 89 test, 3c asked. Sales were 1,000 bags 96 centrifugal, at 3⅝c. The market for refined sugar was firm and active at unchanged prices, granulated quoted at 5c. The London market was quiet and unchanged for cane; Java quoted 13s 6d; fair refining, 11s 6d. Beet dull and lower; August, 12s 1½d; September, 11s 4½d.

COUNTRY PRODUCE MARKETS.

New-York, August 27, 1894.

BEANS AND PEAS—Another car of Canadian medium has arrived; jobbing slowly at $2. State pea selling to the extent of receipts at $1 95. Stocks of domestic marrow are now known to be so light that holders have no anxiety about the firmness of the position. California lima show. No one was buying foreign beans for delivery to-day, as the new tariff law, which goes into effect tomorrow, reduces the duty 20c per bush. Some business was done for later delivery on the basis of $1 45@$1 50 for medium and $1 55@$1 60 for pea, sellers being willing to concede half of the difference in the duty. Green peas slow and a shade easier. We quote for choice quality: Beans, domestic marrow, per bush, $3 40; do medium, $2; do pea, $1 95; do white kidney, $2 50@$2 60; do red kidney, $2 70@$2 80; do turtle soap, $1 75@$2; do lima, California (60-lb), $2 50@$2 75; do foreign, medium, $1 40@$1 55; do foreign, pea, $1 55@$1 65; green peas, bbls, $1 17½; do bags, $1 12½; do Scotch, $1 20.

BUTTER—Buyers found little inducement to operate to-day beyond the pressing wants of the moment, and there was dull trade in all sorts. Nothing in the receipts nor the tenor of Western advices seemed to indicate any material change in the prevailing conditions, and there was a steady holding generally. Fresh creamery had to be very fancy, however, to reach 24½c; jobbers paid that price for regular marks, but there was very little open business. Some sales were reported at 24c of goods that would often command the top rate. Firsts are much unsettled, outlook very narrow and stock accumulating. The fresh Western packings are mostly defective in quality, and holders of June goods are not urging sales. We quote: Creamery, extra State, Pennsylvania or Western, extras, per lb, 24½c; do firsts, 21@23c; do thirds to seconds, 16@20c; do June make, 20@23c; State dairy, half-firkin tubs, extras, 22@22½c; do firsts, 20@21c; do thirds to seconds, 14@19c; imitation creamery, 15@18c; Western factory, 14@16½c; factory, June, firkins, 14½@16c; de June tubs, 14@15½c; do current make, 13@14½c.

CHEESE—The moderate quantity of stock in to-day coming so high that owners were obliged to ask a material advance, which practically blocked the trade. Most of the advices from abroad were positively against following the advance here, and a majority of the shippers went on the docks solely to watch developments. One or two exporters were induced to bid for certain parcels of large size full cream, but holders were unwilling to name less than 10¼c, and some felt indifferent about offering stock at all until the country was heard from further. Part skims are up a little, in sympathy with full cream, and home trade is paying more money for small sizes. All the cheese sold at Watertown and Canton on Saturday—6,500 boxes—brought 10c. Liverpool cable, 47s. We quote: State, full cream, large size, colored or white, fancy, 10¼@10¾c; do choice, 9¾@10¼c; do good to prime, 9¼@9¾c; do common to fair, 8@9c; do small to prime, 10¼@10½c; do common to choice, 8½@10c; part skims, choice, 6¼@7c; do good to prime, 5½@6¼c; do common to fair, 4@5½c; full skims, 2½@3c.

EGGS—Although receipts are heavy to-day, the supply of strictly fancy goods is quite moderate, and such are inquired for. A good deal of the finest Northern Ohio and Michigan lots reaching 17½c. But quality to exceed 17c in Western receipts is quite exceptional, and the great bulk of the supply is freely offered at latter price. Low grades and seconds quiet. We quote: Jersey, per dozen, 18½@19c; State and Pennsylvania, 17½@18c; Michigan and nearby Western, fancy, 17@17½c; other Western, prime, 17c; Western, poor to good, per case, $2@$3 50; do fresh seconds, $2@$3 25; icehouse, fair to prime, per dozen, 15@16c.

FRUITS—FRESH—Apples generally very dull and unimproved. Fancy large Bartlett pears have some call to go into cold storage, but ordinary qualities are very plenty and hard to move. Other kinds of pears generally dull and cheap. Peaches plenty, stock largely soft and speckled, and prices lower. Plums plenty and hard to move even at very low prices. Grapes plenty and unimproved. Muskmelons generally poor and offered lower. Watermelons in moderate supply, and fancy large in fair demand. We quote: Apples, red kinds, per bbl, $1 50@2 25; do green prime, $1 50@$1 75; do poor to fair, 75c@$1 25; Jersey Bartlett, per bbl, $1 50@$3; do Clapp's Favorite, $1 50@$2 50; do common kinds, $1@$1 75; peaches, fancy, per basket, 75c@$1; do common to prime, 40@65c; do culls, 20@25c; plums, per bbl, $1 50@$2; do per crate, 40@65c; do per 10-lb basket, 10@25c; grapes, Delaware, per lb, 5@6c; do Niagara, 5@6c; do Concord, 4@5c; do Worden and Moore, 5c; do Early, 3@4c; do Champion, 1@2c. Huckleberries, per quart, 3@5c; muskmelons, per crate, 40@75c; do per bbl, $1@$1 75; do per 100, $8@$15.

FRUITS—DRIED—Supplies of most kinds are still light, and buyers do not show much interest. Apples are nearly gone. Raspberries, cherries and blackberries quite firm. The jobbing trade is pretty well filled up with apricots, and speculative buyers are talking off. We quote: Apples, evaporated, choice, 13c; do common to prime, 10@12c; do sun-dried, 6@8c; chops, 1¾@2c; cores and skins, 1¼@1¾c; peaches, Southern, sun-dried, peeled, 30@35c; raspberries, evaporated, 1894, 18@19c; do 1893, 17@18c; cherries, 1894, 13@14c; blackberries, 1894, 6c; apricots, California, 1894, 8½@9½c.

HOPS—A few small lots of seedlings are coming forward, but prices are well not established as yet. In 1893 hops the demand is unimproved and there is an easy market. We quote: State, 1893, choice, per lb, 10@12c; do good to prime, 7@8c; do common to fair, 5@6½c; Pacific Coast, 1893, cho
