FURIOUS FIGHTING IS IN PROGRESS ON VERDUN FRONT; GAIN IS MADE BY FRENCH

Bitter Counter-attack by Germans Succeeds Only in Driving Republican Forces From North Half of Fluery, Taken Thursday.

THIAUMONT REDOUBT IS TAKEN BUT EVACUATED

Teuton Artillery Fire Forces Abandonment of Position Wrested From Entente Weeks Ago and Recaptured Yesterday.

[By Evening Herald Leased Wire]

Desperate fighting is in progress north of Verdun where the French three days ago took the offensive and have scored notable gains in the effort to drive back the Germans who had been hammering at the gates of the fortress for more than five months.

After pushing to the outskirts of the village of Fleury, three miles north of Verdun on Wednesday night, the French brilliantly attacked the place yesterday and carried it by storm. Last night the crown prince's troops launched a furious counter-attack and succeeded in retaking the southern section of the village, being unable, however, to wrest the northern portion of it from General Nivelle's forces.

Fleury, however, is not the only point where the French have scored advances. In the attack on a three-mile front east from the river Meuse they pushed north along the river toward the Vaux-Chapitre wood and the Cote Du Poivre and further east attacked and gained possession of the Thiaumont redoubt. They found the Thiaumont position untenable, however, because of the German bombardment and were compelled to withdraw from it.

Meanwhile fighting on the Somme front has dwindled to minor operations. London reports the gain of some ground in such operations to the west of Pozieres.

After having been temporarily held up in the Stokhod region by the persistent Teutonic resistance the Russians have succeeded in effecting a new advance, according to Petrograd's official announcement today capturing the village of Rudka-Miroynskaia on the Stavok, a tributary of the Stokhod. This success brings them within nineteen miles of Kovel, the railroad center which is the objective of their Volhynian campaign.

TEUTONIC TROOPS REGAIN GROUND LOST TO SLAVS

Berlin, Aug. 4 (via London, 5:06 p. m.)—Austro-German troops have regained all the territory which they had lost in the region of Rudka-Miroynskaia to the east of Kovel, according to the German official statement today.

The Teutons also gained ground in the Carpathian mountains in the region of Kopilas.

The situation at Fleury and its vicinity, the statement adds, now is the same as it was before the French attack.

RUSSIANS TAKE TOWN ONLY NINETEEN MILES FROM KOVEL

Petrograd, Aug. 4 (via London, 5:10 p. m.)—Russian troops have captured the village of Rudka-Miroynskaia on the river Stavok, a left tributary of the Stokhod, it was officially announced by the Russian war office. Rudka-Miroynskaia is nineteen miles east of Kovel.

GERMANS ANNOUNCE THE RECAPTURE OF FLEURY

Berlin, Aug. 4 (via London, 5:08 p. m.)—The village of Fleury, north of Verdun, was retaken by the Germans this morning, it was officially announced today by the German army headquarters.

FRENCH REPORT FLEURY'S CAPTURE BY STORMING

Paris, Aug. 4—Attacking simultaneously from the northwest and the southeast, French troops yesterday stormed the village of Fleury, three miles north of Verdun and captured several hundred Germans. In the evening, however, the Germans launched a furious counter-attack and after several violent attempts to succeeded in getting a footing in the southern part of the village. The French today continue to hold the southern section of the place and heavy fighting is in progress.

RUSSIANS TAKE HEIGHTS ON LEFT BANK OF STOKHOD

Petrograd, Aug. 4 (via London, 2 p. m.)—Today's Russian statement follows:

"Western front—In the region of Lubieszow (northeast of Kovel) our detachments crossed to the left bank of the river Stokhod and took a series of heights on which they fortified themselves.

"On the river Stovah, a left tributary of the Stokhod, our detachments fought their way up the river where an obstinate engagement took place for the village of Rudka-Miroynskaia. Bayonet fighting took place in the streets and although the village changed hands several times, it finally remained in our possession. The enemy was forced back behind the river Stavok and we took 600 German prisoners and captured twelve machine guns.

"In the region of Korytnik an enemy attack was repelled by our fire."

BRITISH GAIN SOME GROUND IN MINOR NIGHT OPERATIONS

London, Aug. 4 (2 p. m.)—Minor operations last night by the British on the Somme front resulted in the gain for them of some ground west of Pozieres, the war office announced today.

BLACK TOM ISLAND FIRE INCENDIARY, SAYS ACCUSED MAN

Theodore R. Johnson, Arraigned on Charge of Manslaughter, Declares He Can Prove His Company Is Blameless.

[By Evening Herald Leased Wire]

Jersey City, Aug. 4.—The explosion of munitions on Black Tom island last Sunday morning killed at least four persons and did approximately $20,000,000 damage, was caused by "some persons with the object of laying just what was accomplished," according to Theodore R. Johnson, one of the four men who were arraigned today charged with manslaughter in connection with the blast. The hearing was deferred until August 18.

Mr. Johnson, president of the Johnson Lighterage and Towing company, said he would produce one of his employes who would swear that when he first saw the fire, it was in a boxcar on Black Tom Island and did not originate in one of the Johnson company's barges as charged.

Catron Is Endorsed by Republicans in Quay

Tucumcari, N. M., Aug. 4.—At the Republican county convention held here Saturday the candidacy of T. B. Catron to succeed himself as United States senator this fall was endorsed. The county has three votes in the state convention.

Merchant Captain Reports Battle With and Sinking of Submarine By Shot From Small Defense Gun

(By Evening Herald Leased Wire.)

Baltimore, Md., Aug. 4.—Captain David Thomson, master of the British steamship Strathness, which arrived here today from Mediterranean ports, told of an engagement which he declared his vessel had with a German submarine on July 25, in which the submersible was sunk.

Two gunners from the British navy who were in charge of a 6-pound gun on the after deck of the Strathness for defense purposes, sank the submarine, according to Captain Thompson, when a ball struck it amidships causing an explosion. He said the underwater boat dived suddenly and was not seen again.

While the Strathness was struck several times, once, according to Captain Thompson by a torpedo, no great damage was done and the freighter escaped with several dented plates and portions of her superstructure demolished.

BERKELEY OFFERING ADVANCED COURSES IN NEWSPAPER WORK

Students Perform Actual Work of Reporters, Copy-readers, Editors, Solicitors and Other Classes of Paper Emplo,

[By Evening Herald Leased Wire]

Berkeley, Cal., Aug. 4.—Berkeley high school has about completed the first week of an enlarged course in journalism designed to equip graduates with a working knowledge of a newspaper plant gained by actual experience as reporters, copy-desk men, printers, business office solicitors and executives in the school printing plant and the editorial and business offices of the school weekly.

As a finishing course, E. V. Wells, a newspaperman, placed in charge of the course this year, has arranged to have his pupils serve for a day on a San Francisco newspaper, each pupil working under the direction of the regular man in the various departments, covering the stories of the day and aiding in the business, editorial and composing room departments.

The course includes a series of lectures on all branches of newspaper work, illustrated with motion pictures of Pacific coast newspaper plants. The daily work is planned to duplicate that demanded in any newspaper office, with the pupils serving in turn in various capacities. Copy prepared by student reporters, working under a city editor, is edited at a copy-desk, sent to the students in the composing room and eventually printed in the school paper. The commercial department of the school will train the pupils in the business end of the publication.

The aim of the course is stated as "not so much the evolution of a finished reporter or copy-reader as the development of a well-rounded product who may take up practical newspaper work and printing with a general knowledge of the craft and enough particular knowledge to enable him or her to build a successful career."

Cabinet Members Will Participate in Maine Campaign, Announced

[By Evening Herald Leased Wire]

New York, Aug. 4.—Five members of President Wilson's cabinet and several congressmen will speak during the coming campaign in Maine, according to a partial list issued last night by Chairman Homer S. Cummings of the speakers' bureau for the Democratic national committee. The list includes:

Secretary of War Baker, Attorney General Gregory, Secretary of Commerce Redfield, Secretary of Labor Wilson, Secretary of the Navy Daniels, Senator Hollis, New Hampshire; Representatives Cullop, of Indiana; Casey, Pennsylvania; Gandy, South Dakota; Heflin, Alabama; Brumbaugh, Ohio, and Charles H. Brough, governor of Arkansas.

Vance McCormick, democratic national chairman, announced tonight that President Wilson's notification ceremonies at Shadow Lawn, Long Branch, N. J., possibly would be held Saturday, September 2. Mr. McCormick also stated that western headquarters in charge of Senator Thomas Walsh would be conducted in the same way as the national headquarters here, and that Senator Walsh would have full charge of affairs in the west as far as the Pacific coast.

Toll of Paralysis Epidemic Reaches A Thousand Lives

[By Evening Herald Leased Wire]

New York, Aug. 4.—More than 1,000 children have now been killed by the epidemic of infantile paralysis and nearly 5,000 have been stricken by the disease. During the twenty-four hours ending at 10 a. m. today forty-five children died of the disease and 775 new cases, the second largest number in a single day, were reported.

FEDERAL MEDIATION BOARD HEAD TALKS WITH PRESIDENT ON STRIKE POSSIBILITY

Judge William L. Chambers Discusses Situation as to Railway Tie-up With Executive; Cannot Act Yet.

BROTHERHOOD LEADERS DISCUSS THEIR COURSE

Employes of Southern Road Take Steps Looking to Congressional Action to Prevent Transportation Paralysis.

[By Evening Herald Leased Wire]

Washington, Aug. 4.—Judge William L. Chambers, commissioner of the United States board of mediation and conciliation, conferred with President Wilson today over the threatened strike of 400,000 railroad employes. Judge Chambers told the president he believed there was nothing formal that the government could do until the meeting next week of the railroad managers and the representatives of the employes, after the strike vote count has been completed.

Judge Chambers thinks there is still a chance for the employers and employes to reach an agreement.

LEADERS OF BROTHERHOODS CONFER ON FUTURE COURSE

New York, Aug. 4.—Conferences of the leaders of the four great brotherhoods of railroad employes, representing 400,000 men, the majority of whom are believed to have voted to strike on 225 railway systems were held here today. These meetings were to enable the leaders to decide upon their course of action if the representatives of the railroads again refuse their demand for an eight-hour day and other changes.

Thus far more than 75 per cent of the 400,000 votes have been counted. Nearly all, it was announced, favor a strike. The western ballots began arriving today.

SOUTHERN ROADS EMPLOYES WANT TO PREVENT STRIKE

Nashville, Tenn., Aug. 4.—A movement looking to an appeal to congress for decisive action to prevent a strike on the railroads of the country have been inaugurated by employes on the Nashville, Chattanooga & St. Louis railway. A petition signed by some men sets forth that 20 per cent of the employes, representing the brotherhoods, should not be allowed to throw the 80 per cent out of work and calls upon congress to see that the trouble is averted.

SENATE COMMITTEE VOTES TO TABLE PROPE RESOLUTION

Washington, Aug. 4.—The senate commerce committee today voted to table Senator Newlands' resolution to direct the interstate commerce commission to investigate and report to congress on wages and hours of service of each class of railroad employes, because action was deemed inadvisable pending mediation and arbitration of disputes between the railroads and their employes.

The committee took up the resolution on a written request from the chamber of commerce of the United States which asked for hearings.

The committee had before it a letter from the brotherhoods as follows:

"The railway managers and the representatives of the railroads on the organizations will confer in New York early in August and we believe the committee on interstate commerce should remain neutral at least until jointly called upon by the national conference committee of railway managers and representatives of the railroad brotherhoods, and we respectfully suggest this course of action."

Legg Leads by Narrow Margin in Golf Tourney

[By Evening Herald Leased Wire]

Minneapolis, Minn., Aug. 4.—Harry G. Legg of the Minikahda club of Minneapolis was one up on C. P. Jaffray, same club, at the end of the first 18 holes of today's 36-hole semi-final match in the championship event of the trans-Mississippi golf tournament here.

In the other semi-final James Hoblitzell of Des Moines was one up on Carl Pispho, Cedar Rapids, on the first nine holes.

The Day in Congress

SENATE

Resumed debate on child labor bill.

Conferees were appointed on army and navy appropriation bills.

HOUSE

Considered conference report on agricultural appropriation bill.

Three American Ships Included in Latest Blacklist of Shipping Put Out by Great Britain; Two Removed

(By Evening Herald Leased Wire.)

London, Aug. 4 (4:50 p. m.).—The latest blacklist of neutral shipping issued today by the trades division of the admiralty represents 132,656 tons of steamers and sailing vessels unavailable to British charters on the claim that they are now or have been engaged in belligerent service.

The latest list includes, in addition to those published in a previous issue, the names of the following ships flying the American flag:

Clara Davis, Emma Eaton and Charles C. Curtis, all sailing vessels.

These American ships have been removed from the black list since its last publication:

Steamer Seneca and sailing ship Edgar W. Morgan.

Wagner states that have been captured by the British and are now in the service of the government while awaiting a decision of their status by a prize court appear on the list without any indication of their nationality, while the other Wagner boats appear as American.

A large number of ships on the list are bracketed under a caption stating that they have been temporarily removed from the black list while under charter to certain allies or innocent neutral interests.

CHARGES AGAINST A HUNDRED DISMISSED IN TRINIDAD TODAY

Forty-seven Indictments Based on Events of Coal Strike in Colorado Quashed on State Officials.

[By Evening Herald Leased Wire]

Trinidad, Colo., Aug. 4.—Forty-seven indictments in which more than one hundred persons are charged with various crimes growing out of the Colorado strike disorders in Las Animas county, and which cases have been pending for months on a change of venue before Judge Charles Carpender of the sixth district, were dismissed by Judge Carpender this morning upon request of John Horne Chiles, representing the attorney general of the state. The dismissal of these cases clears the docket of strike cases save for the cases in which the defendants are John R. Lawson, international board member of the United Mine Workers of America, charged with murder, James T. Davis, Lawrence C. Fannini and M. Kattudefas.

There are four separate indictments standing against Lawson, who on the charge of murder was tried in May, 1914, found guilty and sentenced to life imprisonment. He is out on bond awaiting final action of the state court on application for a new trial.

A dismissal of the majority of strike cases in Huerfano county will follow, the representative of the attorney general stated.

Automobile Bandits Get Away With Coin For Burroughs Wages

[By Evening Herald Leased Wire]

Detroit, Mich., Aug. 4.—Five automobile bandits held up paymaster entering the plant of the Burroughs Adding Machine company here at 2 o'clock this afternoon and after shooting one of the clerks escaped with bags said to have contained $17,000.

Employes of the Burroughs plant in another automobile gave chase and a running fight ensued down Seventh avenue. One of the clerks was reported wounded. The bandits were armed with rifles.

Cliff Dwellings Are Discovered by Pair of American Officers

[By Evening Herald Leased Wire]

Field Headquarters American Punitive Expedition, Aug. 3 (via radio to Columbus, N. M., Aug. 4).—Cave of ancient cliff dwellers were discovered today by captains George F. Patton and Hugh S. Johnson, while on a hunting trip in the Escondidos mountains. The caves were smoke-grimed. Fragments of pottery were strewn on the floor. The dwellings were said to be somewhat similar to those near Flagstaff, Ariz.

General J. J. Pershing returned today from El Valle and Major General Tasker H. Bliss reached headquarters from the United States.

Charges Not Drafted In Case of Guardsman Who Maligns Officers

[By Evening Herald Leased Wire]

Columbus, N. M., Aug. 4.—The full charges have not yet been drafted in the case of Hugh Clarke, the Massachusetts militiaman arrested of maligning his superior officers, according to Captain L. J. Van Schaick, chief of the army intelligence bureau, today. Nor has it been decided, Captain Van Schaick said, whether the guardsman will be tried in a summary court or a general court martial.

Clarke is now confined in the guardhouse here pending trial. He is held by friends over an article in a Holyoke, Mass., newspaper, in which he accused his complaint officers of neglecting the men. The military authorities have refused requests of correspondents to visit him in the guardhouse to get his version of the affair.

SENATORS QUESTION CONSTITUTIONALITY OF CHILD LABOR ACT

Members of Upper House From Southern States Oppose Federal Legislation on Minimum Age for Employment.

[By Evening Herald Leased Wire]

Washington, Aug. 4.—The child labor bill on which debate began yesterday in the senate, was up again today with the southern senators ready to start a fight on its constitutionality. There is no Republican opposition.

Senator Hardwick of Georgia led off the attack on the constitutionality of the measure, contending the right to enact such legislation was vested only in the states.

"I do not wish to be misunderstood in this matter," said he. "I am as thoroughly, as earnestly sincere in favor of enactment of just, reasonable, humane and Godlike laws for protection of children as any man in this chamber, but I say that the sole power to enact such laws is vested in the several states of the union, and not in congress. I venture the assertion that the state of Georgia today has a child labor law better, fairer and more adapted to our conditions than the measure proposed to be set up in this bill."

Dealers Ignore the Canadian Denials of Wheat Crop Damage

[By Evening Herald Leased Wire]

Chicago, Aug. 4.—Wheat dealers today ignored Canadian official denials regarding the prospect of black rust in Saskatchewan, and instead gave renewed attention to reports from trade sources that the pest occurred a greater extent of the province than had heretofore been believed. The advices were minor also as to the crop in Manitoba. The result was a sharp advance in prices to the highest level set this season.

Nearly 5 cents a bushel was added to the value of wheat, the September delivery touching $1.34¾, as against $1.29¾ at yesterday's finish.

Knights of Pythias Continue Sessions

Portland, Ore., Aug. 3.—The twenty-fourth biennial convention of the supreme lodge, Knights of Pythias, continued in session here today. The program called for both morning and afternoon meetings. The supreme temple, Pythian Sisters, also were to hold two sessions. Tonight the knights and ladies planned to enjoy an outing at a river resort.

Radical Changes Are Proposed in Revenue Bill by Sub-committee

Washington, Aug. 4.—Radical changes have been proposed by sub-committees of the revenue bill which will be considered tonight by the full membership of the senate finance committee. It is understood that in the compromise tax section copper has been eliminated.

Strike of Garment Workers in Gotham Ended by Mediators

[By Evening Herald Leased Wire]

Washington, Aug. 4.—Conciliators of the department of labor engaged in settlement of the garment workers strike in New York reported today that the strike had been called off and that it was estimated 50,000 workers would return to their places Monday.

President Wilson was notified.

CARRANZA'S REPLY RECEIVED, BUT MAY NOT MEET APPROVAL OF ADMINISTRATION

Declares Commissioners for Conference Are Named but Are to "Discuss Preferably" Matters Named in Former Note.

PROPOSAL TO BROADEN THE SCOPE OF MEETING DENIED

Arredondo Expresses Hope for Early Settlement of Difficulties; President Considers Many American Conferees.

[By Evening Herald Leased Wire]

Washington, Aug. 4.—General Carranza's reply to the last American note accepting his suggestion for a joint commission to adjust border differences, but proposing a broader scope for the commission's work was delivered to the state department today by Eliseo Arredondo, the Mexican ambassador designate. It announces the appointment of three Mexican commissioners with instructions to "devote their attention preferably to the discussion of the points mentioned in the previous note."

Thus the de facto government apparently rejects the proposal that the commission consider other questions than the military situation, and limits its discussions to the subjects originally suggested by Carranza—withdrawal of American troops from Mexico, formulation of a protocol to cover future operations against bandits and investigation of interests which may have promoted border raids. Whether this will be satisfactory to the United States government has not been indicated. The note was in Spanish and when he went to today's cabinet meeting Acting Secretary Polk declined to discuss it until an official translation could be made.

If it is accepted the next step will be negotiations between Mr. Polk and Mr. Arredondo to fix the time and place for meetings of the commissioners. President Wilson already has under consideration a score of names suggested for the American membership.

Hope for an early solution of pending difficulties was confidently expressed by Mr. Arredondo after leaving the state department. He said he expected to reach an agreement with Mr. Polk by tomorrow as to the date and place of meeting and that thereupon he would wire the Mexican commissioners with the expectation that they would be here in a less few days. He said Asbury Park, N. J., or Old Point Comfort, Va., probably would be selected.

The text of the reply follows:

"Mr. secretary:

"I have the honor to transmit to your excellency the following note which I have just received from my government:

"Mr. secretary:

"In due reply to the courteous note to the department of state dated July 28, 1916, I have the honor to say to your excellency that the first chief of the constitutionalist army, in charge of the executive power of the Mexican republic congratulates himself upon the laudable efforts of the American government to arrive at a solution of existing difficulties between the two countries, and to that effect considering it of the greatest importance that a prompt decision be reached of the points which have caused the existing differences between the United States and Mexico, referred to in the note of the American government dated July 4 last, has seen fit to appoint at once a commission of three persons, constituted by Licenciate Luis Cabrera, Engineer Ignacio Bonillas and Engineer Alberto J. Pani, to whom instructions have been given to devote their attention preferably to the discussion of the points mentioned in the previous note of this department.

"Licenciate Eliseo Arredondo has been authorized to treat with the department of state the matter of details relating to the place and date in which the commissioners of the Mexican government should meet the commissioners of the government of the United States in order to commence their labors.

"I reiterate to your excellency the assurance of my highest consideration.

(Signed) "C. AGUILAR,

"Secretary of Foreign Relations."

"I avail myself of this new occasion to renew to your excellency the assurance of my highest consideration.

"E. ARREDONDO."

Villista Executed Quietly in Prison

[By Evening Herald Leased Wire]

Chihuahua City, Mexico, Aug. 4.—Pedro Ayala, a Villista leader captured recently by Carranza troops, was put to death in the Chihuahua penitentiary last night. The sentence was carried out quietly, without the knowledge of the public.
