The Markets

Wall Street.

New York, Oct. 25.—Professional pressure was soon overcome, virtually all losses being retrieved to the accompaniment of various new records. These included American Beet and Cuban cane sugars, American Writing Paper preferred and Consolidated Gas of Baltimore, while Alcohol gained about 10 points, with nine for Bethlehem steel. United States Steel was firm with shipping shares and Motors. Hide and leather preferred, however, showed increasing weakness and some high priced specialties reacted moderately with metals. Before noon resisting effaced or materially reduced most gains of the first hour, the only marked exceptions being Westinghouse, General Electric and Sears, Roebuck at 2 to 4 point advances. Bonds were irregular.

Chicago Board of Trade.

Chicago, Oct. 25.—Alarming reports that owing to greatly increased damage from drought the estimated Argentina exportable surplus had shrunk to a sensational extent brought about a rapid advance today in the wheat market here. Upturns in price were facilitated by word that yesterday's export sales in the United States were larger than at first announced and that foreigners were continuing to purchase freely.

In the speculative pit there seemed to be no limit to the way offerings were absorbed. Selling was only by profit takers. Opening prices which ranged from ⅞c to 2⅞c with December at $1.80 to $1.81⅛, and May at $1.79¾ to $1.81, were followed by a rise respectively to $1.84 and $1.83¾.

Consequently the market outdid even the high prices attained in the Leiter "corner" of 1898. The extraordinary bulge, however, led to foreigners taking to the selling side and forcing a sharp setback in quotations. The close was weak at ⅞c to 2 cents net decline, with December at $1.80 to $1.80¼ and May at $1.80⅛ to $1.80½.

Strength in corn disappeared when wheat turned weak. The close was very heavy at ⅞c to 2¼c net decline.

Although at first corn was weak, the market soon rose with wheat. After opening unchanged to ½c lower, prices sagged a little further, and then scored a substantial general advance.

Oats showed strength from the start.

Higher quotations on hogs gave firmness to provisions. There was no pressure to sell.
