THE BANK STATEMENT.

Saturday, February 23—p. m.

By the operations of the Sub-Treasury in this city during the week (five days) ending Friday night the associated banks lost $5,610,696. The weekly bank statement showed a decrease in loans of $766,500, an increase in legal-tenders of $2,376,600, and a decrease in specie of $6,986,000, the decrease of total reserve being $4,609,400. The statement does not balance by $1,700,000, and the discrepancy is due, probably, to circumstances connected with the bond business, as follows: Some of the banks put gold in the Sub-Treasury for bonds, either on their own account or for depositors, and received receipts in return, which they carried, in the statement sent to the Clearing-House, as cash or as loans; again, some of the repository banks have reported the gold left with them for the Government as cash, but as cash against which they had to keep no reserve; while others, as was right, did not report such gold at all, since it practically is in the Federal Treasury. It is an interesting fact, learned by looking back over the last two or three bank statements, that the amount of gold "held in reserve," or "set aside" (the word "hoarded" being unpleasant), in view of the culmination of the bond arrangement, was between $5,000,000 and $6,000,000. On the whole, to-day's statement is not unfavorable, since it indicates an absorption of money in this market. The result of all the changes was a decrease in the surplus reserve of $3,690,700, and the banks held in excess of legal requirements $29,822,725, against $33,513,425 last week and against $74,767,500 in the same week of 1894, and $9,384,775 in 1893.

The following are the comparative statements of February 16 and February 23:

	Feb. 16.	Feb. 23.	Differences.
Loans	$483,382,600	$482,615,700	Dec. $766,500
Specie	81,422,700	74,436,700	Dec. 6,986,000
Legal-tenders	85,149,400	87,526,000	Inc. 2,376,600
Deposits	532,234,700	528,559,900	Dec. 3,674,800
Circulation	11,641,700	11,629,600	Inc. 287,900

The following shows the relation between the total reserve and the total deposit of the respective dates:

Specie	$81,422,700	$74,436,700	Dec. $6,986,000
Legal-tenders	85,149,400	87,526,000	Inc. 2,376,600
Total reserve	$166,572,100	$161,962,700	Dec. $4,609,400
Reserve required against deposits	133,058,675	132,139,975	Dec. 1,918,700
Surplus	$33,513,425	$29,822,725	Dec. $3,690,700

The Clearing House statement for the day was as follows: Exchanges, $84,280,815; balances, $5,289,130. For the week: Exchanges, $386,582,396; balances, $25,590,060.

ON THE STOCK EXCHANGE.

Even in better times a half-day's trading between two holidays would hardly be lively, and to-day's transactions on the Stock Exchange were dull, amounting to only 73,708 shares. Despite a rather strong opening, the tendencies, with few exceptions, were downward, and led to a tame and irregular closing. The most active stock was Distilling and Cattle Feeding, which contributed 27,581 shares to the total business. So lively was the struggle to cover at the opening, that the quotations were sent out at 11⅛@11½. At no time was the stock lower than the first price, and once it touched 11⅞. The final quotations showed a net advance of ½ to 11⅜. The Stockholders' Committee has made marked progress toward placing the concern on a business basis, and the situation seems to promise well, if the stockholders stand by their committee. Sugar and Tobacco moved within rather narrow limits and closed with slight losses. The other industrials were weak and neglected. In the railway list the coal properties sold off, but the grangers may be said to have shown some strength despite Northwestern's returns for January and the rumors about the St. Paul report for the third week in February, which will be out before Monday. The bank statement, which is discussed elsewhere, made little or no impression on the market.

BONDS AND MONEY.

Government bonds sold: $46,000 5s coupon at 116⅛@116¼. Quotations continued to advance, and closed as follows:

No city bank stocks and no State bonds were dealt in.

A moderate business in railroad bonds resulted in irregular changes, of which only those in the St. Louis Southwestern issues were of special importance. The sales aggregated $583,000, and Chesapeake and Ohio general 4½s rose ¾ to 74. Missouri, Kansas and Eastern 1sts ⅝ to 85⅝ and San Antonio and Aransas Pass 4s ⅝ to 55⅝, but St. Louis Southwestern 1sts declined 1⅛ to 68¼, the 2ds 1½ to 21½, and Union Pacific, Denver and Gulf 1sts ¾ to 33¼.

The money market was nominal only, and no changes were made in the quotations of Thursday, which are as follows:

Loans.		Time Money.			Choice Commercial Paper.		
On call	30 d.	3 mos.	4 mos.	6 mos.	3 mos.	4 mos	6 mos
1@2	3	3@3½	4	4@4½	4	4@4½	4@4½

The price of commercial bar silver in this market was 60c., nominal, per ounce. Mexican dollars were quoted at 48c. In London bar silver was unchanged at 27 9-16d. per ounce. The market was quiet.

Foreign exchanges were firm, but dull, with quotations unchanged from Thursday, as follows:

The Treasury received $353,866 National bank notes for redemption, and the receipts on this account for the week ended to-day amounted to $1,304,522. The Sub-Treasury was debtor to the banks of this city through the Clearing House $536,912. The usual ten days' statement of the Treasury Department of the kinds of money used in payment of customs dues shows the effect of the revival of confidence growing out of the syndicate gold contract by the use of 0.4 in gold, against no gold in the ten days ended February 9. There was a decrease of 1.8 per cent in silver certificates and 2.2 per cent in Treasury notes, and an increase of 3.6 per cent in legal tenders. Compared with the corresponding period of 1894, the proportions of money were as follows: Gold coin, 0.4 per cent, against 9.5 in 1894; silver coin, 0.1, the same; gold certificates, none, against 0.7; silver certificates, 23, against 58.6; United States notes, 60.5; against 16.9; Treasury notes, 6, against 14.2 last year. The customs receipts for the ten days were $6,439,518, against $2,269,912 in the previous ten days, and $5,541,836 in 1894.

The Sub-Treasury and the Assay Office to-day received, on account of the syndicate, in gold coin and bullion, $2,327,000, all of which came in bars by the City of Paris, except $897,000 in gold coin.

Money in London on call was at 1 per cent. The rate of discount in the open market for short and three months' bills was 1⅜@1½. During the week the Bank of England gained £458,323 in bullion and held at the close £37,502,178. British consols advanced 1-16 to 104⅛ for both money and the account. American securities were weak. Canadian Pacific declined 1¼ to 49¾. St. Paul ⅜ to 57. Louisville and Nashville ⅜ to 53½. Erie ¼ to 9. Reading ¼ to ⅝ and Atchison ⅛ to 4¼.

French rentes, 103 francs 30 centimes; Paris exchange on London, ⅛ centime higher, at 25 francs 24½ centimes; Berlin sight sterling, 1½ pfennings higher, at 20 marks 48½ pfennings.

The following is from "Dun's Review":

"The surprising success of the new loan, and the great confidence it has given to investors on both sides of the water, and to business men here, encourage many to hope that it may be the beginning of a real recovery. In twenty-two minutes here subscriptions are supposed to have been at least five times the amount of bonds offered, and in two hours, at London, they were twenty times the amount there offered.
