## ON THE STOCK EXCHANGE.

Thursday, February 28—p. m.

Notwithstanding the certainty that the syndicate would permit no gold shipments on Saturday, as announced by authority in this column this morning, the foreign exchanges continued to be the point of interest in the market. The syndicate controlled the situation, and while making no effort to break the rates, offered sixty days' bills at $4 87¼ and a small commission (sixty-day bills being best at present rates of discount in London) to any one who wanted them, disposing of considerably over $100,000. Government bonds were not quite so strong for the 5s. More gold was received at the Sub-Treasury, so that the Government to-night is within $14,141,687 of its desired $100,000,000 gold reserve.

A belief in London that gold might be exported from this country caused some selling of American railway stocks, and led to a weak opening here. This advantage was maintained all day by the bears, and a lively market resulted, total sales numbering 208,800. The international specialties were under marked pressure. Louisville and Nashville had lost 2¼ net at the close, to 48¾; St. Paul ⅞ to 54⅝, and New-York Central 1½ to 96⅛, which was ⅜ better than its lowest price. It is just a year ago that New-York Central was attacked in the same way and forced down to about the present level. There seems to be no news to justify this decline. The Grangers acted in sympathy, and the railway list generally was down—Lake Shore 1½ to 135¾, Northwestern ⅝ to 87⅞, and so on, in large fractions. Weakness also marked the coal properties, and Jersey Central's final quotation was 83⅞, a net loss of 1⅛. The Industrials shared in the downward movement, their losses ranging from 2⅜ (for Bay State Gas) to ⅜ for American Sugar Refining, which was the most active stock of the day. At the close the market was quiet and heavy.
