### THE WESTERN UNION DIVIDEND.

Wednesday, March 13—p. m.

The directors of the Western Union Telegraph Company, at their regular meeting to-day, declared the usual quarterly dividend of 1¼ per cent, payable April 15 next. The statement of the actual December quarter (1894) was not so good as the estimate of it prepared three months ago, the revenue having fallen short of speculations by $19,605, and the surplus for that quarter being actually $145,662, against $165,200 expected. The revenue returns for the current quarter, out of which the dividend is declared, are estimated as likely to fall short of the charges by $235,400. Last year the deficit for the corresponding quarter amounted to $334,058. The bookkeeping surplus which the company gave out as $7,537,628 on January 1, 1895, will be reduced, according to their calculations, to $7,296,228 by the payment of the current dividend. Upon calculations explained in this column on December 13, 1894, the bookkeeping surplus on January 1, 1895, was $6,352,573; and deducting $235,400 for this quarter's deficit, leaves that item $6,117,175. Following is a comparison between the estimated and actual earnings in the December quarter:

| | Estimated. | Actual. |
|---|---|---|
| Net receipts | $1,000,000 | $1,589,095 |
| Deduct: | | |
| Interest on bonds | $222,800 | $222,400 |
| Sinking fund | 20,000 | 20,000 |
| | $242,800 | $243,400 |
| Net revenue | $1,357,200 | $1,357,595 |
| Less div. 1¼ per cent | 1,192,000 | 1,191,933 |
| Surplus | $165,200 | $165,662 |

Appended is another table, which, using the published figures, compares the estimates for the current quarter with the actual returns in the same period last year:

| Quarter ending March 31— | Act'l '94. | Est'm'd '95. |
|---|---|---|
| Net receipts | $1,094,701 | $1,200,000 |
| Interest on bonds | $223,737 | $222,400 |
| Sinking fund | 20,000 | 20,000 |
| | $243,737 | $243,400 |
| Net revenue | $850,964 | $956,600 |
| Less div. 1¼ per cent | 1,185,022 | 1,192,000 |
| Deficit | $334,058 | $235,400 |

### ON THE STOCK EXCHANGE.

Gold to the amount of $2,000,000 was paid into the Sub-Treasury to-day from the $15,000,000 held for the Government on syndicate account in the repository banks. It has been said that when the syndicate wished to tighten the money market this way of contracting the amount of loanable money in this centre would be adopted.

Uncertainty in regard to the St. Paul dividend to-morrow and the Central's on Friday held the stock market in check generally speaking, although there was some movement in two or three specialties. Only 140,119 shares were traded in, and Sugar, as usual, led in activity, gaining ¾ at the close at 102¾. General Electric had a spurt and advanced 1¼ net to 29¾ on the alleged belief that the business of the company is good. There is nothing that the average man can learn to support this rumor; and it sounds much like the tales told about the property in its palmy days. Short contracts in it were covered freely. The other Industrials were irregular. Western Union, despite its dividend, was dull and heavy. London prices were irregular, and there was responsive irregularity here. New-York Central and St. Paul closed down ¾ each, while Louisville and Nashville advanced a little to 47¾, a net gain of ½. Both Central and St. Paul were fairly active. The general list was irregular at the close, but the tendency of prices was upward, generally due to a covering of shorts.

No State bonds were dealt in. City bank stocks were sold as follows: 10 shares of American Bank at 157, the last previous sale being at 155¾; 20 shares of Irving Bank at 135, the last previous sale being at 135¼.

Trading in railroad bonds received an impetus which was visible chiefly in the Atchison issues (due to a movement in London), and the Kansas and Texas bonds, which, with others, displayed a strength unusual of late. The aggregate of the par sales, for the first time in weeks, exceeded the million mark, reaching $1,207,000, while prices were advanced all along the line. Atchison 4s rose 2¼ to 65, the 2ds 1½ to 17⅝, Hocking Valley 6s 1½ to 93, the 5s 2¾ to 92½, Brooklyn Elevated 1sts 3 to 93, Kansas Pacific consols 1 to 64, Michigan Central 5s of 1921, registered, 1 to 117; Kansas and Texas 1st 4s ¾ to 81¾, the 2ds ¾ to 46⅝ and Missouri, Kansas and Eastern 1sts ¾ to 86.

The Sub-Treasury had a debit balance at the Clearing House of $258,095. Its net gain on balance was $1,460,567, made up by a loss in currency of $464,327 and a gain in coin of $1,924,894. To-day's operations included: Receipts, $4,885,272; payments, $3,124,705, resulting in a general balance of $160,931,803, consisting of $88,146,453 coin and $72,785,272 currency.

The United States Treasury at Washington received to-day $
