THE GENERAL MARKET REPORT.

New-York, April 15, 1895.

COTTON—The cotton market took an upward turn, the extent of which was a surprise to at least some of the local traders. At the start prices were 7 to 13 points higher than the close last Thursday, and later sales indicated a general advance of 15 points, and shortly after the noon call the net improvement was 16 to 20 points. The advance was started by an improvement of several points in New-Orleans Saturday. There was very free buying here, one of the prominent bulls taking a good deal of cotton. About the only selling was on limited orders. The South continued to buy during the afternoon, and the market closed at top prices, with the tone strong, the net advance being 21 to 24 points and total sales for the day 242,200 bales. Advices are that the higher prices are stimulating the demand for fertilizers with a prospect of increasing the acreage. Bulls seem to show some disposition to realize. The Galveston (Texas) district reported no rain, and this helped to firm the market. On the other hand, eastern Texas reports prospects of rain, which leads some to think that there might be some relaxation from the heavy selling. A telegram from Caldwell, Texas, reports only three-quarters of last year's acreage planted so far, with nothing up and rain needed. Brenfort, S. C., reports that 7,000 bales of cotton cleared from that port yesterday. Receipts at the ports for the week are estimated at from 80,000 to 85,000 bales. Receipts at New-Orleans to-morrow are estimated at 3,500 to 4,500 bales. Receipts at Houston to-day were 2,175 bales against 2,651 bales last week, 1,013 bales last year, and at Memphis, 741 bales, against 570 bales last week, 234 bales last year. Receipts at Galveston to-day were about 5,200 bales, against 1,233 bales last week, 4,591 bales last year, and at New-Orleans, 8,462 bales, against 9,816 bales last week, 2,004 bales last year. Receipts at the ports Saturday were 8,401 bales, against 7,177 bales last year. A sale of 5,500 bales of spot cotton was made in one lot for consumption. New-spot cotton was quoted one eighth higher. Norfolk ⅛c up, Savannah ⅛c up, Mobile and Baltimore ⅛c higher, all markets closing firm. S. Munn, Son & Co. announce that they will assume all the contracts in cotton given by C. A. Baldwin & Co.

New-York spot sales to-day and last night, as officially reported: For consumption, 5,610 bales; contract, 100; total, 5,710; spot cotton steady; middling uplands, 6 13-16c; middling Gulf, 7 1-16c, which is ⅛c higher, compared with Thursday's closing.

COFFEE—The close of the European markets left local traders without support. The market was consequently dull and dragging. The indisposition to operate in the absence of foreign assistance was marked at all times, inasmuch as the statistical situation shows no changes sufficiently pronounced to reduce extensive buying or selling. The tone in the afternoon was easier. Rio was quiet at 16,650 reis; exchange, 9⅝; stock, 216,000 bags; clearances for United States, 3,000 bags. Santos quiet at 15,200 reis; receipts, 21,000 bags; stock, 207,000 bags. Cleared from Rio steamship Dalton with 16,000 bags. Rio clearances for United States for week, 27,000 bags. Santos purchases for United States for week, 6,000 bags; clearances, 25,000 bags. Steamers loading at Santos for United States, 2.

Contracts closed barely steady, 15@25 decline. Sales were 11,000 bags, as follows:

The situation of the local market for Brazil growths has not changed one iota. The demand is very light, so no important involve lines were passed in the hands of buyers and prices are entirely nominal. The basis of quotations is 16¾c for Rio No 7 spot and 15c for Rio No 8. The demand for mild grades has fallen off considerably, and there are some weak spots, especially on low grades, and holders of the higher grades are not so firm in their demands as they have been. Lower offerings are not made, however, as a rule, as the trade is in such condition that they would not attempt free buying.

FLOUR AND MEAL—The flour market was more active and higher, the demand running very largely on spring patents. Bakers were also in better demand, and winter straights developed a good trade. Prices were generally 5@10c higher, the market closing firm. There was an active trade in city mills, reports covering two days' business. Total transactions were 62,000 pkgs, including 1,000 bbls winter patents, $3 25@$3 50; 14,500 bbls straights, $2 85@$3. The bulk was for export on Saturday, and most of the sales reported were at $2 90. 300 bbls extra 1s, $2 55@$2 60; 450 bbls city patents, $4; 9,555 bbls private terms; 10,225 bbls city clears, $3 20@$3 35; 1,200 bbls city extra 2s, $2 60; 750 bbls fines at $2 30; 18,755 bbls spring patents, $3 50@$3 75, including fancy; 4,000 bbls clears, $2 55@$2 80; 1,250 sacks, extra 2s, $2 15; 600 bbls, $2 35@$2 40. Quoted: Brandywine, $2 75; Sagamore, $2 75; Western and Southern, $2 40@$2 70.....BAG MEAL—Market steady; sales, 2,000 sacks fine white, $1 10@$1 12; fine yellow, $1 07@$1 10; coarse, 97c@$1.....FEED—Market steady; 40-lb, 87½@90c; 60-lb, 87½@90c; 80-lb, 87½@90c; 100-lb, 90@92½c; 120-lb, 85@92½c; cottonseed meal, 85@90c; oil meal, $1 05, city feed, 90@95c.

GRAIN—WHEAT—Wheat woke out of the long sleep of dulness and advanced 1⅛c a bushel at New-York and 2c at Chicago. The movement was like a clap of thunder out of a clear sky. Dulness and depression have been the ruling characteristics of the market for days past, and there was no news this morning to explain the sharp gain. The opening was at an improvement over the final of Saturday, and without hesitation prices suddenly advanced. Some of the Chicago dispatches said that the rise there was due to covering of May shorts and the liquidation of the short interest in that market, instead of the beginning of the liquidation of the long interest which has been anticipated by the bears for the last three weeks. Crop reports were bad from Kansas, but no worse than they have been. There were some reports from the Northwest of damage to the recently sown spring wheat crop, owing to dry winds, and estimates during the morning favored a large decrease in the visible supply. Local stocks exhibited a bigger reduction than expected, and the decrease in the visible was close to 2,250,000 bushels, bringing the total down to only a little above the figures for the corresponding time a year ago. There were no public cables to-day, but private cables showed no change in the feeling abroad, although there were few orders to buy. Interior receipts of wheat at spring wheat markets to-day were 206,400 bush (including Chicago, 82,750 bush, nearly all winter), against 507,002 bush last year; winter, 15,502 bush, against 224,334 bush; scaboard receipts, 53,143 bush, against 223,284 bush; total, 260,050 bush, against 642,520 bush. Exports, 134,420 bush, against 114,944 bush. Trade in the afternoon was less active, with the market ruling a little weaker on some selling out by early buyers. The offerings were not large, however, and bears were cautious at selling. State there was a quick rally, the market closing at about the best price of the day, and 1⅛@1⅜c net advance and very unsettled. Cash wheat, of course, was very dull on the rise, partly due to the holiday abroad. Reported sales were 42,000 bush, including 26,000 bush No 2 red at ⅛c under May and private terms in store; May closed at 61⅝c; 36,000 bush private terms, f o b store, and 8,000 bush choice red, private terms, delivered.....CORN—The market for corn was very dull most of the morning, sympathizing slowly with the rise in wheat. The opening was at a trifling advance, prices working up at midday on a light volume of trade. Receipts West were moderate, and the visible showed a fair decrease. Reports from Kansas were that there would be a very large crop of corn planted there this year, providing the weather was favorable for work during the next three weeks. The visible supply showed a good decrease, which was looked upon as rather encouraging, considering the small demand for cash corn. The market late was rather heavy, part of the early rise being lost. The close was quiet at ¼@⅜c net advance. Cash corn was dull; 20,000 bush steamer sold at 49½c elevator; 5,000 bush ungraded on private terms, and 8,000 bush No 2 out inspection, at 51⅝c f o b afloat, and 8,000 bush No 2 out inspection, at 51⅝c f o b afloat.....OATS—The market for oats was very dull and barely steady in face of the strength in other cereals. There was a little improvement early in the day, but on the rise there was plenty of stuff for sale, and prices quite quickly eased off. The local market is very much troubled over the large offerings of cash oats and to arrive. It is asserted that there are about 1,200,000 bush of oats headed toward New-York on the cut rates, and these oats are offered every time the market shows any strength. To-day the market closed dull and heavy at unchanged to ⅛c decline. Cash oats were easier. Sales were 64,000 bush, as follows: 15,000 bush No 2 oats, 32½@32¾c elevator; 38,000 bush No 2 white, 36@36½c; 11,000 bush track white, 36@40c.....BARLEY—Market quiet. Quoted: No 2 Milwaukee, 61@62c; ungraded Western, 62@64c.....MALT—Market quiet. Quoted: Western, 70@74c.....SEEDS—Market fairly active in a lobbing way. Quoted: Good grades clover, $8 50@$9 50; high grades, $8 75@$10 25; timothy, $5 90@$6 50.

MOLASSES AND SYRUPS—There was a somewhat indifferent demand for all kinds of molasses, foreign especially being neglected. Some firmness was shown in certain domestic lines, owing to scarcity of strictly desirable grades. Some Nevnitas is held at about 20c for good grades. The market for sugars is firm, but only moderately active. We quote: New-Orleans, centrifugal, ordinary to common, 12@16c; fair to prime, 17@21c; choice, 22@25c; open kettle, fair to good, 28@32c; prime to choice, 33@38c; Barbadoes, 23@25c; Porto Rico, 24@28c; Syrups—Sugar, ordinary to common, 6@10c; fair to good, 11@17c; prime to choice, 18@22.

NAVAL STORES—Spirits—Stock: Rosin, 28,355 bbls; spirits turpentine, 1,001 bbls. Market for spirits turpentine was dull and unchanged at 30½@39½c. Rosin was quiet and unchanged, with common to good strained quoted at $1 50@$1 55. Tar and pitch quiet and about steady.

OILS—The market is very dull for cottonseed oil, although prices are unchanged. The primary markets are firm at old prices. Lard oil is refined quite steady but quiet and prices unchanged. We quote: Cottonseed oil, prime crude, bbls, 23@24c; prime crude, loose, f o b mills, here, 19@20c; off crude, bbls, 22@22½c; summer yellow, prime, 26½@27c; summer yellow, off grade, 25½@26c; prime white, 31c; butter grades, 28c; lard oil, 54@55c; linseed oil, American raw, 56c; American boiled, 59c; Calcutta raw, 56c.

OCEAN FREIGHTS—Business in berth freights is held in check by the Easter holidays on the other side. Rates are nominally steady. Engagements follow: To Antwerp, 1 load grain, 3¼d, and 150 bales cotton, 5d; to Glasgow, 400 bbls lubricating oil, 3s 6d; to Bristol, 150 boxes bacon, 17s 6d; to Marseilles, 150 boxes bacon, 25s; to Liverpool, 250 boxes bacon, 10s. We quote: Grain to Liverpool, 2d; London, 1½d; Glasgow, 2½@2¾d; Bristol, 2¼@2½d; Hull, 2d; Leith, 2½d; New-Castle, 2d; Hull steamer, 2½d; Rotterdam, 2d; Hamburg, 40 pfgs; grain to Cork for orders, 2s 9d@2s 10½d; cotton to Liverpool, 7-64d; petroleum to United Kingdom, 1s 6d@2s 6d.....CHARTERS—In the general market a fair business in charters was consummated, aside from petroleum, at substantially unchanged rates, which are kept upon a low basis by the excess of sail tonnage of the larger descriptions and keen competition. Charters follow: Norwegian steamer, 2,193 tons, lumber, Puget Sound to Delagoa Bay, at or about 140s per standard; British steamer, 1,300 tons, ore, St. Jago to Philadelphia or Baltimore, 9s, option of sugar, 9s 6d; Boston 1s extra, chartered abroad; British steamer, 1,450 tons, sugar, north side Cuba to New-York or Philadelphia, 10c; Boston 11c, out in ballast; British steamer, 1,600 tons, grain, Newport News to Cork for orders, 2s 10½d; April; German bark, 8,000 bbls petroleum, New-York to Stockholm, 2s; British bark, 679 tons, New-York to Fremantle, 11,000, chartered abroad; ship 1,522 tons, general cargo, New-York to Sydney, N S W, private terms; German ship, 1,380 tons, grain, Portland, Ore, to Cork for orders, to United Kingdom or Continent, 31s 3d; June, July; British ship, 1,599 tons, grain, Portland, Ore, to Cork for orders to the United Kingdom or Continent, 33s net, next crop; foreign bark, 500 tons, deals, Sheldiac to the United Kingdom, private terms; Norwegian bark, 693 tons (to arrive), rosin and spirits, Brunswick to Cork for orders to the United Kingdom or Continent at or about 2s 3d; British bark, 1,050 tons (to arrive), Pensacola to Belfast, 40s; Italian bark, 945 tons (to arrive), sawn timber and ties, Pensacola to Genoa, 85s; schooner, 536 tons, staves, Norfolk to Sicily and back north of Hatteras, lump sum; New-York to Norfolk with steel rails, $1 15; British bark, 583 tons, lumber, Bridgewater, N S, to Buenos Ayres, $0 50, or Rosario, $7 50; schooner, 228 tons, fruit, Mayaguez to New-York, $1 000, out in ballast; British schooner, 196 tons, general cargo, New-York to Port-au-Prince, private terms; bark, 572 tons, coal, Philadelphia to St. Jago, $1 50, Spanish gold; schooner, 1,019 tons, coal, Philadelphia to Matanzas, $1 40, Spanish gold; schooner, 511 tons, lumber, Brunswick to New-York, $4 75; schooner, 241 tons, lumber, Jacksonville to New-York, $4 75, chartered at loading port; schooner, 716 tons, ties, Brunswick to Perth Amboy or Philadelphia, basis 14c per 44 ft; schooner, 165 tons, coal, Weehawken to Hallowell, $1; schooner, 129 tons, coal, Hoboken to Salem, 80c.

PROVISIONS—The market was dull, but about steady on all kinds.....PORK—Market firm; sales, 200 bbls. Quoted: Mess, $13 50@$14, family, $14; short clear, $13 50@$15 50.....BEEF—Market firm. Quoted: Extra mess, $7 50@$8 50; family, $11@$13; packet, $9@$9 50.....BEEF HAMS—Market steady at $20.....DRESSED HOGS—Market easier; 100-lb quoted at 6½@6⅝c and heavy to light, 6½@6⅝c.....CUT MEATS—Pickled bellies—Market dull at 6⅝@7c for 14 to 16 lb. Pickled shoulders—Market steady at 6c. Pickled hams—Market steady at 9@9½c.....WESTERN—Market quiet; lard, 5⅝@6c; olein, 5⅝c.....TALLOW—Market dull at 4⅝@4¾c.....LARD—Market steady at 7.22c; city, 6¾c; refined steady. South America, 8c; Continent, 7.70c; compound, 5¼c; options closed 7.22c nominal for April and 7.35 nominal for May.

RICE—The sales movement is only fair, but enough business is under way to indicate a firm market locally, while reports from the South are to the effect that a better delivery condition of affairs prevails there. We quote: Carolina and Louisiana, common to ordinary, 3⅛@3¼c; low fair to fair, 3⅜@4¼c; good to prime, 4⅜@4½c; choice to fancy, 5⅛@5¼c; extra head, 6¼@6½c; Java, 3½@3⅝c; Japan, 4@4¼c; Patna, 3⅝@4c; Rangoon in bond, 1⅝@2c.

SUGAR—The London sugar market is closed to-day, owing to the Easter holiday. Our market remains firm, without change in prices. We quote: Centrifugal, 96 test, 3c; muscovado, 89 test, 2 11-16c; molasses sugar, 89 test, 2 7-16c. The tone of the market is improved somewhat by indications of a larger sales movement in refined sugar. Mail advices from London, under date of April 6, say: "The market is without animation, awaiting developments in respect to sowings in Cuba. Fabricants are now occupied with the preparation of lands, and attend little to sales of sugars, so that business with producers is very limited, and Continental refiners find the margin insufficient to induce offerings this way. A large quantity of water-borne Austrian sugars will arrive in Hamburg next week, as the floods on the Elbe are subsiding, part of which sugar is destined for India." Buyers show no disposition to anticipate wants, and dealers, obtaining very little sugar on the Continent, do not press sales. We note sales of 9,572 bags centrifugals, including 8,584 bags San Domingo, in port, basis 96 test, at 3c ex ship; 988 bags same, 3c landed; 1,041 bags molasses sugar, 2 7-16c, 89 test, ex ship and landed. The demand for refined sugar shows considerable improvement, and the market is more active than for a month past. Indications point to a steady increase in the sales movement during the week. Prices are unchanged, on the basis of 4⅛c for granulated. The Havemeyer & Elder refinery started up this morning, as did also the Spreckels refinery of Philadelphia. Well-informed sugar people think that there will be no immediate rise in the price of sugar, unless buyers repeat their tactics of a year ago, when they bought very heavily, thus making a phenomenally active market for a very short time, which was followed by a period of extreme dulness. The American Sugar Refining Co. will not allow the sugar buyers of the country to load up at present prices. This means that a rush of buying orders would, on the other hand, if the sales movement shows only a moderate increase from day to day, thus indicating that buyers are taking only enough sugar to meet current needs, prices may hold on the present basis. President Havemeyer, of the American Sugar Refinery Co., is quoted as saying that he has never known a time when after such an active demand as existed a short time ago, it suddenly petered out so completely. From this time on, however, he anticipates a continued large demand for sugar. The question of advancing sugar prices will, he says, depend upon the condition of the foreign markets.

COUNTRY PRODUCE MARKETS.

New-York, April 15, 1895.

BEANS AND PEAS—Domestic receipts are very light and only small shipments are reported in transit. But trade continues dull and there is no change in the line of values. Jobbers have more or less stock on hand and are not likely to buy more until this is exhausted, while the export demand is no more of a factor than it has been for the past month. We quote for choice quality: Beans, domestic, marrow, per bush, $2 70@$2 75; do, pea, $2 12½@$2 15; do, medium, $2 10@$2 12½; do, white kidney, $2 35@$2 40; do, red kidney, $1 95@$2 05; do, turtle soup, $1 70@$1 75; do, yellow eye, $2 20@$2 25; do, Lima, California, $3@$3 05; do, foreign marrow, $2 30@$2 50; do, foreign, pea, $1 95@$2 05; do, foreign, medium, $1 90@$2; green peas, bbls, $1 65; do, bags, 97½c; do, Scotch, $1 02½.

BUTTER—There was nothing in the character of the trading today to inspire much confidence, but the receipts were a little lighter, and the tenor of Western advices quite firm, and sellers felt that the market should be held at least steady. For strictly fancy fresh creamery 20c was the general trading basis, but it was so easy to buy at that price that some marks grading very close up to extras were shaded ½@¼c, and 18½@19c became a full rate for best firsts. State dairy was very slow, with only fancy selections of half tubs commanding 19c, and choice lines of Welsh sold at 17@17½c. The Western packings are quiet and without further change. We quote: Elgins, 20c; Western, State Pennsylvania and Western, extras, 20c; do firsts, 18@19c; do thirds to seconds, 12@17c; State dairy, half tubs, fancy, 18c; do seconds to firsts, 13@17c; do Welsh tubs, choice lines, 17@17½c; do seconds to firsts, 13@16c; imitation creamery, firsts, 13½@15c; do seconds, 9@11c; factory, 8@11c. Old butter—Creamery, Western, 9@15c; State dairy, tubs or firkins, 9@14c; Western dairy or factory, 7½@9c.

CHEESE—Home dealers are taking hold of the new small size, full cream cheese very slowly, and no values have been well established as yet. A very nice lot sold at 10c, and inferior qualities go much lower. One or two shippers were looking for large size new, not having filled all the orders in hand last week, and while So is about all that has been obtained thus far, really choice parcels would bring more. The trade in old cheese is only fair, and stocks are not reducing as fast as the size of the holdings warrant. Former prices are obtained from store for the better qualities, but buyers for good-sized lots of almost any grade would be met on very favorable terms. Liverpool cable, colored, 51s; white, 49s 6d. We quote: State, full cream, fall make, large, colored, fancy, 11@11½c; do white, fancy, 10¾@11c; do good to choice, 9½@10½c; do common to fair, 8@9c; do small, colored, fancy, 11½@11¾c; do colored or white, good to choice, 10@11c; do common to fair, 8@9½c; part skims, small, 3@7½c; do large, 2@6c; full skims, 1@1½c.

EGGS—Receipts were over 17,000 cases to-day and the regular consumptive demand was quieter, many retailers having carried some stock over from Easter purchases. But a speculative demand sustained the market, 6,645 cases being taken on Change at 12½c, and 2,000 cases, seller the week, at same price. The market closes quiet, but steady. Duck and goose eggs lower. We quote: Western, per dozen, 13@13½c; State and Pennsylvania, 12¾@13c; Western, 12½c; Southern, 11½@12½c. Duck eggs, 22@27c. Goose eggs, 35@40c.

FRUITS—FRESH—Apples in light receipt and firm. Cranberries have small sales only. Florida strawberries in large supply and lower, bulk of sales at 18@22c. We quote: Apples, Baldwin, per bbl, $4 50@$5 50; do, Spy, $3@$4; do, Ben Davis, $4@$4 50; do, russet, $2 50@$3 50; do, common to fair, $2@$2 50. Cranberries, Jersey, per crate, $2@$3. Strawberries, Florida, per qt, 15@28c.

FRUITS—DRIED—The trade in evaporated apples is unimproved, and with slight pressure to sell the market has a weak tone throughout. Sun-dried apples also very slow. Shippers are constantly inquiring for chops, but find no desirable lots offering. Raisins and skins steady. Small fruits very dull, but without quotable change. California fruits are being urged to sale as fast as the tr
