ON THE STOCK EXCHANGE.

Friday, May 31—p. m.

The general expectation was of a lower market this morning, owing to the holiday interruption of business on both sides of the ocean; yet the opening was strong, and prices generally showed firmness. While London did little, yet her orders were for purchases rather than sales, and proved an element of strength. Early attention was given to the Grangers, because of needed rains all through the West and Northwest, and assurances that the crops generally would be fine. This affected the Grangers first, and they rose; but later interest lessened, and their prices sagged for lack of support, so that they closed as follows: Rock Island, unchanged; for Burlington, ¼ net advance, to 81; for St. Paul, the same to 67, and ¼ net loss for Northwestern to 98¾. Pacific Mail rallied from the wreck of its steamship, and gained 2¼ net to 29½; while Mobile and Ohio, assessed on the strength of the alleged successful sale of bonds, advanced 2½ to 26¾. Tennessee Coal and Iron also scored a rise of 1½ to 29½, due to an advance in price of pig iron. There were other small gains and losses on the general list, but they were not significant, except a net decline of 1⅞ in Erie to 16¼, in view of the pretty certain default on the bonded interest due to-morrow, and a clear loss of 2¾ to 39 for Susquehanna and Western. The dullness of the other coalers indicates that the trouble here is internal rather than due to the anthracite difficulties. Reading gained ⅝ and Jersey Central ⅜.

The Industrials were the most active group. Sugar was erratic, but finally gained 1 to 118, on sales of 27,487 shares. The opposition to the reorganization of Distilling and Cattle Feeding seems to have been allowed to get in recently in the decline, and the stock advanced to-day, on 22,100 shares dealt in, to 21¼—a clear gain of ½. Rubber was also played up further—1¾ to 46½. General Electric was strong on the wearisome renewal of tales of peace negotations with Westinghouse. On the whole, the market closed strong, although the list looked irregular; total dealings, 178,592 shares.

The gold reserve of the Government, $100,000,000, is short to-night only about $40,000—if we may judge from the receipts of gold at the Sub-Treasury in this city to-day.

BONDS—THE FEDERAL TREASURY.

Government bonds sold: $1,500 2s, registered, at 96½; $50,000 4s, coupon, 1925, at 123⅝; $2,500 of the same (c.), at 123⅝. Quotations at the close were as follows:

In State issues: $30,000 Tennessee Settlement 3s at 87; $13,000 Virginia Funded debt, 2-3s of 1991, at 60½. In city bank stocks: None.

Movements among railroad bonds were generally upward, although some irregularity was seen, and several material losses were scored, the latter exceeding the gains among those issues worthy of note. The business done was still moderate, reaching only $2,135,000. Among those which are higher, Brooklyn Elevated 1sts rose 1 to 108, Southern Railway 1st 5s 1⅛ to 95⅝, Union Pacific Extended S. F. 8s 1¼ to 96¾, and Cordage 1sts ⅞ to 44⅝. On the other hand, Kansas Pacific 1st consols receded 1 to 72, Oregon Short Line and Utah Northern consols 2 to 51, the receipts 2¾ to 51, and Wilkes and East 1sts 2½ to 92½.

The Sub-Treasury was a debtor at the Clearing House $269,175. Its net gain on balance was $930,650, made up by a gain in currency of $18,354 and a gain in coin of $912,296; if this coin was all gold, the Government's gold reserve is only at $40,000 short of the $100,000,000 to-night. To-day's operations included: Receipts, $3,431,435; payments, $2,500,735, resulting in a general balance of $149,805,870, consisting of $86,217,232 coin and $63,588,638 currency. The business for the week ended to-night includes receipts of $22,735,422 and payments of $17,517,192. Deducting from the payments $2,190,000 and from the receipts $7,038,000 for items which affect only its account with the General Treasury, its gain as affecting the banks was $370,230.

The United States Treasury at Washington received to-day $720,271 National bank notes for redemption. The customs receipts were $953,695, the internal revenue receipts $1,042,332 and the miscellaneous receipts $133,084. Total Government receipts for the day, $2,129,111; expenditures, $937,927; excess of receipts, $1,191,184. Receipts for month to date, $24,272,078; expenditures, $27,918,982; excess of expenditures over receipts, $2,646,904.

To-day's Washington Treasury statement of cash on hand and deposits in bank compares with the figures of the last previous statement as follows:

MONEY AND FOREIGN MARKETS.

Call money was at 1 per cent. Time money increases in supply, but the demand is not better. Some little improvement is noted in the demand for choice commercial paper. We subjoin our usual table of rates, made up from information furnished by the busiest houses:

Loans.		Time Money.			Choice Commercial Paper.		
On call.	30 d.	3 mos.	4 mos	6 mos	3 mos	4 mos	6 mo
1	1½	2	2@2½	2½	2¼	2¼@2½	2½@3½

The price of domestic exchange was as follows at the places named: Chicago, 60c. premium; Boston, 12½ and 10c. discount; Charleston, buying par, selling ⅛ premium; Savannah, the same; New-Orleans, commercial 75c. discount, bank 150 premium; San Francisco, sight par, telegraph 5c. per $100 premium.

Bank clearings were as follows at the places named: New-York—Exchanges, $111,078,613; balances, $6,639,881. Chicago—Exchanges, $18,920,479; balances, $2,146,081. Baltimore—Exchanges, $2,900,439; balances, $472,732. Philadelphia—Exchanges, $11,066,846; balances, $1,645,183.

The price of commercial bar silver in this market was 66⅞c., nominal, per ounce. Mexican dollars were quoted at 53. In London bar silver declined ⅛d. to 30⅝d. The market was quiet. The Campania, sailing for Europe to-morrow, will carry 395,000 ounces of silver and 60,000 Mexican dollars.

An entire absence of bills of all kinds caused firmness in the foreign exchange branch of the market, and it remained so all day. The following table shows the rates at which business was actually done:

	Cables.	Long bills.	Short bills.
Sterling	4.88⅝	4 87¼	4.89¼
Francs	.....	5.16¼	5.15⅝
Reichsmarks	.....	95⅛	95⅝
Guilders	.....	40¼	40⅛

Money on call in London was ¼ per cent. The rate of discount in the open market was ⅜ per cent for both short and three months' bills. The amount of bullion which went into the Bank of England on balance to-day was £193,000. The minimum rate of discount of the Bank of England was left unchanged yesterday, at 2 per cent. British consols were ⅛ higher at 106⅝ for both money and the account. American securities were higher, although Erie yielded ½ to 11⅞. Union Pacific rose ⅝ to 14⅞, Canadian Pacific ⅞ to 54⅝, St. Paul ¾ to 68⅝, New-York Central ⅜ to 104⅝, Reading ¼ to 10, Louisville and Nashville ½ to 59⅞ and Atchison ⅛ to 11.

French rentes were quoted at 102 francs 40 centimes; Paris exchange on London, 25 francs 21½ centimes; Berlin exchange on London, 20 marks 45½ pfennings (last quotation).
