THE GENERAL MARKET REPORT.

New-York, November 1, 1895.

COTTON—Our market took its inspiration at the opening from Liverpool, which made an unexpected advance, contracts there improving about 5 points, presumably on the light movement here, but it closed with the advance partially lost, the net improvement for the day being only 2@2½ points. Some good buying orders were executed at the opening, largely for the Continent, and this tended to strengthen our market. Some buying orders were also received from the South. The first call sales started at an advance of 2@3 points, but before the call was adjourned the late months were selling at an advance of 6 points over yesterday's closing. The buying continued for about half an hour after the call, which caused further improvement in prices, until they stood about 9 points above yesterday's final figures. There was some selling at these advantageous prices, largely for local account, but there was also some selling by the South. On the early uplift January sold up to 8.95c, but it sold off 10 points and then rallied 6, sold off 3 or 4 points and then recovered it, but before 1 o'clock had sold off to 8.81c, or about 6 points under yesterday's closing. The market, however, was considered a steady one in view of the free selling, it being held apparently by the light receipts. There is a holiday in New-Orleans to-day, it being All Saints' Day, and there was no market for contracts. There was also a holiday at Havre. The market is about steady toward the close and closed steady in tone, with a net loss of 5@9 points, the closing prices being about 8 points higher than the lowest of the day. Total sales were 268,000 bales. There will probably come into sight this week 300,000 to 370,000 bales, against 557,000 bales last year and 408,000 in 1893. The net receipts at the ports to-day were 31,050 bales, against 36,486 bales corresponding day last week and 59,442 bales last year. The port receipts for the week were 59,714 bales, against 291,240 bales last week and 428,274 bales last year. It is expected that the light interior movement will have some effect on the foreign markets to-morrow. The latest news from Texas is that holders of cotton refuse to sell at any concession from the best prices of the year. Some buying orders were received from the South late in the afternoon. The light receipts at the ports for the week attracted some attention, as they showed a lighter movement for the week than anticipated. The interior movement is running behind that of last week by 40,000 or 50,000 bales, while it is over 100,000 bales less than it was corresponding week a year ago. It is thought that the port receipts for the coming week will show up heavier, as there appears to be considerable increase in cotton marketed throughout the South by planters who are desirous of taking advantage of present values. In the "Various" receipts Brunswick reports 14,626 bales, which were recently cleared by steamship. The receipts at New-Orleans Saturday are estimated at 10,000 to 12,000 bales, against 21,246 bales corresponding day last week, 16,481 bales last year and 21,689 bales two years ago. To-day's receipts at New-Orleans were 8,025 bales, against 11,558 bales corresponding day last week, 16,803 bales last year, Galveston, 6,457 bales, against 7,148 and 14,331 bales; Mobile, 474 bales, against 1,148 bales; Savannah, 5,747 bales, against 9,535 and 9,563 bales; Charleston, 1,595 bales, against 2,709 and 3,138 bales; Norfolk, 2,382 bales, against 2,739 and 3,352 bales; Augusta, 1,488 bales, against 1,624 and 2,365 bales; Houston, 4,069 bales, against 9,264 and 13,407 bales; Memphis, 3,308 bales, against 3,962 and 3,946 bales. Receipts at Houston for the week were 41,014 bales, against 61,441 bales last week and 107,163 bales last year, and at Memphis, 30,962 bales, against 31,119 bales last week and 36,258 bales last year. The total interior receipts for the week were 156,875 bales, against 202,309 bales last week and 278,046 bales last year; interior shipments for the week were 151,062 bales, against 179,316 bales last week and 281,308 bales last year. Interior stock is now 351,261 bales, against 314,424 bales last week and 508,090 bales last year. Hubbard Bros & Co. say: "It is indeed a surprise that the small receipts do not attract buying either from the mills or from speculators who have believed the light receipts would bring about a sharp advance. Judging from the action of the market to-day, speculation seems to have withdrawn from active support of prices, though the movement of the crop is upon such a scale as to corroborate the short crop ideas. In other words the market has declined simply upon realizing sales induced by reports of increasing short time in Manchester."

The market for Brazil spots is dull and barely steady, with prices unchanged; Rio No 7 spot quoted at 15⅝@15¾c, and Rio No 8 spot, 15@15¼c. The call for mild grades is only moderate, but the market is quite steady in tone, with prices unchanged. We note sales of 541 bags Rio on spot, about No 7 at 15¾c; 1,000 bags Rio on spot, low grade, on private terms, and 500 bags Maracaibo on private terms.

DRUGS—Opium was strong, with single cases selling at $1 77 and jobbing at $1 80. The demand comes from all quarters. The buyers of round lots are bidding $1 75, but without bringing out much stock. The market for quinine is fairly active and firm, with 25c the quoted price from manufacturers' hands and 27½c for P & W brand. The market for roots is steady generally, with golden seal advancing and selling at 20½c, with 21c asked at the close and stock at interior points is held at 21c. Essential oils are without material change; peppermint selling at $1 75@$1 80 for Westerns and $1 60@$1 70 for State. Spearmint quoted at $2 10@$2 25; tansy, $1 75; wormwood, $2 75; pennyroyal, 90c@$1.

FLOUR AND MEAL—The weakness in wheat to-day was a direct discouragement to any demand in flour, and prices, while nominally no lower, were difficult to obtain. This holds particularly true in spring wheat flour, although in winter the scarce acts as a check to any decline, buyers being compelled to pay full quotations. Total transactions to-day were about 11,550 pkgs, including 900 bbls winter patents, $3 60@$3 85; 1,300 bbls straights, $3 40@$3 50; 150 bbls superfine, $2 70; 3,000 bbls city patents, $4 20@$4 45; 1,550 bbls city clears, $4@$4 10; 250 bbls city extra 2s, $3 10@$3 20; 550 bbls city fines, $2 80@$2 85; 3,000 bbls spring patents, $3 60@$3 70; 500 sacks clears, $2 60. BUCKWHEAT FLOUR—Dull but steady, and quoted at $1 60@$1 65..... RYE FLOUR—Market quiet and steady; sales 400 bbls at $2 65@$2 95. .....CORNMEAL—Market steady; sales 300 bbls at $2 60. Quoted: Brandywine, $2 60; Sagamore, $2 60; Western and Southern, $2 30@$2 60..... BAG MEAL—Market quiet. Quoted: Fine white, 90c; fine yellow, 90c; coarse, 75@77c..... FEED—Market easy. Quoted: 40-lb, 67½@70c; 60-lb, 67½@70c; 80-lb, 67½@70c; 100-lb, 77½@80c; sharps, 80@85c; rye feed, 77½@80c; hominy chop, 70c; cottonseed meal, 92½c; oil meal, 95c@$1; city feed, 70@72½c for bran, in bulk; sale 135 tons at $15.

FOREIGN DRIED FRUITS—There seems to be no large dealings in the market, but a fair trade is being put through from day to day in the way of small jobbing orders locally, and on small orders by mail. Prunes are quiet, and for some varieties not over plentiful. Currants are steady, although stocks indicate easier primary markets. Prunes are in good demand, and there has been quite a little buying of certain sizes for export. Dates are quiet. Figs are steady. The demand for nuts seems to be improving somewhat as the holiday season draws near. We quote: Valencia raisins, 4½@4¾c; Sultanas, 5¼@6c; California, 3@5c; Fard dates, 3¼@6c; currants, 2¾@2¾c; prunes, 2¼@3½c for Turkish; California, 4@8c; almonds, 9¼@14c; Brazil nuts, 5¼@6½c; walnuts, 6¼@11c; filberts, 6@8½c; figs, 4@10c.

FOREIGN GREEN FRUITS—Lemons are moving slowly, and the recent auction sales have shown a low range of prices. Oranges are dull and easy, with further large arrivals expected in the near future. Grapes are moving slowly at quotations. The supply of lemons en route is 135,000 boxes, and grapes 45,000 bbls. We quote: Lemons, $2 50@$11; oranges, Jamaica, repacked, $4 50@$6; tamarins, 15@22c; grapes, $4 25@$5; cocoanuts, $20@$35.

GRAIN—WHEAT—The advance in wheat yesterday was all lost this morning. The opening was weak, prices declining rapidly during the early part of the session. The decline was due to disappointing advices from abroad, the war news proving inflatious, and European grain markets were easy. There was some foreign selling, while the rise of yesterday ran in the shorts, leaving the market free from the support of a short interest. Receipts were large in the Northwest, and at primary markets were about double last year's total. The weather map showed rains in portions of Ohio, Kentucky and Tennessee, and private advices indicated the relieving of the drouth in States further West. The market after the early decline was very dull, operators seeming to be at loss which way to turn. Some were afraid that the huge movement, with the relieving of the drought-stricken conditions in many portions of the West, would result in a further break in prices. This bearish view received some confirmation in the weakness of the European markets and the lack of export demand. Interior receipts of wheat at spring wheat markets and seaboard were 1,090,809 bush, against 365,033 bush last year; winter, 188,947 bush, against 70,947 bush; seaboard receipts, 185,630 bush, against 173,967 bush; total, 1,465,386 bush, against 810,000 bush. Exports, 131,744 bush, against 91,080 bush. In the afternoon the market was weak, the question of the receipts playing an important part, and there was a steady decline. Lack of export business of any importance and rumors of reselling for foreign account helped the bears. There was a slight reaction late, but the close was ⅝@⅞c net decline. Cash wheat was very dull. Orders were below a parity, and at the close of Change only 24,000 bush No 1 Northern were reported at 1⅛c over December, f o b afloat; December closed at 66⅝c. No 2 red was quoted at 3c over December, 4c over f o b afloat; No 1 hard 3c over f o b afloat, and No 1 Northern 1⅛c over f o b afloat..... CORN—The market for corn opened weak, breaking ½@⅝c on the realizing by traders, who bought yesterday, the denial of the reported political trouble abroad and in sympathy with the weakness in wheat. After the first selling pressure was over the market steadied, and was comparatively quiet during the balance of the morning. The clearing weather gave rise to statements that the movement of the new crop would not be interfered with by the storm, unless the predictions of the Signal Service official, who was quoted as forecasting a wet November, should prove true. The primary receipts of corn to-day were 354,000 bush, against 191,000 bush last year; exports, 212,000 bush, against 4,700 bush. Late in the day the market was dull and heavy, with the decline in wheat closing at ⅛@½c net loss. Cash corn was weaker with futures. The sales included 16,000 bush No 2 corn at 38⅝c f o b afloat and private terms; 20,000 bush at 2¼@2⅜c over November f o b afloat; November closed at 36½c; 4,000 bush No 2 at 37⅝c f o b afloat; December 34; 21,000 bush No 2 white corn, 37c elevator, 38c delivered; 8,000 bush, 38⅜c f o b afloat, and 4,000 bush yellow at 38⅝c, delivered. Exporters took 7 loads..... OATS—The market was less active, and the tendency of prices downward, sympathetically with the loss in the market for wheat and corn. There seemed to be pretty steady pressure all day, and in the absence of encouraging bullish news, prices easily receded. The close was quiet at ⅛@¼c net loss. Cash oats were quiet and easier. Sales were 26,000 bush, including 6,000 bush No 2 at 24c, elevator, and 20,000 bush track white, 25@29c. No 2 white was quoted at 25c nominal..... BARLEY—Market nominally unchanged, with poor to good quoted at 43@50c..... RYE—There is very little business doing, and prices are as last quoted, which is 43@45c for carlots. ..... BUCKWHEAT—Market nominal. Quotations are 40@45c for silver hull and Japanese..... MALT—There is no change in prices, which are 53@60c for Western, and the market continues quiet.

LEATHER.—The market is quiet throughout. There is an irregular demand for union tanned. The tone is fairly steady. Reports from Boston say that the United States Leather Company is doing most of the business, which is fair in volume. Independent tanners are relying chiefly upon current receipts to meet the demand from day to day, as their recent heavy sales left them practically bare of stock on hand. Hemlock and oak sole leather are moving slowly. It is thought that prices of leather must advance further before manufacturers will be extensive buyers. "The Shoe and Leather Reporter" says: "The waiting policy is still characteristic of the leather trade. Its duration depends upon the adequacy of reserves which must be exhausted in time. This would put the trade upon a more substantial footing. It will settle values and create activity. The calm which followed the inflation is in the line of safety, and nothing but good will come of it. One feature of the trade at present is the strong pressure being brought to bear to induce buyers to make contract prematurely. Naturally more is conceded to them than would have been under normal conditions." We quote: Hemlock—Non-acid, first selection, 24c; seconds, 22c; damaged, 21c; acid, first selection, 21½@24c; seconds, 21@22c; damaged, 20@21c. Other leathers—Light back, middle backs and middle heavy, 32@34c; seconds, heavy, 30@32c; thirds, 28@30c; light backs, cow, 32@34c; seconds, 30@32c; bellies, 16@18c; oak, dressed backs, 36@38c; seconds, 34@35c; thirds, 31@32c; bellies, 18@19c; belting butts, 34@36c; Texas oak, sole, 27@31c.

HEMP AND JUTE—The hemp market is very dull, with prices nominally lower. Jute and jute butts were quiet, but there was a steady undertone to the market. We quote: Manila hemp, spot, nominal; shipment, 4½-16@5c; sisal, spot, 3¾c; and shipment, 3½@4c; jute, spot, 2½@3¾c; and shipment, 2¾@3¼c; jute butts, paper quality, spot, 1 1-16c, and shipment 1 1-32@1 1-16c; mixing, 1 3-16@1¼c; bagging, 1¾c.

HIDES—The market is without special activity and prices are more or less nominal. City slaughters are weak in consequence of active sellers at 9¾c, but the asking price is now 10c. Cows sold at 7¼c, and bulls and stags at the West at 11c for November and early December. The attendance at the recent Antwerp hide auction sale was very large, but the demand was slack. Sales were at an average decline of 12 francs. Sales were 40,646 hides out of 88,000 offered. We quote: Cordova, 22c; Buenos Ayres and Montevideo, 21c; California, 18@18½c; Matagorda, 17c; Orinoco, 17½c; Bogota, 15@17c; Central American, 15½@16½c; Galveston, 16c; Puerto Cabello, 15@16c; La Guayra, 15@16c; Rio Grande, 19½c; Corrientes and Concordia, 19c; dry salted, selected, Maracaibo, 12c; Texas, 12@13c; Matamoras, 13c; wet salted Havana, as they run, 9½c; city slaughter, spready, 11½c; native steers, 9½@10c; butt brands, 8c; side brands, 7c; Texas, 8½c; bulls, 7½c; cows, 7c; country slaughter nominal; calf, $1@$1 40.

METALS—TIN—The local tin market was quiet, closing barely steady, with spot quoted at $14 60@$14 70. At London the market was steady. Sales at New-York were 25 tons, November-December and January sellers' option to double, at $14 60; 25 tons, November, $14 65; 25 tons, February, $14 70. LEAD—Was quiet at the close, with spot quoted at $3 65@$3 71. Tin plate of the London market was steady..... LEAD—Close quiet, with spot at $3 27½@$3 30. The St. Louis market was easy. .....SPELTER—Closed quiet, with spot quoted at $3 90, and St. Louis closed easy.

MOLASSES AND SYRUPS—A steady market is reported for both molasses and syrups to-day, but the demand is very light, with prices unchanged. The distribution is very slow, but the steady depletion of stocks keeps the market on a firm, but conservative basis. We quote: New-Orleans centrifugal, ordinary to common, 12@16c; fair to prime, 17@21c; choice, 22@25c; New-Orleans, open kettle, fair to good, 23@25c; prime to choice, 29@32c; Porto Rico, 20@31c; Barbados, 24@26c. Syrups—Sugar, fair, 10@11c; good, 12@14c; choice, 16@18c; fancy, 20@22c.

NAVAL STORES—Stock: Rosin, 30,749 bbls; spirits turpentine, 1,203 bbls; tar, 707 bbls. The market for spirits turpentine was quiet and unchanged, and about steady in tone, with regulars and machines quoted at 28¼@28½c. Rosin was firm, with common to good strained quoted at $1 60@$1 70. Tar ruled dull with receipts quoted at $1 90@$2, and oil, bbls $2 40@$3 50. Pitch quiet, but unchanged at $1 60@$1 70.

OCEAN FREIGHTS—There has been a distinct falling off in the demand for grain room this week, and, although rates are up to full outside quotations in the asking figures, the demand at the advance is not large. The inquiry for provisions has this week been less active, and engagements for the week have been 2,400 boxes of cheese to various ports and 17,000 tubs of butter, the latter quite a falling off from the previous week. In the grain the engagements reported to-day were 3 loads to Hamburg at 50 pfgs and 2 loads to Rotterdam at 7½c. We quote: Grain—Liverpool, 3½d; London, 3½@4d; Glasgow, 3½d; Bristol, 4d; Leith, 4½d; Hull, 4½d; Newcastle, 4½d; Cork, for orders, 3d; Manchester, 3d; Bremen, 40 pfgs; Hamburg, 50 pfgs; Rotterdam, 7½c; Amsterdam, 6c; grain to Cork for orders, 3s 4½d; cotton to Liverpool, 7-64d; petroleum to United Kingdom, 1s 10½@2s 1½d. .....CHARTERS—The market for sail tonnage was rather quiet to-day, few charters of any description being reported. Rates were nominally unchanged. Steam tonnage is in good demand, especially for grain, and rates remain firm and unchanged. Charters to-day follow: British steamer, 12,500 quarters grain, four Atlantic ports to Cork for orders, 3s 4½d, December, chartered abroad; German steamer, 1,160 tons (previously), cotton, Savannah to Warberg and (or) Gothenburg, 52c 6d, if one port, 54c if two ports, option Havre, 55c, November; two British steamers, 1,504 and 1,065 tons, sulphur ore, Pomaron to Charleston, 11s and 11s 3d, respectively, chartered abroad; British steamer, 1,920 tons, ore Carthagena to Philadelphia or Baltimore, 10s, chartered abroad; Norwegian steamer, 1,137 tons, lumber, Mobile to Buenos Ayres, $13 50. $2 form: British ship, 1,795 tons, private terms, abroad, grain, San Francisco to Cork for orders, to the United Kingdom, Havre or Antwerp, 29s 6d; German ship, 8,000 bbls refined petroleum, New-York to Port de Bouc, 2s ½d, charterers paying extra insurance; German ship, 8,200 bbls refined petroleum, New-York to Dublin or Lobnez, 1s 9d; Italian bark, 321 tons, lumber, Pascagoula to Rosario, $12, $2 form; schooner, 349 tons, lumber and ties, Satilla River to New-York, private terms; schooner, 388 tons, lumber, Brunswick to New-York, $4 50; bark, 887 tons, lumber, Pensacola to Philadelphia, private terms; schooner, 481 tons, creosoted lumber, hence to Norfolk, $2; schooner, 799 tons, rails, Philadelphia to Savannah, private terms; British schooner, 187 tons, coal, Edgewater to St John, N B, 50c and discharged; British schooner, 193 tons, sand and brick, hence to St John, N B, private terms; schooner, 192 tons, coal, hence to Dover, $1 65; schooner, 372 tons, guano, Philadelphia to Charleston, $1.

OILS—The cottonseed oil market is dull, but nominally unchanged. What little demand there is comes in the way of requests for small lots. Current receipts are comparatively light, so that there is no great accumulation of stock. The Southern markets are quiet and barely steady, with here and there a little pressure to sell at the mill. Lard and linseed oils are quiet but steady, without material change in prices. We quote: Cottonseed oil, prime crude, bbls, 23½@24c; prime crude, loose, f o b mills, 19@22c; off crude, here, 22@23c; summer yellow, prime, 27½@28c; summer yellow, off grade, 26½@27c; winter yellow, prime, 33@35c; white prime, nominally 31@32c; butter oil, 29@31c; lard oil, prime city, 32@32½c; linseed oil, American raw, 44c; American boiled, 47c; Calcutta raw, 42c.

PETROLEUM—The market for pipe-line certificates rules quiet and almost steady, the closing price at New-York being $1 30½ bid. Refined is quiet but unchanged, the price at New-York being $7 10 and at Philadelphia $7 05.

PROVISIONS—The market for hog products showed a somewhat easier tone following the softening in futures at the West..... PORK—Steady. Sales, 200 bbls. Quoted: Mess, $9 75@$10 25; family, $11 50@$12 50; short clear, $12 50@$13; beef—Steady. Sales, 200 bbls. Quoted: Extra mess, $8@$8 50; family, $10@$12; packet, $9@$10..... BEEF HAMS—Unchanged at $19@$19 50..... DRESSED HOGS—About steady; 160 lb quoted at 5¾c and heavy to light at 4⅞@5½c..... CUT MEATS—Pickled bellies dull; quoted at 6@6½c for 14@16 lb. Pickled shoulders steady at 6@6⅛c. Pickled hams easy at 8½@9c; sales, 1,500 lb, at 8½c..... TALLOW—Steady at 4⅛c..... STEARINE—Dull at 6⅝@7c for lard, and 5½@5¾c for oleo..... LARD—Weak and lower; closing at 5.95c nominal; city, 5.60c; refined, steady; South America, 6.70c; Continent, 6.35c; compound, 4½@4¾c; options closed at 5.92c nominal for November.

RICE—The market for domestic rice is without material change, either here or at the Southern markets. There is weakness in this market, while the primary markets appear to be quite steady. Prices are unchanged. We quote: Carolina and Louisiana, common to ordinary, 3@3½c; low, fair to fair, 3¾@4c; good to prime, 4¼@4½c; choice to fancy, 5@5½c; extra head, 5¾@6c; Java, 3¼@3½c; Japan, in bond, 2½@2¾c; Japan, 3⅝@3¾c; Patna, 4@4¼c; Patna, in bond, 3½@3¾c.

SEEDS—There is no essential change in the market for seed, the demand being very moderate and prices more or less nominal. We quote: Timothy, fair grades, $3 75@$4; high grades, $4 25@$5; clover, fair grades, $6@$6 75; high grades, $7@$7 50.

SUGAR—The London sugar market is dull for cane, with little doing and prices unchanged. Java being quoted at 12s 9d, and fair refining 10s 9d. Beet was dull and depressed, with October quoted at 10s 7½d and November at 10s 9d. The local market is quiet and unchanged as to prices with centrifugals, 96 test quoted at 3⅝c; muscovados, 89 test, 3c; molasses and sugar, 89 test, 2⅝c. Willett & Gray, in their weekly review of the sugar market, say that free receipts of sugar at New-Orleans have caused the market to break ¼c. Mail advices from Cuba confirm previous advices of a great deficiency in the crop there, the most favored estimate making it 600,000 tons, or 400,000 tons short. The beet crops of the world will certainly be 1,000,000 tons short. The market for refined sugar is inactive. Prices were reduced 5c on granulated, confectioners' A and all grades of softs. This puts granulated on the basis of 4⅝c. Refiners are compelling the slow demand. The meltings are steadily decreasing and refiners do not find a market even for their curtailed output. Mr. Howell & Co., who represent Mollenhauer and National refineries, says that they are working on half time, and it is possible that they may shut down entirely for a short time.

TOBACCO—The market for seed leaf was fairly active and firm, with sales of 750 cases, including the following: 150 cases, crop 1894, New-England Havana, 14@16c; 50 cases, 1894, New-England seed leaf, 10@22c; 200 cases, 1893, New-England seed leaf, 9@22c; 200 cases, 1893, Zimmers, on private terms; 150 cases, 1894, Zimmers, 11½@13c; 100 cases, 1893, State Havana, private terms; 100 cases sundries, 6@16c. Foreign was active and strong, with sales of 700 bales Havana, at 68c to $1 10, and 125 bales Sumatra at 45c to $2 85 in bond.

COUNTRY PRODUCE MARKET.

New-York, November 1, 1895.

BEANS AND PEAS—The weakness which has been developed of late is likely to keep buyers from operating until they have largely reduced the stock already on hand, and this is giving us a very dull market. Prices are unsettled, and the pressure to sell is strong enough to give jobbers an advantage were they inclined to buy. Some kinds have been shaded still further, as will be seen by our revised quotations. Green peas easy. We quote: Beans, domestic, marrow, choice, per bush, $1 60@$1 62½; do medium, $1 50; do pea, $1 45; do white kidney, $1 85@$1 90; do red kidney, $1 40; do turtle soup, $1 70@$1 75; do yellow eye, $1 60@$1 65; do lima, California, $2 20@$2 25; do foreign medium, new, $1 35@$1 40; do foreign medium, old, $1 15@$1 25; do foreign pea, old, $1 20@$1 30; green peas, bbls, 87½c; do bags, 80@82½c; do Scotch, 80@82½c.

BUTTER—There is still very moderate interest on the part of home buyers, and with fewer purchases by export the market is quiet throughout, though showing no change of a quotable character. Marks of fresh creamery that meet the requirements of highest class trade are steady at 25c, and there is no surplus of such, but there are ample supplies of all other grades. Dairies are dull and State dairies are slow at present, under much loss export buying, and there is a quiet market for most of the Western packings, especially ladies. We quote: Creamery, extras, 23c; do, firsts, 20@21½c; do, thirds to seconds, 14@19c; State dairy, half-tubs, fancy, 21@21½c; do, Wels
