Senator McCreary's School Book Bill.

As Senator McCreary, of Alachua county, has for years been a champion of State uniformity of school text books, having for the past three sessions of the Legislature introduced what many people believed to be the best bills submitted along this line, the Morning News editor was anxious to learn from him something concerning his new bill relating to school text books, known as Senate Bill No. 2.

"What does your new bill relating to school text books provide for, Senator?" asked the editor.

"Why, it provides for just what the title says," replied Mr. McCreary; "to secure to the people of Florida school books at lower prices, as cheap as they are sold for in any other State in the Union; for the exchange of books where children move from one county to another where the same text books are not in use, etc. It requires publishers to file with the State Superintendent a certified statement of the lowest net prices at which text books are sold in the various counties of Florida or any part of the United States, and requires them to furnish said books in Florida as cheap as they are sold in any other State. After the ceremony all were invited into the dining room where the tables were loaded with good things to eat.

Mr. Carmichael is a most excellent gentleman, and his bride is one of Hamilton county's fairest flowers.

A Friend.

Mr. Jordan's Money Talked.

Expended $8.50 for L. & M. Paint to fix up his house. If for sale it will fetch a good price. The painters said it was the 3 gallons of oil they mixed with 4 gallons a L. & M. that did the job at 1-3 less cost than ever before. Its coloring is bright, beautiful and lasting. It won't have to be painted again for 12 to 15 years, because the L. & M. Paint is Metal Zinc Oxide combined with White Lead and wears and covers like gold. Sold by The Brown-Thomasson Drug Co., Live Oak.
