IN THE CYCLING WORLD.

PROMOTERS OF THE PROPOSED BICYCLE SHOW IN BOSTON IN DIFFICULTY.

DELEGATIONS OF WHEELMEN OFF FOR THE BIG CONVENTION AT BALTIMORE—PROJECTS OF THE GOOD ROADS ASSOCIATION—NOTES AND COMMENTS.

There is trouble ahead for the promoters of the proposed cycle show to be held at Boston, beginning on February 15 and lasting for a week. The managers made inquiries during the recent show held in this city, and it looked at that time as if the exhibition would be held under the auspices of the Board of Trade, and under these conditions the prospects for a succesful show would have been good. Some of the questions asked by the Board of Trade were too complicated for the Boston promoters, and in consequence no sanction has been asked for. No sanction will be granted even if it is asked for. Seventeen of the large dealers of Boston have requested the Board of Trade not to grant a sanction, and a dozen members of the Board are protesting against the proposed exhibition. There is at present no local branch of the C. B. T. at Boston, but the chances are that the present differences will result in the formation of such a branch. Many of the manufacturers and dealers in Boston object to the holding of the show, anyway, saying that it would interfere with the annual observances they hold each year on Washington's Birthday. On that day all the cycle stores have what they call "open house," or a little cycle show of their own. The Board of Trade rules bearing on the point were adopted last November and are as follows:

No party who shall exhibit any bicycle accessories or other articles in any cycle exhibition anywhere in the United States, not sanctioned by the National Board of Trade of Cycle Manufacturers, shall be permitted to have any exhibit in any national show given by or under the sanction and auspices of the Board of Trade. It is the sense of the Board of Trade that no sanctions, other than those already provided for, be granted for national or manufacturers' exhibitions, but that local shows or exhibitions be sanctioned, whenever practical, when in the opinion of the Executive Committee official and proper application for sanction has been made to this Board, with the necessary guarantee as to observance of Board of Trade rules and regulations governing cycle exhibitions; provided, always that the exhibition so sanctioned shall be made entirely by the agents or dealers locally interested, and that such shows are in no way supported by the manufacturers; provided, also, that such exhibition be approved and sanctioned by the local Board of Trade, if such Board exists, or by a majority of the local dealers.

Wheelmen are beginning to arrive in Baltimore, although the National Assembly of the League of American Wheelmen will not convene until Monday. Isaac B. Potter, the chief consul of this State, will leave for Maryland to-day to complete the arrangements for the dinner to be held on Monday night at the conclusion of the Good Roads Congress. General Nelson A. Miles, the Commander-in-Chief of the United States Army, notified Mr. Potter yesterday that he would be present at the congress and at the dinner. W. M. Kennedy, the Mayor of Allegheny, Penn., and the Governor of Maryland have notified Mr. Potter that they will be present. A. R. Edwards, the chief consul of Nebraska, was in the city yesterday. He stopped over a few hours before going on to Baltimore. W. L. Pinney, chief consul of Arizona; M. S. Knowlton, the chief consul of Minnesota, and E. G. Dorr, the chief consul of Washington, will be represented by proxy.

An informal conference of several of the New-Jersey division officers was held in this city yesterday, at which Robert Gentle, the Chief Consul; Frederick J. Keer and Thomas F. Merseles were present. The New-Jersey delegation, nine in number, will leave here for Baltimore with the New-York delegation on Sunday. Besides those mentioned above the delegates will be C. Frank Kirker, J. C. Tatter, Dr. A. J. Wright, R. R. Chiswell, C. R. Zacharias and J. P. Lee. The wheelmen across the North River will go to Baltimore fancy free, without having entered into any agreement regarding the presidency or the League meet. Many of the delegates favor Willison's re-election.

There is a chance after all that the Titus-Cabanne-Murphy case may be reopened. Herbert Knight, the chairman of the Rights and Privilege Committee of the League of American Wheelmen, will go to Baltimore on Saturday and have a conference with George D. Gideon. To Mr. Knight has been granted the privilege of reading the testimony in the case and if it is thought advisable after the conference, the case of the suspended riders will be reopened.

While some of the projects of the Good Roads Association may not bear fruit as soon as was expected, the members are as enthusiastic as ever. A. H. Angell, the president of the association, was unable to be present at the meeting held on Monday night on account of illness. Thirty-four additional applications for membership were received. Norman S. Dike reported that a committee would have a conference with Mayor Wurster in a few days regarding the suggested return cycle path from Coney Island. The organization indorsed the Armstrong Baggage bill, now in the Legislature.

The Liberty Wheelmen have asked for an extension of time in the piano case. At a fair held some time ago by that club a piano was put up to be voted to the most popular wheeling club in Brooklyn. The South Brooklyn Wheelmen alleged that they won the piano according to the printed conditions, and they brought suit against the Liberty Wheelmen for the piano or its alleged value, $500.

The Pope Manufacturing Company now carry in stock bicycles which are listed at $50. The wheels are finished in silver and present a handsome appearance. If this thing is kept up there will be joy in the camp of the "Bicycle Thieving Association."

The Cycle Board of Trade yesterday secured its new quarters. The rooms are located in the Shoe and Leather Bank Building, at Broadway and Chambers-st. The suite consists of three rooms on the ninth floor.

Clubs wishing to enter the pool tournament of the Metropolitan Association of Cycling Clubs should address P. A. Brock, No. 12 Debrosses-st., before next Monday. In the association's bowling tournament, Sawyer, of the Golden Rod Wheelmen, has the best average to date. In eight games he has averaged 179½. Olozaga, of the Atalanta Wheelmen, is second, with an average of 174¾.

If the Riverside Wheelmen had not taken the old Pontiac Club building, a syndicate of sportsmen were prepared to take it and start a proprietary athletic club on the lines of the New Manhattan Athletic Club.

The wheelmen of the New-York Athletic Club made an aggregate of 248,634 miles last year. This is a good showing when it is considered that probably half of the wheelmen in the club do not carry cyclometers and keep no record of their mileage.

SPORTSMEN'S ASSOCIATION ELECTION.

The adjourned meeting of the Board of Trustees of the Sportsmen's Association was held yesterday afternoon at No. 313 Broadway. The report of the Exposition Committees showed an encouraging state of things for the coming exposition, the amount of rentals for space assured at this time exceeding the entire amount for spaces taken in at the first annual exposition held last May. The committee's report showed that there were now only thirty odd spaces remaining untaken, and that there were applications in for more than half of these.

The annual meeting of the association was held after the adjournment of the trustees' meeting. The reading of annual reports of the various officers was waived, and the election of the Board of Trustees for the year 1896 resulted as follows: P. G. Sanford, J. A. H. Dressel, Charles Tatham, Justus Von Lengerke, Charles Daly, Frank W. Sanger, Harry C. Palmer, Charles H. Luscomb, Alfred Chasseaud. The election of officers resulted as follows: President, Charles Tatham; first vice-president, Charles Daly; second vice-president, Justus Von Langerke; treasurer, J. A. H. Dressel; secretary, Harry C. Palmer.

The following were appointed as an executive committee: Charles Tatham, Charles Daly, Justus Von Lengerke, J. A. H. Dressel, Charles H. Luscomb. Messrs. Dressel, Von Lengerke and Luscomb were appointed by the chair as a committee to undertake the revision of the constitution and bylaws and report at an early meeting of the Board of Trustees.

A number of new members were admitted to the association, among them being E. Detmold, Charles H. Luscomb and Mr. Whittlesey.

A CRACK PACER SELLS FOR $1,150.

Lexington, Ky., Feb. 5 (Special).—J. H. Lee's the sensational pacing gelding, brought the top price here at the auction sale to-day, going to John D. Creighton, of this city, for $1,150. He was sired by Idol Wilkes out of a mare by Harrison Chief, has a record of 2:08¾ and is nine years old. Dorfmark (2:20), knocked down to Turney & Morris, of Paris, Ky., at $850, was the only other good price.

MORE WOMEN MEMBERS.

MRS. LEWIS AND MRS. FELL TO BE ADMITTED TO THE N. Y. YACHT CLUB.

STANDING COMMITTEES OF THE AMERICAN CLUB—MORE CRITICISM OF DUNRAVEN.

The annual meeting of the Riverside Yacht Club will take place at the Arena this evening. There may be some discussion as to proposed charges, but those who look for a fight will be disappointed.

Mrs. Lucy C. Carnegie, owner of the steam yacht Dungeness, is the only flag member of the New-York Yacht Club. She has been a member since May 17, 1884, and since then there have been few meetings of New-York yachts from which her ensign, a red eagle rampant on a field of white, was absent. Mrs. Carnegie will have company after the next annual meeting of the club, for it is said that two flag members will be added to the club list. They are Mrs. Mary Lewis, widow of George Lewis, who owned the steam yacht Stranger, and Mrs. Fell, widow of John B. Fell, who owned the steam yacht Barracouta. Flag members have no vote in the club, but have the right to fly the club burgee, to enter yachts in club races and to use the floats at the club stations. The private signals of flag members are registered with the secretary of the club.

At the annual meeting of the Eastern Yacht Club, which will take place in Boston on the evening of February 11, measures looking toward uniform racing rules will be adopted, and amendments to the bylaws, proposed some time ago, will be acted upon. The following ticket has been placed in nomination and will be elected: Commodore, William Amory Gardner; vice-commodore, Henry W. Lamb; rear-commodore, Augustus Hemenway; secretary, William S. Eaton, jr.; treasurer, Patrick T. Jackson; measurer, Henry Taggard; members of Council, at Large, F. E. Peabody, George A. Goddard; Regatta Committee, William S. Eaton, jr., Augustus N. Rantoul, P. T. Jackson, Thomas Nelson, Henry H. Buck; Committee on Admissions, C. F. Adams, jr., Gordon Dexter, Theophilus Parsons, William Cabot Loring and the secretary. House Committee, Frederick E. Snow, Dr. Franklin Dexter, Robert Saltonstall, J. Prince Loud and the secretary.

The following are the American Yacht Club's standing committees for 1896:

Membership Committee—W. H. Parsons, H. de B. Parsons and F. R. Lawrence.

House Committee—W. H. Parsons, W. H. Catlin, Edwin H. Weatherbee, J. H. Wainwright and H. de B. Parsons.

Regatta Committee—Stuyvesant Wainwright, M. C. Parsons, Simeon E. Ford, Horace See and T. Dimond.

Auditing Committee—C. I. Pardee, George Dearborn and A. W. CornING.

The trustees, twelve in number, are as follows: J. H. Flagler, F. R. Lawrence, W. R. Hearst, C. T. Wills, W. E. Connor, H. de B. Parsons, W. H. Parsons, W. H. Catlin, Thomas Scoville, E. Weatherbee, W. P. Allen and W. H. Starbuck.

R. H. Clark has sold to Rufus Hatch, of New-York, the jib and mainsail cabin sloop Imp. Mr. Hatch has a fine home at Davenport Neck, on Long Island Sound, and will use the sloop during the coming season for near home cruising.

The German Emperor has given up the yacht White Feather, which it was expected he would race in the Mediterranean this season, but his name is still connected by rumor with a fleet racer now being built by Watson. His interest in yachting is shown by a contribution to the Berlin Exhibition. It will be a beautiful silver model of the Meteor, in which every detail is reproduced in the proportion 1:25. The Model, according to "The Yachting World," will stand nineteen inches high and will be mounted on a handsome silver pedestal.

The club courses of the New-Rochelle Yacht Club were changed at the last meeting. The revised courses have been published and the Regatta Committee has issued the following directions: "Competing yachts in both classes are not to sail between 'Green's Flats' and black buoy to the eastward of said flats, between Sands Point and black buoy, off Sands Point, and known as 'Sands Point Buoy,' nor between red buoy to east of Execution Reef and lighthouse, nor between the striped buoy on west end of Execution Reef and lighthouse.

"When the courses are announced to be sailed over more than once, the Regatta Committee may terminate the race at the end of any round, if in their judgment the weather conditions make it advisable, and the time allowance shall be shortened accordingly. The signal for so terminating a race shall be a blue peter displayed on the judges' boat, or in case of fog or darkness five long blasts from the whistle."

Two half-raters have been built by Huntington, the designer, whose Question defeated both the Ethelwyn and the Spruce IV last season. One of the speedy midgets was launched last Friday. She is the property of Arthur Iselin, who has christened her Hope. She sailed against Huntington's Question on Tuesday and proved herself superior to last season's fast boat. The second of the little fellows is not yet completed. It will have a greater sail spread than Mr. Iselin's craft and three inches more freeboard.

The report that Lord Dunraven went to Sandringham to consult the Prince of Wales as to the proper thing to do in the way of righting himself with his one-time friends in this country has served to increase the sentiment against him. A prompt apology, short and to the point, would have done much to restore the Irish Earl to the place which he once occupied in American yachting circles, but his evident unwillingness to acknowledge that he was wrong simply broadens the breach and makes a reconciliation more difficult. "The apology should have come spontaneously," one member said, "and it would have been received with cheers, but if it come now, the Prince of Wales should have credit for it and not Dunraven."

The more charitable members of the club will not believe that Dunraven took counsel with the Prince of Wales on the subject. They believe that a document of some kind was mailed to the Yacht Club by Dunraven before he went to Sandringham.

The mess dinner of the Corinthian Fleet will take place at the Hotel Brunswick on the evening of February 29.

WORK FOR HAPLESS CHILDREN.

TWENTY-FIRST YEAR OF THE GERRY SOCIETY—FINANCIAL REPORTS.

The receipts of the Society for the Prevention of Cruelty to Children in 1895, according to the annual report just issued, were $112,009 17. The receipts from the building were $8,066 64; from gifts and dues of members, $22,078 19; from fines collected through the Controller, $5,576, and from the city, $30,000. Superintendent E. Fellows Jenkins, in his report, says:

During this period of twenty-one years 95,481 complaints have been received and investigated, involving the care and custody of 286,443 children; 28,318 cases have been prosecuted; 25,270 convictions secured; 62,535 children rescued and relieved.

In the year 1895, 8,323 complaints have been received and investigated; 2,201 prosecuted; 3,219 convicted, and 5,550 children rescued and relieved from destitution and vicious surroundings. The reception rooms have sheltered, fed and clothed 3,994 children, and 2,058 cases have been investigated at the request of the City Magistrates and courts. These cases involved applications for the commitment of 3,455 children; 1,645 of these were committed, and 1,810 found to be improper cases—thus saving to the city and county of New-York, at the per capita allowance of $104 per year for each year the children remained therein, the total sum of $188,240. With the co-operation of the City Magistrates the society has been able to collect from the parents of children committed to institutions $8,816 10, and that amount has been paid to the Controller of the city and county of New-York to be credited to it.

THE SYMPATHETIC OLD LADY.

From The Philadelphia Times.

A sympathetic old lady met a tramp on Chestnut-st., and was greatly interested in his story of hard luck, contributing a quarter toward a dinner.

As she walked along she met a policeman, and a kindly thought came to her.

"Officer" said she, "I met a poor fellow down there, and he is really needy. I gave him a quarter, but that won't do him much good. Isn't there a place provided for such poor people?"

"Yes, ma'am."

"And will you see that he is cared for?"

"With pleasure."

"I thought you looked kind-hearted."

Then the old lady went home, happy at having been the means of providing a home for an unfortunate mortal, while the tramp, in charge of the officer, was locked up for vagrancy.
