ON THE STOCK EXCHANGE.

Thursday, February 27—p. m.

Stocks were weak under further realizing, but net losses were generally small, and in a number of active stocks slight advances were scored. The conspicuous features of the market were Baltimore and Ohio and United States Leather, the first-named losing 4⅝ per cent and the last 4 per cent on liquidation induced by fears concerning the financial outlook of the companies. Both companies have suffered from distressingly poor financial management, and as to the Leather Company, it is only necessary to read its report to see what a lack of wisdom there has been in the councils of the concern. Baltimore and Ohio is enjoying the fruits of its strange financial operations in the past, and rumors once set going about the company are hard to offset. As a matter of fact, there are now no reasons for the extravagant rumors about the company, for it recently realized that to preserve the property active measures would have to be introduced for its rehabilitation, and this is being done with promptness. It was officially stated to-day that there was no truth in the report that the company would default on payments due March 1, and it was stated that the negotiations for the collateral trust loan which is intended to take care of the company's floating debt had gone on satisfactorily, and were near completion. Before reassuring reports were put out about Baltimore and Ohio, the stock had fallen to 26 from the opening at 31, but the downward movement was not accompanied by extensive liquidation. The highest price reached by Baltimore and Ohio in 1895 was 66¾ on September 9, and its lowest 33 on December 27. On January 27, this year, it sold at 44. The 5 per cent bonds of 1925 were sold on the Stock Exchange to-day at 93, to the amount of $10,000, "seller twenty days flat," a decline of 2 points from the last call Tuesday, and a decline of 18 points in the last two months. On March 1 interest amounting to $402,000 in Baltimore and Ohio bonds will be due.

Dealings in United States Leather preferred were the largest in the list, the passing of the dividend upon the preferred stock and the poor showing made last year being strong inducements to part with the stock. Besides Leather preferred, American Tobacco, Sugar Refining, Baltimore and Ohio, St. Paul, Louisville and Nashville developed the chief activity, sales in these stocks amounting to 141,130 shares out of a total of 215,800 in all shares. London houses were sellers of St. Paul, Louisville and Nashville and Northern Pacific preferred. Manhattan was conspicuously strong, gaining 1⅜ per cent on small sales, while other active stocks to close at net advances were Tobacco, Rock Island, Burlington, Northwest, General Electric, Kansas and Texas preferred and North American Company. Sugar Refining was fractionally lower at the close at 117¾. On January 7 Sugar sold at 97. Up to the close of business there were no gold deposits at the Sub-Treasury, while over $300,000 was withdrawn. Business in gold is dwindling.

Closing prices of the principal active stocks, compared with last prices yesterday, were as follows:
